H. T. Swanner Selected Outstanding Citizen For Third Quarter Of 1950

Howard T. Swanner, local banker and civic leader for many years, was selected as the outstanding citizen of the city for the third quarter of 1950 last Tuesday at a regular meeting of the Chamber of Commerce.

In a brief ceremony in his office in the Citizens State Bank, Swanner was presented with a Certificate of Distinguished Service by Lewis Hollingsworth, Chamber president.

The award went to Swanner in recognition for the fine service rendered to the youth of Slaton because of his having taken the lead in the bringing to completion the youth activity known as "Tiger Town" at the youth center in the public park area of Slaton.

Mr. Swanner has given freely of his time and a considerable amount of his personal funds to the activity in order to obtain many of the things vitally needed in making "Tiger Town" a success.

In accepting the certificate, Mr. Swanner remarked that he appreciated the honor very much, but that anything he did in connection with the youth center was because he felt that it needed to be done and not with any idea in mind of being publicly recognized for the same.

Paving Of Streets To Be Finished Soon Says Mayor Wootton

The unfinished paving in Slaton will be finished this week or next week, according to Mayor L. B. Wootton. The work had been completed because of a shortage of cement, which should be available this week.

The streets to be paved are on the west side of Slaton between Garza and Lubbock streets and between Lubbock and Slaton. Also, the city hopes to have Dickens St. paved in the near future.

F. D. Bostick Suffers Hip Wednesday

F. D. Bostick, who fell and injured his hip while crossing the street near his home on West Street, underwent surgery Wednesday to have the bone splinted. It was reported to be in a very good condition late Wednesday.

Question

Slatonites Don't Agree About The "Overprivileged" Women Of Today

Time in the history of our country was an established woman was the weaker sex. Her place was in the home. She liked it or she didn't like it, but she had to do it. For her lack of activity, other than a crude wood stove wash pot and tending to the family of children all day, her wife was expected to be a devoted wife and devote her time to giving him a family. Then gradually, many years ago, a few became indignant at the affairs in the back yard and pushed forward so that they themselves on an equal with the men.

What Slatonites subject we asked as this week, "Do You Women Have An Even Break?"

Brewer, Jr., 410 W. Main St., was a little bit of an opinion, "but persuasion he said, they do. I think a

TIGERS CLASH WITH CHAMPS HERE TONIGHT

Littlefield's near point-a-minute Wildcats engage Coach Tony Poulos' Slaton High eleven tonight at Tiger Field in a game that has been termed a "breather" for the defending state champs. Game time is 8:00 o'clock.

Winners of their last 19 games, the Wildcats maintained their perfect record last week by swamping Muleshoe, 51-13. The win gave the champs 216 points in five games, for an average of 43.2 points per game. In conference standings, they have rolled up more than a point-a-minute, gaining 156 points in three games, while allowing the opposition only 38.

Slaton has a 4-2 seasonal record, with one conference victory as compared to two setbacks. Last year, the Cats throttled Slaton 47-0 in the District 4-A playoffs in Lubbock, and the Tigers are making no secret this week of the fact that they would like to avenge that licking and put an end to that winning streak.

Heading the big Wildcat delegation is big Gene Renfro, 190-pound fullback who is one of the regions' outstanding power runners. The 18-year old pile-driver has excellent speed for his size, it is reported. In 1949, he was a defensive regular and shared offensive duties with Tommy Bailes, one of the top stars of that title team.

Renfro is also considered as one of the top schoolboy linebackers, and also a fair punter. This season he has been called upon for an occasional passing chore, but most of the aerial assignments go to Quarterback Jackie McCanlies in Coach J. S. Fikes winged-T setup.

The Littlefield line is well-manned from end to end, with Dickie Hoppin, 195-pound right tackle, and Arlen Wesley, 180-pound left tackle as anchors. Hopping shifts to linebacker on defense; Wesley is the teams kicking specialist.

Sharing backfield duties with Renfro and McCanlies tonight will be M. C. Northam and Walter Brantley, all lettermen from the 1949 squad.

Coach Poulos' Tigers, with the exception of one or two minor injuries, will be in top physical condition for tonight's game. Earlier in the week Halfback Bill Butler and End Harley Patterson were injured slightly but are expected to be back in the starting lineup by game time.

Probable starters for Littlefield are: Bobby Cox and Joe Paul Owens, ends; Arlen Wesley and Dickie Hopping, tackles; Bob Edwards, center; Bob Barker and George Heard, guards; McCanlies, quarterback; Gene Renfro, fullback; M. C. Northam, tailback; and Walter Brantley, wingback.

Doug Williams, Jr. Champion Fisherman

Doug Williams is claiming the all time fishing championship of the State and probably the world, for the two-and-one-half year old classification.

The reason is a two and one half pound bass that his young son Doug Williams caught last week at Fox Hollow, at Possum Kingdom Lake.

Young Doug, as is the case with most young two and one half year olds, was sitting in the boat while it was beached. His fathers' fishing equipment was in the boat, so young Doug put the minnow on the line out in the water. It was against all fishing rules for a two and one half pound bass to be cruising around in such shallow water, but as is the case with folks who know no better than to fish in such waters, such a fish grabbed the bait and almost pulled Doug, Jr., into the Possum Kingdom Lake. Doug Sr. grabbed his offspring just in time, and when the young fisherman came into camp displaying the fish that was so tall that he could not hold it off the ground, he proclaimed to the world, that he was one of the best fishermen there, and that his father was very proud of him.

He was telling the truth, too, said Doug Sr.

Mr. R. W. Cudd spent Friday and Saturday in Austin on business.

Mrs. J. R. Baker left Sunday for a 10 day visit in Waco with relatives.

Karen Beaver spent last week end in Dallas attending the fair and visiting relatives.

Watches and other merchandise slashed! Watch our windows for specials. Champions Jewelry.

Parallel Parking Units Installed On Ninth Street

One of the first steps has been taken by the city in clearing up the problem of parking in Slaton, by marking 9th Street for parallel parking. Also, some of the intersections have been marked for pedestrian walks. Other busy intersections will be marked just as soon as paint is available, according to City Commissioner, J. E. Eckert.

Further plans to improve the parking situation include the marking off of angle parking spaces on all sides of the square, both sides of the street. "This will take time," Commissioner Eckert pointed out, "but eventually it will work in with the plans of the city to make parking more organized."

1040 X-Rayed By TB Association

1040 residents of this area were given X-ray examination for tuberculosis last Tuesday and Wednesday at the Southwestern Public Service Company building where the Lubbock County portable X-ray equipment was in use for the two days.

The equipment was operated by Jimmie Bulger and Carl Mellroy of the Texas Health department with headquarters in Austin. The program was sponsored by the Slaton Rotary Club and the Lubbock County TB Association.

Miss Virginia Greenwaldt, secretary of the Lubbock County TB Association was in Slaton last Wednesday and said that she was greatly pleased with the results of the program.

"Of course we would have been better pleased if everyone in the community had taken advantage of the service so that more incipient cases of tuberculosis could be found before becoming dangerous, but 1040 is an excellent showing for Slaton and we feel that the program was a real success."

O. Z. Ball, president of the Slaton Rotary Club, and Lewis Hollingsworth, president of the Slaton Chamber of Commerce, gave considerable time to working on the program and much of the success of what was done is due to the efforts of these two public spirited men.

It is planned to have the X-ray unit here every year, and to endeavor to get more and more people to realize the importance of what is being done in this line and to get more of the people to take advantage of the service.

Post Office To Be Open Sat. Evenings

Postmaster Scudder reported this week that the Post Office will remain open until six o'clock on Saturday evening beginning tomorrow, Saturday, October 21. This program will continue until the cotton season is over.

The Postmaster said that postal authorities do not wish the office open on Saturdays, but that the Slaton Post Office employees feel that the extra service should be provided so that the transient laborers may be serviced and not be encouraged to go to other towns in this area where the Post Offices are open on Saturday.

Mr. and Mrs. J. J. Maxey, and Mr. and Mrs. Nat D. Heaton will leave Saturday to attend a State Municipality Meeting in San Antonio which will be conducted October 22, 23, 24, and 25.

BIRTHS

Born on October 12 to Mr. and Mrs. Gus Irons in Mercy Hospital, a boy weighing 7 lbs., 2 ozs.

Born on October 12 to Mr. and Mrs. C. R. Dawson in Mercy Hospital, a boy weighing 8 lbs., 2 ozs.

Born on October 12 to Mr. and Mrs. Homer Wilde in Mercy Hospital, a girl weighing 7 lbs., 14 ozs.

Born on October 13 to Mr. and Mrs. C. C. Jones in Mercy Hospital, a boy.

Born on October 15 to Mr. and Mrs. Elmer Trimble in Mercy Hospital, a boy weighing 4 lbs., 11 ozs.

Born on October 15 to Mr. and Mrs. L. W. Smith in Mercy Hospital, a boy weighing 7 lbs., 2 ozs.

Born on October 17 to Mr. and Mrs. B. F. Buzick in Mercy Hospital, a boy weighing 6 lbs., 5 ozs.

Born on October 17 to Mr. and Mrs. Felix Monyaza in Mercy Hospital, a girl weighing 4 lbs., 11 ozs.

Born on October 18 to Mr. and Mrs. E. Stricklin in Mercy Hospital, a boy weighing 8 lbs., 6 ozs.

When Will The First Freeze Hit In The Slaton Territory?

TENNIS CHAMPS — J. S. Edwards, Jr. and Phil Brewer are shown above receiving awards from A. C. Strickland, after coming out on top in both men's singles and doubles in the recent tennis tournament held here under the sponsorship of the Chamber of Commerce. Brewer won the singles division and teamed up with Edwards to take doubles. Charles Woodfin, senior high school student, won boy's singles. Firms donating trophies to the winners were Johnson-Hoffman Hardware, Southwestern Public Service Company, and O. Z. Ball and Co. Young Woodfin received a can of tennis balls from Slaton Pharmacy.

\$5.00 If You Can Name The Date Of First Freeze

"When will the first freeze come to the Slaton area?" This is a question that is being asked by a lot of folks, and the Slatonite is willing to make it more interesting by offering a prize of \$5.00 and a six months subscription to the Slatonite to the first person who comes nearest to the correct date.

The thermometer must show a reading of at least 33 degrees and must come on the day selected by the contestant.

Mr. Jack Phillips has already made a prediction and the Slatonite got the idea of offering the prize from him. Here is a wide open opportunity for Billy Ball, who claims to be the top weather predictor for this area. The official guess for the Slatonite is on November 4th, but this prediction will not count in the contest.

If you have some pet theories about the weather here is a good place to try them out. Freezes in these parts have been known to come at earlier dates than today, and to have been as late as near Thanksgiving.

If you wish to make a prediction write the date out on a post card or letter and mail them to the Slatonite weather editor, or come to the Slatonite office and put your guess on a piece of paper. All entries will be kept secret until the day of the freeze when some good judges will be chosen to pass on the winner.

Only one guess allowed to each person and the field is open to any one. There is no telling what might come of this.

Sales Expected To Be Hurt By New Government Control Say Local Men

The Government controls on installment buying has come into effect for the purpose of slowing up buying and it will do just that, says H. T. Swanner, Slaton banker. The new controls will naturally hurt merchants because they will not have as many buyers. The buyers naturally will cut down because more money will be required before they can buy on installment. Also, there will not be as many loans for the banks.

"The controls are evidently better for the country as a whole," said Mr. Swanner. "At least the authorities think so."

"Sales on automobiles will be greatly retarded," stated W. C. Williams, Williams Buick Co., "because the time limit is not enough for the average man to pay the monthly installments." The change, he believes has come too suddenly.

Like most business men, O. O. Crow, Crow-Harral Chevrolet Co., hated to see the government put the controls on buying, but admits that it could work out for the best, though it looks a little hard right now. "It will definitely slow down business," he says.

Milton Davis of the Davis Motor Co., feels that the step taken by the government is a little drastic, but says "maybe they know what they are doing, and will get things straightened out." Agreeing with other dealers, he says it will probably slow business down.

The effect of the controls on business remains to be seen, says Harry Stokes, Slaton Motor Co. He sees no immediate effect, because right now the people aren't buying on a long scale anyway, but he thinks that after the fall season is over the limitations of the government may be felt more strongly.

The Slaton Implement Co., Pontiac dealers, has already felt some effect of the new controls, according to J. T. Kendrick. He says that he thinks the controls will hurt the sale of automobiles to a certain extent in the future.

OFFICERS NAMED BY SLATON CHAPTER F.F.A.

In a recent meeting of the Slaton Chapter of FFA officers were elected for the coming year. Elected to posts were Bill Butler, president; Grady Smith, vice-president; John Singleton, reporter; Donald Bounds, treasurer; Ronald Schillings, secretary; Dick McKaughan, second vice-president; Leon Pinkert, third vice-president; Wesley Reed, sentinel; Eugene German, parliamentarian; Tommy Swanner, historian; and Larry Johnson and Pat Nash, conductors.

J. D. Holt, Clark Self, Claud Anderson and J. J. Maxey were in Dallas last week to attend the Texas University vs. Oklahoma and the S.M.U. vs. Oklahoma A. & M. football games in the Cotton Bowl and also to attend the fair.

L. E. Brasfield returned last Tuesday from St. Louis where he visited his sister, Mrs. Ola Tatum.

Mr. and Mrs. Kenneth Tanner and daughter, Susan, of Portales, were visitors of Mr. and Mrs. C. L. Tanner last week end.

Mr. and Mrs. A. L. Brannon left Monday to be at the bedside of Mrs. Brannon's mother, Mrs. Lulu Utter who is seriously ill in St. Anthony's hospital.

POLIO HITS HEAVILY IN WILSON AREA

Five cases of polio were reported in the Wilson community last week, and one child was under close observation the first part of this week. Health authorities advised against the closing of the Wilson Schools, but the trustees were undecided last Monday as to whether to close or not.

All of the five cases that were pronounced polio were not serious when the report was received. The children affected are: a son of Mr. and Mrs. Edwin Maeker, a son of a family by the name of Wuenesche, a son of Mr. and Mrs. Leon Tamplen, a daughter of a family by the name of Menzer and a son of Mr. and Mrs. John Scott. The child that was under observation is one of the Scott family.

MRS. SUG ROBERTSON UNDERGOES SURGERY

Mrs. Sug Robertson, who underwent major surgery in a Lubbock hospital early this week was reported to be having withstood the operation well and to be on her way to recovery.

Visiting Mrs. Roy Mack of Abilene Tuesday of this week were Mrs. L. A. Harral, Mrs. Ray Hickman, Mrs. H. G. Stokes, Mrs. Bruce Pember, Mrs. Bentley Page, Mrs. Claude Porter, Mrs. Howard Swanner and Mrs. Ed Haddock.

THIS WEEK'S SMILES

The motorist and his wife traveling through the Blue Ridge Mountains stopped at a one-pump gas station before a mountaineer's cabin. After the man told the proprietor to fill the tank, his wife asked: "Is there a rest room here?" "No ma'am, there isn't," replied the gas man, "but you'll find a mighty comfortable rock-er up there on the porch."

West Texas Roundup

Butler & Brasher, Lubbock architects, have been employed by the Brownfield school board to make estimates on a proposed building program. It was announced by S. P. Cowan, superintendent of schools, following a board meeting Monday night.

Following the architects' estimates an election will be called on a school bond issue to meet the costs of construction.

The architects are making estimates on seven additional classrooms at the Jessie G. Randal school, eight or 12 more classrooms at the present high school, and a four-room colored school, including rest rooms.

—The Brownfield News

The 1950 lettuce harvest got off to a poor start this week as processors handled a few early yields. Quality of the lettuce was reported as fair, yields were good, but prices were low and uncertain weather conditions left lettuce men at a loss to make predictions.

"It is too early to tell," said P. M. Williams, pioneer lettuce producer and contractor of this area. "It may turn out well, but rains and cold weather could curtail the 1950 crop."

—The Hereford Brand

The First National Bank will build a new building just north of the postoffice. The deal was closed for the location Monday at a special meeting of the board of directors.

Plans are in the hands of the architect, who believes that it will be possible to get out the first drafts of the plans by next Tuesday when the board of directors will check for any changes. According to the schedule, it is planned to let a contract for the new building about the first of November, and to have the building completed by March.

—The Canyon News

A meeting of the officers and directors of the Levelland Mutual Concert association met Monday night in the district courthouse, arranging for the current membership drive to get underway.

Robert Gause, representative of the Pryor-Menz Concert and Lecture Service of Council Bluffs, Iowa, is in Levelland to head the organization in the membership drive.

In April of '49 the association closed the first membership drive with 675 members. The concerts were held during the winter and spring with some top-notch entertainers coming to Levelland.

—The Hockley Co. Herald

While there are some minor details to be worked out, according to Bill Ashenbeck, City Secretary, in a statement Wednesday morning, the contract for the \$132,000 new city hall and fire station has been let. The construction man to get the job was W. B. Abbott, of Lubbock, who built the Five County Medical Center here.

Some of the changes made in the new plans are in entrances to the building by the several departments, such as city offices and court room, jail, police department and fire department. We believe the latter will still occupy the rear end of the building.

—The Terry Co. Herald

The Wink Lions Club annual Carnival will be held on October 5th, 6th and 7th, across from the Postoffice Pharmacy and next to the Odd Fellows Hall.

The affair will be resumed this year after a lapse of the past two seasons, and indications are that the 1950 Carnival will be one of the best ever held.

New games and stunts will be added and fun will be provided for every member of the family. There will be Shetland Ponies and airplane rides for the children.

—The Wink Bulletin

Union Oil Company of California No. 1 Christova Stitt, one location south of the new discovery in Central-East Terry county—Union No. 1 Laura Cotten—and 660 feet from east and 1,980 ft. from south lines of section 91, block T, D&W survey was making hole below 7,304 ft. in shale. Union is deeping below 4,620 feet in shale at its No. 2 Stitt, another offset to the pool opener.

—The Brownfield News

The Tahoka Bulldogs now have a real live mascot, a registered English Bulldog six months of age and named "Sourdough Sam."

The mascot was presented the boys Wednesday night at a dinner given the entire Bulldog squad and their coaches, in the home of Mr. and Mrs. Otto Carter.

Large and regular size wire baskets at the Slatonite.

WHEN THE YANKS FIND A TRAIL

THE REDS LOSE THEIR SHIRTS

OPEN SEASON ON NORTH KOREANS—The big game hunt is on in South Korea. In their triumphant push to the 38th parallel, UN forces bypassed countless pockets of Red troops who must be taken dead or alive. At top, troops of the 24th Division start out on a search for quarry. At bottom, they return with 44 prisoners, a bountiful day's bag. Stripped to the waist, the prisoners are marched single-file with their hands clasped on their heads. The hunt has ended for them.

Cobalt

Cobalt has come to be regarded as an important element in the nutrition of sheep and cattle. Results of recent tests in New Zealand showed that those animals grazing in pastoral areas which were treated with slight amounts of cobalt maintained higher live weight and had a greater yield of wool than those which grazed on fields not treated with cobalt.

Corn Crop

The U. S. corn crop, estimated at 3.5 billion bushels, is expected to be exceeded only by last year's all-time high of 3.7 billion bushels. The 10-year average has been 2.8 billion.

AT SELF'S SERVICE
STATION

Howdy Folks! Another proof that "all the world's a stage," appears in the fact that our bank roll has about as much purchasing power as stage money.

We're in a quandry. If we worry over currently high prices of food while we're eating, we get indigestion. And if we don't eat more than we can afford.

Prices are the only part of the nation's food supply raised by the middle man.

Once, price was an indication of quality. Now it's an indication of nerve.

Now days, even the price of a dress isn't modest.

Oh for the spirit of '76, and the prices of '36.

Anyway, we're doing our level best to keep the prices reasonable on all our products. And while we're at it, our special winter car treatment takes but a few minutes. . . . insures you of trouble-free driving. Why don't you stop by now!

THE STATE OF TEXAS

**COUNTY OF LUBBOCK
IN THE NAME AND BY THE
AUTHORITY OF THE STATE OF
TEXAS**

To: John A. Fox, A. B. Zook, Morgan Skyles, A. L. Solberg, James Enos, Calvin Doherty, J. C. Paul and John A. Rixceval, whose places of residence are unknown, and the respective unknown heirs and legal representatives of all the above named parties, whose names and residences are unknown, the unknown owner or owners of the hereinafter described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiffs herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 99th Judicial District, Lubbock County, Texas, wherein The State of Texas and Lubbock County, Texas are plaintiffs; The City of Slaton, Texas and the Slaton Independent School District are impleaded party defendants; and J. N. Ellison, John A. Fox, A. B. Zook, Morgan Skyles, A. L. Solberg, James Enos, Calvin Doherty, J. C. Paul and John A. Rixceval, their unknown heirs and legal representatives, and the unknown owner or owners of said property, their heirs and legal representatives and all other persons claiming any interest in or lien upon the hereinafter described property are defendants, by the filing by said plaintiffs of a petition on the 25th day of September, 1950 and the file number of said suit being No. 4991 and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property, to-wit:

Lot Three (3) in Block Sixty-five (65) in the Original Town of Slaton, Lubbock County, Texas, together with interests, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon, and to declare null and void the entire proceedings and the judgment in Cause No. 1965 in the 72nd District Court of Lubbock County, Texas, entitled The State of Texas vs. John A. Rixceval and the Sheriff's Deed dated May 4, 1927 arising therefrom.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows: The State of Texas, \$36.35; Lubbock County, Texas, \$39.81; Total, \$76.16.

The names of all taxing units which assesses and collect taxes on said property not made party to this suit are NONE.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that suits not only for any taxes which are delinquent on said property at the time this suit was filed but all taxes becoming delinquent hereon at any time thereafter up to the day of judgment, including interest, penalties, and costs allowed by law thereon, may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 4th day of December, A. D. 1950 (which is the return day of such citation), in the honorable District Court of Lubbock County, Texas, to be held at the courthouse thereof, and there to show cause why judgment shall not be rendered in favor of the plaintiff herein, and such taxes, penalties, interest, costs, and condemning said property and ordering foreclosure of the constitutional and statutory liens thereon for taxes due plaintiff and the taxing units herein, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Witness my hand and seal of said court in the City of Lubbock, Lubbock County, Texas, this 17th day of October, A. D. 1950.

Royal Furguson,
Clerk of the District Court,
Lubbock County, Texas,
99th Judicial District.

Capt. Cook Memorial

Spot where the remarkable navigator, Captain James Cook was slain by natives in Kea-Bay, Hawaii, is marked by a tablet placed under this memorial, below the sea, is visible only at low tide, and is probably the only of its kind.

LEG-ITIMATE DEFINITION—Webster defines a leg as "a limb or member of an animal body used for support and locomotion." But Japanese judges defined the legs of these Tokyo debutantes with a long, low whistle. Nobody quarreled with their definition or their first-prize choice, the shapely gams third from the right.

**Hutton, Keel Sing Berlin's Hits
In MGM's "Annie Get Your Gun"**

"Annie Get Your Gun," Broadway's fabulous hit which played to an audience of one million, five-hundred spectators during its three-year stage run, now has been brought to the screen by MGM and emerges as the biggest, most spectacular and most tuneful technicolor treat to be offered filmgoers in the history of screen musicals.

This new offering opens Sunday and Monday at the Slaton Theatre, with a preview at the Saturday night Owl Show.

With the vivacious Betty Hutton in a made-to-order role as the rough and ready markswoman, Annie Oakley, and with stage star Howard Keel making an auspicious film debut as Frank Butler, the man whom Annie "can't get with a gun," this exuberant and eye-filling picture unfolds its song and laugh filled plot against colorful backgrounds of Wild West shows replete with cowboys and Indians, tribal dances, stunt riding, shooting contests, buffalo stampedes and all sorts of rootin'-tooin' activities centering around that famous figure of old West folklore—Buffalo Bill.

And interposed amid the excitement and the laugh-jammed story of the rivalry between Annie and Frank Butler for the honor of being the world's champion sharpshooter, a contest which is ultimately resolved when Annie decides that she'd rather have her man than her medals, are the wonderful Irvin Berlin songs, including "Doin' What Comes Naturally," "The Girl That I Marry," "You Can't Get a Man With a Gun," "Show Business," "Falling in Love," "Sun in the Morning," "I'm an Indian, Too," "Anything You Can Do" and other hits, sung to perfection by Miss Hutton and Keel.

TRUCKLESS TRAILER—A self-propelled trailer, powered by engines mounted under the floor, was put on the market this month by the Twin Coach Co., of Kent, O. Designed by L. J. Fageol, the sleek super-freighter runs on either gasoline or propane and may herald a new era in truck transportation.

"A FRIEND INDEED"

Mr. and Mrs. Harold W. Ross put all their eggs in one basket—and make money at it.

From the basement of their Maplewood, Mo., home, the Rosses run a rapidly expanding chicken hatchery. In six years, they've built up a thriving business, depending a lot on their business telephone.

Says Mr. Ross: "Never realized how our telephone helps us save and make money, though, until we kept a five-day record of our telephone calls recently. Now I can see that we depend on our phone to make sales for us, run errands, deliver messages, do a great many important jobs. It's a friend indeed!"

Each year brings greater progress in your telephone service. New telephones added—greater improvements made! The result: quicker, more trouble-free service for more people. It's a real budget value—that grows in value every year! Southwestern Bell Telephone Co.

Tuesday—One of our customers calls for shipment of baby chicks. Mrs. Ross is hard of hearing, uses a special amplifier. Hears easily.

Wednesday—Sister-in-law asks about son who works for us. To save time, Mrs. Ross takes call over extension in our basement.

Friday—Feed supplies low—so our helper orders more. Business telephone means low-cost way to carry on all phases of our business.

Thursday—Prospect calls about chick prices and deliveries. Our ad in yellow pages of directory helps build our sales.

What else gives so much for so little?

THESE WOMEN!

THIS and THAT FROM HERE and THERE

EDITORIAL— Every once in a while you run across a citizen of Littlefield who tries to impress you with the broadness of his religious viewpoint by taking a pot-shot at the churches of the nation.

The speaker will tell about helping other human beings in distress and exhibit every sign of an assured superiority over those who worship in organized churches in the name of their religion.

It is rather seldom that these talkers realize that without the organized churches of the past, it is highly improbable that they would know very much about religion. It is worse than that. Without the organized churches of the past there is doubt if our present civilization would be even vaguely as good as it is. The critics of the church are quite willing to accept the fruits of its work but they are not always just enough to give credit where credit is due.

—The County Wide News

FYI— A preacher, at the close of one of his sermons, said: "Let all in the house who are paying their debts stand up." Presently every man, woman and child, with one exception, rose to their feet.

The preacher seated them and said: "Now let every man not paying his debts stand up." The exception, a careworn, hungry-looking individual clothed in last summer's suit, slowly assumed the perpendicular position.

"How is it, my friend," asked the minister, "that you are the only one not able to meet his obligations?"

"I run a newspaper," he answered meekly, "and the brethren here who stood up are my subscribers and . . ."

"Let us pray," exclaimed the minister.

—Gaines Co. News

THE HIRED HAND— The scene was a small cafe in Roby Sunday afternoon. Only six patrons were present, while the cafe had room to serve some 20 or 25 more.

A man dressed in clean, well-kept work clothes entered and seated himself at the counter. The waitress just looked at him, then turned and walked into the rear and asked "Do you have a sign on your door?" in a voice clearly audible to the other cafe patrons.

The proprietor came to the

window and snarled, "We don't serve Spanish people." The middle-aged Mexican man rose, said "Thank you" and quickly walked out.

I would have walked out, too, if all the other cafes in town had not been closed for the funeral of a small boy who had died of leukemia.

—The Seminole Sentinel

DRIFTING SANDS— Sociologists and economists are predicting a shift in the population of the United States. They say that the midwest and southwest stands to gain most by the shift, which has already set in. Factories are moving south and west. They predict that the Gulf Coast area will in time become as thickly populated as the eastern seaboard states.

The South Plains area is another area that is due for a major growth in population. Economists say that the South Plains, or the plains country can support ten times its present population. This means that Lubbock would have a population of 700,000, and Andrews county would have 50,000.

If this were true the News would have to go daily and get a radio station.

With the oil, cattle and agriculture resources of this area there seems to be no foreseeable limit to its development.

—The Andrews Co. News

WOODPILE— Both Brady Gins reported today that cotton was coming rather slowly for this late in the season. The Stindt gin had turned out 301 bales today and Key & Son here had ginned 165 bales. The cotton crop is going to be short over the county due to the irregular rainfall during the growing season. Too, the acreage in this county was cut

much shorter than last year by the government program.

—The Brady Standard

SKETCHBOOK— The generation born in depression, weaned on world war, and greeted, at 18 with a conscription number, President Henry M. Wriston of Boston University has offered some stern guidance, reports Time magazine.

"Abandon the most fatuous and debilitating slogan that ever misled a generation," he told undergraduates last week at the opening of a new college year.

"Give up security as an ideal. Anyone who promises security is misbranding his political, social and economic goods—if you insist on being cheated, buy gold bricks or perpetual-motion machine.

"It is now clear that if you live at all, you will live dangerously—not only during the instant crisis but all our lives. Peace has been so mishandled for more than a generation that its convalescence will be long and its full recovery a distant hope."

Tigers Edge Past Morton Indians 6-0 In 4-A Play

A stalwart defense, which more than once halted drives inside their own territory, enabled Morton's Indians to hold a favored Slaton High eleven to a 6-0 victory in District 4-A Conference play last Friday night at Morton.

The Tigers of Slaton led in every statistical department, but each time they reached scoring territory, with the exception of the one scoring play, the Indians were able to quell offensive thrusts, either by stopping Slaton drives or recovering costly fumbles. Time ran out on the Tigers at the end of the game where they were only 12 yards away from paydirt.

In edging the Indians by one touchdown, Coach Tony Poulo's charges gained their first win in conference play, and brought up their seasonal standings in District 4-A. This was their third straight conference loss for Morton.

The lone score of the night came early in the first quarter when Halfback Bobby Lambert took a pitchout and raced around his left end for a 45-yard touchdown gallop. Tackle Leon Moore's attempt to run the extra point over was squelched at the line.

Coach Herman Raphael's Indians unfurled passing attacks frequently through the game, but could never keep an offensive thrust going when it was needed. Throwing a total of 12 passes and completing only seven, they were able to move inside the Tiger 20 only one time. Six Tiger penetrations were stifled inside the Morton 20 as the defensive Indian line stiffened.

The Tigers had a total net gain of 274 yards as compared to the Indians' 170 yards. In the first down department, Slaton led 16 to 10. Morton fumbled four times and lost the ball every time. The Tigers made seven bobbles and lost the ball only five times.

Lambert and Moore paced the Tigers' offensive and defensive units throughout most of the game.

Meaning of "Proof"
The alcoholic content of many beverages is measured in "proof." "Proof" is roughly about twice the percentage of alcohol by volume. For example, a "90 proof whiskey" is about 45 per cent alcohol.

What Happened In Slaton Last Year

The following items were published in the Slatonite about a year ago and are reissued for your interest.

One of the worst epidemics of colds that has hit this area in years is going the rounds and better than fifty per cent of the population has been hit by the disease. A good many cases of flu are also reported. The high winds that have stirred up dust and scattered pollen are blamed for the current trouble.

Miss Alice Gene Meading, daughter of Mr. and Mrs. P. G. Meading of Slaton, and Carl Junius Young, son of Mr. and Mrs. Carl Young of El Paso, were married Sunday afternoon in the Slaton First Methodist Church at 4 o'clock. Reverend W. F. Ferguson read the double ring ceremony.

After dropping three season openers, Slaton got its second triumph last Friday night by defeating Sundown's Roughnecks 28-0 in a nonconference thriller played before some 1,000 fans at Sundown's high school stadium.

Little Jerry Ray Hatfield, 5 year old son of Mr. and Mrs. Dewey Hatfield of this city, was admitted to Texas Scottish Rite Hospital for Crippled Children in Dallas for treatment on Wednesday, October 17th.

Mrs. Leola B. Cloninger, 65, died Wednesday at 12:45 p. m. in the Lubbock Memorial Hospital. Mrs. Cloninger had been a resident of this area since 1923.

The annual carnival here at Slaton High School will be held on Monday, October 31, 1934. The carnival will begin at 7 o'clock. The carnival is being sponsored by the Parent-Teacher Association. Mrs. Holloman will be the chairman of the carnival.

Mrs. Virgie Hunter visited with her twin daughters, Phyllis and Frances, in Canyon Sunday where they are attending West Texas State. She made the trip with Rev. Hodges, Squire Peavy and G. A. Clevenger, who were going to Amarillo to a Presbyterian church meeting. They also visited the children's home there.

New Machinery In Demand By Farmer Says Oliver Dealer

Results of a recent national survey conducted by the field organization of The Oliver Corporation, farm implement manufacturer, show that America's farmers rate service and availability of parts for farm machinery as being most important to maintaining farm operations and food supplies.

In view of the present international situation, L. R. Ragland, head of L. R. Ragland Implement Co., Oliver dealer for this territory, said today.

The local farm equipment dealer revealed recent substantial increases in demand for new machinery as farmers took notice of

unfavorable effects on factory production which may result from defense material and manpower needs. He observed, however, that their primary interest in the availability of genuine parts and proved service for machinery ready in use is evidence of sound and conservative business judgment.

New Labor Laws Not Being Enforced

From reliable information it comes to this paper that there has not been a single arrest made for infringement of the new labor law governing the use of minors in pulling cotton in this district, although a good number of them have been employed for this kind of work.

In the first place there are no federal agencies set up to enforce the law which is a United States Labor regulation and not a Texas State law. As there is no incentives for the state officers to do the arresting it likely that they will not be enforced this season. Of course any farmer breaking the law leaves himself open to grave dangers should any accidents of serious nature happen to minors working with his cotton, unless they have the proper releases as set up by the United States labor laws.

That the new laws regulating the use of minors in pulling cotton is not proving satisfactory is shown by the fact that the men who were instrumental in getting the laws passed are beginning to crawlfish and say that it was not intended to bring undue burdens on the public or on the farm laboring classes.

There are few, if any, farmers who wish to break the laws and it is most likely that most of them will follow the letter of the law and it is certain that fewer and fewer farmers will keep on hiring cotton pullers, but will turn to mechanical pullers for all of this kind of work. The effect of this will be most discouraging to the towns that are dependent upon the cotton crop for prosperity, for when the cotton pullers are eliminated the money that they spend will not become available to the business men of the towns, the laborers will stay idle, the grade of cotton will be poor, the price of the cotton will not be high and everyone will lose, except the manufacturers of the cotton pulling machines.

There are towns in other states where the crops used to be gathered by hand that have turned to mechanical means, and those towns that used to be prosperous, busy places have lost population, the business has gone sour and no one has benefited.

Of course such line of thought where thousands of people have to do tedious, back-breaking labor for low or moderate wages is better than to have the same work done by a machine, is better might be a backward way of looking at the problem, but when machines put thousands upon thousands of people into the conditions of paupers then the way of machines might not be the right way.

If the nation does not go bankrupt or bring us all into some kind of dictatorship, with its regulations of labor and finances, we may some day work out our problems where machines will do all the work and folks will sit in the shade and sip soft drinks, may develop, but there's going to be a lot of trouble while this is being worked out by the wise guys in Washington.

The Lull Before The Storm

The actions of the draft boards and the way the rearmament program is more confusing to the folks here on the South Plains than they were during the first or second world war, and that is saying a mouth full for confusion ran high in those days.

Some young men who were told that they would receive several weeks notice before being called into training have been given no notice at all worth mentioning, while others have been notified that they will soon be in the armed forces have been sitting on a hot seat for months.

Practically all of the men who have been called to date are men who have had no previous training and it is evident that the armed forces are more concerned about getting the younger men trained than they are about getting a large standing army.

Some people seem to feel that with the Korean War about over that the need for a large army is over, but it is likely that since the Government has started out on a rearmament program that many more men will be in training than have ever been under military orders in the history of the United States. The experienced men who fought in the last war are not seriously needed now, but if another serious threat is made by the Russians you'll find the veterans being called by the thousands and they will be the ones who will do the early fighting in any further outbreaks. Perhaps we are having the lull before the real storm.

Texas Roads Too Good Says Officer

There was a time when folks complained a lot about the roads and those who live around Hackberry, in Lynn County, are beginning to consider themselves as being in a forgotten community. One Slatonite subscriber from Hackberry complained last week that they are too far off in the corner of Lynn County and any attention at the County seat.

However there is another school of thought about it and they say that roads are getting too smooth and well and that automobiles are too powerful for the safety of the people who travel over our Texas roads.

Charley Yates, constable for Precinct, says that he arrested a man from Oklahoma who complained that the Texas roads are entirely too easy to ride upon. After having negotiated Oklahoma roads so long he could not resist letting his car go for a good time for just a few miles. The excuse did not cause him to tear up the speeding ticket, but as an officer of the law as one who has seen the results, in many grewsome instances, of what speeding is doing to the nation, he says that the in Oklahoma are likely to live a lot longer with their roads than the people in Texas are with their bigger and roads.

The cars are too fast for the people who drive them particularly for those who drink and drive. It would be impossible to police all of the roads in Texas adequately to keep them to a minimum, and the close policing is very unpopular. These days the speeding problem must be faced and it is felt that the only way to solve it will be to have the automobile manufacturers make cars that will not go over limited

Season Likely To Be Short

The cotton harvest is considerably later this year than last year and the crop is not going to be as good as it was last season, but much better than the average crop in this country.

It is most likely that the season for gathering will be shorter than last year and that the migratory laborers will come by the end of November.

The effect of the harvest is just beginning to be felt and most of the business men do not look for near the shortage of help was very acute last year and is even this season and most of the business men worked many hours last season in order to half way attend to their tasks. In the 1949 cotton season the rush started on the first of the season and lasted well into the new year, but the cotton is ripening fast and will have to be gathered as soon as possible, and if weather conditions allow, most of the cotton

will be out of the fields by Christmas.

The feed also seems to be ripening fast and as the farmers did not plant as much feed as they have in many of the past years. The season for feed will not be long.

The men working on the railroad all report business active and most of them are getting in about as much time as they want. The season of 1950 will not go down as a record breaker for this part of the state, but it will be better than average and Slaton should be among the best business towns of the South Plains during 1950-51.

QUOTES

It's the kid up the street who is the delinquent. Your junior is "passing through a phase." — Senator Soaper, The Oregonian, Portland, Oregon.

Sounds in the Night: At the Gamecock: "He likes all married women except his wife." —Walter Winchell, The Post-Dispatch, St. Louis, Missouri.

Politicians are the same all over the world. We compare them to coast-defense guns many years ago. Every time they fire off their muzzles, their platforms disappear.—Arthur "Bugs" Baer, Sentinel, Milwaukee, Wisconsin.

American designers don't like the tall, skinny girls who model Paris styles. Their feeling is that a man wants a healthy wife to bring him his pipe, rather than one he could use to clean it with. —Star, Kansas City, Missouri.

Mack Stennett, who predicts that feminine beach attire ten years hence will be rouge, lipstick, and a hair ribbon, forgot to include a good lotion for sunburn. —The News, Indianapolis, Indiana.

The fathers in typical radio families are earnest clowns or straight men for their children. "I can't find my skates," cries Kathleen. There is a loud scream and the sound of a body tumbling downstairs. "Never mind," says Kathleen. "Daddy found them." —Daily News, Washington, D. C.

Ken Murray mentioned recently that the Democrats, at their party dinners, have the best food and best drinks but the second-best waiters. "The best waiters," he says, "are the Republicans." —Earl Wilson, Free Press, Detroit, Michigan.

Of course, you can't remember way back when the pioneers established this nation in order to avoid taxation. —Tribune, Oakland, California.

Classes Elect Room Mothers

Room mothers were chosen by the four high school classes on September 22.

The senior class elected Mrs. Boyd Meeks, Mrs. C. H. Norris, Mrs. A. E. Clack, and Mrs. J. B. Huckabay.

Mrs. J. H. Dodson, Mrs. L. O. Lambert, Mrs. M. M. Brieger, and Mrs. A. R. Keys became the junior class room mothers.

The sophomore class selected Mrs. R. A. Hickman, Mrs. W. L. Holloman, Mrs. C. E. Hogue, and Mrs. W. A. Sikes.

Mrs. A. L. Saage, Mrs. N. R. Boyce, Mrs. E. W. Pike, and Mrs. J. L. Scott were chosen by the freshman class.

These room mothers will serve their classes for the coming year. —Tiger's Cage.

Many Berlins

America has more than a dozen Berlins. In New England at least, towns of that name are locally pronounced Ber-lin, accented like Mer-lin.

We have one new calculator that is priced by the factory at \$375.00, we'll take \$325.00 for it—SLATON SLATONITE.

CHICK CHATS

Presented By
Dr. Salsbury's Laboratories

ARTIFICIAL LIGHTING BOOSTS OUTPUT

One among many means of increasing winter egg production is artificial lighting.

The laying hen belongs to no union, but her working day is over when sunlight no longer filters into the laying house. She's ready for the laying house, then, and the production of her next egg will have to wait until tomorrow's daylight.

15-Hour Day

To offset the effect of short fall and winter days, many poultry-raisers resort to the use of light, turning them on either early in the morning or at dusk, or both. Enough morning or evening lighting to account for a 13-hour day is considered about right by most raisers of poultry.

Lighting is an important factor because it helps maintain proper body weight, tends to hasten maturity for late-hatched pullets, and has the effect of bringing breeders back into production—all these in addition to lengthening the daily feeding and egg-laying period.

If hot weather retards food consumption among early-hatched pullets that begin laying in June or July, use lights to prevent the loss of body weight if weight cannot be maintained by any known feeding method. Usually by mid-October lighting should be started on birds that have been in production for some time.

Protect Their Health

Ask your feed dealer what your birds are going to need to keep in high production. See that your flock has plenty of the right kind of nourishment. Make sure there's enough room at the feeders so that each bird can have an adequate ration. Don't skimp on grit and oyster shell. Above all, look after the health of your chickens — a well managed flock will usually be in good condition and their appetites will be on a scale that guarantees good production.

Slaton High Has 11 New Students

Eleven new students have entered Slaton High School for their first time, coming from all parts of the United States.

Shirley Smith, sophomore, came from El Dorado, Arkansas, High School where she was a member of the Choral Club, Dramatics Club, and Y-Teens, a national youth organization.

Senior Mary Cade went to Albany, Oregon, Senior High School last year. Her activities included membership in the Latin Club, the Pep Squad, the Girls Federation and the Girls Athletic Association. Miss Cade was also a guard on the basketball team.

For her freshman year, Sue Parrish attended Snyder High School. She belonged to the Snyder Choral Club and Democratic Club. Sue is in the Slaton High Pep Squad now.

Betty Guthrie hails from Crowell High School where her activities were Choral Club, Home Economics Club, Pep Squad and president of Jr. Columbian Club.

Juanita Woods, a freshman this year, came to S.H.S. from J. T. Hutchinson Junior High in Lubbock.

From Lakeview High School, San Angelo, comes Raymond Turner for his junior year in S.H.S. He is a tackle on the Tiger squad.

A. E. Burris, a senior this year, hails from Rotan, Science is the main interest of A. E.

Two girls from Saint Joseph's Elementary School are enrolled in S.H.S. this year. They are Lucille Verkamp and Kay Ella Buxkemper.

Geon Rogers, sophomore, came to Slaton High from Wilson High School where she participated in Pep Squad, Home Economics Club, Volley Ball team, a guard on the basketball team, and baseball team.

From Thomas A. Edison Junior High School, San Angelo, comes Dorothy Jo Gravel. She was active in baseball and volley ball. She belonged to the Square Dancing Club, Leathercraft Club and Home Economics Club. —Tiger's Cage.

Want a long run for your money?

Better Buy Buick!

You want a new car to be tops in things like style and room and comfort and power—

—and a thrill-packed fifteen minutes with the nimble number pictured here will show you it has all these things in abundant measure.

So you ask us—how about money? What does it cost to buy a Buick—and to own one?

All right—let us ask you some questions.

Take first cost. Do you know that Buick prices start down at a level

below what you'd pay for some sixes—and that every Buick, on a cents-per-pound basis, is a stand-out buy?

Take operating cost. Do you know that the bang you'll get from Buick's Fireball power comes from a valve-in-head engine—recognized by engineers as a thrifty saver of fuel?

Do you know that owners of 1950 Buicks are writing us rave letters, saying that this year's version is the most economical Buick ever built?

Do you know that such comfort features as coil springs on all four wheels protect the car as well as the passengers—and throw in an

extra saving because they need no servicing, and are practically breakproof to boot?

Do you know that Dynaflo*—in addition to keeping you fresh as a daisy on a day-long drive—caps its convenience with savings on tires, cuts down the strain on transmissions and engines—and eliminates all friction clutch repairs, because it hasn't any?

Take final cost. Do you know that when the owner of a Buick gets a yen for a later model, the prices that Buicks command on a used-car lot are the ultimate proof of their long-run value?

So if you want a real run for your money, better buy Buick. And the first step is very simple: Go see your Buick dealer—soon—and get an order signed.

* Dynaflo Drive is standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

FOUR-WAY FOREFRONT—This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Time in HENRY J. TAYLOR, ABC Network, every Monday evening.

Slaton Women Give Their Favorite Tested Recipes

Some folks like angle food and others prefer devil's food, but Mrs. E. L. Miller, 305 South 13 street, declares Old Fashioned Pound cake as her favorite. The recipe she uses most for "her cake" is as follows:

1 3/4 cups sugar
6 eggs
2 cup flour
1 cup shortening
1 tsp. vanilla
Mix the sugar and shortening together. Add an egg and a little flour and stir together. Add another egg and more flour, and stir, repeating until all the eggs and flour are used. Add vanilla.

Monthly Meeting Of Lutheran Women In Southland Oct. 11

The monthly meeting of the Women's Missionary Society of the Southland Lutheran Church was held in the home of Mrs. Arthur Stolle on Wednesday, Oct. 11.

The program opened with the singing of "A Mighty Fortress is Our God". Rev. Lowell C. Green read the scripture and prayed. The topic of the month, The Lutheran Church in Australia, was presented by Mrs. Willie Becker. Mrs. Wallace Becker led a discussion on the Epistle of First Peter. A playlet concerning the Thankoffering ingathering was presented by six members of the Society. The hymn, "Now Thank We All Our God", followed and the program closed with the Lord's prayer.

Refreshments were served to fourteen members, the pastor and one visitor.

Dinner Honors Man On 66th Birthday

G. C. Rackler of Rt. 1, Lubbock, was honored Sunday, Oct. 15, with a surprise dinner on his 66th birthday. Mrs. Rackler and nine children of the couple were present for the dinner which was given in his home.

The children are Mrs. Fred Knapp and family of Roosevelt Community (formerly of Marlow, Okla.), Kenneth Rackler and family of Slaton, J. D. Rackler and family of Abernathy, Carl Rackler and family of Roosevelt, Troice Rackler and family of Shallowater, Mrs. H. G. Trammell of Lubbock, L. H. Odell, and Minnie Lois Rackler of Lubbock. Others attending were Mr. and Mrs. Jim Hill, Eunice, New Mexico; Jess Rackler, Lehman; Mr. and Mrs. Roscoe Rackler and family, Wilson; Mr. and Mrs. Walter McMasters, Lubbock; Mr. and Mrs. Coy Bryant and family of Roosevelt; Mr. and Mrs. J. W. Salmon and family, Lubbock; Rev. and Mrs. Jackson, Canyon; Mr. and Mrs. Elmer Hargraves, Lubbock; Miss Pinkie Trammell, Lubbock and Joe Fulton, Marlow, Oklahoma.

LOCAL CHURCHES PLAN SERVICES FOR YOUTH

At a recent date the local pastors of the Church of God, Assembly of God and Pentecostal Holiness Church met for the purpose of promoting better fellowship among the churches.

As a result of this meeting a Youth Singing was organized with the time set for the first and third Sundays each month from 2 until 3:30 p. m. The singing will convene first at the Church of God; second, at the Pentecostal Holiness, and third, at the Assembly of God. It will begin November 5. However, all are cooperating in the last of a series of singings as the Assembly of God, Sunday, October 22, from 3 until 4 p. m. Detailed announcements will be made at this service and the public is cordially invited to attend.

In addition to this, there is to be a Fellowship Meeting the last Monday night of each month. The one October 30 will be at the Church of God.

Watch for further announcements, and everybody come.

FIRST MEETING OF P.T.A. HELD AT HIGH SCHOOL

The Junior-Senior P.T.A. met Thursday night, October 12 at the high school. Between 75 and 100 people were present.

The program consisted of a devotional by Mrs. Allen Crowley and a talk on "How the parents, school and church of a community can help the teen-ager," by Mrs. J. B. Huckabay. Each parent took his child's schedule of classes and visited the class rooms.

Mrs. R. H. Shepherd presided over a business meeting in which the year's work was discussed. Also, plans were made to have an amateur night, using local talent, soon.

Following the program and business meeting a social hour was held in the Home Economics room.

C. E. GEER CRITICALLY ILL

C. E. Geer, service station operator and former motor freight operator on city deliveries for the Santa Fe, suffered a stroke Wednesday and was in critical condition at last report. Delbert Geer, his son, who was called into the Navy recently was due Thursday from California where he was stationed.

Mr. and Mrs. Bruce Pember left Thursday for Dallas where they will attend the musical show, "South Pacific."

W. T. Davis is at the bedside of his mother, Mrs. M. G. Davis, who is seriously ill in a hospital at Sherman.

Mr. and Mrs. H. G. Stokes flew to Dallas Thursday on a business trip. While there they plan to see "South Pacific."

Mr. and Mrs. Fred England have gone to Santa Anna to attend the funeral of Mr. England's father, Thursday.

A son weighing 6 lbs. was born to Mr. and Mrs. Bill Lokey of Fort Worth, October 18. The grandmother, Mrs. Mildred Lokey, and great grandparents, Mr. and Mrs. W. T. Brown, live in Slaton.

Study Clubs Hear Lubbock Pianist At Annual Meeting On October 16

At the annual joint meeting of the four study clubs of Slaton Monday night, October 16, the guest artist bringing the entertainment for the evening was George Warner, Lubbock pianist. Mr. Warner, an accomplished musician, played over NBC for 14 years with Ted Weems' and Paul Whiteman's orchestras. He is a graduate of Cornell University. At present he is a paint chemist in Lubbock. Also, he has a radio program over KFYO on Monday nights.

Selections played by Mr. Warner included "Claire de Lune", "Warsaw Concerto", "Rhapsody in Blue", "You Wonderful One", "St. Louis Blues", and his own version of boogie woogie. To close the program he accompanied the members of the clubs in singing "God Bless America".

About 75 members and guests were served from a tea table laid with a chattruese cover, decorated with silver candelabra containing chattruese tapers, a silver tea service, and bronze dahlias. The presidents of the four clubs alternated in serving.

Committees responsible for the affairs were Program Committee: Mrs. Bessie Donald, Mrs. Henry Hollis, Mrs. Don Hatchett, Mrs. Edwin Cummings, Mrs. Cecil Scott, Mrs. Billie Ball, Mrs. Cyrus Fields and Mrs. Jack Dickson.

Hostesses: Mrs. J. S. Bates, Mrs. J. E. Elliott, Mrs. Virgie Hunter, Mrs. E. B. Morgan, Mrs. A. C. Strickland, Jr., Mrs. Melvin Tudor, Mrs. S. W. Clark, and Mrs. M. G. Davis.

Members from the following clubs were present: Athenean Study Club, Junior Civic and Culture Club, Civic and Culture Club, and the Daughters of the Pioneer.

The Art Of Corsage Making Explained At Slaton Art Club

Seven members of the Slaton Art Club met Friday, October 13, at the Club House for a covered lunch.

After luncheon, Mrs. A. R. Keys gave a program on Corsage Making. A dozen corsages for various types of dress were made.

SOVIET STYLE NOTE—Soviet officials dropped their security regulations long enough to slip this fashion photo through a moth hole in their Iron Curtain. This Miss from Moscow models a woolen dress of crepe-osen fabric. The stylish creation for the "equal" sex was designed by E. Fedotova.

MRS. CUMMINGS WILL BE HOSTESS TO AUXILIARY

The First Presbyterian Auxiliary will meet in the home of Mrs. Edwin Cummings, October 23. Mrs. Fred H. Schmidt will have charge of the Bible study, which will be "Clothed With Power."

Mr. and Mrs. Bill Sledge, Mr. and Mrs. S. T. Wadley have just returned home after a visit to Ft. Worth and Dallas. Mr. and Mrs. Sledge visited the State Fair in Dallas and Mr. and Mrs. Wadley visited Mrs. Wadley's sister Mrs. Littlepage, at Fort Worth.

Corp. W. T. Cherry, Jr., of Fort Hood spent Sunday with his parents, Mr. and Mrs. W. T. Cherry.

NINE-STORY STORY—It was just like an episode from "The Perils of Pauline." The heroine was four-year-old Karen Weiler, who fell 100 feet from her ninth-floor apartment window. While Karen was rushed to the hospital, her distraught beau, Brian Cundelan, paced the sidewalk with his colleagues. The happy ending came when doctors declared Karen miraculously uninjured. Karen and Brian clinched in the final scene and Brian's cowboy pal, at left, provided extra atmosphere by eating popcorn throughout the drama.

Contending Earnestly for the Faith

Although no scripture was given to justify it, some one says in a note to me that in making the music to worship God with mechanical instrument should be used, because it is clean within its self. Now would this person also substitute for the unleavened bread and fruit of the vine on the Lords' table cornbread and milk? If he would, let him read verses seventeen through thirty-four of first Corinthians the eleventh chapter for God's condemnation. We can't make use of a thing in worship just because it is morally clean; clean things may be used sinfully. Let God's word lead us in the use of all things, so we may not sinfully use them, and be condemned for it.

ANDY W. BURKS,
710 S. 11th, Slaton

Quick Scene-Changer for Fall!

Here's a functional ensemble that can head your fall fashion list. The straight, slim skirt is definitely new. Wear the reversible coat-jacket with checked side out during the afternoon, change to the solid side, add a gay hat and furs and you're off to dinner. The fashion editors of Cosmopolitan Magazine recommend this versatile ensemble for your fall wardrobe. A truly special suit, it's made by LoBalbo and retails for about \$85.

LEGION AUXILIARY WILL HAVE CALLED MEETING
The American Legion Auxiliary will have a called meeting, Tuesday, October 24, at 3 o'clock in the home of Mrs. Alvin White. Members are requested to be present and bring a gift for the gift box.

BY CITY OF SLATON TO OWNERS OF PROPERTY ABUTTING CERTAIN STREETS OF INTENTION OF CITY TO PAVE AND IMPROVE SAID STREETS AND TO LEVY ASSESSMENT AGAINST SAID PROPERTY AND THE OWNERS THEREOF IN PART PAYMENT THEREFOR AFTER HEARING: AND TIME OF HEARING.

Whereas, on the 8th day of August, 1950, the City of Slaton by Resolution requested Parkhill, Smith and Cooper, Engineers of said City, to prepare plans and specifications and estimates of costs of paving and improving certain streets in the City of Slaton; and

Whereas, by Resolution passed on the 11th day of September, 1950, said City Commission approved said plans, specifications and estimates and determined that it is necessary that the hereinafter set out and enumerated portions of streets, avenues, and alleys in the City of Slaton be improved by raising, grading and filling same, by installing standard concrete curb and gutter, and by paving with triple asphalt surface treatment on six inch compacted caliche base:

UNIT NO. 17: Fifteenth Street from the South Boundary Line of Division Street to the South Boundary Line of Knox Street, save and except the West One-Half of Fifteenth Street from the South Boundary Line of Division Street to the South Boundary Line of Knox Street said exception being already paved.

UNIT NO. 18: Fifteenth Street from the South Boundary Line of Knox Street to the South Boundary Line of Dayton Street.

UNIT NO. 19: Fifteenth Street from the South Boundary Line of Dayton Street to the South Boundary Line of Geneva Street.

UNIT NO. 20: Fifteenth Street from the South Boundary Line of Geneva Street to South Boundary Line of Jean Street.

UNIT NO. 21: Fifteenth Street from the South Boundary Line of Jean Street to 22' South of the North Boundary Line of Powers Street.

UNIT NO. 22: Fifth Street from 50 feet South of the South Property Line of Sturry Street to twenty two feet South of the North Property Line of Floyd Street.

Whereas said resolution provided that the property abutting said sections of said streets proposed to be improved and the owners thereof should be assessed and pay for not exceeding all the costs of curb and gutter abutting their respective properties plus 9/10ths of the remaining costs of the improvements in the units on which the respective properties abut; and

Whereas, the estimated costs for said standard curb and gutter is \$1.45 per front foot and the estimated costs for paving is \$2.61875 per front foot, for each of said Units or Districts, the total estimated costs of improvements designated as Unit or District No. 17 is \$1,842.50, the total estimated costs of improvements for District No. 18 is \$3,320.41, the total estimated costs of improvements for District No. 19 is \$3,320.41, the total estimated costs of improvements for District No. 20 is \$3,320.41, and the total estimated costs of improvements for District No. 21 is \$2,691.20, and the total estimated costs of improvements for District No. 22 is \$2,274.32; and

Whereas, said resolution provided that before the levy of such assessments, hearing be held under provision of Article 1105b of the Revised Civil Statutes of Texas, after notice given as provided by law;

Now therefore, under provisions of said Article 1105b R.C.S. of Texas, notice is hereby given to all said owners of property abutting upon said streets and alleys, and to all persons interested in said improvements that hearing will be had by the City Commission of the City of Slaton on the 6th day of November, 1950, at the City Hall at Slaton, Texas, beginning at five o'clock P. M., at which time any of said owners or interested persons who shall desire to contest any such assessments on account of the amount thereof or for any reason will be heard; and such hearing shall be continued from day to day and from time to time as may be necessary to give all said property owners and interested persons a fully complete, fair and impartial hearing upon all matters with respect to such improvements and the levy of assessments in payment therefor.

Published by order of the City Commission of the City of Slaton, this 19th day of October, A.D. 1950.

L. B. WOOTTON, Mayor

JUST TALK

by
A.M.J.

Even though the Medical Association is beating the drum for Hospital and sickness insurance, Doctor W. E. Payne, who is somewhat of a heretic about some policies, when asked his opinion about such insurance policies he said most of the Insurance Companies expect you to pay but they won't. They sound good in the big type, but it's the little type at the bottom of the last page that messes things up. He advises folks to start reading the very bottom of the last page of an Insurance policy before signing their names to the part that requires them to pay so much each month for the supposed to be protection.

Down at the Slatonite we have been carrying group sick and hospital insurance for several years and the Insurance Company has paid off on several occasions and I know of one more time they are going to have to pay. Once one of the men had some difficulty in getting his claim through, but it was because the doctor who attended the case did not fill out the forms correctly. So far the Insurance Company is way behind on the deal and if all of the folks working at the Slatonite had signed up when the plan was started the Insurance Company would have taken a heavier loss than they have to date. If all of their policies work out the same that our has then I do not see how they stay in business.

There was a time when I used to keep my blood pressure at the boiling point, my nerves as tight as the skin on a bald headed man's cranium and my wife in a stew, trying to help me go places and attend meetings that I did not care to go to and did want to attend, but I have changed, I'm not going to go anywhere I do not think I'd enjoy and I'm not going to take a bath, change clothes and comb my hair to go to meetings that I know will bore me to big crocodile tears. From now on if you see me at any

place I will be there because I have been fooled into going and I think I will enjoy whatever it is. I intend to keep on my dirty clothes, to take a bath only when it is absolutely necessary, to let my flowing mouse colored locks wave around in the breeze, and if you ever see me with my shoes shined, my face whiskerless, my tie straight you will know I think I'm headed for a good time.

Lawyer Cravens was down in the Post Office last Sunday morning with a booklet that had a price mark of 75c on it and the title was "Lower Prices Are Coming." The inside of the booklet said that everyone should start piling away ready cash for things are going to pot before long. Lawyer Cravens looked very discouraged and I have been wondering ever since whether he is in the same category with me and is wondering where he is going to get that big pile of cash to put aside for the stormy days just around the corner.

Now I'm looking for a booklet that says where to get the money to put up in case things happen like the book Lawyer Cravens paid six-bits for said.

The Lubbock Avalanche reported Sunday that the Park Board or some city agency is offering squirrels at \$10.00 a pair and that they throw in a breeding pen and a few extras for the money.

It is hunkadory with me if some one wants to pay ten bucks for a pair of squirrels, but my opinion is that they should hide from any squirrel that they are willing to pay ten dollars a pair for.

Personally I would not pay ten cents for a pair of squirrels. In fact, I do not like squirrels. They are mean little rats and have mighty sneaky ways.

Summer before last one came to our neighborhood and kept our dog in an uproar most every night by sitting on the fence just out of the dogs reach, he also hung on a limb in our apricot tree and chattered at the dog in a most insulting way. One day my wife offered him a pecan and he not only grabbed the pecan out of my wife's hand, but bit a hole through her finger. Later when the apricots ripened he ate about two thirds of them and cluttered up the back yard with the remains of the apricot seed.

Another squirrel that Lee Tudor let lose in the building that I bought from him where the office

of the Slatonite now is, ate up about twenty dollars worth of printing rollers, chewed up some expensive paper and scared two of my women helpers so that their eyes will be popped from now on. Personally I'd rather have a couple of rhinoceros.

A couple of weeks ago my family, consisting of my wife and our cocker, returned from Paris, Texas, where we ate off of my sister and her family for a few days, and as usual we brought back some stuff. Two different kinds of lilies and some cypress vine.

One kind of the lilies is called the naked lady lily and it comes out of the ground on a single stem and has no leaves or anything to cover its self, and I supposed that is why it is called naked, but the lady part of it sounds kinder of far fetched, for I cannot see how any woman who considers herself a lady would go around looking anything like this lily. Personally I always thought that Lady Godiva could have worked out her problems better and I have got my doubts about the folks who did not peep.

If the naked lilies do any good I'm going to build a tent around them and start a peep show, that is, if they do not bloom at the time of the year when the bathing beaches are open. No use going up against such competition.

When I sit back and think of the good old days when Hoover was President and there were hunger strikes, the good old days when the banks closed, and almost did not open again, the good old days when every freight train was loaded with bums, it is mighty hard for me to get to feeling too badly about today when everybody is employed, when the Unions can afford to strike time after time for higher wages and when manufacturers can raise prices time after time and not lose business.

I know folks who have recently paid \$3000 for medium size vacant lots in Slaton, who could not, and would not have given \$200 for the same lot eight years ago. They are the guys who are howling the loudest. I'll go along and worry with you folks about it all, but please, please, don't let me have any more times like the good old days. I like to see money in the till and to have a little jingle in my pocket that does not have a hole in it.

These days you can't tell from the price tag how much quality a car holds. Ford, for example, is still priced with the lowest . . . yet in other respects it's in the fine car class. Take its styling, for example; for two years in a row Ford has been the recognized fashion leader.

Like America's finest cars Ford offers you a V-8 engine. No other low-priced car does. Nor does any other car at any price offer you a choice of V-8 or Six engines. And remember, Ford's V-8 costs hundreds less than most sixes—Ford's Six costs even less.

FORMER SLATONITE DIES IN CALIFORNIA OCT. 7

Mrs. R. E. McReynolds received word Wednesday, Oct. 7, of the death of her uncle, W. I. Kuykendall in California. He was buried Friday, October 13, in Marysville, California. Mr. Kuykendall was a former resident of Slaton.

WHY EDS. SKIP TOWN

"The act of presenting the plaque to Mrs. was a nice courtesy." —Oklahoma paper.

"Of the 50 guests, more than 30 had been married to the same man for more than 20 years." —California paper.

Confusion In The Classroom

Mrs. Margaret B. Dawson, formerly principal of the Washington School, Manistee, Michigan, and for many years a teacher in the elementary schools, has collected the following excerpts from her pupils' examination papers for the last forty years:

A MONOLOGUE is a conversation between two people such as husband and wife.

A SPINSTER is a bachelor's wife.

AN HEIR is when anyone dies you get what is left.

A HOSPITAL is where you go to be born.

MUSHROOMS always grow in wet places so they look like umbrellas.

UNIVERSAL SUFFRAGE was when the whole universe was made to suffer.

A REPUBLIC is a place where nobody can do anything in private.

HOMICIDE is when a man kills himself in his own home.

SAVAGES are people who don't know what wrong is until missionaries show them.

NATURAL IMMUNITY is being able to catch a disease without the help of a doctor.

A METAPHOR is a thing you shout through.

CONFUCIUS was something like a big noise.

TRIGONOMETRY is when a lady marries three men at the same time.

A MONSOON is a French gentleman.

A MILLENIUM is very much like a centennial only it has more legs.

A PASSIVE VERB is when the subject is the sufferer as "I am loved."

ETIQUETTE is little things you do that you don't want to do.

REVOLUTION is a form of government in Europe.

A TRUST is a large firm that hopes business will get better in the near future.

—Clipped from Pageant

Joe Smith of Glenrose, Texas, spent two days last week with Mr. and Mrs. L. W. Smith. Joe is a retired Santa Fe locomotive engineer.

Mrs. Terrill Nash and small son, Phil, of Seagraves are visiting with Mr. and Mrs. E. P. Nash.

**THE STATE OF TEXAS
COUNTY OF LUBBOCK
IN THE NAME AND BY THE
AUTHORITY OF THE STATE OF
TEXAS**

To: John A. Fox, A. B. Zook, Morgan Skyles, A. L. Solberg, James Enos, Calvin Doherty, J. C. Paul and John Rixceval, whose residence is unknown, and/or, the heirs and legal representatives of John A. Fox, A. B. Zook, Morgan Skyles, A. L. Solberg, James Enos, Calvin Doherty, J. C. Paul and John Rixceval, deceased, whose name and residence are unknown, and the respective unknown heirs and legal representatives of all the above named parties, and the unknown owner or owners of the hereinafter described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiffs herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 99th Judicial District, Lubbock County, Texas, wherein The State of Texas and Lubbock County, Texas are plaintiffs; The City of Slaton, Texas and the Slaton Independent School District are impleaded party defendants; and J. N. Ellison, John A. Fox, A. B. Zook, Morgan Skyles, A. L. Solberg, James Enos, Calvin Doherty, J. C. Paul, and John Rixceval, are defendants, by the filing by said plaintiffs of a petition on the 25th day of September, 1950 and the file number of said suit being No. 4991 and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property, to-wit:

Lot Three (3) in Block Sixty-five (65) in the Original Town of Slaton, Lubbock County, Texas, together with interests, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows: The State of Texas, \$36.35; Lubbock County, Texas, \$39.81; Total, \$76.16.

The names of all taxing units which assesses and collect taxes on said property not made party to this suit are NONE.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective

tax claims against said property. You are hereby commanded to appear and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 13th day of November, A. D. 1950 (which is the return day of such citation), before the honorable District Court of Lubbock County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Lubbock, Lubbock County, Texas, this 26th day of September, A. D. 1950.

Royal Furgeson,
Clerk of the District Court,
Lubbock County, Texas,
99th Judicial District.

By Dorothy Millwee,
Deputy.

SLATON BOYS ENTER A.C.C.
ABILENE—Four students from Slaton have enrolled in Abilene Christian College for the 1950 fall semester. They are Lawrence Edward and Philip Roy Morgan, sons of Mr. and Mrs. Ewell B. Morgan, 520 E. Crosby; Clark Self, Jr., son of Mr. and Mrs. Clark Self; and Billy Cooper Sutton, son of Mr. and Mrs. W. A. Sutton, 425 West Crosby.

SHS Student Body Chooses J. W. Clifton As President

J. W. Clifton, sophomore at S.H.S., became the president of the Student Council on October 1 as a result of a student body election.

Chosen by a majority vote of all the S.H.S. students, J. W. succeeds Carlton Scroggins, the president of 1949-1950.

To be a presidential candidate, a student must have served on the Student Council for at least one year preceding the election. Unsuccessful candidates for this office were Paula Maxey and Ethlyn Young. Paula was a representative from her sophomore and junior years while Ethlyn was a freshman class member last year.

Besides serving as a council representative of the 1950 freshman class, J. W. was a reserve guard on the Tiger football squad, a member of the basketball squad and listed in Who's Who. This year J. W. plays center on the football squad.

Duties of the president include being presiding officer at every gathering of the student body and at all meetings of the Student Council.

Other officers of the student council include Bob Lambert, vice-president; Betty Dodson, secretary; Josephine Shepard, treasurer. —Tiger's Cage.

Pretty boxed stationery personalized or plain at the Slatonite.

MISS NEVER MISSES—Eighteen-year-old Joan Pleuger of Miami, Fla., demonstrates the stance that won her top honors in the Grand American Shoot at Vandalia, O. When Joan's scores topped those of other entrants—all state champions—she was named "Champion of Champions."

Freshmen Choose Council Members

Room mothers and student council members were elected at the second meeting held by the freshman class.

Representatives on the student council are Betty Sue Layne and Waynette Bell. Room mothers are Mrs. Pike, Mrs. Scott, Mrs. Sage, and Mrs. Boyce. —Tiger's Cage.

Spicy Food Bad for Dog

One disadvantage of feeding table scraps to the family pup is that such foods are often too spicy and may cause digestive disturbances. Another disadvantage frequently cited by veterinarians is that when dogs are fed largely on table scraps, they may not get all the nutritional elements they need. Left-overs are all right as a supplement to the dog's diet, however, provided that the basic ration is well-balanced and of good quality.

Color Blind

Some persons who are color blind see all colors gray. A small number of these persons cannot see blue or yellow, but most of them fall to see only red and green. It has been estimated that about four men out of every 100, and one woman out of every 200, is partly or completely color blind.

First Gas Turbine

An outline for what was probably the first gas turbine was presented more than 260 years ago, in 1680, by Bishop Wilkins in a book, "Mathematical Magick." It was described as suitable for "turning of a spit, reeling of yarn, the chiming of bells, the rocking of a cradle, enough to give each man and boy tions."

Clothes Pins

Rustproof stainless steel clothes pins will not stain laundry.

COMING BACK MONDAY?

"So long, Joe—see you Monday." Sure, you take it for granted that you'll be back on the job bright and early Monday morning. Always have been—well, 'most always. There was the time on a picnic when you fell off a rock and sprained your ankle—and oh, yes, the auto accident that put your arm in a sling for a couple of weeks; but nothing really too serious.

Don't count on it! Every year 32,000 workers are killed, over 2,500,000 injured in off-the-job accidents. That's almost double the number of deaths caused by accidents on the job.

It's great to have fun. Relax and enjoy yourself over the week end, holiday or vacation. But remember—somewhere during every two-day holiday, 175 workers will be accidentally killed and 15,000 injured, many maimed for life. One of these could be you. A large part of these casualties will be caused by traffic accidents, but drownings, falls, firearms, poisons, burns and other accidents will help to swell the total.

Coming back Monday? The chances are all in your favor—if you just use plain common sense in *what you do* and *how you do it* over the week end.
