One More Chance To Win Valuable Prizes In The Picture Puzzle Contest

This is your last chance to win a prize in the picture puzzle contest. Don't let this opportunity to win a valuable prize pass without trying your luck. By entering the contest you will be eligible to win a twelve pound ham, a subscription to the Slatonite or some passes to the Slaton Theatre.

Since this is the last contest, we suggest that you be especially careful to make your entry as neat and original as possible. Each entry is judged on those two points as well as correctness in identifying the person or place in the picture. Turn to the puzzle page of this issue of the Slatonite, follow the instructions found there, and take your entry to the Slaton Theatre.

Remember—this is your last chance to win that delicious ham!

Winners in last week's contest are 1. Mrs. C. R. Pothast; 2. Mrs. R. G. Hodges; 3. Ray Wilkins; 4. Mrs. J. E. Robertson; 5. Mrs. J. D. Barry; 6. Amoy Dean Sparkman; 7. Mrs. Polly Melugin; 8. Linda McCarver; 9. Mrs. Ira McCarver; 10. Ernest Kolodziejczyk; 11. Della Scoggins; 12. Jackie Shepard; 13. Mrs. J. R. White; 14. Mrs. Howard Johnson; 15. Mrs. M. M. Brieger; 16. Mrs. T. A. Johnson, and 17. Miss Edith C. Moore.

Plans Completed For Talent Show

The Talent Show, sponsored by the Junior-Senior PTA, will be presented in the High School Auditorium at 8 o'clock, February 9. Stunts will be presented by pupils from the seventh grade through the high school grades. Prizes will be awarded the three winners. They will be cash prizes of \$15, \$10 and five dollars.

Admissions to the show will be ten cents for grade school children, 25c for high school students, and 40c for adults.

Money received at the show will be used for a new time clock system to be installed in the new gymnasium when it is finished.

SHOE AND BOOT SHOP MOVES

Ronald G. Woolever, owner of Woolever's Shoe and Boot Shop, has moved his business to a new location at 109 North 9th Street, two doors north of the Palace Theatre. Woolever's new location will provide a larger building in which to transact his business, and he feels that he can better serve the people of Slaton and the surrounding communities in his new location. Woolever was formerly located at the corner of 8th and Lynn Streets.

TRAINING UNION BEGINS AT BAPTIST CHURCH

Rev. and Mrs. Joe Gayle, formerly of Tenn. will conduct a Training Union at the First Baptist Church, to be held at 7:30 each evening February 5 through 9.

Mrs. F. A. Conyus left last Friday night to visit her daughter in Oklahoma.

Mrs. R. D. Bisbee was in Dallas on business last Friday.

Week's Question

If Conditions Become Worse Women Should Be Drafted Say Slatonites

Should women be drafted? This is a question which is being discussed by almost everyone now. We read detailed articles on the subject, and hear various arguments by various kinds of people. In World War II the possibility of drafting women was discussed quite a bit but it never seemed to become as serious a possibility as it is now.

Following are the opinions of a few Slaton citizens on the subject.

Mrs. W. R. Wilson believes there are circumstances where they should be and times when they shouldn't be. She said it depends largely on the woman. "It doesn't hurt young women to be in military service," she said, "and any woman who is completely independent could be drafted into different phases of war work." She definitely believes that young mothers with small children should not be taken from their homes.

Mrs. Vern Johnson says "Women probably should be drafted if they are physically able and have no young children." She thinks it is better to draft the men who have

Local Lutherans Begin Drive For Church Building

Pastor Roy Grote of Roscoe delivered the keynote address to nearly a hundred members and friends of the Lutheran Church of Slaton on Monday night, January 29. The occasion was the building drive booster dinner, which was the kick-off for the financial drive now underway.

"I am confident that you can reach your goal," stated the speaker, "but it will take real sacrificing from everyone."

Greetings from the community were brought by J. S. Edwards, Jr., vice president of the Citizens State Bank, Otis Neill, city commissioner, and N. G. Schuette, who, on behalf of the merchants, welcomed the Lutherans into the city.

The local pastor, the Rev. Lowell C. Green, explained the preliminary drawings for the new edifice as prepared by Marvin Eikenroth, A.I.A., of San Antonio. Plans call for a complex of buildings in English Gothic style, constructed of brick with stone trim. Only the first unit, the sanctuary, is to be completed at present.

The Every-Member Canvas is being conducted at present by the following members: LeRoy Voigt, Edmund Wilke, Willie Becker, Robert Becker, Mrs. Wallace Becker, Ben Brewer, Mrs. J. L. Cunningham, Mrs. Fred Steinhäuser, Mrs. Marcus Wilke, E. C. Stabeno, R. L. Camden, Mrs. Arthur Stolle and Mrs. August Becker.

1951 Oldsmobile On Display At Davis Motor Co.

The new Rocket '51' Oldsmobile is now on display at the Davis Motor Co. This latest model is designed for sheer beauty outside— for solid comfort inside. The interior is more spacious, more luxurious than ever. It is said to be the finest in Oldsmobile history. The rugged new chassis and suspension system provide a softer, smoother-than-ever "Rocket Ride". The new Oldsmobile hydraulic is smoother, and easier to operate. The most outstanding feature is the gas-saving "Rocket" engine which gives Oldsmobile's matchless "Rocket" performance at minimum gasoline costs.

WEATHER REPORT

The weather is really cutting capers all over the country this week, and old man winter has struck a mighty blow over most of the U. S., including Slaton. According to the West Texas Gas Co., the thermometer took a dive from a high of 76 degrees on Friday, January 26, to a low of 5 degrees on Monday, January 29.

Bobby Jones resumed his duties as supply clerk at the new Western Cotton Oil Company in Lubbock after being transferred from the Slaton Mill.

Fred Schmidt left Wednesday for Dallas where he will take his Navy physical.

Fire Warning Is Given By Chief

Fire Chief Elbert Wilson, in an interview, stated this week, that he had no specific information concerning the unusually large number of fires that have occurred in so many towns over Texas.

There is one thing that the fire chief says folks should watch and that is gas connections and the burning of stoves where gas would escape into rooms or into basements should the pressure vary considerably.

The fact that explosions have been reported along with the reports of fires over the state makes Chief Wilson believe that gas accumulation might be the cause of some of the fires. Not only is the danger of fire present where open gas fires are allowed to burn but the danger of asphyxiation is something that should be guarded against.

Special Services At Local Church To Close Tonight

The First Christian Church here experienced the greatest day in its history last Sunday when 24 new members were accepted into the church, according to the pastor, Rev. P. J. Burns. Ten of those coming into the church were baptized on Sunday night. The attendance in Bible School was the second largest in the history of the church. The crowds for both morning and evening services were the largest that ever attended a regular church service.

Dr. Travis White, pastor of the First Christian Church in Lubbock, began his series of sermons Sunday night. He will continue through tonight (Friday). Services are at 7:30 p. m.

There will be a church wide reception in the basement of the church tonight following the service. The reception is to welcome all of the members who have joined the church since the present pastor has been here. There have been 53 additions to the church in two years and two Sundays of the ministry of Bro. Burns here.

The Junior Booster Band meets each evening at 7 p. m. A banquet will be given on Thursday night, February 8 for the Juniors. The Booster Band is open to any child who cares to attend.

John Schmidt, son of Mr. and Mrs. Fred Schmidt, was home visiting his family and friends during mid-semester. John is a junior student at Texas A.&M. College at College Station, Texas.

Albert Kuss is attending Frigidaire School in Fort Worth this week. He will also attend the Fat Stock Show.

C. H. Sartain was in Amarillo last Friday on business.

Parents Of Local Men Killed In Auto Accident

Mr. and Mrs. J. W. Kenney of Rt. 5, Lubbock, were killed Monday, about 5:15 p. m. in an automobile crash about three miles south of Reese Air Force Base in Lubbock. Three sons, O. D., Clifton, and Leon, reside in Slaton. Mr. Kenney was 70 and his wife was 64.

The couple were killed when their 1950 Ford was in collision with a 1943 Chevrolet sedan, driven by Buford Bradley, of Lubbock. Bradley was taken to the air base hospital where he remained in critical condition late Monday.

Investigating officers were unable to establish cause of the accident or to form a clear picture of the direction of travel of each vehicle involved, immediately. It is supposed that Mr. and Mrs. Kenney were on their way to Carlisle to visit a daughter there.

The couple is survived by three sons here, and two other sons, Cader, of Amarillo and E. J. of Wellington, Kansas; three daughters, Mrs. R. L. Nix, of San Fernando, Calif., Mrs. Lois Minden, Sunflower, Kansas, and Mrs. Louise Moore, Carlisle; also, 16 grandchildren, and 5 great grandchildren.

Mr. Kenney is survived by one brother, W. M. Kenney of Los Angeles; and two sisters, Mrs. Henry Platt of Oregon, and Mrs. Bob Carter, Bledsoe, Texas.

Mrs. Kenney is survived by three sisters, Mrs. Cleve Crossland, Everett, Wash.; Mrs. H. A. Lindsey, and Mrs. Ezra Yates, both of New Boston, Texas.

Funeral services were to be held at 2 o'clock Thursday afternoon in the Calvary Baptist Church in Lubbock. Rev. P. J. Burns, pastor of First Christian Church, Slaton, assisted by Andy Burks, minister of the Slaton Church of Christ, were to conduct the services. Pall bearers were Robert Hill, B. Lee Moore, J. A. Smith, Arthur Dennis, Orben Nowell, B. R. Jones, Elbert Wilson, Mr. Barnett, Mr. Marcus, A. M. Booker, Warren Taber, Elbert Nowell, Mr. Green, Delmer Hodge, Charlie Shepard, and Cecil Long.

Burial was to be in Tech Memorial Park, Lubbock.

FORMER SLATON MAN KILLED IN KOREAN WAR

Pfc Joe B. Trimm, son of Mrs. Rosalie B. Trimm, former Slaton resident now of Alvin, who had previously been reported missing in action, was reported killed in action in Korea, July 27.

Among those who went to the Fat Stock Show in Fort Worth this week were J. W. Williams, Bobby Jones, and William Jones. They left Sunday night and are expected to be back the latter part of the week.

Mr. and Mrs. Henry Merrill of Hereford visited with her mother and sister, Mrs. Virgie Hunter and Frances this past week end.

Feb. 6 To 12 Is Scout Week

Nation-wide Boy Scout Week will be observed in Slaton by all Boy Scouts in a program that has not been completed at the time this paper went to press. Bob Burnett, Scout Master of Troop 29, said the Scout Masters of the four organized Boy Scout Troops in Slaton, expected to have a full program worked out by the first of the week.

More than 2,750,000 Scouts and adult leaders in every section of the United States and its territories will observe this birthday celebration with a practical "good turn."

Since 1910, more than 17,750,000 American boys and men have been identified with the Boy Scouts of America. There are 692,325 persons serving the boyhood of their communities.

In another part of the paper a full page advertisement is devoted as a salute to the Boy Scouts of Slaton and of the nation. This tribute is published by public spirited firms of Slaton who feel that the Boy Scout work is of great importance to the community and the business men who head these institutions wish the Boy Scouts to know that they are in close accord with every Boy Scout and with the youths of the town and area.

Help the Boy Scouts and you help build a sound and patriotic America.

The Santa Fe Is Doing All Right

President F. G. Gurley of the Santa Fe Railway System today released the road's income figures for the year 1950. Including an accrual of \$9,108,545 for retroactive increase in mail pay applying to prior years back to February 19, 1947, and including also \$6 million of dividend income from subsidiary companies, the Santa Fe net income for the twelve months of 1950 was \$82,141,791.

After income taxes the mail pay of prior years and the dividend income increased the net of the year \$10,112,661. December, 1950, net, including dividend income and accruals under the Express Profits Tax Act of 1950, amounted to \$9,953,233 compared with \$4,431,564 in December, 1949.

Jim Cherry reported to Amarillo Monday for his physical examination. According to his mother, Mrs. W. T. Cherry, Jim will be deferred for the remainder of this school term as he is a junior student at West Texas State College in Canyon.

Mr. and Mrs. Chester Williams and son, Mike, returned Saturday from Waldron, Arkansas, where they visited Mr. and Mrs. Leonard Lott.

News Of Slaton Men In Service

It is the purpose of the Slatonite in this column to keep the people of Slaton informed as to the progress of their men in service. This news is of general interest to most everyone who reads the paper each week. There have been some inquiries as to why there has been nothing in the paper about some of the men. Some of our information comes from the public relations departments of the camps where the men are stationed, some of it comes from the families, and some directly from the men themselves. We do not mean to slight anyone and if you know of some man in service who should be recognized in our column we will be very glad to have any information. Or if you can give us a lead on where to get news of the men, we will be glad to get that information. We solicit the cooperation of the public in helping us secure facts about the young men.

Capt. Billie N. Ball, 540 W. Garza St., has recently reported to Ellington Air Force Base, Houston, for further active duty with the United States Air Force. Capt. Ball is the son of Mr. and Mrs. O. Z. Ball and attended Slaton High School and Texas Tech before entering the service. During World War II Capt. Ball was stationed in Labrador and Iceland as a Weather Officer. His wife and three sons plan to join him in Houston about February 1, where they will make their home as long as Capt. Ball is stationed there.

Edwin R. Burton, son of Mr. and Mrs. J. C. Burton, left last Friday for Camp Chaffee, Arkansas. He is in the Army.

J. C. Burton, Jr., and his wife and son are located at Robbins Field, Ga. He was recalled to active duty with the Air Corps Reserve in July.

Delbert Geer, son of Mrs. C. E. Geer, has finished his boot training and is now serving at the Naval Hospital in Oakland, Calif.

Welker L. McDonald, son of Mr. and Mrs. Bert McDonald, left last Friday for the armed service.

Mrs. Sam Key Phillips, sr., and Mrs. R. F. Swafford left Thursday for a visit with relatives in California and New Mexico.

THIS WEEK'S SMILES

"I bought a pill to cure my husband of drinking," said McLushwick's wife, "and slipped it in his coffee."
"And did it work?" asked the lady from next door.
"Well—he won't touch coffee." —Lone Star Scanner.

Promotions were forthcoming today (Thursday) for two officials of the Southwestern Public Service Company, with the announcement by J. E. Cunningham, president, that J. G. (George) Ausman has been elevated to the position of executive vice president, and that H. O. (Herb) Hodson has been named vice president and operating manager.

Mr. Ausman has been associated with the Southwestern Public Service Company since 1926. He moved to Amarillo as Operating Manager in March, 1944, and was made Vice President in January, 1947. Mr. Hodson joined the Southwestern Public Service Company organization as Superintendent of the Pecos Valley Division with headquarters in Roswell, N. Mex. in 1938, and has been Chief Engineer of the Company with headquarters at Amarillo since 1941. Mr. Ausman and Mr. Hodson have, during the last seven years, directed the planning and construction of new power plants and other equipment costing approximately \$100,000,000.

"These promotions," said Mr. Cunningham, "are in line with the Company's policy of obtaining its officers from within the Company's organization so that the Company's official family consists of friends and neighbors of the people served and are thoroughly familiar with local problems and requirements."

"Our Company is faced with a big financing job," Mr. Cunningham continued, "we will, during this year, spend about \$20,500,000 on new equipment, more than our total sales. This expansion has been going on for two years and, with the speed-up due to the national emergency, will continue indefinitely in the future. We have had to raise, and will have to continue to raise, almost \$20,000,000 per year in new money from outside the territory served. This money comes from large life insurance companies and from individual investors from coast to coast. The raising of the new money necessary to finance the continued expansion of electric power capacity, which is vital to war plants and residential and commercial customers, is becoming almost a full-time job, requiring a great deal of traveling from coast to coast."

"So far," Mr. Cunningham concluded, "we have been able to maintain our operating efficiency at a level meriting approval of investors who furnish our new money. The promotions of Mr. Ausman and Mr. Hodson are designed to further improve our operating organization."

Other Vice Presidents in the operating organization are A. R. Watson, Amarillo, and H. L. Allen, Lubbock. Mr. W. F. Stanley, Financial Vice President, and Mr. H. L. Nichols, Board Chairman, office in the Mercantile Bank Building, Dallas, Texas.

City Election To Be Held April 3

The city election held each year on the first Tuesday in April will be April 3 this year. At this election officers to be elected are mayor, and two commissioners. Commissioners up for re-election will be J. E. Eckert, precinct 3 and J. B. Huckabay, precinct 1. Commissioners remaining in office for another year are T. A. Turner and Otis Neill.

SOCIAL SECURITY MAN TO BE IN SLATON NEXT WEEK

Gerald L. Schantz, Field Representative of the Lubbock Social Security office will be at the Red Cross Room, City Hall, in Slaton at 11:00 a. m. on Wednesday, Feb. 7, 1951.

The 1950 amendments reduce eligibility requirements to about 1½ years employment, or 6 quarters of coverage. This new provision affects only those cases where the wage earner was living on September 1, 1950. From now until July 1954, 6 quarters of coverage is sufficient for a fully insured status.

Many individuals who previously could not meet the requirements may now qualify for monthly benefits. The Lubbock office is undertaking to contact persons whose claims were denied in the 1940-1950 period. We realize, of course, some addresses are now incorrect, and a few may have died during the intervening years. Any reader of these articles who knows a person over 65, who has worked under the social security program for a period of 6 calendar quarters, should pass the information along to him.

Mrs. Stahl Has Family Together For Reunion

Pictured above is Mrs. Julius Stahl with her ten children. The family was together for the first time in 31 years on January 24. They were all present for the wedding of her nephew, R. J. Schuette, Jr., to Miss Willene Kloss.

Mrs. Stahl's children are Ben J. Stahl of Hansford, California; Mrs. Joe Moeller, Mrs. Mike Kelly, and Mrs. Jaynes Cloninger, all of Amarillo; Linus Stahl of San Angelo; Mrs. Ed Maeker and Mrs. Roland Schuette, Sr., Posey; Fabian H. Stahl, Slaton; Mrs. William Kempen of San Antonio, and Mrs. John Kurtz of Groom.

Also present for the reunion were two of Mrs. Stahl's 22 grandchildren, Gary Kempen and Linda Kay Cloninger. She also has five great grandchildren.

THIS and THAT FROM HERE and THREE

Drifting Sands—Radio commentators, newspaper columnists and others are giving advice daily on how we should proceed and what steps we must take in Korea. Our comment on all the advice coming over the wires and through the air is just to remember that this is the way these people make a living, and that their ideas are no better than your own. —The Andrews County News.

Stricklinly Speaking—We are already at war, but if the whole conglomeration gets in a fracas again, the USA will be much better prepared than she was on December 7, 1941. At this time, our synthetic rubber, nylons, rayon and plastic production is up 500 percent over that date. But it was all the congress could do to keep the bureaucrats from selling for a song as junk, the synthetic rubber plants built up with sweat and blood, and billions of dollars during World War II. —The Terry County Herald.

Off The Keyboard—Morale of Brownfield High school students is much higher now that they are in their new building. Supt. S. P. Cowan said he and other faculty members had observed. Although S. P. is leaving for his new position at Temple sometime between Feb. 1 and 25, he seems as happy about being in the new building as if he were going to be here from now on. He says he has purchased a lot at Temple for his new home, which is expected to be under construction even before he moves. —The Brownfield News.

Yours Truly—Perhaps you have wondered why dummy clocks in front of jewelry stores and other places are set at 8:18 o'clock. There is a popular belief in the United States that the man who painted the first of these wooden clocks and watches had just heard of the death of Abraham Lincoln and that he painted the hands to perpetuate the fatal hour. According to one version of the story, the hands commemorate the exact time of Lincoln's death, and according to another, the exact time of his assassination. As a matter of fact, Lincoln was shot at 10:10 in the evening and died about 7:30 the next morning.

The real reason for so placing the hands is obvious. It is the most symmetrical arrangement possible for the hands, being pleasing to the eye, and at the same time leaving the greatest possible amount of space for advertising matter, such as the name of the jeweler. At 8:18 each hand is about the same distance from twelve and six, and two-thirds of the space on the dial is above the hands. —The Wink Bulletin.

FYI—John Gould, the author of "The Farmer Takes A Wife," edits a weekly newspaper in Maine. He ran an ad in his paper recently on the "high class" job printing done in his shop. The final paragraph was as follows: "We also sell subscriptions and advertising, both of which are considered good investments from the point of view of the most for your money. We don't know how anybody can get more out of his money than buying an ad in our paper. One man advertised

old job accomplished this time.—The Crosbyton Review.

Off The Keyboard—Dr. J. W. Edgar, Texas State Commissioner of Education, is one of the persons appointed by the Secretary of State to the United National Commission for UNESCO since its last formal meeting in April, 1950. Dr. Edgar has been mentioned as probable principal speaker when Brownfield's new high school is formally dedicated. —The Brownfield News.

Hearing Impairments
The susceptible years for hearing impairments are from two and one-half to 10 years of age. Ear, nose and throat conditions in early childhood, tend to become chronic and incurable if neglected and lead to permanent hearing impairment.

Editorial—Television is not so far away (in time) from people of this area. Slow-down may come about through the government stock-piling of critical materials. But what people hear others are doing and what they imagine they can do they somehow or other do. Already experiments in television reception on the high plains are getting some results, more or less erratic, true, but pictures on the screen just the same. Put a television set in your budget for the next year or so. It will cost you but you'll have to have one as soon as some of the neighbors begin to tell about what they saw last night that took place in New York, San Francisco, Dallas or in some other part of the nation. This is not as far-fetched as you may think. —The Floyd County Hesperian.

Trends—It appears quite probable that Texas will finally be redistricted at the present session of the legislature and that the 30th Senatorial district will have two senators instead of one, and seven representatives instead of the present three. The news comes from Sen. Kilmer B. Corbin of Lubbock, who seems quite optimistic about one of the redistricting bills of which he is a co-author. There is going to be a lot of arguing because a lot of senators and representatives are going to lose their jobs. But with the threat of automatic redistricting hanging over them, Texas legislators will probably get the 30-year

RECIPES

SLATON WOMEN GIVE THEIR FAVORITE TESTED RECIPES

This week's recipe has been used for many years by Mrs. Jerry Mudgett with great success as a dessert. It is a favorite with all her family. She calls it a Graham Cracker Pie. The crust is the highlight of the pie and is very simple to make. To make it you will need

2 cups finely crushed Graham crackers
 1/4 cup melted butter
 2 tbs. flour
 Mix ingredients together and line your pyrex dish with the mixture.

For the pie filling you will need
 2 eggs
 1 cup sugar
 1 1/2 tbs. flour
 2 cups milk
 1/2 tsp. vanilla

Mix sugar and flour in double boiler. Add egg yolks and small amount of milk until the mixture is smooth. Add remainder of milk. Cook until thickened. Pour into crust. Beat egg whites with 2 tbs. sugar and 1 tsp. vanilla, until stiff and pour over top of pie. If any of the crust is left, sprinkle it over the meringue.

The Mudgetts moved here from Lockney about 16 years ago. Mr. Mudgett is employed by the Slaton Motor Co.

Mrs. Mudgett is a member of the Methodist Church. She belongs to a sewing club, and for a hobby she collects vases.

Mr. and Mrs. Mudgett have one son who lives with his wife and three "fine children" in Duncan, Oklahoma.

THE STATE OF TEXAS COUNTY OF LUBBOCK SHERIFF'S SALE

WHEREAS, on the 5th day of January, 1951, in Cause No. 4991, in the District Court of Lubbock County, Texas, wherein The State of Texas; the County of Lubbock, Texas; the City of Slaton, Texas and the Slaton Independent School District were Plaintiffs, and impleaded Party Defendants, recovered judgment against John A. Local Churches Donate To 'CROP'

Lutheran churches of the area reported this week a successful completion of the drive for seed cotton for the Christian Rural Overseas Program, known as "CROP."

Approximately three bales of cotton was donated to the cause, and nearly \$100.00 in seed checks. The lint cotton will be shipped directly from Houston to needy foreign countries, where unemployed citizens and displaced persons will manufacture from it textile products for those in need.

"We want to thank all who cooperated with us in our drive for these unfortunates," commented Pastor Lowell C. Green. "We especially want to thank the gins at Wilson, Hackberry, and Southland, for ginning the cotton for us free of charge and providing us bins, and the compresses at Slaton and Lubbock for their free services."

Participating in the drive were St. John Lutheran Church of Wilson, Leslie W. Huebner, pastor, and the Evangelical Lutheran Church of Slaton.

FOR SALE: 1 cash register. 5c to \$2.00 sales. \$40 at the Slatonite.

Wilson Schools To Make Survey

The Wilson school system will use materials furnished by the Texas Education Agency to make a detailed survey of the Wilson schools and community, according to J. P. Hewlett, superintendent of schools.

More than 800 schools over the state are expected to take part in the school-community survey program.

This material is now being used by high schools with fewer than 100 pupils. If the results of the program are satisfactory, all high schools in the state may eventually take part in the survey, according to J. W. Edgar, State Commissioner of Education.

Purpose of the survey is to gather information about the local community which will help school leaders in planning a better program of education for the school and community.

Because the good school is so closely tied to community life, many of the questions will be concerned with community resources, Edgar said.

After the material has been collected by the teachers and pupils of the Wilson High School, a group of local citizens will be asked to examine the results in the light of their knowledge of the community.

Edgar recently pointed out that facts and figures alone cannot tell a complete story. People who know local conditions must express judgments in order to give the facts their proper meaning, he said.

Superintendent J. P. Hewlett, with Mr. A. H. Smith, high school principal, recently attended a meeting in Lubbock at which members of the Texas Education Agency staff explained the use of the study guides. It was pointed

out at this meeting that collecting the desired material should give pupils and teachers a new knowledge of their community and furnish the basis for a new understanding of such material studied in the school.

When all communities of this size have reported their findings the state education agency will have a body of information about education in Texas that could not be obtained from any other source. The rapid changes that have taken place in our social and economic life in the past few years have made available information out of date, officials of the agency said.

Teams of students will begin the community about February 10. Townspeople are requested by Superintendent J. P. Hewlett to help supply the information requested. None of it will be made public as an individual report, he said. It will be collected into a general report on the entire community.

Child Psychology

"Gang rule" is never stronger than in childhood. The wise parent who wants to combat an undesirable group influence on his child can use this very strength of the "gang" to his own advantage. His job is to redirect the interests of the entire group into wholesome channels rather than to forbid his child to play with others. In doing so, he achieves a lasting victory, and one of community benefit.

Mrs. H. O. Wagner returned on last Friday from a two weeks visit in Arkansas City, Kansas with her daughter, Mrs. Dick Power and family.

Harry Marsh left Sunday night for Sweetwater, San Angelo, and Presidio, Texas on special work for the Santa Fe.

Better Get Your Hole In The Ground!

The following editorial was published in the New Yorker of January 20. It might be that it expresses the feelings of a great many people of the United States. We are fearful, but feel that you cannot run away from fate.

The Inquiring Photographer of the Daily News stopped Harry Fox, Lucio Porrello, Mrs. Helen E. Kopp, Pvt. Lawrence M. Zamparelli Joseph Zovich, and Pvt. Andrew L. Trano last week and asked them what they would like to buy if they could afford it. Zovich wanted a television set, so he would stay home nights. Fox wanted real estate (because "it is real"), Mrs. Kopp wanted a mortgage-free home, Porrello wanted a college education for his children, and Zamparelli craved a red convertible for his girl. That left only Private Trano, of the Bronx. When the question was put to Trano, he replied, "A home in the country for my father and mother. There they would be free from any fear of atom bombs. I'd provide a cellar built of lead, too, in case of an accidental bombing or a near-miss. Please print this, because my folks are in bad shape and it might cheer them up."

We have been thinking about this couple in the Bronx who are in bad shape from fear of atom bombs, and about their dream home in the country with its cellar built of lead. The subject of New York as a target for bombs is not much discussed, it seems to us, except indirectly, through casual news items about air-raid shelters and school-room instruction in how to dodge when a light is seen in the sky.

Roughly, the city divides into three groups: first, those who, because of lack of money, have no choice whether they will move out of range; second, those who enjoy the luxury of free choice and have decided to leave; and, third, those who are free to go but prefer to remain. The first and third groups are very large, the second is very small.

Private Trano's answer to the News illustrates not only the demoralization of fear but the futility of flight. For he no sooner gets his parents into the country than he builds them a lead cellar, so their fears can be perpetuated in an atmosphere of peril and apprehension.

We've been trying to analyze our own sensations and convictions in the matter of New York as a place to live in in the mid-twentieth century. We belong to the privileged group that could, if it chose, flee the town to the less plausible areas of the open country. Perhaps, if we knew for a certainty that on such and such a day, at such and such a hour, the city would in fact be exploded, we would get out, following the compelling urge for self-preservation that is in all animals. But since we lack such knowledge, our tendency, as it is the tendency of so many, is to stick around and maintain a business-as-usual demeanor. "Why?" we sometimes ask ourselves. Partly pride. Partly lethargy. Partly a sense of fatality. Partly a sense of duty and a feeling that even the smallest endeavor, if it absorbs a man, is a contribution to the strength of all men.

There is, of course, hardly a person of any age or either sex in New York who hasn't pondered these matters, and probably almost everyone has come up with some sort of personal credo or philosophy about urban life in bomb shadow. We find no great desire in people to compare notes, though. Each prefers to keep his ideas locked up inside him.

We would not try to argue that it is sensible of human beings to continue living in a big city during the atomic age, but we are fairly sure of one thing: the lead cellar of Private Trano indicates that if fear is part of a person's baggage, it doesn't make much difference where he dwells; he will carry his bomb with him. The only way to dwell in cities these days, whether it be wise or foolish, is in the conviction that the city itself is a monument of one's own making, to which each shall be faithful in his fashion.

Price Controls May Be Too High!

Is there a black market or even a gray market in Slaton? Not yet. And it could be asked what is a gray market or a black market. There are certain seasons of the year when merchants offer reductions in merchandise in order to keep from carrying it over from one season to the next when some of it will be out of style. Usually the things that are left are not what the public desires, but this year there have not been many clearance sales and it is said that the ones ballhooped in the daily papers were pretty much wash outs. Few people bought as the prices offered were of little inducement.

It is evident that the merchants feel that the merchandise they now have on hand is better, in many cases, than the kind that they can get on the market today, the prices are higher on the wholesale markets and a lot of things are unobtainable.

Many of the wholesalers and manufacturers are holding their merchandise back because they think prices will increase and the merchants are not overly anxious to sell what they have in stock because they expect to have to pay more when they replace it.

Many folks buying retail merchandise are buying more than they need because they figure on a shortage or on price increases. Who is to blame, who are the hoarders?

Most business men in Slaton report that before the first of the year people were buying most everything in quantities that were beyond their immediate needs, but now the scare buying seems to have died down and most everyone has either bought most of the articles that they can afford to put aside for future emergencies, or they have lost faith in the scare stories about shortages and higher prices.

It may be that the wholesalers and manufacturers will get weary of holding their merchandise back before long. The price controls that the Government is considering may become too high for the outfits that have been pushing prices up so readily.

What Happened In Slaton Last Year

Taken from the February 3, 1950 issue of the Slatonite:

Four new teachers have been added to the faculty of the Slaton School System. Miss Bonnie Anderson has been employed to replace Mrs. J. W. Wilder in the fifth grade in West Ward School. Mrs. Sarah Scales is teaching history in high school. Miss Wolda Hannah and Mrs. Helen Bradford are teaching first and second grades in East Ward School.

Jerry Lemon is in the hospital with a light case of pneumonia. He is, however, improving and is expected to be back in school next week.

A special architect will be present Monday evening at the First Baptist Church to discuss the plans and specifications for the new Educational Building. All men of the Brotherhood are urged to be present although their meeting is ordinarily scheduled for this time.

A thief or thieves broke into the Slaton Lumber Company last Wednesday night and broken open the cash drawer taking \$46.40 in bills and cash. Entrance was made through a window.

Mr. and Mrs. L. A. Harral daughter Mary, and Durwood Crawford went to the Fat Stock Show in Ft. Worth over the week end.

Mrs. W. H. Mudgett and two children of Duncan, Okla., are visiting her parents, Mr. and Mrs. Harry Stokes and Mr. and Mrs. Jerry Mudgett.

Miss Kathleen Eldson of Dallas, formerly of Slaton, became the bride of Brian Sartain Thursday, January 26 at 7:30 p.m. in the Maple Lawn Methodist Church in Dallas. The double ring ceremony was read by the Rev. Charles Bounds before the greenery banked altar which was decorated with baskets of white Garza chrysanthemums and white gladioli.

PREVENT SPREAD OF FLOCK DISEASE

Winter confinement of the laying flock sometimes results in housing conditions that are not always ideal. Consequently, it's somewhat easier for management slip-ups to occur. Filth and droppings may accumulate, litter may become wet and damp, or drafts may develop. Any number of irregularities can appear on the scene.

For these reasons, its more important than ever that raisers give their strictest attention to the details of laying flock management. But even with close supervision of the flock sickness sometimes breaks out. When this happens, quick action is necessary to prevent further spread of the disease or outbreak.

REMOVAL OF DEAD BIRDS

When an individual bird shows unthriftiness or a general run-down condition, it should be immediately separated from the rest of the flock. The raiser should attempt to determine the cause of the disturbance as soon as possible, either by conducting a post-mortem examination on the bird or have a flock service man observe it for symptoms. Once the cause is determined proper steps should be taken to prevent further losses. Sanitation combined with proper poultry medication often stops the spread of disease.

As an additional precaution, the poultry raiser should review his management program, checking nutrition, housing, and sanitation for any irregularities that may have caused trouble.

BURN CARCASSES

Dead birds carelessly left in the vicinity of the poultry house can easily cause disease troubles. Therefore, it is highly important that all carcasses of dead poultry be removed from the poultry house and burned as soon as possible. Year around, this is the most convenient way of disposing of dead birds.

It is quite simple to construct an incinerator for this purpose. Bricks or stone, or an iron barrel, can quickly be turned into an adequate burner with a little time and ability. Remember that the incinerator should be placed in a location naturally drained so water or ice won't stand in the firebox. It should also be located where winds will carry any unpleasant odors away from the house.

The More He BREAKS The More He MAKES

Texas motorists, Texas highways and Texas taxpayers should be protected against the ONE PER CENTERS.

ONE PER CENTERS are truck combinations weighing, loaded, 20,000 pounds or more. Only one of every 100 vehicles registered in Texas pays a license fee for 20,000 pounds or more. FEWER than three out of every 1,000 are registered for more than 40,000 pounds.*

Our highways should be SAFE for ALL the people—individuals, commercial users and the military alike.

Texas highway tax dollars should be conserved and used wisely. This can be done

- (1) by limiting the weight (gross load and axle load) that may be transported legally by the ONE PER CENTERS and
- (2) by enforcing the law against those who persist in overloading.

Texas highways are paid for by and belong to ALL THE PEOPLE. Highways adequate for 99% of Texas users—individual and commercial—can be constructed and maintained for about ONE-THIRD of the cost made necessary by the weight of the ONE PER CENTERS.*

This is your problem. Send for your copy of the booklet, "THE CASE OF THE ONE PER CENTERS," which tells you, among other things, why

Kahlich-Schilling Marriage Read In St. Joseph's Catholic Church

MRS. EDWARD SCHILLING

In a double ring ceremony solemnized January 22 at 8 o'clock in the morning in St. Joseph's Catholic Church, Miss Junell Kahlich became the bride of Edward C. Schilling. The bride is the daughter of Mr. and Mrs. Arthur Kahlich and the bridegroom's parents are Mr. and Mrs. H. F. Schilling. Rev. T. D. O'Brien officiated at the service.

The altar was decorated with white gladioli banked with plumasus and flanked with white candles in candelabra. Miss Joerita Kitten, cousin of the bridegroom, played traditional wedding marches on the organ, and accompanied the choir at the Nuptial Mass.

Given in marriage by her father, the bride wore a wedding gown of slipper satin with off-shoulder folds of satin, finished with a design of seed pearls. The neckline featured an almost invisible yoke. The fitted bodice buttoned down the back with self-covered buttons from the neckline to the low waist. The skirt swept into a long train. Long period sleeves fitted tightly at the wrist. She wore an imported silk illusion veil, attached to a bridal bonnet of illusion and pearlized orange blossoms. She carried a colonial bouquet of white gladioli.

Miss JeAnn Kahlich of Slaton, who served her sister as maid of honor, wore a dress of royal blue satin. The bridesmaids, Miss JoAnn Kahlich, cousin of the bride, and Miss Lorraine Schilling, sister of the bridegroom, wore cranberry wine and kelly green dresses, respectively. Their dresses were made similar to the bride's. Their headpieces were made of slipper satin to match their dresses. They carried colonial bouquets of white gladioli.

Joe Schilling, brother of the bridegroom, served as best man. Groomsman were Tommy Bednarz of Slaton and Oskar Schwertner of St. Lawrence. Ushers were Walter Bednarz and Leon Schilling.

Immediately following the ceremony a breakfast was given at the home of the bridegroom's sister, Mr. and Mrs. Albert Kuss, for the wedding party and Rev. O'Brien. A dinner was also given at St. Joseph's Hall at 3 p. m. The bridal table was laid with a crochet lace table cloth and centered with a three tiered cake, topped with a miniature bride and groom.

Approximately 250 guests attended the wedding. Out of town guests were from San Antonio, Rosenberg, Needvill, Schulenburg, Plainview, Rowena, and Olfen.

In the evening a dance was given in St. Joseph's Hall. Mr. and Mrs. Walter Bednarz led the grand march.

After the dance Mr. and Mrs. Schilling left on a wedding trip to Georgia and Florida. For traveling the bride chose a blue gabardine suit with navy accessories.

Mrs. Schilling is a graduate of Slaton High School and had connections with the Catholic Daughter's of America in Slaton.

The young couple will make their home on a farm at Hale Center, Rt. 2.

Billy Hodges Has Fifth Birthday

Billy Roy Hodges was honored with a party on his fifth birthday in his home at 315 S. 13th St. this week. Games were played and the guests sang "Happy Birthday" to Billy Roy as he blew out the candles on the cake.

Refreshments were served to Nancy Miller, Kenneth Romines, Greta Brookshire, James, Sylvia, Deanna, Bonnie, and Betty Cole, Dow Winchester, Carol, Bobbie Sue, and Travis Brasfield, Jerry Richard and Freddie Miller, Donnie Augerer, Royce and Vicki Hodges, Gary Peebles, Connie and Shirley Hodges, and Mrs. James A. Cole, Mrs. A. L. Warren, Mrs. Ray Miller, and Mrs. Bob Brasfield.

Mrs. Huckabay Is Speaker For Civic And Culture Club

Mrs. W. R. Lovett was hostess to Civic and Culture Club, January 27. In the absence of both the president and vice president, Mrs. W. J. Smart was elected temporary president and Mrs. W. T. Cherry acted as secretary.

Mrs. J. B. Huckabay gave the program on "Religion, Universal Language." In her discussion she traced the growth of religion from pre-historic days to the present time. She stressed the need of man for religion, and his constant seeking of a power greater than himself. "Any religion, other than the Christian religion," she said, "is not enough to satisfy man."

Seventeen members and one guest, Mrs. L. W. Smith, attended the meeting.

Mrs. Barry Hostess To Win One Class

The Win One Class of the First Methodist Church met Friday afternoon at 3 p. m. in the home of Mrs. J. D. Berry. Mrs. Frank Merrill was co hostess.

The meeting was opened with a prayer. A short business session was held and plans for the New Year were made. The devotional was given by Mrs. George Taylor on "Living Victoriously in 1951". Mrs. J. T. Pinkston presented "Try Asking God" by Kate Smith.

Records of "The Lord's Prayer" and "Whispering Hope" were played and Mrs. O. B. Herring closed the meeting with a prayer.

Refreshments were served to 16 members.

The next meeting will be with Mrs. Joe Walker, Sr.

Art Exhibit To Be Held February 6 At The High School

An Art Exhibit, consisting of 153 art masterpieces, will be held in Slaton High School, Tuesday evening, February 6, from 7:30 to 9:00. In addition to the main showing on Tuesday, the exhibit will be open on Monday and Tuesday afternoons and Monday evening, for those who will be unable to attend Tuesday evening. The exhibit will be open from 2:30 to 4:00 in the afternoon. Admission price is 35c and 14c.

Funds received from the exhibit may be used by the school to purchase pictures to be placed in the school buildings.

BLUEBONNET CLUB PLANS TO ATTEND LUNCHEON

Mrs. L. T. Garland was hostess to the Bluebonnet Club January 10. Thirteen members answered roll call. Luncheon for February 28 was discussed. Mrs. Sanner presided in the absence of the president and vice president.

The club met January 24 in the home of Mrs. Dan Liles. Twelve members were present. Final plans for the luncheon were made. The club voted to go to Lubbock for the 10 o'clock luncheon on February 28. Three visitors were present. They were Mrs. Wayne Kennedy, Mrs. Wayne Liles, and Mrs. H. W. Dawson.

The next meeting will be with Mrs. H. V. Jarman, February 14.

MRS. CALDWELL HOSTESS TO MARY MARTHA CLASS

The Mary Martha Sunday School Class of the First Baptist Church met in the home of Mrs. Edd Caldwell on Thursday, January 25 for a covered dish luncheon.

The group made doll clothes and linens for the nursery.

Those attending were mesdames R. C. Patton, Don Britt, Gordon Burrell, Clyde Hogue, Charles Felty, Lynn Perdue, C. E. McCoy, Roy Murphy, Clarence Wells, E. L. Norris, Lois Merrell, Dave Draper, G. W. Privett, E. B. Custer, J. W. Belote, Todd, and Caldwell.

Mr. and Mrs. Hilton Foerster and children, Jimmie and Ana Kay, of Shallowater spent several days last week with her mother, Mrs. Lula Caldwell. They had an irrigation well drilled on their farm southwest of town while here.

Mr. and Mrs. Clifford Young and Rev. and Mrs. W. F. Ferguson of Lubbock went to Ardmore, Oklahoma last week.

Local Church Women Plan Joint Meeting

In observance of the World Day of Prayer, the Federation of Church Women in Slaton will meet February 9 at the Presbyterian Church at 3 o'clock.

The program title will be "Perfect Love Casts Out Fear." Music is to be arranged by Mrs. L. A. Harrah. Soloist will be Mrs. M. G. Davis. The leader for the program is Mrs. A. Sug Robertson.

Mrs. Earl Reasoner will explain "Where Our World Day of Prayer Offerings Are Used."

Slaton-mites Are Not Afraid To "Speak Up" When Posing For Pictures

"We, the people, speak!" And this time it's the little folks doing the talking.

We believe that you will enjoy our making believe they have lots to say while MARINELL shoots them with a camera.

"I need a picture for the paper, Marinell. You see, I was asked Sunday to address the Monday Club which used to meet on Tuesday before they changed their name to the Wednesday Club and decided to meet on Thursday instead of Friday because the clubhouse is closed on Saturday."

Elsie Edwards Daughter of Mr. and Mrs. Jack Edwards

"I'd like a three-quarter's pose rather than a full figure because I have only 75 cents in my purse."

Judy Davis Daughter of Mr. and Mrs. W. T. Davis

Nothing Better Than Good Food, Says Ohio Man

If a man isn't able to eat the foods he likes he's in mighty sorry shape—imagine going through life without being able to enjoy a fine big platter of bacon and eggs. That is the way Joseph N. Dammill, 3414 E. 5th Street, Dayton, Ohio, used to be, but since he has been taking HADACOL, he feels just fine and is able to enjoy lots and lots of fine foods. Mr. Dammill found that taking HADACOL helped his system overcome a deficiency of Vitamins B, B₁₂, Nicotin and Iron. Here is Mr. Dammill's statement: "My first bottle of HADACOL convinced me that HADACOL was what I needed for the gas on my stomach at nights. I could not keep food on my stomach, but after the first bottle I was going great. Now I eat bacon and eggs, and other foods that never would stay with me. I also can sleep well at nights. Thanks to HADACOL I will never be without it, and can recommend it to all who suffer with the above ailments that I had. I know because I have suffered for quite some time." © 1950, The LaBlane Corporation

Land clearing began this week for the second new 4in to be announced for Seminole in two weeks, as W. L. (Jack) Ragan of Brownfield revealed plans for a new \$130,000 Lummus 5-90 gin plant.
Location is two miles west of Seminole on the Hobbs highway on the C. L. Locke property.
The office building and gin foundation will be put up as soon as the land can be cleared. Ragan expects to begin erection of the building in March, has been promised the gin machinery in April and has scheduled completion for some time in June.

Two new deep wildcat oil tests with operations to begin immediately have been announced this week for Lynn County.
Mid-Continent Petroleum corporation expects to test the Ellenburger at a location five miles east and a little less than three miles north of Tahoka on the Cal-loway Hufaker farm. The test will be known as the Mid-Continent No. 1 W. C. Hufaker, located 660 feet from the north and west lines of section 517, block 1, GC&SF survey.
Preliminary work has already started at the site of another test 12 miles west and 2 miles north of Tahoka on the Mrs. W. D. (Annie) Nevels ranch. This test will be made of the Ellenburger by Standard Fryer Drilling company of Dallas Max Percy and Elisha Walker, Jr., both of Chicago, will be known as the No. 1 Mrs. W. D. Nevels, and is located 660 feet from the south and east lines of section 4, block C-42 PSL survey.

A vote of 118 persons disapproving of rehiring J. T. Jones as superintendent of Olton schools, failed to bring action this week from a school board which last Thursday in its regular meeting awarded the superintendent a new three year contract.
School Board President G. T. Sides said that he had not yet signed the contract and didn't intend to until it was re-read to the board. But he also stated that no special action or meeting was anticipated because of the informal protest presented him shortly after the public session.
The public meeting called Monday afternoon by widely distributed pamphlets endorsed by George Redinger, local school board member, drew some 160 person.

Crosbyton is still scheduled to receive its dial telephone system during the first half of 1951. G. D. Shelley, general manager for the company, reported to Bob Work, chamber of commerce secretary, in a letter this week. Construction of a building to house equipment will probably begin within a short time.

Emergency in critical materials, many of which are being used in the construction of the Floyd county court house and in the approximately \$200,000 building program of Floydada Independent School district, this week resulted in a checkup which indicates that both these public improvements seem to be well past the stage where there might be government restrictions on materials. The court house work, now in its last phases, seems to be well under the wire. Story of progress in urgently needed school construction also sounds encouraging.

Slaton Defeats Bulldogs, 33-30

Slaton High's basketballers got revenge Tuesday night as they outlasted the Tahoka Bulldogs, 33-30. The Tigers took an early lead and held this margin throughout the contest. The Tahokans pulled up to within one point of the Tigers but were never able to pull ahead.
The score at the half was 23-13.

Slaton leading.
The local quintet, who play a great defensive game, kept the Bulldog attack throttled for most of the last half.
A large crowd was on hand to witness this game and the boys really appreciated it.
Akin, Corley and Fleming combined to give Slaton its first conference victory. Moore, Bownds, Dillard, and Williams played an outstanding game also. — The Tiger's Cage.
