

## Fourteenth District P-TA Conference Now In Progress For Two-Day Session

Highlighting the first day of the 22nd annual conference of the Fourteenth district, Texas Congress of Parents and Teachers which opened in Slaton yesterday was the Thursday evening address, "Today's Family — Tomorrow's World," by John Ben Sheppard of Austin, secretary of state.

Sheppard, a state-minded figure who is brilliantly active in many civic and political issues, is praised everywhere he appears for his excellent speaking ability and for his poise in concise but thorough presentation of his topic. Sheppard is a firm believer in education as an out for preserving world peace. (See next week's paper for complete coverage of speech.)

The Fourteenth P-TA District covers twenty counties in this vicinity including Bailey, Lamb, Hale, Floyd, Motley, Cottle, Cochran, Crosby, Dickens, King, Yoakum, Terry, Lynn, Garza, Kent, Stone-wall, Fisher, Jones and Lubbock.

First district convention of the organization in which these counties participated was held in 1928; however, this is first year Slaton has been honored as being the annual meeting center.

Mrs. E. S. Smith, District Fourteen President, has been active in Parent-Teacher work for many years. Holding the Bachelor of Science degree, Mrs. Smith taught school for some fifteen years. She is now working toward the master's degree at Texas Technological College. Mrs. Smith has two sons, and one daughter; Mrs. Smith is the daughter of Mrs. Mary McLaurry of Slaton and the sister of Mrs. J. H. Eaves of Slaton.

Local P-TA officers who have worked so hard to make the convention a success are Mrs. R. L. Smith, Junior-Senior P-TA President, and Mrs. Sug Robertson, Elementary President. Mrs. Smith has no children of school age, however she has taken a decided interest in the local Parent-Teacher work. She has proved to be a very capable person not only in P-TA work, but also in church work.

Mrs. Robertson is serving her second term with the Parent-Teacher group. Mrs. Robertson's energetic work with the organization seems to spring from a realization of the importance of P-TA goals as well as the personal enjoyment she receives from working with children and parents. She has one school-age child and one pre-school age.

General Chairman of the Convention is Mrs. Charlie Walton and the co-chairman is Mrs. J. H. Freeland. Mrs. Walton and Mrs. Freeland both have worked diligently and efficiently with committee cooperation in making local convention plans and attending to such arrangements as entertainment, housing, etc., a job deserving a great deal of credit.

The Slaton public schools will be open during the two-day meeting for visitation by the out-of-town guests. Each individual room will have work on display at this time.

An information desk will be placed in the corridor of the Slaton High School for the benefit of anyone caring to attain further details about the convention. Mrs. E. D. Cummings will be in charge of the desk.

MRS. E. S. SMITH  
District 14 President

## Slaton Delegates On River Project Are Named Wed.

Lewis Hollingsworth, manager of the local office of Southwestern Public Service, and J. E. Eckert, city commissioner, will leave Sunday to attend a Senate subcommittee hearing on the proposed Canadian River water development project in Washington scheduled for Tuesday.

Delegations from nine South Plains and Panhandle cities and towns are expected to leave for Washington sometime over the week end. The hearing on the proposed \$85,000,000 project is to be held before the Senate interior and insular affairs subcommittee. The bill authorized the project, which promises the long-range solution of the water problems of towns and cities in this region, was passed by the House last year. If the subcommittee reports the bill favorably, South Plains and Panhandle leaders in seeking the project believe it will be built.

E. K. Hufstetler, Lubbock city commissioner, was announced as chairman of the delegation committee.

## Slaton Begins New "Methodist Men's" Organization Here

Oil driller executive Paul Cates who is the associate district lay leader and chairman of the Board of Stewards of the Saint John Methodist Church in Lubbock will be feature speaker at the new organization of "Methodist Men" to be held at the local Methodist church April 17 at 7:30 p. m.

All Methodist men of the city are urged to attend and other local men are also invited.

W. R. Holloman of Slaton was the guest speaker Monday night at the banquet held by the "Methodist Men" of Post. Holloman spoke before the forty charter members of the newly organized group. Martin Collins, also of Slaton, was among other guests present for the banquet.

## Martindale Buys Service Station

Announcement was made this week of the purchase of Sartain Service Station, located at 855 So. 9th, by Curly Martindale.

Mr. Martindale has been in the service station business here in the past, having owned and worked at several. He will continue to maintain the same service with station and garage combined. In the mechanical line he will specialize in service of tractors or irrigation motors and repair work on any make automobile.

He will have available for customers all Texaco products and all kinds of motor oils. He invites you to come by and get acquainted.

Mrs. J. B. Butler and daughter, Mrs. L. L. Duckett, were in Level-land Tuesday where Mrs. Butler's sister, Mrs. Callie Cash, was admitted to a hospital there for major surgery.

Mr. and Mrs. Bland Tomlinson attended a furniture convention in Dallas Monday and Tuesday.

A large selection of Mother's Day gifts at Slaton Gift Shop.

JUST PRACTICING — Against a backdrop of billowing black smoke, two asbestos-clad naval firefighters stage a realistic rescue of "Oscar," the dummy, from the cockpit of a burning Grumman fighter plane. Carrying "Oscar" to safety is Seaman J. B. Stanley, as Seaman A. C. Polte emerges from the cockpit. It's all part of their training in a Mobile Fire Fighting Unit at Barber's Point Naval Air Station, Hawaii.

## Two Exhibition Games Are Planned Here Saturday, Sunday For Lions

### YOUTH CENTER TO OPEN HERE SAT. APRIL 22

Formal opening of the Slaton Youth Center will be made a week from this Saturday, April 22. An exact time for the evening's opening will be announced later.

A specific name for the center is being determined now by way of contest. Each student in high school submitted a name he considered suitable, and the Student Council chose the ten top names that were in their opinions most original. From these ten, the student body will cast votes in order to designate one name to be the official title. A prize of \$125.00 will go to the person whose suggestion is picked to be used as the Youth Center name.

Youth Center officials announced this week that they are badly in need of card tables. Anyone in town who would be willing to either donate or lend tables should get in touch with Dr. Dick Rappdale, Bud Englund, Lewis Hollingsworth, or report it to the slatonte.

Picture magazines such as Life, Look, Pic, comic books, etc., will also be appreciated.

All finishing touches are now being added to the building. Walls are being made, walls finished and a porch built. Although every effort is being made on the part of the group of individuals who have been doing the finishing, more volunteer painters are still needed. The building committee is working almost every evening, so anyone desiring to help may do so. Lewis Hollingsworth at the Public Service Co. can give more information along this line.

W. R. Holloman of Slaton was the guest speaker Monday night at the banquet held by the "Methodist Men" of Post. Holloman spoke before the forty charter members of the newly organized group. Martin Collins, also of Slaton, was among other guests present for the banquet.

## Rodeo Begins Here Thursday Evening

Slaton's Rodeo, the first to be held here in several years, will be scheduled to get under way Thursday evening, April 13 at 8:00 p. m. through Saturday the 15th. Some \$1500 in prizes will be awarded to contestants during the three days.

Five main events are scheduled for the rodeo including saddle bronc riding, bare back riding, Brahma bull riding, bulldogging and calf roping. The crowd will also be entertained by a trick barrel race, two clowns, a girls' exhibition and a girls' exhibition saddle bronc riding.

There will be performances each night and an extra performance Saturday afternoon. The night shows start at 8:00 and the Saturday evening show will start at 2:00.

Miss Bebe Brown from Wellington, Kansas spent Easter here with Mr. and Mrs. Travis Reynolds.

Mr. and Mrs. L. A. Harral left Tuesday for Rochester, Minn.

See the new Cory automatic dishwasher at Ely Furniture.

## SLATON ROTARY CLUB TO HOLD TWENTY FIFTH ANNIVERSARY

### City's Birthday Will Be Staged Here On June 17

Slaton's Frontier Birthday, the first to be staged here since before the war, will be held Saturday, June 17, it was announced this week by Chamber of Commerce directors.

On the same day the Class of '30 will be holding its yearly homecoming celebration along with the planned Frontier day. In preparation for the homecoming events a booster trip will be made to surrounding cities four or five days before June 17.

Tentative plans call for a Saturday morning parade, featuring numerous floats and possibly the Reese Air Force band and the Lubbock Sheriff's posse. Adequate prize will be awarded to winners in the "best float" contest. Other plans include an old fiddler's contest, pie eating contest, roping matches, a kangaroo court, and a Saturday night square dance on the street.

During the day, organized clubs will have concession stands on the City Hall lawn, and free coffee and doughnuts will be served.

By May 15, it will be suggested to all the men of Slaton to start growing beards. Chamber of Commerce members will begin growing beards about May 1. Shaving licenses for persons desiring to shave will be available for a small fee.

## Basin Water Meet To Attract City Officials Here

Some 60 city officials of the West Texas area are expected to attend the monthly meeting of the Permian Basin Water Works and Sewer Association scheduled to be held here in Slaton next Tuesday night, April 18.

The meeting will be held in the Slaton Club House, beginning around 6:30 p. m. A dinner will be served following officials.

This monthly meeting is designed to enable city water and sewer officials to gather and to discuss any problems that they may have. They are also shown results of courses being provided for member cities of the association.

Last month at the regular meeting held in Monahans, association members heard reports on the annual water works course recently completed at Texas A&M college.

Towns expected to send representatives to the Slaton meet include Big Spring, Colorado City, Monahans, Lamesa, Kermit, Lubbock, Midland, Brownfield, Odessa, Seagraves, Denver City, Post, Snyder, Spur, Tahoka, O'Donnell, McCombs, and Wink.

## Major Garrigues Is Assigned To Army Personnel

Major Lester M. Garrigues, son of Mr. and Mrs. Clyde L. Garrigues, 215 North Fourth, Slaton, has been assigned to the Office of the Director of Personnel at the Headquarters Tenth Air Force, Selfridge Air Force Base, Michigan.

Major Garrigues, who is a graduate of Slaton High School, has been in the service twelve years, with service in Africa, India, Tientsin, China, and Japan. Prior to his entrance in the service he was employed by the Fred Harvey Restaurants in Houston.

The major will be Chief of Enlisted Personnel section at this headquarters. His wife and two children, Stephen Lester and Margie Lou, will join him in a month, and they will reside with him in Mount Clemens.

Mrs. G. H. Sargent spent the week end with Mr. and Mrs. Roy Treadaway and Mark Treadaway at Miles, Texas.

Mr. and Mrs. Porter Davis of Plainview spent Easter here with Mr. and Mrs. W. T. Davis and family.

### Week Revival To Begin Sunday At Baptist Church

REVEREND ABE HESTER

Reverend Abe Hester, pastor of the College Avenue Church of Lubbock, will conduct a week's revival beginning Sunday at the Slaton First Baptist Church. The visiting evangelist's first service will be preached this Sunday night.

Services will also be conducted each day throughout the week with morning services beginning at 10:00 o'clock and evening services at 8:00.

"Do not wait until the second week of the meeting to hear this fine minister," Reverend Bolding said this week, "as the revival will last only one week and you do not want to miss it."

## Slatonites Take Ten-Year Census

Four local Slaton citizens are conducting the national 1950 census here. They include Mrs. Claud Porter, Ted Swanner, Mrs. W. L. Howard and Mrs. C. E. Hogue is the time keeper.

It was reported that Father Thomas D. O'Brien was the first Slatonite to be questioned for the census, and Gene Holt makes the prophecy that Robert Ford, an old colored gentleman, will be the oldest questioned. "Robert's over a hundred, although nobody knows how much over a hundred he is," Mr. Holt explained. Others say that Uncle Jim Olive, who is 92, will be the second oldest.

Solid brass ASR lighter sets. \$25.00. Champions Credit Jewelry.

### Week's Question . . . . .

## Slatonites Give Suggestions For Improving Traffic Regulations

Recently there has been much talk about the lack of traffic regulations in Slaton, about the fact that no one knows exactly when to go and when not to at a red light, etc., so this week as our question, we are asking, "What traffic rules would you suggest for Slaton?"

W. B. Hestand says, "Someone should be placed in the position to enforce the rules we do have. Someone should also find some way to impress these high school students that sidewalks, not streets, were made for walking. Someday one of these speeders will come tearing down that street leading to the high school and he won't be able to stop in time to avoid all the mob in the middle of the street."

Bud Englund submitted two good suggestions, the first being for parallel parking—on Ninth Street at least. Bud's other suggestion is concerning the angling downtown streets. He says, "Those streets should be painted—or rather striped, in order that both automobiles and pedestrians will know their lanes, and by these stripes they can tell which side of the traffic light controls the particular street they happen to be on."

R. A. Thompson suggests that only a few ordinary and simple rules should be enforced and should be so set up that everyone will know them and everyone follow the same ones, rather than making up their own. He continues by saying, "More rigid in-

### Rotary Anns To Be Entertained

The Slaton Rotary Club is preparing to stage one of its most ambitious programs on Thursday night, March 27 when the members of the Club, their wives, known as Rotary Anns, and a large group of visitors and entertainers will gather at the Slaton Club House.

The occasion will be the Silver Anniversary of the Club which was organized at approximately this date twenty-five years ago. The program for the occasion will contain a brief history of the Rotary International and of the Slaton Club, photographs of all the members of the Club will be reproduced in the program and an entertaining feature will be presented by a group of students of Wayland College who have come from other countries outside of the United States. The District Governor Elmo Wasson, of Big Spring, will make a brief talk and visitors from a number of other towns will be present.

Rotary President of the Slaton Club, J. M. Roddy and a special committee have been working on the program and they expect a capacity crowd to jam the Club House on the night of the celebration.

There is but one member of the Club who is still active in the organization who was a charter member, Allan Payne. Mr. Payne has served as Secretary-Treasurer of the Club and as its President, he has a perfect attendance record and has taken active part in the progress and growth of the Slaton Club.

## Building Fund Day Is Set For Local Methodist Church

Sunday, April 23 has been designated by the Methodist Church finance committee as the date for this month's Building Fund Day.

"The last Building Fund day proved to be a great success," Reverend Herring said last week, "as almost \$8000 were accumulated on this day alone."

Leaders have expressed the belief that enough money will come in on April 23 to assure the beginning of the new church within a few weeks.

"The finance committee and I wish to express our sincere thanks for the fine response upon the part of the entire membership and friends of the church in the money raising campaign," Reverend Herring added.

## Baptists To Have Ground Breaking Ceremony Sunday

A special Ground Breaking ceremony to commemorate the building of the new \$88,324 Educational Building of the First Baptist Church will be held Sunday evening at 6:15 just prior to the Sunday Training Union. Construction on the building will be begun in the near future.

Contracts for the construction were let by the Church last Wednesday. This is to be the first of a three unit plant with this building to be 44 feet wide and 91 feet long and will be built on three floors," Reverend Bolding explained.

The major portion of the funds for this building have been raised through the "Building Fund Days" held each third Sunday of the month. Funds coming in on this particular day have been used for this purpose. Next Sunday, April 16, will be the 12th Building Fund Day since the plan was started.

Do not too early for graduation. Layaway, Slaton Gift Shop.

Shipment of Damask Rose at Slaton Gift Shop.

Arrived, New Kroehler living room suites. Ely Furniture.

## Friendly, Expert Floral Service Is Yours At Slaton Floral Co.

Located on the Post Highway, the Slaton Floral Company is the oldest floral firm in town. Since 1930 it has been under the ownership and operation of Mr. and Mrs. W. L. Davis who have been here since March 1st of that year. It is obvious to anyone who talks with Mrs. Davis that her heart is in her business; and it is obvious further by looking at the florist itself and the floral products that not only a great deal of spirit and heart has gone into the business, but also an abundance of hard work. "Oh, it's far from perfect," laughs Mrs. Davis, "but we have a lot of plans for the future." Perhaps the most important of those plans for the future of Slaton Floral is the addition of a variety of shrubs and trees which so far they have not handled. "The Slaton people have been simply grand to cooperate with us in every way. They have made it possible for us to grow, and our expansion is something we feel we owe to our friends and patrons," Mrs. Davis explained.

If Mr. and Mrs. Davis happen not to have exactly what you want, they can make arrangements to get it for you. Their main thought is to serve and please the public, regardless of the little trouble that might have to be taken to do so. Since spring is here, every garden-minded individual will want to dig out his sunbonnet, rakes, hoes, and other digging tools. And if you happen to be an amateur with the "I want to grow something bug," Mrs. Davis will help you get a good start. "We're going to have small plants for the yard, and also garden plants; in fact, our tomato plants are almost big enough already to set out," Mrs. Davis says.

But even more important than the plants themselves, Mrs. Davis will gladly give you any helpful hints for giving your planting a boost toward success. She'll tell you all about watering techniques; give you suggestions for the best plant food, how to deal with insects, fertilizing, trimming—in fact, she will try to help you with any problems which might arise. In the line of flowers themselves, the Slaton Floral handles all kinds of flowers that are in season. The Davises have funeral offerings of all sorts, cut flowers, corsages, party flowers, sprays, potted plants, bedding plants, and numerous others.

One of the most important things at the church wedding or the in-

### It's Economy And Good Photography At Arcraft Studio

If it's photographic art for which you are looking, the place to go is Arcraft Studio in Slaton, owned and operated by A. R. Meador who has been in the photographic field for fifty years. Photographs are something friends and relatives never tire of. A new picture is always a thrilling gift to give to one you love; therefore your main thought is in finding a photographer who can give you good photographs and at the same time, photographs you can afford. These are the things you find at Arcraft's.

Mr. Meador does portraits, wedding pictures, commercial, industrial and advertising photography, and by appointment he will make photographs in your home.

One of the main features in the Arcraft studio is the variety and artistic frames which can be provided for any type picture. Mr. Meador makes many of his own frames, and he can help you select just the right one for your photo. "A frame adds much to a good picture," says Mr. Meador. "And I've been fitting frames for 45 years," he continued.

A three-day developing service of your individual films can be arranged at Arcraft's. They also give special attention to 35MM processing, and they can help you select the best in amateur photographic equipment. The inexperienced amateur can find the right tourist camera which will make both good pictures and will be simple to operate.

A member of the Panhandle Photographers Association, Mr. Meador recently attended the organization's annual convention which is held in Amarillo where all the most modern photographic ideas are exchanged.

**Temperate**  
The Gulf Stream only a few miles from the North Carolina coast at Morehead City moderates and tempers the climate so that the adjacent producing area is zoned agriculturally with Florida.

formal home wedding is floral decorations, and with June just around the corner, people with matrimony in mind should begin now to give wedding flowers a thought. The Slaton Floral Company specializes in wedding work, and they have all the equipment to decorate for church weddings. Any necessary wedding fixtures can be arranged for through them and any choice of flowers can also be obtained. A member of the Telegraph Delivery Service, the Slaton Floral Company will wire flowers for you

**Lightning's Chances**  
According to Westinghouse data, an isolated building 100 feet square and 30 feet high is likely to be struck by lightning on the average of once every 10 or 15 years. By the seemingly simple precaution of putting a mast or lightning rod 55 feet high on top of the roof, the building itself then would be hit only once in 3,200 years. The mast, however, would be struck every three years—with no damage resulting.

**Freight Yards**  
From the standpoint of the average number of freight cars handled and the number of freight trains which pass in and out of it daily, the Enola freight yards near Harrisburg, Penna., exceed all others, but based on area, freight car capacity and miles of track, the Proviso freight yard near Chicago is the largest in the United States.

"The Magnificent Sophie Tucker."—Meet Sophie Tucker, the greatest of the Red Hot Mamas, who still holds audiences spellbound! After her performances she sells books and record albums and donates the proceeds to charity. Up to now she has given away about half million dollars! Read her story in The American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

"So You Want To Gain Weight?"—If you're underweight and want to do something about it, read the first of a series of articles that tell you how to exercise, sleep and diet properly to increase your weight. It's in the American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

#### Levelland To Have Roping Event Sun.

With some 30 wild Brahma calves already in the pens for a Sunday, April 16 roping contest, members of the Levelland Rodeo association, this week were counting on one of the top roping events ever to be presented on the South Plains.

A world's championship match, pitting Troy Fort of Lovington, N. M., present world's champion roper, and J. D. Holleyman, of Ozona, is scheduled to top a bill featuring outstanding roping and rodeo performers from all over the southwest.

Airplanes for Seeding  
Airplanes are being used to reseed vast areas in the United States, including rice fields in the South and Southwestern parts of the country.

#### CHICK CHATS

Presented By  
Dr. Salsbury's Laboratory

Cull Your Flock From The Start

Even-sized, healthy, quick growing chicks—that's the aim of every poultry-raiser. And yet, how many poultrymen actually strive for uniformity in their flocks? Not enough. In fact, a large number of raisers are content to struggle along with a few good chicks, some mediocre ones, and a sprinkling of poor ones.

There are various ways to improve this condition in poultry flocks, among them, a good sanitation program; close attention to housing and brooder details; a nutritious diet for birds; and an adequate culling schedule. Perhaps the latter provides one of the surest ways to prevent a group of chicks from developing into a flock such as that described above. To grow profitable birds, a poultryman must cull rigidly—right from the start!

It's evident that adherence to a culling program—beginning when you first start chicks—will rid your flock of many worthless birds, the kind that hold back the rest of the chicks, and the type that is most likely to spread disease.

Cull Runts, Skinnies  
For best results in developing a uniform batch of chicks, which later will become top market birds, or high producing layers, check your chicks as soon as they arrive, or shortly after they enter the brooder house. This requires strict culling procedures. Runts, skinnies, and deformed chicks will appear quite obviously, so get rid of them quickly. No poultryman can afford to hang on to chicks that "haven't got a chance."

As chicks grow older, continue to cull regularly. Culling in the broad sense, as practiced by poultrymen, refers to sorting hatching eggs, chicks, pullets, cockerels, hens, or breeding males. So, your culling schedule runs throughout the year. Regular culling will enable you to market many more birds and thus cut down on the mortality of your flock.

Signs of Poor Birds  
What are the signs to look for as chicks grow into mature birds? In striving for a uniform, marketable flock guard against these signs of poor chickens:

Character	Poor Bird
Temperament	Dull, listless
Health	Low vitality
Back	Narrow, short, tapering
Depth	Shallow
Ribs	Short, lacing, springlike
Head	Shallow, weak, crow head
Face	Coarse, beefy, wrinkled
Eye	Dull, sunken
Beak	Long, thin
Skin	Coarse, thick, dry, tight

### HUSERY HATCHERY

"THE STORE WITH THE CHECKERBOARD SIGN"

Fatal to Shrubs  
Certain shrubs and trees are so susceptible to 2,4-D that a little, which reaches them somewhat indirectly, is fatal.

Experts say that the best painting by Winston Churchill is the one of a bottle of brandy and a bottle of Scotch with two glasses alongside.

# THIS And THAT FROM HERE And THERE

**IT SEZ HERE**—Over at Hale Center citizens are in a fever pitch of anger over an outbreak of dog poisoning. Seventy-two of the canines have been bumped off to make room for the spring crop, and dog-lovers don't like it. Cash rewards are being posted, and mob action against the offender is a possibility. Frankly, we've never been overly irate at a citizen who takes it upon himself to do a dirty job which the law refuses to do. Stray dogs are a menace to public health in a hundred ways. All one has to do in Ralls to lose his social standing is to boot one out of his doorway or sprinkle the cur with buckshot for mauling our kids. We think there is a definite tie-in between the American love of dogs and the American way of handling foreign affairs. We love anything or anybody who will lick our hands or wag a tail in protestation of friendship. To the ingratiating dogs we throw our kids; to the cunning and cunning people we toss our bankroll. But we're happy with the waltz left—rabies and ruble.—*The Ralls Banner.*

**STRICTLY SPEAKING**—The longer the human race lives upon this old earth, the more excavations the scientists make in ancient lands, the more the Bible is confirmed. On the other hand you hear less and less from agnostics. We older people well remember the fellow Swope, a teacher in Dayton, Tennessee schools, who was tried under the new Tennessee anti-evolution laws. That great agnostic lawyer, the late Clarence Darrow of Chicago defended Swope, while the late William Jennings Bryan, thrice a candidate for president of the USA prosecuted. Once Darrow put Bryan on the stand, quizzed, grilled and ridiculed him about the sun standing still while Joshua fought a battle. In the current issue of Readers Digest, a noted scientist practically confirms the Bible story. He also states that the phenomena was also confirmed by records that have been recently found in Egypt, Babylon and other ancient countries. But like all scientific men, he sees natural causes and not miracles, as such. Such, for instance in the Bible account of waters of rivers turning to blood reddish color. This, the author thinks was an old rusty comet that got too close to the earth, and the rust colored rivers. Also, the writer brought out the fact that up to some 750 B.C., there was only 360 days in a year. This of course in a few years, with the loss of 5 1/4 days would have changed the harvest time. But he goes on to say that evidently the orbit of the earth got into a new groove or track, and the time to circle the sun lengthened, and the year was changed to 365 1/4 days. We have heard smart people make fun of the idea that the sun rises in the east and sets in the west. The Bible story about the earth and its people still

stands unjarred by the world's critics.—*The Terry County Herald.*

**A BASIC DIFFERENCE**—We remember the time, not so far removed as one might think, when humble men gathered amid the gloom of dust filled air and contemplated their futures. They stared through the mid-afternoon gloom at the depressed and dirt smeared faces of their neighbors on a day that was typical of the dust bowl years. But, as we say, they were humble men—humbled by stubborn wind on soil blighted by lack of rain; men strangely chastised into the belief that they were insufficient in themselves.

It was a time when churches were more of a family affair. Empty beds were less a rarity on Sunday morning. It was a time of troubles and men felt moved, were unashamed to pray.

These same men saw abundant rains pour again on their lands; they saw the prosperity of flourishing vegetation. And they learned better farming methods so that their soil might be protected from the curse of the wind. They became proud and self-sufficient again.

But the grimness of the sand and the dust which has filled the air here recently cannot but remind us of the lean years when men of a small farming community felt compelled to turn to a greater power for solution to their problems.

Already men here and there are watching the skies for signs of rain. New farm equipment, new luxuries for both the farmer and the city resident, the future of everyone in the community—all this hinges on rain. But there remains a basic difference between the sand of today and the gloom of the past. The condition is not yet serious enough that men have thought to pray.—*The Hockley County Herald.*

**DUST STORM AFTERMATH**—Albert Brabander digs out a culvert on his father's farm near Shawnee, Kan., after recent dust storms swept over the land. When the winds abated, loose soil like this was deposited like minor snowdrifts over many Midwestern farms, causing damage to crops which is still not fully estimated. Weather Bureau and Department of Agriculture officials admit that nature may be setting the stage for storms which could match the disastrous "Dust Bowl" days of the Thirties.

**THE EGG AND I**—Emilie, a Plymouth Rock hen that believes in doing things in a big way, proudly contemplates her crowning achievement—a double-yolk "super" egg which tips the scales at an even half-pound. Shown beside the one-egg omelet is one she produced when not trying so hard. Her owner, John Mashkow of Elmont, N. Y., is considering presenting her an award for egg-cellence.

### Union News

MRS. M. D. GAMBLE

Mr. and Mrs. W. B. Jeter were guests of Mr. and Mrs. H. W. Jeter at Slaton Sunday. Mr. and Mrs. Clay Jeter and children of San Angelo also were visiting over the week end in the home of his parents, Mr. and Mrs. H. W. Jeter. Mr. and Mrs. Leslie Greene, Don, Sherlie and Lou Ann spent the week end at Clovis, N. M., visiting in the homes of Mrs. Greene's parents, Mr. and Mrs. Ward and her sister.

A surprise house warming for Mrs. Craddock was given last Friday in her home. Mrs. J. B. Patterson, Mrs. Ohio Doyle, Mrs. L. E. Evans, Mrs. T. L. Merriott, Mrs. Bryan Jeter and Mrs. Arrie White-side were hostesses.

Mr. B. B. Jones recently visited in Goree with his mother Mrs. E. J. Jones.

Guests last week in the home of Mr. and Mrs. Troy Brown were Mrs. Brown's brother and sister-in-law, Mr. and Mrs. Orbin Houchin and children of Hale Center. All of them visited in Lamesa over the week end with Mrs. Brown's and Mr. Houchin's parents.

Visiting with Mr. and Mrs. J. A. Russell Sunday night were Mr. and Mrs. H. M. Cade and girls. Marvin Kitten and his room mate Rodney Balka of Texas spent the week end at home with Marvin's parents, Mr. and Mrs. August Kitten.

Mr. and Mrs. Jack Cade of Lubbock and Mr. and Mrs. Tommie Lemmons of Wolforth enjoyed the birthday dinner Tuesday in the H. M. Cade home. Mr. Cade's mother prepared the dinner.

Mr. and Mrs. August Kitten were guests in the home of Mrs. Kittens parents Mr. and Mrs. A. J. Strube at Slaton Easter Sunday.

H. E. Owen, vocational agriculture teacher, was presented the papers on a pick-up truck to be used in the F.F.A. rural school

during the coming year. The Lubbock Auto Company lent the vehicle to the chapter for the year.

Mr. and Mrs. Joe Gamble, Jett and Mc and Mrs. Lula Gamble and Valda Allen returned home Sunday evening from Clovis, N. M. where they visited in the home of Mr. and Mrs. M. M. Day and Mr. and Mrs. Charlie Hampton and also visited an uncle and brother-in-law, Mr. Clarence Gambel, who was in the Memorial Hospital there. Mrs. Lula Gamble and Valda also visited her daughter and family, Mr. and Mrs. D. J. Speed at House, N. M.

Guests this week in the home of Mr. and Mrs. Gene Evans are Mrs. Evans' sister and brother-in-law, Mr. and Mrs. Joe Woosley from New Mexico.

Mrs. R. M. Cade left Monday night for Marlin, Texas where Mrs. Cade will rest after having been in ill health.

Mrs. L. L. Greene visited Monday night with Mrs. L. E. Evans while Mr. Greene and Mr. Evans went to the school house to the Civic Club.

Mr. and Mrs. Harold Morrison were guests of Mr. and Mrs. Paul Buxkemper Sunday night.

Mrs. H. M. Cade and Mrs. Chester Smith attended a Stanley party in the home of Mrs. Tommie Lemmons at Wolforth Monday afternoon.

Clyde Greene visited Sunday in the home of his Grandmother Greene at Lubbock.

A meeting to last a week will begin Sunday at the Union Baptist Church.

### Egg Eaters

Not all peoples insist upon absolutely fresh eggs. Some Borneo natives prefer those about ready to hatch. Eskimos gather duck eggs in the Arctic each spring, eat their fill, and then bury the rest for future reference. In China duck eggs, pickled in brine mixed with a red, oily clay, are popular.

## Slaton Women Give Their Favorite Tested Recipes

Asked if she had a pet recipe that she would contribute to the Slaton Women's Favorite Recipe column, Mrs. Haskel (Norma) Lasater replied, "Well, I have one that's a favorite of mine, but Hack doesn't like it; and I have one that he likes, but I don't—so I'll give them both to you and you can take your choice."

Frankly we can't understand why Hack and Norma don't like both of the recipes as they "both" (the recipes) sound grand. Since this kind of talk has every earmark of becoming a vicious circle, we'll just print both of the recipes and let you give them a try.

Ingredients for Hack's recipe, a dessert called Pineapple Delight, call for:

- 1 cup canned crushed Pineapple
- 1 cup marshmallows
- 1 cup whipped cream
- 1 cup macaroons
- 1 cup dates

Mix pineapple with crumbled macaroons, chopped marshmallows and chopped pitted dates. Let chill for several hours and fold into the whipped cream and chill again.

And that's all there is to it. It's so simple to make that we believe Hack could even concoct that one for himself.

Norma's recipe, also a dessert and called Royal Date Loaf, is another which calls for no cooking or baking and has promise of being a favorite for any occasion.

- Ingredients call for:
- 1 small box graham crackers
  - 1 box dates
  - 1 box of marshmallows
  - 1/2 pint whipping cream
  - 1 cup nuts

Crush crackers finely, and to one-half of crackers mix in chopped dates and to other half the chopped marshmallows—then mix all together. Fold in whipped cream and nuts and chill for several hours. Top with whipped cream and serve.

Norma has had these fine desserts for several years and they were originally given to her by out-of-town friends.

The Lasaters have recently moved to their new home at 720 So. 12th and between working hours at Piggly Wiggly's (of which Hack is manager) and getting things straightened out after the move, it has been very difficult to find Norma still long enough to get copies of the above recipes. But after a couple of days of steady "heckling" she weakened and the Slatonite came through.

**SHIP-SHAPELY MISS**—Lining up on her title of "Miss Maritime Day," Pauline Baca, 21, peers into the periscope of a submarine at the San Francisco Naval Shipyard. She was chosen to reign over the joint observance of Maritime Day and Armed Forces Day at the shipyard May 21.

**RAIN GAUGE**—A record of rainfall is made possible in one's own back yard with this plastic and metal rain gauge, accurate to a hundredth of an inch. The clear, shatter-proof plastic tube measures up to six inches of rain without emptying. An 18-year rainfall record book is supplied with the gauge.

**SELF CONTROL**—The facial expression of "Tiger," owned by Wendell Hansen of Atlanta, Ga., is that of a cat who didn't eat a canary. Tiger exercises almost perfect will power as Hansen's three pet canaries stroll by under his nose. He wouldn't touch one of them for the world, but can't quite resist licking his chops.

WHY HAVE SO MANY ULCERS? . . .

We are told by many of the leading men that there is no immediate danger of another world war in the immediate future and at the same time we are not allowed to forget that an atomic bomb might be dropped on some part of our nation at any minute. We read of unknown submarines near our shores and that atomic bombs could easily be launched from such ships and we also are warned that we might suffer even a worse catastrophe than Pearl Harbor, and that it might come at any time. It is also reported that there are more people suffering from stomach ulcers, heart trouble, insanity and other troubles caused by nervous tension that has ever been

known before. The doctors advise folks to calm their nerves and yet they warn that idleness is worse than the strain that business places upon those who are active in all kinds of industry.

Most of us are like a horse that has been penned up in a small place where a small boy throws rocks at him. We are storming around in a frenzy, thinking we are getting somewhere, but in the end all we are doing is cultivating more ulcers.

Conditions are not conducive to pleasant living and many people are endeavoring to get away from real life with excitement, drinking and other abuses.

Good Crops Do Not Mean Prosperity . . .

All of this section needs rain and the economies of Slaton and the South Plains will be affected to a good extent by the success or failure of crops, but if the farmers in this area are not well heeled at present then it would likely be impossible for a crop to make them prosperous, for last year's crop was the biggest that has ever been gathered in this section and probably the biggest that has ever been produced in any county in Texas. It brought a good price and no such crop will likely ever be seen again. Good crops do not always mean prosperity. In the depression year of 1931 there was more wheat raised on the North Plains than had ever been known before, but there were no price controls at that time

and wheat dropped to 5c per bushel, and finally got to where it had no value at all. The framers for a while, gathered it and piled it on the ground, but during the last part of the season they refused to even gather it and left it to dry up in the fields.

As long as prices and business activities remain active and no major business upset comes, business will remain good and whether we have big crops or not, Slaton will likely be an active business town this year.

Don't buy short, you cannot sell merchandise you do not have, and many items are still hard to get and usually are slow in being delivered.

SLATON IS CHANGING FAST . . .

The business names and the number of business firms active in Slaton have changed considerably in the past few years and the new life has had its effect not only on the amount of business done in Slaton, but on the way it is done. There have been more new business buildings constructed in Slaton in the past four years than were built in the town in the previous ten. There have been more new homes built in Slaton in the past five years than were hauled away to other towns during the depression. Slaton is definitely on the march. Not on the run, but on a steady, healthy growth that should give everyone confidence

in the town and its future.

The congested conditions in the larger towns like Lubbock, are making more and more people wish to live and have their children grow up in smaller communities where life is more peaceful and where temptations are not as great for the young.

Slaton is the kind of town that appeals to folks who enjoy their homes and in making their homes and lives pleasant. Prices have gone up, but a good home is still within the reach of those with modest incomes. Let us all hope that Slaton continues to be the kind of town it is today . . . a mighty good home town.

THE OLD DAYS ARE GONE . . .

In the old days, for want of something better to do, we often walked down Main Street. There we were sure to meet some friends or neighbors; we usually saw the "nit-wit," and once in a while had a brush with the town bully or the town bully.

more persons injured in motor vehicle accidents last year than in 1948.

Excessive speed headed the list of accident causes in 1949, as it has in most recent years; but last year it was greater than any other year in history.

Last year, for the first time since the war, the percentage of 18 to 24-year-old drivers involved in accidents took a downward turn. Youthful drivers, however, are still the cause of thousands more deaths and injuries than their numbers warrant.

Too many communities still use the death rate as an index of progress in their accident prevention activities. If deaths increase, there is a flurry of activity; if they decline, there is a feeling of smug complacency.

More and more, traffic safety officials are urging that greater attention be given to the injury rate. It has climbed steadily for several years. It will continue to climb unless all the forces working for safety are strengthened.

From where I sit... by Joe Marsh

Gabby Enjoys Going to The Dentist

One of my molars was giving me a hard time Tuesday afternoon, so I slipped over to Doc Jones, hoping to catch him free. When I arrived, Gabby Jackson was sitting there reading a magazine. I said hello to him and he nodded. He comes out and says I'm next. "A minute," I says. (My tooth had to have stopped aching.) "About Gabby—doesn't he have an appointment?" Doc smiles and says, "Gabby? Why, he's got his teeth in the county. He comes up here and reads the paper whenever he's in town!"

As Doc went to work he told me that he's glad to have Gabby come up and read magazines . . . they might not all be fresh off the newsstand, but if Gabby—or anyone wants to while away some time who is he to stand in their way? From where I sit, this "live and let live" spirit helps make America what it is. If I prefer a friendly glass of beer with my supper and you prefer milk—who's to say one's right and the other wrong?

Joe Marsh

QUOTES . . . . .

A Broadway mystery thriller is a play which asks its audience to be nervously agitated over the heavily fabricated outcome of an arbitrarily tangled plot and to be driven half crazy by the awful dramatic suspense of events that anyone but the playwright would have treated as farce-comedy.—George Jean Nathan, New York Journal-American, New York, N. Y.

Though a woman now is Treasurer of the United States, the sex owns only seventy-five per cent or so of the nation's wealth, showing that women's rights have some distance still to go.—Senator Soaper, Louisville Courier-Journal, Louisville, Kentucky.

The bare truth sometimes gets scanty coverage.—Daniel Francis Clancy, The Sun, Springfield, Ohio.

Add definitions: Franchise—What French gals wink with . . . —Bill Roberts, "The Town Crier", The Houston Press, Houston, Tex.

Circumstances make a big dif-

ference in the meaning of a simple phrase. In most cases when you say, "That's good," it expresses satisfaction or approval; in a poker game it's a reluctant admission of defeat.—Boston Post, Boston, Mass.

Peter Donald tells of two hypochondriacs discussing a mutual friend. "I'm so crazy about him," said one, "he really makes me sick."—Earl Wilson, Indianapolis Times, Indianapolis, Indiana.

Dining room: Where the American eats while painters are doing over the kitchen.—Buffalo Evening News, Buffalo, New York.

The proposal that housewives acquire an engineer's approach seems sound. There are times when a husband needs throttling.—C.E.F., "Sharpshot at the News", New York World-Telegram, New York, N. Y.

Let it be conceded that a welfare state is free, except in the sense that the twenty-cent item will be mailed at no charge other than a

quarter for handling and postage. Portland Oregonian, Portland, Ore.

With a threatened visit from his mother-in-law, he cut off his dog's tail at the hub. He did not want one single sign of welcome in evidence when she came.—Clayton Rand, St. Louis Globe-Democrat, St. Louis, Missouri.

Q.—Why does a chicken cross the street?

A.—Because it excusably mistakes the new twelve-thousand dollar home on the other side for a henhouse.—H. I. Phillips, Cincinnati Times-Star, Cincinnati, Ohio.

The number of multiple births is rising. This world has become so tough that babies are increasingly larger numbers are afraid to enter it alone.—Oakland Tribune, Oakland, California.

Paradise The Great smokies of North Carolina contain 130 species of native trees, 1300 flowering plants, and 3600 plants of all kinds.

Penny Station:

The Pennsylvania station in New York city handles daily an average of 830 passenger trains, including suburban, and more than 322,000 passengers, the greatest number for any passenger station in the United States.

Washed Eggs

It is harmful to wash eggs, says O. C. Ufford, poultry specialist for the Colorado A. & M. college extension service, because the shell of an egg is porous or full of tiny holes. These are filled with a gelatinous covering that keeps out bacteria. When eggs are washed it dissolves the protective covering and not only removes the dirt but may force some bacteria through the shell where they proceed to spoil the eggs.

50,000 Miles - No Wear!

1. Five Years' Driving in 70 Days! Racing over hot Mexican-border highways . . . 14 hours a day for 10 weeks . . . six brand-new cars put amazing new Conoco Super Motor Oil to one of the toughest tests ever devised. After 50,000 miles of continuous driving, engines showed no wear of any consequence . . . in fact, an average of less than one one-thousandth of an inch on cylinders and crankshafts! Original factory finishing marks were still visible on piston rings!

2. New-Car Gasoline Mileage! Amazing result: gasoline mileage for the last 5,000 miles of the run was as good as for the first 5,000 miles . . . actually there was an average difference for the fleet of only 4/100 of a mile per gallon! This astounding test—equal to 5 years of normal mileage—showed that Conoco Super Motor Oil, with regular care and proper crankcase drain intervals, can keep your new car new!

3. New-Car Power! Quicker Starts! Yes—Conoco Super Motor Oil's extra protection keeps that factory flash . . . that showroom smoothness . . . year after year! Only Conoco Super Motor Oil OIL-PLATES metal surfaces to make your engine last longer, perform better, use less gasoline and oil! Conoco Super Motor Oil virtually stops wear before it starts . . . keeps your engine new and clean! Conoco Super Motor Oil is the great new modern wear-fighter!

### Slaton Bride Is Shower Honoree

As a courtesy to Mrs. Henry Murrell, jr., formerly Miss Phyllis Hunter, a miscellaneous shower was given in the home of Mrs. W. E. Pohl from 7:30 until 9 o'clock Friday evening.

Mr. and Mrs. Murrell were married March 4 in Clovis, N. M., at the First Presbyterian church with Rev. W. M. Cummings officiating. The bride is a graduate of Slaton High School where she was active in club activities and she was a majorette in the band. She attended the fall semester at West Texas State College at Canyon where she was also a band majorette.

Mr. Murrell is a graduate of Hereford High School and is employed in Hereford, where the couple is living.

Hostesses for the shower were Mesdames R. W. Cudd, J. H. Hannah, R. L. Smith, jr., J. C. Champion, Otis Gunter, Brian Sartain, Norman Spears, Robert Gunn, Lee Green, Bobby Jones, Euell Morgan, A. L. Brannon, Frank Drewry, W. B. Hestand, R. L. DeBusk, M. O. Singleton, Curtis Dowell, W. A. Wilks, W. H. Dawson, Kirby Scudder, Yates Key, Walter Mosser, Misses Wilda Hannah, Daunita Dowell, and Martha Cudd.

### Grochowskys Have Dinner Party Sun.

Mr. and Mrs. Leon Grochowsky entertained with a dinner Easter Sunday at their home on South Eleventh.

The children present for the dinner later had an Easter Egg Hunt while the others played Canasta.

Those present were Mr. and Mrs. Alfons Bednarz and son Tommy, Mr. and Mrs. David Hawk and sons Davy, Danny, Mark, Glenn and George, and Mr. M. G. Grochowsky and daughters Doloris and Barbara.

### Home Demo. Club Has Educational Program April 5

The use and proper methods of growing gourds was the main program topic of the Home Demonstration Club which met Wednesday, April 5 at the Club House.

Mrs. McEver, program chairman for the day, explained to the group how a former resident of the Posey community, Mrs. Fine grows gourds and the unique ways she uses them to create useful as well as ornamental articles.

Mrs. Julia Ray, also on the program, gave an educational talk—using charts—on safe water, good plumbing, septic tanks, etc.

### Quilting Club Has Regular Meeting

Members of the Jolly Quilting Club met Friday, April 7 at the Club House with Mrs. Nola Waldrop as hostess. A covered dish luncheon was served.

It was reported that two quilts were completed by the nine members present including Mrs. E. E. Wilson, Mrs. W. J. Scott, Mrs. Clyde McGinley, Mrs. J. W. Ward, Mrs. J. F. Ritchie, Mrs. H. H. Bohrer, Mrs. Jess Burton, Mrs. C. L. Ward and the hostess. Six guests were also present. They were Mrs. J. Cooper, Mrs. Willma Rust, Mrs. R. C. Sanner, Mrs. C. E. Jarman, and Mrs. Fred Stottlemire.

Mrs. Jess Burton will be hostess for the next meeting which will be held Tuesday, May 2 in her home.

Mr. and Mrs. Clifford D. Young were in San Angelo and Taylor on business last week. They also visited their daughter and family, Mr. and Mrs. Robert L. King and children of Ft. Worth.

Tom Arrants and James Henry of Charleston, Tenn., are visiting in the home of Mr. and Mrs. Max Arrants.

# Society Clubs

### Culture Club Has Biblical Study At Sat. Meeting

Meeting Saturday, April 8 in the home of Mrs. R. O. Hayes, a program entitled "Woman in Bible Times" was presented to the members of the Civic and Culture Study Club by the program chairman, Mrs. S. S. Forrest.

Mrs. Forrest reviewed four chapters of the book "Feminine Faces" by Clovis G. Chappell. In his book, Chappell very realistically reveals not only biographical sketches but also an insight into the personal character of various Biblical women.

Chappell was educated at Duke and Harvard universities and he was ordained as a Methodist minister in 1908. About the book, critics have said, "One who reads 'Feminine Faces' will absorb new sympathy and understanding for these famous women."

Mrs. A. C. Strickland will be hostess for the next meeting of the group which will be held on April 22 at which time the program topic will be "The Woman Feeds Her Family."

### JR. CIVIC CLUB TO MEET TUES. WITH MISS KING

Members of the Junior Civic and Culture Club are urged to note a change in the regularly scheduled meeting plans. The group will meet Tuesday, April 18 with Miss Gertrude King at 340 West Lubbock rather than in the home of Mrs. V. G. Browning.

Visitors over the week end in the home of Mr. and Mrs. R. E. Ayers were Mr. and Mrs. C. A. Broughton and daughters from Gregory and Mrs. Ayer's mother Mrs. M. M. Gabriel of Corpus Christi. Mrs. Gabriel plans to remain in Slaton until around the first of May. Mrs. Broughton is Mrs. Ayer's sister.

### Slaton O.E.S. Has Easter Program

Eastern Star Chapter 585 met Tuesday, April 11 in the Masonic Hall for its annual Easter message which was delivered this year by Mrs. R. L. Smith, and supplemented with music by Mrs. James Masterson.

Mrs. F. A. Drewry, Worthy Matron, then gave tribute honoring those officers stationed at the Star Points while Mrs. Curtis Dowell presented corsages in the appropriate colors to each.

In the dining room, where Mrs. Dudley Berry and committee served refreshments, the table was laid with a lace cloth and centered with an Easter decoration. Hall decorations consisted of cut flowers including Iris, Spiraea, and Easter Lilies.

### Presbyterian Aux. Has Recent Meeting

Members of the Presbyterian Auxiliary met this week in the home of Mrs. Fred Schmidt with 12 present.

During the meeting Mrs. R. D. Hickman read a letter from the Japanese family in which they expressed their appreciation for the clothing which had been sent by the group.

Mrs. Bill Hendrick presented both the devotional and the program. In her program, entitled "Inside Circle Including All Races," Mrs. Hendrick told of the work being done by the Presbyterian missionaries both at home and in the foreign fields.

Others included on the program were Mrs. Milton Fields, Mrs. Herschel Crawford, Mrs. Elbert Loveless and Mrs. Charles Baldrige.

### "Miss Bowles"

"Love Me, Love My Dog," isn't a modern saying, as it is generally believed, but the name of a picture by the famous classic artist, Sir Joshua Reynolds. According to childcraft books, the picture, commonly called "Miss Bowles," shows a wide-eyed, little girl hugging a sad-eyed mongrel dog. The famous English painter was born July 16, 1723.

### Paint Manufacture

Manufacturing paints and finishes these days mean a great deal more than grinding up pigment and mixing it with oil. A tremendous amount of modern know-how regarding ingredients and formulations is involved. A single large factory today may stock more than 600 different materials.

### Who Invented Eyeglasses?

The Chinese are said to have invented eyeglasses. According to legend, they were used as early as 500 B. C. The World Book encyclopedia states that Marco Polo reported that he saw Chinese wearing glasses in China, about 1275 A.D.

### Wetted Wheat

Wheat wetted by rain during harvest is usually degraded when sold under the prevailing market system because wetting has caused a lowering of the test weight and a decrease in the quantity of bright appearing kernels.

### Fort McHenry's Flag

Caroline Pickersgill, made the flag that flew from Fort McHenry during the war of 1812.

Wool Bureau Style BEST DRESSED MAN IN THE EASTER PARADE... Spring dress-up suits for men stress simple lines and fine quality worsted fabrics in new light weights. Colors are brighter to lift the spirits. Tailoring follows natural body lines.

### Milk Marketing Receipts

Farmers probably will receive almost 4 billion dollars from marketing of milk and butterfat in 1949 compared with 4.4 billion in 1948. They will sell more milk than last year, but prices will run considerably lower. Net income of dairymen also may fall below 1948 since production costs probably will not drop as much as cash receipts.

### For That Denied Fender

As soon as a batch of automobile lacquer is approved, a large part of it is drawn off into big containers for shipment to the great assembly lines. A portion of every batch, however, is put into small containers for use in the nation's refinishing shops.

### New Freight Cars

If coupled together the 10,556 new freight cars put in service in March, 1949, by Class I railroads and railroad-owned private-controlled refrigerator car companies, would make a train about 86 miles long.

### Salt for Cattle

Lack of salt in livestock rations costs farmers large sums of money each year in loss of potential gains in weight.

### Famous Trotter

Hambletonian, world's greatest progenitor of trotters, after which the famed Hambletonian stake at Goshen, N.Y., is named was foaled 100 years ago.

WELL-DRESSED FOR WAR—In keeping with spring's emphasis on clothing styles, two members of the armed forces model what the well-dressed airman or sailor will wear to an invasion. Stepping out of a low-pressure chamber, left, an Air Force private wears a casual ensemble consisting of three jackets and two pairs of pants (all worn at the same time), with a snappy oxygen mask setting off the high-altitude outfit. The fashion-conscious swimmer, right, shows off a svelte, sea-green, one-piece rubber suit representing the style trend for the Navy's underwater demolition teams. Black rubber fins and gloves constitute the accessories, with a transparent face mask adding the final touch.

**THE STATE OF TEXAS**

**TO:** Leon Edward Studeman, and the unknown heirs and legal representatives of the said Leon Edward Studeman, if he be deceased.

Defendants, Greeting: You are hereby commanded to appear before the Honorable 72nd District Court of Lubbock County at the Court House thereof, in Lubbock, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 1st day of May A. D. 1950, then and

there to answer Plaintiff's Petition filed in said Court, on the 15th day of March A. D. 1950, in this cause, numbered 17777 on the docket of said court and styled Joe N. Nislar Plaintiff, vs. Leon Edward Studeman, and the unknown heirs and legal representatives of the said Leon Edward Studeman, if he be deceased, Defendants.

A brief statement of the nature of this suit is as follows, to wit: Plaintiff alleges that heretofore, to-wit, on or about the 28th day of February, 1950, he was lawfully seized and possessed of the following described land and premises situated in Lubbock County, Tex-

as, and being more particularly described as follows: Being a part of Lot No. 2 in Block No. 3 in Alta Vista Acres, an Addition to the City of Lubbock, and described by metes and bounds as follows: BEGINNING 250 feet East of the Northwest Corner of said Lot No. 2 in Block No. 3; THENCE East 250 feet to the Northeast corner of this tract; THENCE South 302.5 feet to the Southeast corner of this tract; THENCE West 250 feet to the Southwest corner of this tract; THENCE North 302.5 feet to the place of beginning; holding and claiming the same in fee simple; that on the day and year last aforesaid the defendants unlawfully entered upon said land and premises and ejected plaintiff therefrom, and now unlawfully withhold from him the possession thereof to his damage in the sum of \$1000.00, and that the reasonable annual rental value of said land and premises is the sum of \$100.00.

Plaintiff prays judgment for the title to and possession of the above described land and premises, and for his rents, damages and costs of suit, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Lubbock, Texas, this 15th day of March A. D. 1950.

ATTEST:

Royal Furgeson, Clerk,  
72nd District Court,  
Lubbock County, Texas.

**LEGAL NOTICE**

"NOTICE OF INTENTION TO INCORPORATE LELAND PAYNE LUMBER COMPANY, LUBBOCK, TEXAS, WITHOUT CHANGE OF NAME."

TO WHOM IT MAY CONCERN: Notice is hereby given that Leland Payne, owner of Leland Payne Lumber Company, Lubbock, Texas, intends to incorporate such firm without a change of the firm name on April 1, 1950, or as soon thereafter as the charter may be granted by the Secretary of State of the State of Texas, with its principal place of business at 114 North College, Lubbock, Texas.

LELAND PAYNE LUMBER COMPANY  
By Leland Payne, owner. 4-14-c

**West Texas Roundup**

The employment situation in Hereford is bright in spite of the fact that 90 per cent of the employment is in agriculture and if it doesn't rain within a week 75 per cent of the wheat crop of the county will be lost.

Status of the wheat crop is the consensus of opinion of some of the farmers, themselves. Some parts of the county are in worse shape and some aren't in such bad shape.—The Hereford Brand.

Garza county operators are keeping quiet about drilling progress while Kent county continues to hold the area spotlight with the widest No. 1-A Ueray Jones flowing oil from a Pennsylvania lime.

The well, being drilled by General Crude Oil company, is one mile southwest of Claremont. Oil was still flowing on the last report, but had not been gauged nor estimated. Testing at 6,740 feet, gas surfaced in three minutes, mud in 11 minutes and oil in 1 1/2 minutes, according to a report in the Lubbock Avalanche-Journal.—The Post Dispatch.

Littlefield experienced its biggest flurry of building activity in many months during the week with eight permits being issued by the city secretary for a grand total of \$71,300.

The largest single permit was for \$40,000, taken out by Norman and Raymond Renfro for construction of a brick and tile building on East Fourth street. The structure will house the Renfro Bros. grocery No. 2. W. O. Hampton was named as the contractor.—County Wide (Littlefield) News.

Plains, March 31.—The new \$300,000 Plains High school building was formally dedicated and open house held Monday night, April 3, James A. Ellis, superintendent of the Plains school, announced.

Dr. J. W. Edgar of Austin, state commissioner of education, was the dedicatory address given at 7 p. m., following open house. The both the new high school and the new grade school building, which was completed in the early fall of 1948.—Brownfield News.

Final installation was completed this week on the two-way police radio for the Sheriff department of the county.

Three cars have been equipped with transmitters and receivers with the main unit installed in the sheriff's office in the courthouse. As part of the equipment, a steel tower has been erected on top of the courthouse, with an antenna 93 feet above the ground. The law enforcement department can now communicate with adjoining counties that have similar equipment, Sheriff Peacock said.—The Andrews Co. News.

The House Committee on Appropriations has approved a bill which carries a provision for federal assistance to the Brownfield airport. This information was given this week to city and Chamber of Commerce officials by George Mahon, United States representative from the 19th district.

This is part of a national program for municipal airport development based upon commercial and military requirements. The bill provides a total expenditure of \$12,000 at Brownfield, \$3,000 to be contributed by the federal government and the remainder by the city. These funds are to be used for acquisition of the site.—The Terry Co. Herald.

At a meeting of the City Council this week the contract for the erection of the City Hall and Fire Station was awarded to Ed Gray, local contractor, and work has already begun. The City Secretary began moving yesterday and will have everything ready to entertain the people who may have business with the city, by tomorrow.

The work on the building will be pushed as rapidly as possible and the entire building should be completed within the next 40 or 50 days.—The Lorenzo Tribune.

Officials of Post's "Southwestern Championship Junior Rodeo" this week made two announcements important to junior rodeo fans.

At the recent South Plains Junior Fat Stock show at Lubbock, the association bought the first place light weight Aberdeen Angus steer. Carver White will feed and train the steer which will be shown at the state fair in Dallas in the fall. All proceeds from the sale of the calf will go into the fund for Garza county 4-H clubs.

Second important announcement by the association was that four prominent former citizens of Post will be honored on the four days of the rodeo, Aug. 9-12. Three men have been selected and will be here for their day.—Post Dispatch.

With 80,793 bales, Terry county ranked eighth among the 19 cotton counties of the South Plains in ginnings during the 1949-50 season, according to final ginning figures released by the Bureau of Census of the Department of Commerce.

The South Plains produced a grand total of 1,740,970 bales, the greatest crop in history. The figures were compiled on March 20, 1950.—The Brownfield News.

**FORMER SLATON BOY IS ON HONOR ROLL**

WACO, April 10.—Waylon Boyce Ferguson of Slaton has been named to the dean's honor list at Baylor University for work completed in the Winter quarter, according to Dean Monroe S. Carroll.

One hundred twenty-six students are listed with straight "A" records for the past three months. In the number are five graduate students, 30 seniors, 14 juniors, 38 sophomores, and 39 freshmen.

Ferguson is a senior at Baylor.

**Base for Shellac**

Lac, the base for shellac, is a natural resin secreted by insects which live on the sap of certain trees in oriental countries.

**LYN-BERHEAD**

## "When Willie Comes Marching Home" Fun For All In An Unusual Comedy

Sparkling, fresh and witty, John Ford's "When Willie Comes Marching Home," which opens Sunday and Monday at the Slaton Theatre, is as great a triumph for that master director in the comedy field as he has long been accustomed to having the dramatic field. With Dan Dailey to expertly enact the title role, Ford has made an unusual and delightful film for 20th Century-Fox and for the untold audiences that should find it irresistible.

"When Willie Comes Marching Home" has a taste, and a talent, for fun-making. Beginning with an earnest small town boy who is first in his group to volunteer when war breaks out, it goes on to relate his difficulties in getting in the shooting war. A first-class gunner, instead of being shipped overseas as he had supposed would

happen, he is stationed to teach gunnery at an airfield near his own home town!

Months and months go by. The rest of the boys get into the shooting scrap; poor Willie Klugg is safely at home. He tries to get across, but it's no go. The town's first hero becomes a black sheep. Word spreads that Willie is gold-bricking to beat the band.

Finally Willie gets overseas and soon joins the French Underground. He gets some vital information on the Nazis back to London and is finally sent to the Pentagon for a report. He gets a furlough as a reward, but the home folks think he's goldbricking again. Luckily the President decorates Willie and when Willie comes marching home at the farewell, he's a hero.

## JUST TALK

by  
A.M.J.

The following was sent in by some local reader of a Taylor paper. It was brought in by someone when I was so busy that I did not jot down his name and now I have forgotten. It's good and I suggest that you read it through.

"Dear Editor:  
"I was out here the other afternoon wandering around enjoying Spring when I picked up a copy of the Sun which somebody had used to wrap garden seed in—ain't no chance of seeds sproutin' thru that paper, and while they were perfectly good seed I shook 'em out, I learned long ago not to get tricked into plantin' seed—at any rate I stuck the paper in my pocket and later on in the day when it seemed like I'd run out of something interesting to do I pulled it out and since I was already sittin' down anyway, I leaned back against a tree and read that there is considerable talk about a cave in the Ozark Mountains for use in case of an atomic war.

"As I understand it, some man proposin' to use his cave to preserve civilization in case of world-destroyin' atomic or hydrogen bomb war. His idea is to use the cave as a sort of modern Noah's Ark, only instead of animals he would fill it up with people worth keepin' alive to carry on after most of the rest of the people was killed off by the bombs.

"This is not a bad idea except for one thing—he's proposin' the people selected for the cave should be scientists and other brainy people.

"I look at it just the other way. The last people we want in that cave is brilliant folks, the brain-wrackin' people who are responsible for 'needin' the cave in the first place.

"Ain't no use fillin' that cave up with people who, the first thing they got out after the smoke cleared, would start right back in where they left off, this time probably settin' their powerful minds to work on a bomb that not only would sweep over the face of the earth, killin' everything in sight, but would also go down in the crevices and caves and wipe out whatever was hidin' in there too.

"No, sir. The kind of folks who ought to be put in that cave is the ordinary, non-atomic type, the type that ain't got beyond the fire-cracker stage, that type that ain't interested in carryin' civilization to its highest peak.

"Under my plan, might take in a few school teachers, a preacher or so, a few harmless poets, some farmers, a few carpenters, maybe a editor if the place ain't too crowded, but we blamed sure don't want no brainy people in there. Be the worst thing that could happen to the post-atomic world.

"Yours faithfully,  
J. A."

I'd like to know who brought this in to me.

—oOo—

Mrs. Virgie Hunter brought a group of about twenty youngsters to the Rotary Club last week to show the unmusical members how easy it is to make rhythm.

The kiddies had some odd looking little outfits that hung from around their necks, on which they pounded with little drum sticks and it sounded better to me than all of the classical music I have ever heard, and I've listened to pages of the stuff.

A very graceful little girl directed the group and did herself proud when she bowed to the Rotarians in acknowledgment of the cheers that greeted each number.

The performers dropped sheets of music, drum sticks, handkerchiefs, hair ribbons, marbles and chalk during the performance but a lick or two on the little instruments did not make much difference for it all made good music and I'd like to compliment Mrs. Hunter and all of those who are working with the younger folks, and I wish that I had been able to have had some early training like this when I was in the elementary grades. Maybe I would have been one of

## RUPTURE

SHIELD EXPERT HERE  
H. M. SHEVNAN, widely known expert of Chicago, will personally be at the Hilton Hotel, Lubbock, Sunday and Monday only, April 23 & 24, from 9 A.M. to 4 P.M.

Mr. Shevnan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of how the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevnan will be glad to demonstrate without charge. 8509 N. Artesian Ave., Chicago 45 Large incisional hernia or rupture following surgical operation especially solicited.

## THE SLATON SLATONITE

the leading music makers of our time by now instead of a bad example of what can happen to a man with few, if any talents.

Lloyd Tucker, who broke his arm not long ago says one of his biggest troubles is washing one hand and along this line P. G. Meading said that it can be done by washing your face and the one good hand at the same time using your face instead of the other hand. This I'd like to see, perhaps that is what happened to P. G.'s face some time in the past.

Judge Smith stopped me on the street last week and said that he had been amusing himself with the pastime that I suggested in the Slatonite, figuring out how much money he could have made if he had bought all of the things that had been offered to him at bargain prices back in 1939, 40, and 41. He said he felt like a millionaire for a short while but that the after affects were not so good as it showed what a poor businessman he had turned out to be.

Charlie Austin said he had tried the same experiment and that he was suffering from loss of self confidence too.

Mrs. Claud Porter came around last Sunday afternoon to take our names on the census. My wife answered most of the questions before I could get in an answer edgewise and the Government is going to have things mixed up on ages if they depend upon her answers.

It was not near as painful as one might think it would be and a lot of it seemed kinder silly to me. Why the Government would want to know what I did last week, nor how long I worked each day seems of little importance but they have got that important information and if it will help them figure out how to keep out of war with Russia they are welcome to it.

## Water and Fire

Water causes burning grease, fats and oils to spatter violently and thus spreads the flame. Water is not effective on fires involving electrical equipment and short circuits until after the circuit is cut off. In such cases the fire extinguisher is the logical answer.

## Contending Earnestly For The Faith

"The cometh Jesus from Galilee to the Jordan to John, to be baptized of him. But John would have hindered him, saying, I have need to be baptized of thee, and comest thou unto me? But Jesus answering saith unto him, Suffer it now; for thus it becometh us to fulfill all righteousness (Matt. 3:13-15).

Why our Lord was baptized seems to be rather difficult for some to see. Although he was baptized with a baptism of remission of sins (Mk. 1:4), we all know he was not baptized, as all alien sinners are commanded to be, (Acts 2:38) unto the remission of sins; for he had no sins. In baptism, however, there are two aspects: remission of sins (Acts 22:11) and obedience to a divine command. It was to obey the command that our Lord was baptized, "It becometh us to fulfill all righteousness." If mortal man had no sins, he could not evade baptism without disobeying God (Acts 2:41).

Blessed is the man that learns the truth before it is too late.  
ANDY W. BURKS

**THE STATE OF TEXAS**

TO: John M. Bond, and the unknown heirs and legal representatives of the said John M. Bond, if he be deceased.

Defendants, Greeting: You are hereby commanded to appear before the Honorable 72nd District Court of Lubbock County at the Court House thereof, in Lubbock, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 1st day of May A. D. 1950, then and there to answer Plaintiff's Petition filed in said Court, on the 15th day of March A. D. 1950, in this cause, numbered 17778 on the docket of said court and styled ANCE M. English, Plaintiff, vs. John M. Bond, et al. Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Plaintiff alleges that heretofore, to-wit, on or about the 1st day of January, 1950, he was lawfully seized and possessed of the following described land and premises situated in Lubbock County, Texas, to-wit:

All of Lots Nos. 11 and 12 in Block No. 2 in the Garland Subdivision of said Block No. 2, of the Roberts & McWhorter Addition to the City of Lubbock, Lubbock County, Texas, holding and claiming the same in fee simple; that on the day and year last aforesaid the defendants unlawfully entered upon said land and premises and ejected plaintiff therefrom, and now unlawfully withhold from him the possession thereof, to his damage in the sum of \$1000.00, and that the reasonable annual rental value of said land and premises is the sum of \$100.00.

Plaintiff prays judgment for the title to and possession of the above described land and premises, and for his rents, damages and costs of suit, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Lubbock, Texas, this 15th day of March A. D. 1950.

WANT AD GET RESULTS

How about a staff of "MASTER CHEFS" for your kitchen!

Reddy's always ready... whatever the cooking task! Yes, electricity's the most versatile "chef" you can have. Your electric range will boil, stew, fry... bake—all with equal ease.

Beautifully clean—no sooty pans to scrub. Efficient—no "pot-watching." So convenient... cool, too! Just set the control, leave the rest to electricity. You'll get "cook-book" results every time... for an electric range gives uniform, even heat... consistently! You're out of the kitchen in no time at all.

Add all these features together and you get a sum total of perfection. Next time you visit your dealer... ask to see his display of electric ranges. Remember, it's thrifty. Electric service makes it that way.

TO: C. L. ALDERMAN, if he be living and if he be deceased, then the unknown heirs of C. L. Alderman Defendants, Greeting:

You are hereby commanded to appear before the Honorable 99th District Court of Lubbock County at the Court House thereof, in Lubbock, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 8th day of May A. D. 1950, then and there to answer Plaintiff's Petition filed in said Court, on the 22 day of March A. D. 1950, in this cause, numbered 17795 on the docket of said court and styled J. B. HUCKABAY Plaintiff; vs. C. L. ALDERMAN ET AL Defendants.

A brief statement of the nature of this suit is as follows, to-wit: That this is a suit to try title as well as for damages. On February 15, 1950, Plaintiff was and still is owner, under deed duly registered more than five years preceding the filing of this suit, of the following described property to-wit: All of Lot No. Eleven (11) in Block No. Four (4), South Slaton Addition to the Town of Slaton, Lubbock County, Texas.

On February 15, 1950, plaintiff was unlawfully seized and dispossessed by defendants of said property.

Plaintiff claims title under five year statute of limitations and/or ten year statute of limitations. Plaintiff prays for title and possession of above described premises, cost of suit, and such other and further relief that he may be justly entitled, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. If citation is not served ninety days after issuance, it shall be returned unserved.

Issued and given under my hand and the Seal of said Court, at office in Lubbock, Texas this 22 day of March A. D. 1950.

**THIS WEEK'S SMILES**  
 ADVERTISE FOR HER—  
 (The Morton Tribune)  
 Little Dorothy had been praying for a baby sister. Her mother, while reading the paper, exclaimed: "I see Mrs. Smith has a little daughter."  
 "How do you know that, mamma?" Dorothy inquired.  
 "It says so in the paper, dear."  
 "Read it to me."  
 Her mother read: "Born to Mr. and Mrs. Smith, a daughter."  
 Dorothy thought a moment and then said: "I know what I'm going to do. I'm going to stop praying and begin advertising."

Mrs. Artie Whitesides spent Easter with Mr. and Mrs. Ed R. Whitesides and June Whitesides at Paint Rock, Texas.

**GOOD SKATE**—A pair of roller skates isn't usually considered a practical gift for a tot 14 months, but when little Gerald Reising of Valley Stream, N. Y., was given his, he put them to use right away. Now, with an occasional flop, he manages to stay on the skates and keep his older brother and sister company.
