NUMBER ONE

Big Day For Slaton Is Planned For Saturday, September 1st

\$300 In Prizes To Be Offered

Saturday, September 1st is going to be a very special day in Slaton and the merchants are planning on giving a real party. The big event of the party, to be known as Slaton Trades Day, will be the giving away of \$300.00 in cash prizes.

There will be no strings on the prizes and no one will have to buy a thing, all that is necessary is for those who wish to take part, to visit the concerns and deposit a coupon in a collecting box. There will be separate boxes at each place of business listed below. The Slaton Chamber of Commerce will have charge of drawing the names after the slips have all been collected from all of the places. The drawings will be made on Monday, September 3rd, and winners need not be present to win prizes. The list of the names of the winners will be carried in the issue of the Slatonite of September 7th.

It is hoped that the prizes and many extra values, that the merchants are planning for the special day, will bring both the home town folks out to visit around the stores and will attract out of town visitors. Everyone will be welcome.

The firms that will take part are:

C. R. Anthony, Home Furniture, Slaton, Palace and Circus Theatres, Eaves Produce, Piggy Wiggy, Self's Service Station, Slaton Lumber Co., Schuette's Service Station, Slaton Bakery, Quality Cleaners, Clay Oates Dept. Store, Caprock Drive-In Theatre, Walke's Grocery, Kessels, Thompson Furniture, John C. Champion Jewelry, Salems, White Auto Store, Slaton Steam Laundry, Crow-Haral Chevrolet Co., Sparkman Motor Co., Slaton Pharmacy, Berkley & Haddock, Slaton Motor Co., E. B. Custer, Gulf, Payne's Dry Goods, Vivian's Grocery, Slaton Improvement Co., O. Z. Ball & Co., Williams Bisk Co., and Henzler Grocery and Market.

Savell Is Looking For Goat To Walk

Jas. W. Savell, whose property is located near the Heinrich wild cat oil well that is going down three miles south of Slaton, reports that it is a "tight hole" and that visitors, and particularly newspaper snoopers, are not welcome. As near as he could learn the well is down to about 3300 feet and the drill is in rock.

Mr. Savell says that if people in that vicinity should suddenly be conscious of an odor that would make them think that ten thousand pole cats are having a convention in that territory that they can know that the "goat is walking."

For Goodness Sakes It's That Time Again

Even though some folks might get the pocket book blues because the subject of Christmas is being brought up this early in the season, it is necessary to call the attention of folks who want real exclusive Christmas Cards, to the fact that the sample book of attractive line of Holiday Greeting Cards is now ready for inspection at the Slatonite office.

If you would like to see them just come trotting down, or, if you would like to have one of the Slatonite representatives call with the book, phone 20.

In quantity orders of 100 or more no duplicates will be sold to people in Slaton from this book. In addition to personal cards there are a number designed for business firms.

FIRST BAPTISTS TO HEAR WAYNE LYLES SUNDAY

Wayne Lyles will fill the pulpit at the First Baptist Church, at both services, Sunday, in the absence of the pastor, Rev. J. T. Bolding. Wayne, a home town boy, has been pastor of the Baptist Mexican Mission for over a year. Everyone is invited to hear him Sunday.

Rev. Bolding will open a revival meeting in Friona, Texas, Sunday.

Mrs. Harry Wagner, formerly of Slaton, but now of Uvalde, Texas, is visiting friends and relatives. Mr. and Mrs. Cecil Selby went to San Angelo last Sunday to meet Mrs. Wagner. Mr. Selby is a brother to Mrs. Wagner.

O.P.S. Man To Be Here Tuesday

Lee R. Gamble, price specialist from the district office of Price Stabilization in Lubbock, will emphasize compliance with Ceiling Price Regulation 34—service establishments—when he confers with Slaton business men next Tuesday morning, August 28. He will set up offices in the City Hall Auditorium.

His regular visit here is one of 79 weekly price clinics held in the far West Texas district to help merchants bring their firms into complete voluntary compliance with the federal economic stabilization program. They are sponsored jointly by the agency and local civic and business organizations and officials.

The OPS price specialist will be qualified to help not only service establishment representatives, but business men and women of all firms in meeting filing requirements, then in operating their businesses to conform to the pricing practices prescribed in the regulations.

Business men are urged to take advantage of the assistance offered through these weekly visits.

Touchdown Club Sets Meeting Mon. Nite; Election Of Officers

The second meeting of the Slaton Touchdown Club will be held Monday night, August 27, at City Hall auditorium. The meeting starts at 8 p.m.

Few members were present at the first meeting of the club and election of new officers was postponed until this Monday night.

At the initial meeting plans were made for one of the club's main projects—obtaining programs for the Tiger's home games.

Bill Kelley, vice-president, urged all members and interested men to attend the coming meeting. A football movie will be shown by Coach Tony Poulos after the business session.

Movie Nets Tiger Football Team \$117

A group of energetic high school students and the Slaton Theatre joined together to net the Slaton Tiger football team \$117 in a benefit movie Tuesday night.

The Slaton Theatre gave its facilities and football team members along with Geraldine Maxey, Ethlyn Young and Nita Sanders pushed ticket sales for the movie.

The \$117 represented the total after federal tax and other expenses had been deducted. Part of this money will go to buy cushions which will be rented at Tiger sport's attractions, said Coach Tony Poulos.

"The money will be a welcome addition to the football fund," the coach said, "and I'd like to thank the Slaton Theatre for its fine gesture."

Mrs. Bill Chriesman returned home from West Texas Hospital in Lubbock Wednesday morning. Mr. Chriesman reports that she is glad to be home and is improving rapidly.

GOING UP—Korean laborers struggle up a mountainside with a length of cable that will soon be a part of an aerial tramway designed to ease the problem of transporting supplies to mountain troops. U. S. Army engineers (foreground) believe it will haul 400-pound loads on each 1200-foot trip in less than two minutes.

Gospel Meeting Begins Sunday At Church Of Christ

Rev. Carl Spain will be guest speaker of the gospel meeting at the Church of Christ located on Lubbock and Division Streets. Rev. Spain is the evangelist who teaches in the Bible Chair at Texas Tech. Mr. Joe Reed will assist him as song director.

The gospel meeting will begin August 26 and run through September 5. Everyone is invited to attend. Services will be held from 7:00 a.m. to 7:45 a.m. in the morning and will begin at 8:00 o'clock in the evening.

Theatre Announces Change Of Manager's

Announcement was made this week of a change in management of the Slaton, Palace and Circus Theatres here. Joe Dennis, formerly of Graham, Texas, replaces Bill McDavid, as manager.

Dennis is an experienced theatre man. He managed two theatres at Graham prior to coming here. He and his wife, Ruby, have already moved to Slaton.

"I'm anxious to meet everyone and help in any way possible in community affairs," said Dennis.

Improvements to the Slaton theatre are planned in the near future, said the new manager. These include a new screen, new curtain and stage lighting equipment.

Born on August 16 to Mr. and Mrs. S. D. Hindman, 1330 13th St., Slaton, in Mercy Hospital, a boy weighing 7 lbs., 7 ozs.

Born on August 19 to Mr. and Mrs. Ray Hair, Box 1291, Lubbock, in Mercy Hospital, a boy weighing 9 lbs., 1 oz.

Daily Practice For Football Hopfuls To Start Monday

Some 45 Slaton High School football candidates start daily practice sessions this Monday, August 27, in preparation for a season that has Coach Tony Poulos in hopes of finishing high in district 4-AA.

With most of last year's squad returning and a crop of new boys with good potentialities, the Tigers are aiming for a top spot in 1951.

Football candidates are asked to report to Coach Tony Poulos at 5:45 a.m. Monday morning at the School gymnasium. To escape the heat work-outs will start at that hour with another work-out in late afternoon. Physical examinations are scheduled for Monday also, the coach said.

First up in the Tigers 9-game schedule is Floydada, playing here Sept. 7. Abernathy journeys here for the second game after which Slaton goes on the road meeting Seagraves and powerful Littlefield on successive Friday nights.

October 5 will find the Tigers playing Morton here before opening conference play against Spur on October 12. Ralls here, Tahoka at Tahoka and traditional rival Post there complete the schedule.

Zac Henderson will be back as assistant coach and chief scout along with a new-comer, Homer Tompkins, a TCU graduate and former Horned Frog griddler. Tompkins is due here late this week in time for opening practice.

Tompkins, who played mostly on defense for TCU and is a defensive specialist, will handle the Tiger line. Henderson will coach ends with Head Coach Poulos tutoring backs.

The Tigers are in a new conference set-up this year—4-AA instead of 4-A. In the process three teams dropped out including Littlefield and Levelland. Tahoka and Post are the only conference teams Slaton meets that were in 4-A last year.

Spur and Ralls are the other conference opponents for Slaton in 4-AA.

Some 18 Year Olds Not Registering

AUSTIN, Texas, Aug. 18—The number of 18-year-old Texans failing to register under the federal draft law is increasing, Brig. Gen. Paul L. Wakefield, State Selective Service Director, said here today.

State draft headquarters records indicate that registration has been falling off since the end of March. General Wakefield estimated that 2,000 to 2,500 18-year-olds currently are unregistered.

"We've been watching this situation closely since late spring with the hope that the trend would stop," the state draft director said. "We've asked the local draft boards to act under a provision of the regulations whereby a letter will be sent to men in their communities suspected of being delinquent under the law."

General Wakefield reminded males subject to registration of penalties if convicted of failure to comply with the law. He quoted from a section of the law providing maximum penalties of fine up to \$10,000 and imprisonment up to five years.

Under the draft act, all 18-year-old males are required to register with their nearest draft board on their 18th birthday or within five days thereafter.

ALLAN PAYNE ILL

Allan Payne, who was taken ill the latter part of last week, was reported to be considerably improved, although he was still confined to his home yesterday. He hopes to be back at work soon.

What's Going On At The Civic Clubs

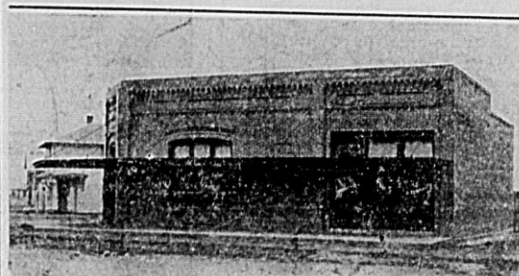

The program for the Slaton Rotary Club meeting, held Thursday, August 16, was a report from the Slaton Chief of the Fire Department, Elbert Wilson, on the State Fireman's convention held recently. An explanation by J. J. Maxey on tax problems of the City of Slaton was also given.

The Lions Club heard a vivid description of the experiences of Roland McCormick while he was in Korea on the fighting front. Roland returned recently after having been on the firing line in Korea for over a year.

"It was a revealing, but not very cheering recital," said one of the Lion members.

Arrangements were made by the members to hold their annual outdoor picnic next Tuesday evening on the Slaton Club House lawn. The feed will start at 7:30 p.m.

"Happy Birthday To Us," We're Just Forty Years Old This Week

THE SLATONITE AS IT USED TO BE—occupying just half the floor space that it does now. The photo must have been taken a considerable time ago as the building now occupied by the business office of the Slatonite had not been constructed. The building, as shown, was not constructed to accommodate a newspaper and has been occupied by a bank, a furniture store, a grocery store and for other purposes.

The Slatonite Is Growing Up

"... and many happy returns of the day." That's to us, the members of the Slatonite Staff, and to you, our readers, who make it possible for us to continue printing the "Slatonite," full of news about you and your neighbor. This week, your home town paper is forty years old.

The Slatonite came to Slaton when the town was only a little over two months old. L. P. Loomis was editor and manager, and R. C. Edgell, advertising manager.

The first Slatonite had four pages and five columns—mostly advertising. These advertisements must have paid off, for Slaton progressed, and the Slatonite grew with the town.

Each issue carried news of new developments. New people came and new business firms were established. Feed mills and cotton gins were established, farmers and workers moved here, the Slaton school district was enlarged. Each new movement of growth was duly recorded in the pages of the Slatonite.

During the first World War the Slatonite carried news of the soldier boys, in the form of letters written home to their parents. The paper was then a six column affair filled mostly with advertisements, news of soldier boys, and continued stories such as "The Confessions of a German Deserter" and "The Kaiser As I Knew Him For Fourteen Years." When the armistice came the Slatonite settled down hoping to report only peaceful happenings from that day forward. But again in 1942 we began columns of news of the men in service. Again through the war years the Slatonite tried hard to report on all local men and women serving America. Peace came and the United Nations was born. We hoped, again for lasting peace. Now, with the Korean situation as it is, with our local boys and girls again away in service. We try to report on each of them.

The Slatonite has grown since those first days, just as Slaton has grown. Since Mr. Loomis first established the Slatonite, the paper has changed hands five times. In 1919 Mr. Loomis sold the paper to W. D. Donald, who published it until his death in 1921. In 1925 Mrs. Donald sold the paper to Lindsay Nunn and T. E. Roderick. However, they sold it back to Mrs. Donald in a few years and she published it until 1938. Then Jimmy Rankin purchased the property. On September 1, 1940 the present owner and publisher, A. M. Jackson, bought the paper. He had been on the staff of the Amarillo Globe-News, but wanted a paper of his own. Since his coming the paper has steadily grown. We now have seven columns and an average of fourteen to sixteen pages. The advancement of the paper has been made possible through continuous improvement of the plant, both for publishing the newspaper and for doing commercial printing such as ruled forms, booklets, programs, personal and business stationery, and wedding announcements. The Slatonite carries a good stock of office furniture and supplies also.

The City of Slaton and the people of Slaton are the source of our news, so as your paper we are enjoying a "Happy Birthday."

Mr. and Mrs. Jimmy Teague of Danigerfield are visiting his parents, Mr. and Mrs. R. F. Teague and his sister Mrs. Cecil Long. They have visited his sister Mrs. Louis Whitaker of Merkel and will go to Big Spring soon to visit relatives there.

Undergoing major surgery in Mercy Hospital this week was Mr. C. E. Worder of Slaton.

WEATHER REPORT
West Texas Gas Co. thermometers registered 102 on Saturday, August 18 for the hottest day, while a low of 64 on Monday, August 20, was reported.

LOCAL Rainfall
Rainfall in this area on the Slatonite rain gauge registered 2 inches total for the past five days. Gauges in other parts of Slaton registered as much as two and one half inches.

THIS WEEK'S SMILES
Arthur Godfrey quoted an ad from a New York newspaper in which an exclusive store advertised some expensive items for the bath. There were three cakes of soap, for instance, which cost \$3.85. Then there were scented oils, bubble-producing, exotic perfumes, compounds, etc. Godfrey exclaimed a bath such as was recommended in the ad would cost \$45.

"If I ever took a bath like that," he said wistfully, "I'd hate to pull the plug."—Barbara La Crosse.

This Rain Will Help The Crops

Mr. J. H. Brewer, 410 W. Garza, thinks this rain we've been having is going to do a lot of good for the cotton that hasn't been burnt so badly that it has stopped growing. It should pick right up and make a nice crop.

Of course the cotton that has been badly burnt will have to start growing, now, and it's very possible that it will do very well unless there is an early frost. However, in extreme cases it may take ten acres to make a bale.

Of course, this rain will bring on the insects. Some farmers with irrigated cotton have already used poison and spray against insects, but those who did not have irrigated fields have, for the most part, not found it necessary to use poison against the insects, yet. Now, however, they will.

"It's good," said Mr. Brewer, "to have the rain now before we get ready to put up the land this fall, and," he continued, "this is going to help the late feed wonderfully."

The State Youth Director Will Be At Church Of God

Rev. and Mrs. Wayne Heil, State Youth Director, for the Churches of God in Texas, will visit with the local church on Wednesday, Aug. 29th, at 8 p.m.

Both are talented singers and Bro. Heil will be bringing a message with interest to the young and old alike. Come and enjoy this service with us, Rev. Louis Bowerman, Pastor.

Coach Announces Parents Meeting

Coach Tony Poulos has announced a football parent-coaches meeting for Friday night, August 24, at the High School auditorium. Time is 8:00 p.m.

The meeting will serve as a "get-acquainted" period as well as a mutual discussion of the objectives both coaches and parents are interested in as far as the team is concerned.

Poulos requested all parents of football candidates to attend.

Week's Question.....

Disregarding The Price Of Food (If Possible) We Can Dream Can't We?

In Webster's Collegiate Dictionary, food is defined as: "1. Nutritive material taken into an organism for growth, work, or repair and for maintaining the vital processes. 2. Nutriment in solid form, as opposed to drink. 3. Anything that nourishes or sustains."

Now, no one will deny that spinach is nutritive material, it is in solid form; and it will also sustain an empty stomach. But, personally speaking, this gal would rather be sustained by a nice, well done, T-bone steak, with mashed potatoes and mushroom gravy; topped off with a slice of fresh apple pie—a-made. Of course, this treat is reserved for special occasions; and if prices keep going up (Heaven forbid) the day may come when, instead of asking my husband for an anniversary gift of perfume, jewelry, or a new appliance; I may just say "Darling, if you can afford it, I'd like a T-bone steak." This week, disregarding prices, diets, and any other refraining measures, we asked the question, "What does your favorite meal consist of?"

H. C. Helrich, 950 W. Lynn. "I'd like a T-bone steak, well done, vegetable salad, creamed potatoes, English Peas, and I'd like to top it off with a piece of cherry pie."
A. A. Trawcek, 110 N. 4th. "In weather like this I'd take a lettuce and tomato salad with Thousand Island Dressing. A nice fruit plate with pineapple, peaches, prunes, grapes, and apples on it, and cookies to eat with it; plain vanilla ice cream for desert."
Mrs. Joe Walker, Jr., 525 W. Garza. "I'd like a broiled Loin steak, well done; tossed green salad; baked potato; hot rolls and apple pie with a slice of cheese for desert."

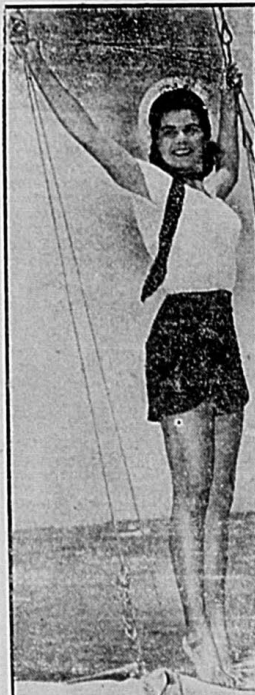

As an angel who materializes on earth in the body of a cowboy, Clifton Webb falls into the clutches of lovely Joan Blondell in this scene from the Twentieth Century-Fox comedy "For Heaven's Sake" which starts Wednesday at the Slaton Theatre. Webb co-stars with Edmund Gwenn, Joan Bennett and Robert Cummings.

Donald O'Connor and Piper Laurie listen attentively as their comedy co-star, Francis, the talking mule, provides them with race horse winners in Universal-International's new comedy, "Francis Goes To The Races," delightful laugh sequel to the highly-successful "Francis," released last year. "Francis Goes To The Races" opens Sunday at Slaton Theatre.

"House Rockers" Play Wednesday At Drive-In Here

Wednesday night's are "special" at the Caprock Drive-In Theatre here. A six-piece "blues and rhythm" band plays between shows. In their initial appearance at the local drive-in theatre, "The House Rockers" scored a success with the crowd. Manager Gene Brown booked them again for Wednesday night. The band, which specializes in boogie-woogie and blues music, is composed of six Slatonites and managed by Melvin Steen. Gene Franklin, pianist, is featured as well as the band's jack-of-all-trades, Nelson Staton, who alternates playing four instruments. Other members are Jack Hill, who plays Alto sax, Lee Campbell on guitar, James Behn, bass, and Junior York, a whirl-wind drummer.

two sons, Edward and Ronald, and a daughter, Mary Jo, all of the home; two sisters, Mrs. Joe Schuler of Lubbock, and Mrs. J. H. Eaves of Slaton; a brother, Cecil McLary of Corpus Christ; and a grandson. Burial was in Lorenzo Cemetery, under the direction of the Marr-Carter Funeral Home of Ralls. Active pallbearers were Carl Alverson, Buck Stobough, Joe Jennings, Fred Wiese, Henry Taylor, and Carson Hicks.

Miss Billie Jean Tucker of Fort Worth, visited her mother, Mrs. I. C. Tucker over the week end.

MRS. E. S. SMITH OF LORENZO IS CLAIMED

Mrs. E. S. Smith, 53, for many years a teacher in Lorenzo schools and a prominent figure in South Plains Parent-Teacher Association activities, died suddenly at her home at Lorenzo at 7:00 a.m. Sunday. Funeral services were held at 10:30 a.m. Tuesday in the Lorenzo Methodist Church with Elder Drake of Idalou officiating, assisted by Rev. Cecil Hill of San Antonio, Rev. Clyde Campbell of the First Baptist Church of Lorenzo, and Rev. H. F. Dunn of the Methodist Church of Lorenzo. Survivors include her husband;

Myra Mayree Brown And Lynn Burris Are Married In Wellington, Kansas

Mr. and Mrs. George Alfred Brown, Wellington, Kansas, announce the marriage of their daughter, Myra Mayree, to Mr. Lynn E. Brown, son of Mr. and Mrs. Lynn E. Burris also of Wellington. The candlelight ceremony was performed in the First Baptist Church, August 4, at 7:30 o'clock. Reverend Howard Haworth read the double ring ceremony before an altar decorated with huckleberry branches, English ivy chains and burning tapers. Floral arrangements of satin bows, English ivy leaves and three tiered candelabra were placed on the pews. The prelude of organ music by Mrs. L. T. Basinger included "Deep Purple", "Indian Love Call", "Clair de Lune", "To An Evening Star", and "Ava Maria". Mrs. M. E. Dresback sang "Through The Years" and "No Other Love".

The bride, who was given in marriage by her father, wore a floor length gown of white imported French lace over starched chiffon. The gown was fashioned with a fitted bodice, embroidered with seed pearls, a low scalloped neckline and short scalloped sleeves edged in seed pearls. The hoop skirt featured a scalloped hemline. A cap of lace, embroidered with seed pearls, held the fingertip veil of tulle. The bridal bouquet was an arrangement of lily of the valley, staphanotis and tulle.

Mrs. Thurman D. Reynolds, sister of the bride, and Lena Schmidt, both of Slaton, attended the bride as matron of honor and maid of honor. Bridesmaids were Mrs. Harold P. Brandenburg, Kansas City, Missouri; Miss Joan Schocht, Lincoln, Nebraska; and Miss Barbara Peterson, Wellington, Kansas.

The attendants wore identical dresses of elf green with strapless shirred taffeta bodices, buffan skirts of nylon marquisette and stoles of marquisette. Their hats were of forest green velvet, and they carried muffs of shirred taffeta on which English ivy and white tuberous begonias were placed.

Russell Burris, brother of the groom, served as best man. Ushers were Theodore Maupin, Hutchinson, Kansas; James Lowder, Allen, Kansas; and John Dwyer, Wellington, Kansas.

For her daughter's wedding Mrs. Brown chose a dress of plum violet lace with pink accessories. Her corsage was of tinted pink tuberous begonias. The groom's mother, Mrs. Burris, wore a dress of navy blue silk taffeta, navy velvet accessories, and a corsage of white tuberous begonias.

For the reception the bride's table was laid with a Maderia cloth and silver candelabra. The three tiered wedding cake, topped with a vase of lily of the valley, was encircled by ivy leaves. Mrs. L. B. Johnson, Mrs. E. J. Kenney, formerly of Slaton, Mrs. Roy Keithline, Martha Walker and Laura Allen assisted with serving.

Sherrill-Parrish Vows Exchanged

SUDAN, Aug. 20 (Special) — Rev. U. S. Sherrill presided at the double ring wedding of his daughter, Miss Joyce Sherrill, and Owen S. Parrish, Jr., which was read Saturday at 9 a.m. at the church.

The ceremony was read before a candle-lighted altar outlined with fern, accented by white bows and flanked with baskets of white gladioli. The bridegroom is a son of Mr. and Mrs. O. S. Parrish of Las Vegas, N. M.

Mrs. Robert Masten accompanied Don Nelson of Dimmitt as he sang "Because" and "The Lord's Prayer." Traditional marches were played.

Brother Is Escort
The bride was given in marriage by her brother, Nelson Sherrill, of Abilene. She wore a candid delight satin gown, designed with small Peter Pan collar edged with Chantilly lace, long crushed sleeves ending in petal points and a long fitted bodice. The full flared skirt extended to a formal length train. Tiers of French illusion fell from a coronet of braided ivory satin, embroidered in seed pearls. She carried a white biode topped with orchid showered with white streamers.

Mrs. Jerry Powell of Sweetwater, sister of the bride and matron of honor, wore white net over taffeta and carried a Colonial bouquet of blue and yellow daisies.

Bob LeFeure of Slaton was best man.

The candles were lighted by Mary Lee Masten and Charlotte Howell.

A reception was held in the Sherrill home. Mrs. Weldon Hawk and Miss Sara Wood of Lubbock presided at the bride's table and Mrs. Rodney Nichols registered guests.

After a trip to Colorado, the couple will be at home in Slaton. For travel the bride chose a plum suit, with black accessories and an orchid corsage.

PICNIC IN SOUTH DAKOTA HONORS POST RESIDENTS

A picnic dinner was held August 5 at Athletic Park, Parkson, South Dakota, for Gertrude, Weldon and Marvin Neugebauer of Post, Texas. They have been visiting friends and relatives in South Dakota for the past week. They are the children of Mr. and Mrs. Oscar Neugebauer, former residents of South Dakota.

Those present were Mr. and Mrs. Paul Neugebauer and Mary Ann; Mr. and Mrs. Erwin Lindeman; Dennis Cherry and Connie; Mrs. William Neugebauer and Delbert; Mr. and Mrs. George Scheetz and Tommy; Mr. and Mrs. Harold Law; Sharon and Kenny; Mrs. Leonard Schumacher, Margaret, Elizabeth, and Don; Mr. and Mrs. Ed Reimnitz and Rosella; and Ed Neugebauer, all of Parkston, S. D. Mr. and Mrs. Ray Neugebauer and Donny of Ethan, S. Dakota; Mr. and Mrs. August Schumacher, Mr. and Mrs. Herb Koehn and Carolina; Mr. and Mrs. Oscar Schuetz and family, all of Mitchell.

MODEL T AGERS WILL MEET SUNDAY, AUGUST 26

Mary Harral And Durwood Crawford Exchange Vows In Double Ring Ceremony In The Bride's Home Saturday

Clifford Youngs Tour The West

Mr. and Mrs. Clifford Young, their daughter, Ethlyn, their grandson, Larry Frank, and Miss Geraldine Maxey returned Saturday from a tour of mid-western and western states.

They stayed in Rapid City, South Dakota and drove each day to the places they wished to visit. They visited the resort town of Hot Springs, South Dakota, and Sioux Falls. They were enthusiastic over the beautiful scenery. The group visited the Black Hills of South Dakota, Spearfish Canyon, Deadwood and the Badlands. The Iron Road Mountain Drive gave them more thrills than any Ferris Wheel ever would. The drive, in the Black Hills, is full of pigtail curves and tunnels.

The scenery in Nebraska was beautiful. They enjoyed watching the cattle. The group did not stay on the main highways but took gravel roads, so they could drive by ranches and enjoy the quite atmosphere rather than the hustle and bustle of a main road.

They spent five days in Windom, Minnesota with Mrs. Young's cousin, Mr. and Mrs. John R. Caldwell. The crops of Minnesota are beautiful, however, where we of West Texas are worried over the lack of rain, the farmers there are hoping for dry weather so their crops can mature.

During their tour, the party saw cars from every state except Arkansas and Delaware. They also saw cars from Canada, Alaska, Washington, D. C., and Hawaii.

FIDELIS MATRONS MEET WITH MRS. WILLIAMSON

The Fidelis Matrons Class of the First Baptist Church met in the home of Mrs. D. L. Williamson on August 16, with Mrs. Gene Guelker assisting. The meeting was called to order by the president, Mrs. Faye Caldwell, and Mrs. Frankie Perdue gave the devotional. Officers for the next year were nominated and elected. The class teacher, Mrs. Cooper closed with a prayer. Games were played and refreshments were served. All members are invited to the next regular meeting for installation of officers.

Those present were Mesdames Dorothy Howell, Faye Caldwell, Geraldine Mann, Marie Williamson, Mary Roche, Leona Burleson, Frances Murphy, Frankie Mae Perdue, Mable Cooper, Faye Gray, Anne Mae Cole, Lorraine Eddings, Gene Guelker, and Sam Phillips.

In a candlelight ceremony read Saturday the marriage of Miss Mary Leonard Harral to Durwood Daniel Crawford was solemnized in the home of her parents, Mr. and Mrs. L. A. Harral, Rev. R. L. Kirk, pastor of the First Methodist church in Midland, officiated at the double ring service at thirty minutes past seven in the evening before an archway entwined with lemon leaves and yellow gladioli with a background of Washington fern and tropical foliage. Baskets of yellow chrysanthemums were on each side of the arch, flanked by yellow cathedral tapers in candelabra. The bridal party entered by an aisle marked with lighted yellow tapers. Bows of aqua satin ribbon and a pyramid arrangement of yellow gladioli completed the scene.

Mr. Crawford's parents are Mr. and Mrs. J. W. Crawford.

Mrs. E. E. Nunnery offered a prelude to the ceremony of "One Alone," "The Rosary" and "Ave Maria." She accompanied Miss Nancy Teague who sang "Because" and "The Lord's Prayer." "Indian Love Song," the bride's club song, was played softly as vows were exchanged.

Wears Traditional White
Given in marriage by her father, the bride wore a formal white wedding gown in an original model of imported Chantilly type lace and satin, fashioned with portrait neckline finished with soft net ruching. The fitted bodice, embellished with lace applique, had long sleeves ending in points over the hands and a long torso line terminating in a point at center front waistline. Joining this was an immense skirt of satin with deep applique of lace extending from the hipline around hem. The skirt swept into a full cathedral train.

Her fingertip veil of bridal illusion was edged with matching lace applique and joined to a bonnet type cap of shirred lace trimmed with white lilies. She carried a cascade bouquet of staphanotis and white roses centered with white orchid.

For something old she carried a handkerchief belonging to her great-grandmother and wore a gold bracelet 100 years old.

Miss Jo Ann Tilley of Lubbock was maid of honor. She wore a dress of yellow organdy fashioned with a large scalloped ruffle around the shoulders. A veil of yellow for her hair was caught with a braided piece of yellow organdy and she carried a basket of aqua gladioli tied with yellow ribbon. Bridesmaids were Misses Lena Schmidt and Joyce Pember. They wore dresses identical to that of the maid of honor in aqua organdy and carried baskets of yellow gladioli tied with yellow ribbon.

James Pinson of Lubbock was best man. Ushers were Maxey

Pinson of Andrews, Don Crow and Bill Wilson. Ray Madison Ayers was ring bearer.

Reception Follows Service
A reception immediately followed the ceremony in the home. The bride's table was laid with an imported white cutwork linen cloth and centered with an arrangement of yellow gladioli. A silver punch bowl and three-tiered wedding cake were at other end of the table. Floral arrangements were throughout the house.

Mrs. Webber Williams offered music for the reception. Others assisting in the house party were Mrs. Bud Englund, Mrs. Robert Hall Davis, Mrs. Don Crow, Mrs. Cook of Lubbock, Mrs. Ted Swanner and Misses Patsy Hickman, Kay Porter, Martha Mack, and Cynthia Loveless of Lubbock.

For a wedding trip to Colorado, the bride wore an original model suit of worsted wool in mona brown. The double yoke of the jacket was embroidered with acorn and bronze nailheads. A blouse of contrasting crepe of antique gold had a repeat of the embroidery at the neckline. She wore a gold jeweled hat, brown reptile accessories and a white orchid corsage.

The bride is a May graduate of Texas Tech college where she was a member of Kappa social club, Sociology club, Future Teachers of America, and Association of Women Students.

Mr. Crawford was graduated in January from Tech where he was a member of Sigma Phi Pi honorary business fraternity.

Out of town guests were from Abernathy, Muleshoe, Levelland, Post, Midland and Lubbock.

Wayne Kenneys Visit The Western Coast

Mr. and Mrs. Wayne Kenney have just returned from a trip to the west coast. After leaving Cpl. Alton Kenney at his base in Bartsow, California, they went on to Seattle, stopping three days at Los Angeles, there they visited places of interest such as Knott's Berry Farm, Catalina Island and Hollywood.

On the trip to Seattle, they stopped at San Francisco, Red Wood Forrest and went sightseeing along the coast of Oregon.

In Seattle they visited with Wayne's sister, Mrs. R. D. Parise, Mr. Parise and their daughters. There they saw the world speedboat races.

Peggy Kenney, who has spent the summer in Seattle returned home with them. The return trip included stops in Cheyenne, Wyoming and Denver, Colorado.

Future Homemakers Plan Years Work

Slaton Chapter of Future Homemakers of America met Thursday with their advisor, Miss Frances Caffey, to plan the years program of work.

Activities to be carried out include observing National F. H. A. Week, a Christmas party, sending gifts to foreign students through UNESCO, election of chapter sweetheart, sponsoring food booths at Lubbock County Fat Stock Show, preparing and serving the annual Father and Son banquet, a spring style show, and building a float for the Slaton Frontier Day Parade, in addition to regular programs.

The group voted to contribute \$60.00 from chapter funds toward purchase of a coffee urn for the homemaking department.

Chapter officers are Geraldine Maxey, president; Barbara Brooks, vice-president; Annette Wilson, secretary; Jerry Short, treasurer; Patsy Hickman, reporter; Ann Grabber, parliamentarian; and Jo-hnette Berkley, song leader. Parents will be invited to officer installation ceremonies at the regular September meeting.

Attending the meeting were: Johnette Berkley, Barbara Brooks, Barbara McGinley, Betty Golding, JoAnn Ressig, Sally Buchanan, Patsy Hickman, Jerry Short, Jolene Owens, Annette Wilson, Janet Alderson, Neta Sanders, Janice Greer, one visitor, and Miss Caffey.

Mr. and Mrs. W. T. Wyatt and Children have returned from a vacation trip in Tennessee. Mrs. Wyatt's mother, Mrs. Elliot, returned with them.

DORCAS SUNDAY SCHOOL CLASS ELECTS OFFICERS

Mrs. Alvin White was hostess in her home on 855 W. Division, August 16th to The Dorcas Sunday School Class of the First Baptist Church. A business meeting with Mrs. A. Dennis presiding was held before the social.

Opening prayer was led by Mrs. J. T. Bolding. Mrs. J. Brasfield gave the devotional from Proverbs. Officers for the coming year of 1952 were elected as follows: Mrs. Dan Liles, president; Mrs. A. C. Clark, first vice-president; Mrs. Clyde Shaw, second vice-president; Mrs. Henry Jarman, third vice-president; Mrs. Cleta Young, fourth vice-president; and Mrs. R. C. Hall was re-elected secretary. Closing prayer was offered by Mrs. Dennis.

Refreshments were served to: Mrs. Henry Jarman, Mrs. R. C. Hall, Mrs. E. E. Culver, Mrs. J. M. Shaffer, Mrs. I. C. Tucker, Mrs. Jess Brasfield, Mrs. Walter Smith, Mrs. B. A. Hanna, Mrs. Elsie Addison, Mrs. L. R. Gregory, Mrs. A. E. Clark, Mrs. Dan Liles, Mrs. J. T. Bolding, Mrs. A. Dennis, Mrs. Cleta Young and a visitor, Mrs. Orbin Houchin of Hale Center.

MISS JOLENE TUCKER IS BRIDE OF GUS GEORGE

Miss Jolene Tucker, daughter of Mr. and Mrs. W. F. Tucker, and Gus George, son of Mr. and Mrs. S. G. George, were married in a single ring ceremony at Tucuman, New Mexico, August 9.

After a wedding trip to Dallas and parts of East Texas the couple is at home in Slaton.

JUST TALK

by
A.M.J.

P. G. Meading took me out to his home and showed me his peaches. He's got them, all over the ground, on three trees and lots of them falling while you stand there and admire them. The June Bugs are having the time of their lives and P. G. is very much upset of their greedy ways.

At one time before he moved into his new home, P. G. was pretty chesty about his roses and even went so far as to join a rose growers association and he could talk with authority on plant food, fertilization and use terms that made folks like me look bug-eyed and put chills up and down my spine, but now he seems to have lost all interest in roses and has gone in for peaches, and I don't blame him. For several years I tried raising roses myself and it is back breaking work. Bugs and spiders get all over them, weeds grow in the beds and the tiresome task of watering them is like an aching tooth. Take peaches, and all you have to do is to hope it does not freeze late in the season, or, if you wish to look at it in the negative way you can hope that it does freeze late, so that you won't have to go to the trouble of gathering the peaches and then begging your neighbors or friends to take them off your hands.

For several years I was way ahead of P. G. on the peaches and I used to brag about my peaches when he got too deep for me with his rose talk, but now our peach trees have gotten so old and tottery that they can barely raise a few lemon size peaches, the June Bugs are having a word convention in our back yard and I'm just about disgusted with peaches, roses, lawn mowers, lawns, water hoses, garden rakes, jimson weeds, grass burs and 104 temperature, but I'm not ready to say that I like winter better than summer. I'm weakening though.

Things look about as tough now as they did during the last war so far as a lot of items are concerned. The paper salesmen come in and take orders from me for all kinds of stuff and in about six weeks after their visits I get a little dab of merchandise, and very little of it what I ordered. Its gotten back to the point where you have to beg a salesman to let you have a few of this and a little of that, and don't they put on the big act when they say that if you hurry you can have a steel filing cabinet at twice what it used to sell for. We got two wood desks this week that were ordered last September and a letter from an outfit that makes steel desks saying that they were about to get around to making a couple of desks that were ordered in December.

It was a real cleverly written letter and very funny, but there was no date as to when we might get the desks. Might be a good thing for maybe there are no people left in this area who might want steel desks.

If things ever do get back to

where there's plenty of everything I'm gonna be real dirty to some of the guys who have been coming to see me.

Have you had the pleasure of taking aureomycin? If not you really have an unpleasant experience in store for you. That is unless you would enjoy feeling that your head is a toy balloon and attached to your body by a long string, and would not mind feeling that a flock of birds were flying around in your stomach.

How do I know all these details? Thank you, I just had some and I get woozy every time I see anything that even looks like a capsule.

Well the farmers around here are still trying to look gloomy, but it is much harder for them to get tears streaming down their cheeks than it was a few weeks ago.

Found Judge Smith leaning against the post in front of the Post Office last week and tried to get him to repeat what he told me several weeks ago about the world being in its last stages, the South Plains about to blow away, the war about to break out again, the worms were eating everything but the fence posts and the price of everything going up every minute. It was enough to make a man want to hop a freight train, slap a mule in the face or take a bottle of sleeping pills. After listening to Judge for a few minutes I rushed home and told my wife to start chopping expenses, and to get set for the worst time since Hoover said good times were just around the corner.

A few days ago after the rain, I saw Judge Smith holding up the same post in front of the Post Office and he looked like the cat that had just swallowed the canary and all the bird seed.

"How do things look?" I asked Judge, and he did his best to look as sad as he did the few weeks before, but he couldn't make it. "Too late," he said, "the crops ained." But just the same he stepped off up the street as if he were leading the band.

After seeing the Judge, who operates more farms than any man in this section, I feel that I might take a chance and buy a new tie for fall, that is, unless something else besides a long hot spell comes along.

If you see a man walking down the street stepping as if he felt sure one or both knees, might give way at any minute and his neck is blistered, his face and arms show big red welts, where the mosquitoes have been drilling for blood, and if he is muttering under his breath you will know he has just returned from a fishing trip to Colorado.

Most folks expect to get sun burned on a fishing trip, and they would feel neglected if a few mosquitoes did not take a nip now and then, but the sure mark of a man who has been to Colorado is a crippling limp that shows that he has been falling over rocks, beer cans and old rubber boots, and if you ask him if he caught any trout he will say "we had all we wanted to eat."

So far as I am concerned all the mountain trout I want to eat are none. To me a mountain trout is about the most tasteless kind of stuff I ever tried to wash down my throat, and I feel sure that a few pieces of blotting paper would

really have a better flavor and would not require as much tomato catsup and lemon juice to get them on their way down as a mountain trout does.

What started me on this treading is the fact that Doc Crow returned this week from a trip to Colorado and from the way he talks I feel sure he is going to do his fishing from now on, from a soft seat in a motor boat at Possum Kingdom, or some other dependable lake where you can sometimes catch more than your folks can eat.

My heart weeps for Doc, for I've lost a lot of skin off my shins in Colorado, and I don't care if I never see, or smell, another mountain trout.

Just received two new modernistic large size oak office desks at the Slatonite. The manufacturers suggest retail price \$184.00. Our price \$165.00.

DO YOU REMEMBER?

One Year Ago In Slaton—

Taken from August 25, 1950:

Contracts for construction and plumbing for the new high school gymnasium have been let. The general construction contract of \$89,000 was awarded to the firm of Haynes and Soash of Lubbock and the plumbing contract of \$8,510 was given to the P. & G. Company of Lubbock. Total cost of the brick and tile structure will be \$76,410. The cost can be broken down to \$8.84 per square foot of space. According to the contract, the building will be completed in eight months.

Mrs. Jack Doyle Thompson, the former Anna Doris Phillips, was honored Thursday, August 17, with a miscellaneous shower in the home of Mrs. Bruce Pember. More than 250 guests attended the shower which lasted from 7:30 to 9:00 p.m.

Mrs. Cora Stroud announces the engagement and forthcoming marriage of her daughter, Miss Betty Jane Stroud, to Mr. Melvin F. Clearley, son of Mr. and Mrs. F. B. Clearley of Rt. 1, Post, Texas.

Mrs. H. G. Sanders has returned from Plainfield, New Jersey, where she visited her son Greeley and his family.

Mr. and Mrs. P. H. Kinnel of Thorntown, Ind., left this week for their home. Mrs. Kinnel is W. R. Lovett's sister and they have been visiting in the Lovett home here.

Mr. and Mrs. Thurman Reynolds have returned to Slaton after their wedding trip to Colorado. The couple was married August 12.

Postmaster Kirby Scudder, returned this week from Raymondsville, where he visited his mother and father, Mr. and Mrs. W. I. Scudder. He made the trip with J. Frank Norfleet, the famous Sheriff of Hale County.

Five Years Ago In Slaton—

Taken from August 23, 1946:

Leon Waltson of northwest of Slaton brought in the first 1946 bale of cotton at 2:15 Monday afternoon. It was ginned by the Campbell Gin Company early Tuesday morning, and has been on display in front of the Citizens State Bank. The gin weight was 1800 pounds and it produced 490 pounds of lint cotton. This cotton was planted April 18 and 19 and was produced without irrigation.

Honoring her daughter, Judith Ann, on her third birthday, Mrs. Joe West entertained with a backyard party Thursday morning, August 15 from 10:00 to 11:30.

Going through Carlsbad Caverns this past week end were Mary Tom Kirk, Joyce Pember, Dorothy Davis, Mary Haral, Charlene Jordan of Lubbock and M. G. Davis.

A series of parties climaxed the reunion of the group of six former Slaton High School girls, who entered a pact on graduation day in 1936 to meet again in ten years. The series of entertainments ended with a dinner Friday in the J. H. Brewer home, at which plans

were made for their next meeting to be held five years hence at the home of Mrs. Don Burkee in Topeka, Kansas. Miss Florence Baldwin left Saturday for her home in Long Beach, Calif., and Mrs. Don Burkee left Monday for her home in Topeka, Kansas. Mrs. Bedford Thurman, Mrs. Bill McDavid and Mrs. P. W. Wood remained for a longer stay with their families.

Ten Years Ago In Slaton—

Taken from August 22, 1941:

Charles Reese of Slaton will be given his Eagle Badge tonight in Lubbock. This is the highest honor that any Boy Scout can receive.

Guests in the W. T. Cherry home Wednesday and Thursday were Mr. and Mrs. A. L. Davis and daughter, Anita Jo, of Terrell, Texas. Mr. Davis is a brother of Mrs. Cherry.

Miss Betty Rue Stanford, daughter of Mr. and Mrs. C. F. Stanford, became the bride of Mr. R. Gunter Garland of Amarillo, son of Mr. and Mrs. L. T. Garland of Slaton, Sunday morning at 9:00 o'clock at the Methodist parsonage with Rev. H. C. Gordon officiating.

Mr. and Mrs. Clifford Young are

holding open house Sunday afternoon, August 23, so that their friends may call to see their new home, which was completed the first of August. They are asking their friends to drop in between 3:00 and 5:00. Their new home is located 1 1/2 miles southwest of Slaton on the old Southwest road.

Mr. Jack Rettig of Midland visited with his sister, Mrs. C. L. Pack Monday evening.

Mr. and Mrs. P. G. Meading and daughters, Evelyn and Miriam have just returned from Ruidoso, Cloudcroft and other points of interest in New Mexico. Miss Alice Meading, who has been visiting relatives in El Paso for some time, returned home with her parents.

Mr. and Mrs. Fred England and son, Freddie, are guests in the home of Mr. and Mrs. D. L. Pieratt of Beeville. Mrs. Pieratt is the sister of Mrs. England.

Notice to Long Distance Telephone Users

Certain changes in charges and practices pertaining to long distance calls within the State of Texas will be made effective September 1, 1951.

Basic Station-to-Station Day Rates

There will be increases on only 124 of the 815 mileage distances. In no case will the increase amount to more than 5 cents for the initial period of conversation on day station-to-station calls. There will be no increases in the station-to-station day rates over 202 miles.

Station-to-Station Night and Sunday Rates

A discount of approximately 20 per cent from the station-to-station day rate will continue to apply on all station-to-station calls costing over 50 cents completed during night hours and all day Sunday.

Person-to-Person Day Rates

Rates for person-to-person calls, which cost more to handle, are based upon the station-to-station rates. The differential will be 50 per cent instead of the present 40 per cent. The minimum differential of 15c will be continued.

Person-to-Person Night and Sunday Rates

The night and Sunday discount on person-to-person calls generally will continue to equal in amount of money the discount on station-to-station calls between the same points.

The principal changes to be made are described above. More detailed information may be obtained at any company business office.

HELEN BAILY'S ADVICE ON Human Relations

Dear Helen: I am a girl, 25 years old. After graduating from college I started work to support my mother. All went well until a year ago when my elder brother, who is 28, came

to live with us. He hasn't had a steady job since being discharged from the army and does nothing but sit around the house all day. At night he goes out somewhere and drinks. I don't mind supporting my mother, but when I complain about Bob my mother takes his side and says she is the head of the house and as long as she is Bob can do as he pleases. What should I do?

WORKING GIRL

Answer: You should clear up this situation immediately. Your brother would certainly be content to let matters continue if you do nothing to prod him. I suggest that you take steps at once to

get him out of the home or to work. The only solution is to be firm.

HELEN

Dear Helen: I have three small children and do all of my housework. I have always been a good housekeeper but I am afraid that I haven't done such a good job with the children. They cry a good deal and fight each other. They have a good yard to play in and I put them out each day when the weather is good. I have one room for them when it's cold or rainy. I shut them up in there because I find I can get things done so much better without having them under my feet. I am worried because they do not

seem to have good dispositions. What do you think is wrong with them?

MRS. M. L.

Answer: What's wrong with them, I think, is "their mother." From your letter, I judge that you think that keeping a house in apple-pie order is more important than giving your children care and love. Your children need personal care at this time. They need someone near who will answer their questions and who will settle little differences between them before they develop into fights. They need to feel that they have someone near to whom they may bring their little problems and to know that

someone loves them dearly. How can they feel these things if they are shut away from you all day and just brought in to be fed and put to bed? Let a little dust gather while you read to them or teach them how to play with simple toys. Allot some regular time each day to each child, even though their sun-suits go un-ironed or the windows need washing. The years pass in a hurry and the windows will be there after the children grow up. Personal care and attention for children in their formative years pay big dividends later on.

Kills Many Trees

A porcupine's tree damage is greatest in winter. Turning from gardens and grainfields, he can dine on tender tree bark no matter how deep the snows. If he chews a ring completely around a tree, the tree above that point must die. But even spot gnawing weakens a tree, leaving it vulnerable to disease, drought, and storm.

Slaton Women Give Their Favorite Tested Recipes

Dr. and Mrs. Thomas L. Talbert came to make their home in Slaton on January 27, 1951. They moved here from Dallas. Dr. Talbert is associated with Dr. McSween. Jackie is an attractive young woman whose quick smile and easy hospitality wins her many friends. Ovre a coffee cup the other morning she gave me her favorite recipe for a salad dressing which makes the most common green salad a treat fit for a king. Try it and listen for the praise from your family.

Roquefort Cheese Dressing
(for green salads or tomato salads)
1-3 cup vinegar or lemon juice
1 cup Salad or olive oil
1-4 teaspoon pepper
1 teaspoon salt
1 teaspoon paprika
1 teaspoon sugar (if desired)
Few grains Cayenne
4 tablespoons crumbled Roquefort Cheese

Combine all ingredients, shake or beat until thoroughly combined, Chill.

Tom and Jackie Talbert reside at 405 W. Lynn with her two young sons, Larry 7, and Gene 8. Jackie has her hands full with three men-folks to take care of, but she is so efficient, that to the casual observer, she seems to run her household effortlessly. Her main interest in life is keeping her family happy. Dr. Talbert takes care of the 'healthy' side of the question very nicely. He attended Medical School at the University of Colorado and took his internship and graduate courses at Baylor University, Dallas.

The Talbert home is the 'gathering place' for the boys of the neighborhood; and it doesn't bother Jackie a bit—in fact, she rather likes it. Boys being boys, there is also always a supply of dogs, cats, and any other animals Gene and

Larry happen to 'adopt'. Jackie believes in letting the children play and have a good time. She has the patience of Job in matters concerning boys.

Jackie likes to visit and meet people. She attends the First Baptist Church, where she has made many friends. When a chance comes to curl up with a good fiction book, she is happy.

Tom and Jackie both like outdoor sports, golf being their favorite. Both of them enjoy being 'out in the open'. Their main pastime here (when Tom can be located) is driving around. They like to look over the towns and countryside of the Plains. Although neither of them have ever lived in this part of Texas before, they like it very much. They say, "People are so friendly and make us feel so at home, we are very glad we moved to Slaton."

Mr. and Mrs. W. E. Petty of Shreveport, La., announce the birth of a baby girl, Sunday, Aug. 19, at Tri-State Hospital in Shreveport. Mr. and Mrs. Petty are both former residents of Slaton, and graduated from Slaton schools, she is the former Dorothy Crawford. The proud grandparents are Mr. and Mrs. J. W. Crawford of Slaton, and Mr. and Mrs. T. O. Petty, formerly of Slaton, now of Knoxville, Tenn.

Foot-And-Mouth Disease

False alarms have become an encouraging omen in the battle against foot-and-mouth disease in Mexico. Several times during the past few months, Mexican stockmen and inspectors have urgently reported animals affected with symptoms of this disease. In every instance, however, diagnosis has shown some other infection to be the cause, such as foot rot or vesicular stomatitis. The fact that no outbreaks of foot-and-mouth disease have been seen in Mexico since the end of 1949 has given new hope that it eventually may be eradicated.

GARAGE MAN

"Believe me, this '50,000 Miles-No Wear' story is all you say it is," writes Harry W. Brown, Garage Man, Oskaloosa, Kansas. "With cars using Conoco Super—I find engines cleaner, easier to work on, and show less wear."

"50,000 Miles-No Wear!" Proved Here:

After a punishing 50,000-mile road test, with proper drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence: in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000!

OFFICE CAT—
Too often this husband we know had gotten himself in hot water by forgetting his wedding anniversary or the birthday of his wife. He wasn't going to let it happen again. Then one night his spouse, who had sat down to write a letter, suddenly inquired, "Darling do you know what day this is?"
"Now, now, my love," he implored, "I intended to carry your present home with me this evening, but when I called for it at the store they hadn't engraved your initials on it yet."
—The Lorenzo Tribune

INKLING—
Fate seems to take a special delight in providing an amused audience for most of my blunders, and denying me the satisfaction of a few spectators for the seldom perfect achievements which come to my life. Recently I made a perfect parallel parking on the first attempt. After recovering from the shock, I looked into the bewildered face of my wife, and then to the sidewalk for admirers. No one stopped or looked my way. I felt as if whistles should be blowing, bells ringing and approving hands applauding; just busy, unappreciative people hurrying on in pursuit of their personal dreams.
—The Morton Tribune

STUMPED—
"I have a male canary and a

female canary. How can I tell which is which?" asked a woman.
The proprietor suggested: "Just put a male worm into the cage. You will find that the male canary will eat the female worm and the female canary will eat the male worm."
"But," said the woman, "how can I tell a male worm from a female worm?"
The man drew himself up haughtily. "Madam," he said, "this is a bird shop. Ask the man in the worm shop."

THE YEAR, PLEASE?—
Misgiving assailed the young husband as he eyed the greyish concoction on his plate. Bravely he dug a spoon into the mystery and began to eat.
After a few moments he straightened himself, eased his collar a little, and asked: "What do you call this, darling?"
"It's date pudding, dear," beamed his wife proudly.
"Oh, yes," he murmured, "but er—what date?"

ONE ON THE DEACON—
"Brother Brown, I see a collectin' fo de benefit o' our worthy pastah," exclaimed one of the Deacons as he called on one of the brethren.
"You all know our rector am leavin' dis church and we all am a-goin' to git together and gib him a little momentum."

SHORT SNORTS—
With wives, it's hair today and gown tomorrow.

HONOR FOR HONOR—
A little girl playing in the sand quickly yielded to a man's charm and slipping her hand in his, strolled with him along the beach.
"My dear," announced the man when the moment for parting came, "If your mother asks you where you have been, tell her you were walking on the beach with Oliver Wendell Holmes."
Innocent of the great fame of her companion, but not to be outdone by him in politeness, the youngster smiled sedately and rejoined: "And if anyone asks you where you have been, tell them you have been walking on the beach with Mary Susanna Brown."

OFFICE CAT—
One stenographer to another — You'll like it here—lots of opportunity for advances.
Sweet voice on the phone — Is Hugh there?
Sergeant — Hugh who?
Sweet Voice — Oh, dear, drunk again.

Mr. Smith—Your wife used to be so nervous. Now she doesn't seem to show a sign of it. What did you do for her?
Mr. Jones—That was easy. The doctor simply told her nervousness was a sign of age.

Many film stars have other than their real names. The real name of Susan Douglas for instance, is Zuzka Zenta, and that she got her screen name out of a telephone book. Yet her own name, Zuzka Zenta seems cute and unusual.

Construction of a new station of International Cementers, Incorporated in eagraves is expected to

start within the next week or ten days, J. W. Tulleys, station supervisor, reported Tuesday.
The oil well cementing firm will locate on the siding east of the tracks and south of the Permian

Better Drive Where You're Looking . . .

As the opening dates for schools draw near the traffic problem should get immediate attention, and all regulations tightened.

A recent article in a small town daily quoted the police chief as saying that after repeated warnings and many appeals there was nothing left for the police force to do to combat the traffic offenders, but to enforce the law.

It is evident that just such conditions are now present in most of the towns in this section of the country, and it is about time that the laws be enforced. The crippling or death of one child, or adult, cannot be corrected by any fine, or law, and when the final responsibility is pinned down it is the person who is driving a car who is carelessly criminal when an accident occurs.

Therefore each person who gets behind the wheel of any kind of car should bear in mind that double parking, fast turns and selfish driving habits, not only are against the law, but show a disregard for every other motorist on the streets, and often, cause hazards that could cause fatal accidents.

Double parking is one of the biggest hazards in the smaller communities, and with blocking of streets it causes other motorists to have to break traffic regulations. Such habits obstruct the view, particularly of children, and often cause damages that cannot be estimated in dollars and cents.

Those who have been careless in their driving habits should stop and take stock, turn over a new leaf, and obey traffic regulations. DON'T HARM A CHILD.

It's Time To Do Some Chopping . . .

Late rains in this section have not only caused the crops to grow, but it has also given the weeds and high grass a lift and if the Johnson grass, and other vegetation, is allowed to get out of control the future danger will be considerable.

There are parts of the South Plains where Johnson grass is a big problem and unless the South Plains farmers become more co-operative in their fight against Johnson grass this part of the country will be in as bad a condition as many parts of Central and Northern Texas where the farm land has become Johnson grass grazing land exclusively.

A close observe will find a considerable amount of Johnson grass growing on the vacant lots and on neglected sidewalks of the towns where the seed scatter to the four winds to spread the scourge more and more. Not only is the grass and weeds a breeding ground for more and more trouble for the farmers, but they form a grave danger to the communities later in the year when dry grass and weeds become fire hazards of first magnitude. They are unsightly and mar the appearance of a town. A glance down many outlying streets in most any town in this area is a scene of ugliness and disenchantment.

How these conditions could be corrected can be answered with but only one suggestion and, that is work. Work by individuals or by cooperation within the community. The problem should be attended to soon.

Still More Government Jobs . . .

With the big appropriation now being planned by Mr. Truman and his cohorts, special plans are being made to employ 450,000 more workers to put on the government payroll. That means that almost another half million people are going to leave production jobs and be placed in jobs that can be considered, for business economy at least, predatory. That simple little measure of removing those men and women now from active civilian jobs where they are producing material for civilian production and war production, such production tending to keep inflation down, to non-civilian jobs, means that we left here must pay more to keep them going. There is one and ONLY ONE way they can get their salary check each month. That is from you and me, the taxpayer. It means that they no longer produce, but are consumers of tax money primarily. That means that labor shortages are going to become a bit acute where they left jobs. That basically means that with a continued shortage of labor, labor will demand more money. When labor demands more money the spiral of inflation continues, leaving the laborer with less than he had, with taxes more, and a continued disruption of American economy.

The pathetic part of this plan is two fold. First let us ponder a question—are these needed men and women actually needed in government employ? Second—are we going again into another Presidential election with the winning votes by men and women with government jobs? Think those things over. It may do a little good to think, but somehow I am taking a more optimistic view of what the American voter is thinking now. I believe he is finally viewing this continued merry-go-around with alarm. Once alarmed the American is a dangerous antagonist and a powerfully ally. —The Matagorda County Tribune, Bay City, Texas.

Senator Asks Vacation Cuts . . .

If the 2,146 Federal government employees had their vacations cut to four weeks—20 days—annually, it would save the taxpayers more than \$200,000,000, according to Senator Douglas of Illinois. Most of the employees now get 26 days annual leave.

Senator Douglas introduced an amendment seeking to put the \$200,000,000 saving into effect.

DID YOU KNOW: Tobacco taxes which brought the Federal government \$580 million in 1939, increased to \$1,328 million in 1950, a jump of 129%?

Slaton People Worth Knowing

Howard Hoffman first came to Slaton, with his parents, in July, 1911, at the age of two. He attended grade school and graduated from Slaton High School. Upon graduation from High School he went to the University of Texas, at Austin. There, he received his B.B.A. Degree in 1931 and L.L.B. Degree in 1933. While at the University he was Dean of Sam Houston Senate (the same as president) of the Delta Theta Phi, a legal fraternity; member of the Texas University Orchestra; on the staff of the Texas Law Review; member of the Student Council, and a charter member of the Delta Sigma Chi fraternity.

Upon graduation, he served four years with the F.B.I. and, during World War II he served four more years with that organization.

Howard's sister, Mrs. Richard Douglas of Lubbock, introduced him to Mary Beth Tomlinson, a student in Tech. He liked her so well, he married her in 1940. They have three young sons, Howard, Jr., 3, Robert, 5, and Tom, age 6 weeks.

Howard is a partner in Johnson-Hoffman hardware store here, and also has a real-estate business.

Mr. Hoffman is an accomplished violinist, and enjoys his music as a form of relaxation. He is an enthusiastic fisherman and tries to get away two or three times a year for a fishing trip.

The Hoffman family attends the First Methodist Church, where he is a member of the Board of Stewards. He is President of the Rotary Club, past president of the Retail Merchants Association and a member of the Chamber of Commerce. He has served a term as City Commissioner in the past. All in all he's just a pretty good guy that enjoys life.

An annual picnic and reunion will be conducted by residents and former residents of Comanche county, Sunday, August 25th in MacKenzie State Park, Lubbock, Texas. Each family will bring a basket lunch. Food will be spread about 12:30. The Stephenson Quartet will sing.

Concealing Nailheads

The sowing of nailheads through a thin coat of plaster is not due to accumulation of dust on the walls, as often supposed, but to rust forming on the nailheads. Touching up these spots with shellac will prevent the formation of such rust, and keep the nailheads concealed.

Heavy Sleeping Blankets

In the eight hours you spend sleeping each night, your breathing lifts the bedclothes 7,000 times. That takes energy! Lightweight bedclothes, however, will cut the energy spent in pushing up those bedclothes 7,000 times.

ORDINANCE NO. 133

An ordinance providing for the requirements and issuance of License Permits and Bonds to Itinerant Vendors in the City of Slaton, defining an Itinerant Vendor and certain words in connection with said definitions; regulating the sale of goods, wares and merchandise, including magazines and photographs, by Itinerant Vendors in the City of Slaton for the benefit of the public, providing penalties for the violation thereof; repealing all ordinances and parts of ordinances inconsistent herewith.

Be it ordained by the City Commission of the City of Slaton, Texas:

Banner Year

1949 was a record making year for the auto industry. Peaks were reached in production, car and truck registrations, gasoline consumption, vehicle mileage traveled and in tax revenues generated by the industry.

Schuman
Robert Schuman, French statesman and author of the Schuman Plan for a west European coal and steel pool, was born in the grand duchy of Luxembourg.

Purse-Protection
Rusty or clogged gutters and downspouts may allow water to cause expensive damage to a house. It is a wise measure to keep them clean and protected with paint.

Mr. and Mrs. Hoyt Meador and Mr. and Mrs. A. H. Meador spent four days last week on a trip through New Mexico and parts of Colorado. They returned Monday.

IT'S A FIREBALL ENGINE

You can Beat the Bushes - but you can't Beat this

If you want to know why shrewd car shoppers are saying "Smart Buy's Buick," take a look at this.

It's the new Buick SPECIAL 2-door, 6-passenger Sedan—and it's roomier than most 4-door sedans, higher-powered than many costlier cars—and priced, as you'll discover, right down near the lowest.

Now, we ask you: where can you beat it for the money?

Can you beat this beauty on looks and style and rich bearing in any other car near its price?

Can you match, at the same money, the big power of its valve-in-head Fireball Engine (128 hp with Dynaflo Drive*)—or the big miles-per-gallon figure it delivers with such thrills?

Can you equal this traveler's roominess in any other car of comparable cost—get full-size headroom, legroom and hip-room both front and rear in any other 2-door automobile?

Can you come even near the gentle levelness of its ride and the solid steadiness of its going—have coil springs on all four wheels and a torque-tube keel beneath you—except in another Buick?

And where can you top the restful ease and luxurious smoothness of this sweetheart's Dynaflo Drive* in any other automobile at any price?

The answers, from a lot of

certain-sure folks, sum up to a great big, "YOU CAN'T!"

But why take anyone else's word for it?

Come in and get your own answers. Look over this bed-rock-priced Buick—compare it with any other automobile at the same money—and you'll agree you can't beat this smartest of buys.

NO OTHER CAR PROVIDES ALL THIS:
DYNAFLO DRIVE* • FIREBALL ENGINE
PUSH-BAR FOREFRONT • WHITE-GLOW INSTRUMENTS • 4-WHEEL COIL SPRING
TORQUE-TUBE DRIVE • DUAL VENTILATION
DREAMLINE STYLING • BODY BY FISHER

DAVIS & HUMPHRIES OWNERS & OPERATORS

Mr. and Mrs. Carl Evans were in Fort Worth over the week end, visiting their daughter and son-in-law, Mr. and Mrs. Dan E. Lydick, Jr.

Mr. and Mrs. R. B. Bectol, formerly of Slaton, now of Amarillo, were in Lubbock last week to enter their son, Bobby, in Tech for the fall semester. They drove over to Slaton and visited old friends and neighbors here.

Mr. and Mrs. Carl Evans have returned from a trip to Ruidoso, and Cloudercroft, N. M., El Paso and Old Mexico. While in El Paso, they were guests of Mr. and Mrs. Alex DeLong, former Slaton residents.

Mr. and Mrs. Gus Seel left on Sunday, August 19, for a three-weeks vacation. They will visit Yellowstone National Park, Salt Lake City, Utah, Glacier National Park and the Royal Gorge in Colorado.

Pug and Tom Nickel of San Angelo, are visiting Mr. and Mrs. W. S. Dawson, this week.

Mr. and Mrs. C. E. Lilley, formerly of Slaton, now of Lampasas, visited friends here Saturday.

News Of Slaton Men In Service

Cpl. Virginia Johnson, daughter of Mr. and Mrs. W. A. Johnson writes her parents that she is enjoying her tour of duty with the Women's Marine Corps very much. She is stationed at Camp Lejeune, North Carolina. She is an instructor in Subsistence, in the Supply School. They have sixty instructors there, but she is the only woman instructor, the others are men. She teaches both men and women. Two-hundred young Women Marines are stationed at Camp Lejeune. They are comfortably housed in brick barracks, closely resembling college dormitories. They have their own Service Club, and a private beach.

Many recreational facilities are provided for the young women. These include organized basketball and softball teams. Games are scheduled with the Waves, Waves, Waves, and Women Marines all up and down the east coast. Buses are provided as transportation for the girls to make the various trips. These trips are usually made on the week ends. Virginia writes that she was co-captain of the basketball team and is captain of the softball team.

Seaman Marlee Holloman of the Seabees landed on Guam the 10th of August. They were sent there to build, what is to be the World's largest dry-dock. They expect it to be about a four months job. Marlee was in the reserves, he was called in August, 1950. He was in California, until he left the States in July.

Bob Thompson, son of Mr. and Mrs. G. B. Thompson, called his parents from San Francisco, the other night. He has just returned from Korea. He expects to be home about October first.

Mrs. A. R. Golding reports that her son, Bill, sent her word that he was sailing for the States, on August 13. Bill was in the Naval reserve, he was called in October 31, 1950. He was Storekeeper on a ship for a while, then was transferred to the Dental Naval Base at Pearl Harbor. He has been there 9 months.

Roland McCormick, son of Mr. and Mrs. Mack McCormick received his discharge last week. Roland, who was in the reserves, was called in September 26, 1950. He was sent to Korea in November, 1950. He sailed from Japan on his home ward trip July 22, and arrived in Seattle, August 2; on August 11 he arrived here to visit his family. While Roland was in Korea, his records were lost. He didn't receive a single pay-check until July this year. The mix-up on the papers made it necessary for him to go back to Ft. Hood last week for his

discharge and delayed proceedings a little.

After an 18 day visit here with his mother, Mrs. C. E. Geer, and other relatives, S/A Delbert Geer left Monday morning to return to Mare Island at Vallejo, California. He drove back in the car he bought while here. Delbert is attached to the Commissary at Mare Island.

John S. Gabert, Jr., seaman apprentice, USNR, son of Mr. and Mrs. John S. Gabert, 310 W. Lubbock, Slaton, Texas, is undergoing extensive training with a Navy PCE squadron in the Caribbean.

He is among 200 Naval Reservists who boarded the PCEs 870, 874, 892 and 842 at New Orleans August 13, put into Havana, Cuba for a week end liberty August 17, and are now returning to New Orleans.

The cruises are designed to train Naval Reservists in all phases of ship-board life. Drills teaching anti-submarine and anti-aircraft procedures are held daily while at sea.

Reservists brush up on handling of shipboard guns, firing of depth charges, and on tactical maneuvers at sea.

Word has been received by Mr. and Mrs. B. O. Wilke of Wilson, Rt. 2, that their son Pvt. Curtis B. Wilke, who is with the demolition team in Korea wants the "Slatonite" sent to him. He says even though the news will be old by the time it reaches him, nevertheless, it will be news of home. He says when he gets back home he'll never leave the good old U.S.A. Anyone wishing to write to Curtis may address his mail to: Pvt. Curtis B. Wilke; US54028591; Co. B, 839th E.A.B.; A.P.O. 970 1/2 Postmaster, San Francisco, California.

Sgt. and Mrs. Shirley Butler and daughter, Glenda Sue, arrived in Slaton from Tampa, Florida on August 13. They will spend two weeks in Slaton visiting their parents, Mr. and Mrs. J. B. Butler, and Mr. and Mrs. E. R. Burns. S/Sgt. and Mrs. Butler are looking forward to his release so they can return to Texas and make their home.

West Texas Roundup

Cattle valued at a total of \$10 million are threatened with the possibility of being infected with anthrax in a two-county area of Central Texas. A quarantine, forbidding the moving of cattle into or out of the affected area, was imposed over parts of Hays and Blanco counties last week. A dozen or more cases of anthrax had been positively identified in this area in the past few days. The disease is almost certainly fatal, and only by rigid control measures can an epidemic be prevented.

—The Wink Bulletin

A rainmaking project, as an attempt to alleviate the extended dry spell which has plagued this area this year, is now underway at the U Lazy S Ranch, John Lott, owner, has announced.

Contracted to attempt the making of rain over the approximately 79,000 acres of the ranch is Gordon Clauser, of Plainview. He represents a non-profit foundation which is experimenting with the possibilities of rain making. He also has a contract to cover approximately 78,000 acres around Robertson.

—The Post Dispatch

The low rolling hills surrounding the Clauegne community, nine and one half miles north of Levelland, will be looking down upon a brand new cotton gin come fall, built to replace the Clauegne gin destroyed by fire three months ago.

The gin building is already finished with equipment slated to be installed within a few weeks, and the entire reconstruction work probably finished by September.

—The Sun News

Crops, gardens and lawns suffered badly during the past week. Although temperatures were not so hot as during periods in June and July.

The heat Sunday through Wednesday was particularly damaging, with more of the same in prospect for today except in the area dampened by Wednesday night's shower.

Cotton on irrigated land or where ground moisture still was available, continued to grow ahead, although insects were causing increased alarm. On the other hand cotton and other crops on drier land wasn't growing at all, and was dying off to a certain extent.

It was said that continued dry weather would seriously threaten some cotton acreage.

—The Seminole Sentinel

Slight shows of oil and gas on the No. 1 Jeff Justice near Justiceburg and the staking of two new wells held the week's oil spotlight in Garza county and helped to place local emphasis on the announcement that Texas oil production hit a new all-time high last week.

The Humble project near Justiceburg developed slight shows of oil and gas on a drillstem test at 7,411-433 and preparations to core ahead below 7,444 feet in the Strawn lime were underway the latter part of the week.

Kenneth Merhison has staked a 3,900 foot Permian wildcat in same east central Garza, 13 miles east of Post. Humble has also staked a southeast outpost to the Dorcomard-Andres pool in the southeast, and a part of the county about seven miles southeast of Justiceburg.

—The Post Dispatch

The Texas draft call for October is 742 men, Brig. Gen. Paul L. Wakefield, State Selective Service director, announced this week.

This compares with a September quota of 619 and an August call of 772. From March through July, state calls were decreased; but beginning with the August call, quotas have been increased, the state director pointed out.

The October quota of 742 is the state's share of a national quota of 41,000, biggest national monthly quota since March. Part of the September and October quota of men will see service with the Marine Corps.

—County Wide News

Texas farmers, with more acreage under cultivation this year to meet record food-production goals, are feeling the pinch of a growing sulphur shortage which has curtailed shipments of the soil-nourishing mineral to fertilizer manufacturers.

In planting 29,549,000 acres of crops last year, the state's farmers used 572,723 tons of fertilizer, an increase of 14.3 per cent over 1949. This year, with the government calling for the largest harvest in history, Texas' crop prospects are for production from 30,544,000 acres.

—The Olton Enterprise

Wholesale distributors of gasoline in this area this week awoke to the realization that a new law passed by the Texas legislature, will become effective on September 1, that will change a long-time custom in relations between the wholesaler and his customer in the handling of refunds claims.

The wholesalers have, in effect, been keeping their customer's refund claim records for them since the refund law became effective now a quarter of a century ago. Beginning September 1 the law requires that not only must the refund dealer:

(1) Not keep any records, nor arize papers or otherwise lend aid to his customers in preparing and presenting their claims to the comptroller's department, but also;

(2) Must have his customer's signature on a purchase invoice within three days from the date of purchase, and also must have cleared the papers from his office within a period of not to exceed seven days.

These under penalty of having his license to do business revoked. Amendments to the new law, (which also covers liquefied gas tax regulations) would cover almost two pages of a newspaper in ordinary reading type; and the promise of still further regulation is given in a provision that the state comptroller shall have the power to issue any rules and regulations which, after proper hearing, may be deemed proper.

Plan Ahead To Prevent Disease

Planning ahead is just as important in poultry-raising as it is in any other business. It can easily mean the difference between success and failure. For example, right now is an excellent time to plan ahead for a disease-control program which will see your layers through a productive laying season. With pullets due to come off range soon, you can well afford to give some thought to disease prevention before placing your birds in confinement. Without proper planning, crowded conditions, poor ventilation, or badly insulated houses can bring disease and parasites to your flock.

Since birds live under crowded conditions and in a great deal of congestion all of the time, a health problem is faced by every poultry-raiser.

For Healthy Birds . . . Here are some of the things which may be done to encourage better health in your flock during the coming cold-weather months:

First, see that your flock is not too crowded. Allow for at least four square feet of floor space per bird for heavy breeds and three square feet for light breeds.

Keep the litter dry and clean, removing when damp and adding clean litter periodically. Stir it often.

Remove Droppings . . . See that the roosts are clean and sanitary and that they are constructed so that the birds are unable to contact the accumulated droppings underneath the boards. It's a good idea to remove the droppings at frequent intervals.

Waterers should be clean, and there should be enough of them so that there is no crowding among birds trying to drink. Disinfect the waterers and feeders at regularly scheduled times. Plan to use a reliable drinking-water antiseptic in the water to keep down bacterial growth.

Make a special effort to keep every part of the laying house sanitary. You yourself may be guilty of spreading disease when you enter the house with dirty boots or bring in contaminated feed sacks, crates, or other material.

SINGING TO BE HELD ON SUNDAY, SEPTEMBER 2

Full gospel fellowship will be at the Pentecostal H Church, Sunday, September 2. James Boyd Quartet from Odessa will sing and the D. S. Rich Quartet from Odessa will sing. H. H. White, president singing, gives everyone a invitation to attend.

We have purchased the Stamps Convention song "Joyful Tones" come and enjoy these new songs too.

Rev. and Mrs. R. L. Wil of Artesia, N. M., Mr. and Mrs. C. D. Diggins and daughter Hamlin, Texas, Clarence Ch Wilson, and Mr. and Mrs. Shaw and family of Rock Texas, were visitors last week at the M. C. Church home. Over twenty visitors at the Church home last Sunday.
