

## Slaton Schools Start Sept. 3; New Buildings Nearly Finished

The Slaton schools will open on Sept. 3, 1951. All preliminary planning has been done. The new addition to the West Ward is nearing completion and will probably be ready by the time school starts or soon thereafter. The roof has been installed and the plastering will be completed by this week, reports Supt. Lee Vardy. The addition will have six classrooms, a bookroom, a music room, a heater room, and a teacher's lounge. The present bookroom will be converted to a library. The building will have a total of twenty-two classrooms.

The new gymnasium is practically completed except for some finish work on the inside. All general finish is completed except for the floor. It will seat about 700 spectators. Some time in September the school hopes to have open house at both new buildings. The high school building is being repaired. The classroom floors are being sanded and finished with gymnasium finish. Additional repairs will be made before school starts. Some painting will be done in the building. A new bus garage is being completed which will house all of the school buses.

The Slaton school will operate four buses next year. A new sixty passenger bus has been added to serve the Posey community. The cafeterias will operate in the West Ward and East Ward buildings.

Mr. Billy Townsend has been elected band director in Slaton High School and will move to Slaton in the near future, he will start band practice about the middle of August. More definite plans will be announced at a later date. He has been teaching in Hugo, Okla., and has had several years of experience in teaching band, he has been very successful.

All children that are six and will enter school for the first time must be vaccinated for smallpox, diphtheria and typhoid fever. This is done to protect the health of the children in our schools. The city will be zoned as it was last year.

Slaton schools will participate in an agreement with two other schools and through this agreement supervisors will be added to the faculty.

## Conservation Of Water Discussed

PLAINVIEW—Groundwater users from 21 counties will gather here August 9 to tell the State Board of Water Engineers how they feel about the proposed creation of High Plains Underground Water Conservation District No. 1. Irrigation farmers and other interested citizens have been invited to testify at the Board's public hearing, which is set for 10 a. m. in the Plainview Municipal Auditorium.

On evidence presented, the Board will decide whether to declare creation of the 10,600-square mile district. If the district is established, the Board will then appoint a five-man board of directors to supervise an election at which the voters may approve or reject the district.

Such districts are in operation in Marshall, Dallam counties, on a much larger scale. They were created under House Bill 162, passed by the Texas Legislature in the spring of 1949. The proposed district includes all of Lubbock, Parmer, Hale and Swisher counties and parts of Armstrong, Bailey, Briscoe, Castro, Crosby, Deaf Smith, Dickens, Floyd, Garza, Hockley, Lamb, Lynn, Oldham, Potter, Randall, Terry and Cochran counties.

Phil Pearson, son of Mr. and Mrs. J. P. Pearson of Albuquerque, N. M., was a visitor in the home of Mr. and Mrs. M. L. German this week. Roland German and Dickie Thomas, son of Mr. and Mrs. W. J. Thomas, returned to Albuquerque to spend a week with Phil.

Mr. and Mrs. E. F. Wolbrueck and daughter, Dora, left Thursday, August 2, to return to Taylor, Texas. The Wolbruecks have been here three weeks on a business and pleasure trip.

## THIS WEEK'S SMILES

"On the day my wedding occurred . . .  
"You'll pardon the correction, but affairs such as marriages, receptions, dinners, etc. 'take place.' Only calamities occur."  
"As I was saying—on the day my wedding occurred . . ."

## No New Paving Petitions Filed

There is still enough time this summer and fall for paving work to be done on Slaton streets, said City Secretary J. J. Maxey, but no new petitions have been filed to have any such work done.

One block has been reported to have all but one property owner willing to pay for having paving work done, but before any paving contractor will bring his equipment to Slaton, more than one block of paving will have to be contracted for.

Slaton has more paved streets than most any town in West Texas, of its size, but there are still a good many streets and alleys that need to be hard topped and the City Commissioners are anxious to work with any group of property owners who will submit petitions to them to pave from one block or more.

## Towns Mixed On National Holidays

Growing interest in observing Memorial Day as a holiday instead of Armistice Day, November 11, and the "victory" days is shown by a survey of West Texas cities just completed by the community services department of the West Texas Chamber of Commerce.

Sixty-six local chambers of commerce contributed to the survey. Twenty-eight reported their towns observe Memorial Day while only twenty "close up" on Armistice Day and none on V J Day.

All 66 observe the fourth Thursday of November as Thanksgiving Day. All observe Christmas but four do not close on Independence Day and only 48 observe New Year's Day.

One town observes Easter and one other Good Friday. Labor Day is a holiday in 39 of the 66 towns. None reported a holiday on San Jacinto Day or on George Washington's Birthday.

## Rev. P. J. Burns To Preach At Aubrey

Rev. and Mrs. P. J. Burns, and Joyce, are leaving soon to be at a union meeting of the Christian and Methodist Churches at Aubrey, Texas. Rev. Burns will be guest preacher, and Joyce will play the piano for the meeting. Though Rev. Burns and family will be away for two Sundays, services will be held, as usual, at the First Christian Church, under the supervision of Mr. Clark Wood.

## ITS "SHO" BEEN HOT

The West Texas Gas Co. automatically controlled thermometer recorded a low of 71 degrees on Thursday morning, July 26, and a high for the past week of 101 on Sunday, July 29.

The records show that reading of 100 were reached nearly every day during the week.

Mrs. J. S. Edwards, Sr., Mrs. H. T. Swanner and R. E. Edwards, of Seagraves, have returned from Trenton, Texas, where they attended the funeral of Mr. Thad Rhoades, Mr. Rhoades, who would have been 99 in November was Mrs. Edwards' father. He was buried at Pilot Grove, Texas.

READY FOR RIOTS—A West-German policeman and a GI of the U. S. 6th Infantry Regiment compare notes during a combined riot control exercise in the American sector of Berlin. Armed with rifles, fixed bayonets, and expert in the use of tear gas and fire hoses, allied troops are confident that they can make it plenty tough for trouble makers.

## Social Security Man To Be Here

"Numerous inquiries are still being received from self-employed persons concerning their status under the 1950 amendments to the Social Security Act," according to information received from John G. Hutton, manager of the Lubbock social security office. "Self-employed persons, with certain exceptions, have been covered by the law since January 1, 1951," Hutton said, explaining that while earnings from most commercial establishments are covered, earnings from self-employment as a farmer, doctor, dentist, lawyer, optometrist, veterinarian, architect, funeral director and a few other professions are still excepted from old-age and survivors insurance protection. Hutton explained that the self-employed do not report themselves on the same quarterly social security tax returns they file for their employees but will make a social security report once each year as a part of their income tax return.

The social security office, 1311 Texas Avenue, Lubbock, Texas has a free booklet which explains the coverage of the self-employed and also contains a full list of professions that are still excepted from coverage as self-employment, and will mail this booklet to anyone, upon request.

Gerald L. Schantz, Field Representative of the Lubbock Social Security office will be in Slaton on Wednesday, August 8th at the City Hall, Red Cross Room, at 11:00 a.m. and will be glad to answer any inquiries or assist anyone to file for benefits.

## Methodist Set New Attendance Record

Sunday, July 29th, was the last day of the Summer Revival of the Slaton Methodist Church. A goal of 1,000 was set for attendance at this service, and was almost attained. Nine hundred and twenty-five persons attended this last service. That is the largest crowd on record ever gathered together for a religious service in a church in Slaton.

Visiting Minister, G. W. French and Rev. Lloyd Mayhew, pastor of the First Methodist Church, report that the meeting was satisfactory with 25 rededications and 30 children joining the church, and they are proud of the large attendance Sunday night, and next year will set the goal higher.

## J. E. WALDROP TO GO TO AMERICAN LEGION MEET

John E. Waldrop, 1951 Commander of the Luthers Powers Post No. 438 of the American Legion, will attend the Department of Texas American Legion Convention, held in San Antonio August 16th to 19th. Officers for the coming year will be elected and other business matters discussed. The Texas Department Commander has promised to "feed" all Post Commanders whose membership has risen above the quota. This includes Mr. Waldrop. The quota for the Luthers Powers Post was 79, the membership is 117.

Rev. Lloyd Mayhew, Minister of the First Methodist Church, was called to Winters, Texas to be at the bedside of his mother, Mrs. T. M. Mayhew, who is very ill.

Dr. and Mrs. Glen Payne and children are vacationing in Ruidoso, New Mexico.

Mrs. Arthur Voigt and baby, of Corpus Christi, are here visiting her parents, Mr. and Mrs. Bill Sikes and Mr. and Mrs. Ben Catchings.

Mrs. Grady Wilson left Tuesday to be with her sister, Mrs. Tom Fenley, who is ill in the Memorial Hospital in Phoenix, Arizona.

Joyce Voigt left Saturday for Galveston to spend a week with her sister, Ann Voigt, who is a nurse at John Sealey Hospital there.

Mr. and Mrs. Paul Nook and son, of McDate, are here visiting relatives in and around Slaton, Southland, and Wilson.

Mr. and Mrs. H. C. Cherry and son Paul, of Dallas have been visitors in the home of Mr. and Mrs. Bruce Pember this week.

Mrs. Albert Westefeld, daughter of Mrs. S. H. Adams, and her sister, Frances Adams, left Thursday for Princeton, New Jersey, Mrs. Westefeld's home.

## Railroads Are Improving Says Road Official

Average freight revenue per ton mile to American railroads was 1.329 cents in 1950, only 37 per cent more than in 1929, while wages and other costs rose 135 per cent as compared to the 1929 level, writes Kenneth McCalla, general counsel for the Texas Railroad Association, in the July issue of West Texas Today, magazine of the West Texas Chamber of Commerce.

Mr. McCalla recounted important parts of the history of West Texas railroads, and added the following:

"In the past ten years, the railroads have laid more than 13,000 tons of new and heavier rails.

"There are 40,000 more freight cars in use today than at the time of Pearl Harbor in 1941 and the average capacity per car has increased by two tons.

"Recently a record was kept on the wandering of one box car for a year. The car visited twenty-seven states, crossed the continent six times, traveled over thirty-seven railroads, and was on its own line only fourteen days.

"Rails have been produced which are four times as safe and have twice the wearing quality of the rails of two decades ago. They weigh 112 pounds to the yard now as compared with those thirty-five-pounders on the early West Texas lines.

"All railroads in the world are government owned except in the United States, one railroad in Canada and a few other isolated cases.

"This nation had an experience with government operation and control in World War I and it cost the taxpayers \$2,000,000 a day for the experiment. In World War II with the railroads under private management, they paid into the federal treasury \$3,000,000 a day in taxes. The difference is \$5,000,000 a day between government and private ownership.

"Railroads are the most highly regulated of all industries. Almost everything they do is subject to regulations by the Interstate Commerce Commission and comparable state bodies.

"West Texas with its vast reserve of natural resources looms large on the horizon of increasing industrial expansion.

## Wild Cat Well Now Down To 3,675 Ft.

Work is progressing on the well being drilled on the farm of Clifford and Ethel Young, 5 1/2 miles southwest of Slaton. The Hunt Oil Company, of Dallas, has the farm out, and the Mid-Western Drilling Company is drilling the well. They have drilled down 3,675 feet, and expect to make a drill stem test soon.

## Slaton Family To Go To Peru Soon

Mr. and Mrs. W. B. Hendrix, and little daughter, Susan, left this week for Houston where they will visit until September before leaving for Peru.

Mr. Hendrix has been with the Western Cotton Oil Co. in Slaton for about five years and will be employed by Anderson, Clayton Co. in Peru. The Western Cotton Oil Co. is a part of the Anderson, Clayton interests.

Mr. and Mrs. Oscar Kost and daughter, Shirley, of Ozona, Texas have been visiting Mr. and Mrs. Clark Self in their home at 335 S. 11th St.

Mrs. Grady Wilson left Tuesday to be with her sister, Mrs. Tom Fenley, who is ill in the Memorial Hospital in Phoenix, Arizona.

Joyce Voigt left Saturday for Galveston to spend a week with her sister, Ann Voigt, who is a nurse at John Sealey Hospital there.

Mr. and Mrs. Paul Nook and son, of McDate, are here visiting relatives in and around Slaton, Southland, and Wilson.

Mr. and Mrs. H. C. Cherry and son Paul, of Dallas have been visitors in the home of Mr. and Mrs. Bruce Pember this week.

Mrs. Albert Westefeld, daughter of Mrs. S. H. Adams, and her sister, Frances Adams, left Thursday for Princeton, New Jersey, Mrs. Westefeld's home.

## LOCAL Rainfall

Wednesday evening and night—fifteen one hundredths of an inch.

## SERIES OF SLATON TRADES DAYS TO START SATURDAY, AUGUST 25

### Baptist Open Air Revival Starts Next Monday, August 6 At 10 A.M.

REV. L. D. BALL

CARL E. NANCE

Beginning Monday, August 6th, and continuing through Sunday, August 12th, the Slaton First Baptist Church will start its annual summer revival with Rev. L. D. Ball of Lamesa doing the preaching, and Carl E. Nance, of Levelland, leading the singing.

Rev. J. T. Bolding of the Slaton Baptist Church was formerly associated with Rev. Ball in Greenville, Texas, and the local pastor feels that the people of this area will be fortunate in being able to hear the Lamesa minister. Mr. Nance is an inspired musical director and the combination will surely make the revival enthusiastic and of great value.

The meetings will start daily at 10:00 a.m. in the auditorium of the church and at 8:00 p.m. on the lawn in front of the church, in the open air, in the evening.

In the evenings there will be a roped off parking space reserved for those who are able to drive to the meetings but are unable for any reason at all to sit in the audience. There will be an amplifying system so the preachers' voice will carry to all who attend and everything that can be done for comfort will be arranged.

"The meeting is for everyone who will attend," said Rev. Bolding, "and we expect a lot of visitors as well as all our membership."

## Slaton Used More Water In July Than During Any Month In History

According to the records at the City Water Department more than fifty percent more water was used in the month of July, 1951, than has ever been used in one month, in the history of Slaton. The city wells have met the demand although the city pumps have had to be kept going twenty-four hours per day since early in June.

The city has twelve wells in operation and it has kept the city water department employees working many hours overtime to keep the water flowing.

The records show that there are 1475 water connections to the city water system at the present time which is 65 more than were in operation one year ago. Ninety percent of the new connections have been to residential outlets, and if national averages are the rule in Slaton, then Slaton has over 200 more residents now than in August, 1950.

## Knox County Reunion

The old pioneer settlers of Knox County will meet on Sunday, August 12th, 1951, in the MasKenzie State Park at Lubbock, Texas, for the celebration of their annual get-together. All are invited, and bring along a dinner basket full of good things to eat.

S/A Delbert Geer left Vallejo, California at 10:00 p.m. Wednesday. He is flying here to visit his mother, Mrs. C. E. Geer. He has been stationed on Mare Island for ten months. After 20 days here he will return to California.

Born on July 25 to Mr. and Mrs. C. L. Washington, 125 E. Dawson, Slaton, at Mercy Hospital, a girl weighing 6 lbs., 13 ozs.

Born on July 26 to Mr. and Mrs. W. I. Jones, 835 So. 13th, Slaton, at Mercy Hospital, a boy weighing 7 lbs., 2 ozs.

Born on July 26 to Mr. and Mrs. H. Lopez, Rt. 1, Slaton, at Mercy Hospital, a girl weighing 7 lbs., 11 ozs.

Born on July 27 to Mr. and Mrs. G. W. Howery, Gen. Del., Post, at Mercy Hospital, a boy weighing 7 lbs., 6 ozs.

Born on July 28 to Mr. and Mrs. R. F. Guthrie, Gen. Del., Slaton, at Mercy Hospital, a boy weighing 6 lbs., 15 ozs.

Born on July 29 to Mr. and Mrs. R. V. Poindexter, 240 So. 4th St., at Mercy Hospital, a boy weighing 7 lbs., 12 ozs.

## Contest To Name Pony Starts At Drive-In Theatre

A "name-the-pony" contest for children is now in progress at the Circus Drive-In Theatre, it was announced this week.

Children should enter their choice of names for the pony, a shetland kept at the drive-in theatre for kiddie rides, at the box office of the Circus drive-in.

Prizes include a month's free passes to both the Circus and Slaton theatres for the child entering the winning name as well as consolation prizes for second and third place winners.

The contest closes on August 20th.

## Week's Question . . . . .

## Do We Need More Rigid Traffic Laws? Slatonites Seem To Agree We Do!

Soon after the advent of the first automobile, citizens were quick to discover that rules and regulations to govern use of the horseless carriage must be set up. In days long ago, when 30 miles an hour was disgraceful, and 60 was unbelievable, such laws as these were common.

"Horseless carriages must be kept off the main street as they scare the horses," and "Horseless carriages must not be driven after 8:00 o'clock in the evening as they make too much noise."

Now that the automobile is an essential item in every household in the United States, there is a never-ending battle to make and enforce laws to add to the safety and convenience of driving. Our question this week is "Do you think there should be more rigid traffic regulations in the Slaton business district?"

Irvin Greenberg: "I think that there should be as few and simple laws as possible. These basic laws should be observed and obeyed both by pedestrians and drivers, with punishment by law, of any and all offenders."

Mrs. Bill Wiley: "I've noticed that so many people do not observe the stop signs downtown. I think that the signs should be marked clearly, then any one failing to come to a complete stop should be prosecuted by law."

F. H. Schmidt: "As I see it, parking is not the most problem here in Slaton. The people who do not observe the speed laws pre-

Folks of the Slaton area will have an opportunity to put their names in the pot on Saturday, August 25th for cash prizes that will be given to folks who visit any or all of the thirty-two places of business in Slaton that are taking part in the program.

On that day, which will be known as Slaton Trades Day, a total of \$300.00 in cash prizes will be given away. There will be no requirements for any one to buy and those wishing to have chances on the prizes may register on Saturday, August 25th at any of the places where the receiving boxes are placed.

For the first person whose name is drawn from the combined registered names from all the boxes, a prize of \$150.00 cash will be given, to the next \$75.00, and to the third, fourth and fifth names that are drawn, \$25.00 in cash will be given.

There is no requirement for registrants to buy, nor will it be necessary for winners to be present to win, all that is necessary is for persons who wish to register to visit the places where the receiving boxes are on display.

The drawing will take place on Monday, August 27th by parties chosen by the Slaton Chamber of Commerce and results will be published in the Slatonite Friday, September 1st.

The following business firms will take part:

C. R. Anthony, Home Furniture, Slaton, Palace and Circus Theatres, Eaves Produce, Piggly Wiggly, Self's Service Station, Slaton Lumber Co., Schuette's Service Station, Slaton Bakery, Quality Cleaners, Clay Oates Dept. Store, Caprock Drive-In Theatre, Walker Court's Grocery, Kessels, Thompson Furniture, John C. Champion Jewelry, Salems, White Auto Store, Slaton Steam Laundry, Crow-Haral Chevrolet, Forrest Lumber Co., Davis Motor Co., Sparkman Motor Co., Slaton Pharmacy, Berkley & Haddock, Slaton Motor Co., E. B. Custer, Gulf, Payne's Dry Goods, Vivian's Grocery, Slaton Implement Co., O. Z. Ball & Co., and Williams Buick Co.

## Slaton Tigers Top Lubbock Team, 20-8

Starting off with a six run barrage in the first inning, the Slaton Tiger softballers went on to swamp Hester's Office Supply, of Lubbock, 20-8, in a game at Roosevelt last Thursday night.

The free-hitting Tigers held the Lubbock team scoreless for the first six innings, then relaxed, letting Hester's score all of their eight runs, in the last two innings.

With the win the Tigers pushed their season record to 14 wins against four losses.

The softball games are being played each Tuesday and Thursday night at Roosevelt. Admission is free.

sent the hazard. I believe that signs governing speed should be posted clearly, and people not observing these signs should be prosecuted."

Mrs. Herschel Glascock: "I have not noticed any particular difficulty in finding a parking place within walking distance of where I want to go, and I do not believe parking is too great a problem. I do believe, however, that a lot of people run through the stop lights. I think people who do this should be punished. I would like to see the city install a stop light at the Fire Station corner, and see that people pay attention to it. I think that is a dangerous corner."

Mrs. H. H. Eubanks: "I think we should have more rigid traffic regulations, especially pertaining to speed. So many of our youngsters are careless, of course some older folks are too, but youngsters seem not to realize just how dangerous a car can be if not handled right. I believe that speed laws should be enforced, and I think that anyone caught driving without a license should be fined very heavily."

Mrs. E. M. Lott: "I think the traffic laws should be enforced more rigidly. So many people run right through the stop lights, as if they were not there. I think that anyone caught doing that should be punished severely. I would like to see the city put a traffic light at the corner by Piggly Wiggly, and then see that people do observe and obey the signals. I think that corner is a dangerous place."

THIS and THAT FROM HERE and THERE

'Office Cat'— It pays to aim high, young man, though you may miss what you are shooting at. You may aspire to be a high salaried corporation executive and turn out to be a plumber, which is almost as good. —The Lorenzo Tribune

'Ramblin' With Royce'— SING WHILE YOU DRIVE At 45 miles per hour, sing — 'Highways Are Happy Ways.' At 55 miles, sing — 'I'm But A Stranger Here, Heaven Is My Home.' At 65 miles, sing — 'Nearer, My God, To Thee!' At 75 miles, sing — 'When The Roll Is Called Up Yonder, I'll Be There.' At 85 miles, sing — 'Lord, I'm Coming Home.' —The Olton Enterprise

'Drifting Sands'— Of the many letters James, our editor, received from his advertising in several papers over the state concerning his bulldog puppies, one almost has got him stumped. It seems a lady in Decatur wants one of his puppies right bad but she wants to do a little swapping with him. She's offered him 14 pair of Homer pigeons for one of the pups. The pigeons, says the lady in her letter, are worth \$7 a pair and are fine breeders of delectable squabs. James has been busy trying to find someone who wants in on a three-cornered deal involving 14 pair of pigeons, a bulldog puppy, \$98, and delectable squabs. —The Andrews County News

'Window Shopping'— While looking for a place for a picnic one parent we know says he actually saw the sign—"Harmless Trespassing Permitted." A welcome sight after all the "No Trespassing," "No Fishing," "No Hunting," "No Children" signs that hit us in the face everywhere we go. —The Post Dispatch

'Office Cat'— The best reducing exercise is to move the head slowly from side to side when offered a second helping. —The Lorenzo Tribune

'Old Inky Sez'— We've attended many showers for brides, but no one yet has ever brought any soap. The straight and narrow path would be much wider if more people traveled it. —The Andrews County News

Hardly any woman reaches the age of 30 without having been asked to marry, at least twice— once by her father, once by her mother. —The Andrews County News

'Getting Out On The Limb'— The women—God love 'em—In heavy traffic I was edging past a woman driver who was trying to squeeze into a parking space that was clearly too small. Suddenly her car swung out and bumped into mine. Flushed with exasperation, she leaned out her window. "You could see I was going to do something stupid," she said. "Why didn't you wait to see what it was?" —The Post Dispatch

Ol' Sol was beaming down upon the Heart o' Texas area this week, with "nary" a sign of rain, which is so badly needed on crops and ranges. The mercury had steadily climbed since Monday hitting 103 Wednesday afternoon, and it was expected to go as high or higher Thursday afternoon. The mercury rose to 98 Monday.

went one degree higher Tuesday, and jumped to 103 Wednesday. As The Standard went to press the thermometer in the shade in front of City Drug Co., was registering 102. That's warm weather in any country. —The Brady Standard

'Edlines'— During the last war there was a saying, "Is this trip necessary." It was designed to curb needless trips that caused overcrowded transportation facilities and wasted gas, etc. Now, George Hamel, a taxicab owner at Holyoke, Mass., placed an ad in the local newspaper to the effect that he would provide transportation anywhere. He received a letter request this week saying: "We're about 16 miles beyond the 38th parallel. Take the main supply road, turn right at the first camp and we're in the foxhole in a rice paddy without water. We'd like a cab immediately." The letter was signed by 22 soldiers in Korea. Hamel decided the trip was unnecessary. —The Hockley County Herald

The number of old-age and survivors insurance beneficiaries in the 18 county South Plains area administered by the Lubbock social security office increased 26 percent in came effective last September. Increase in the amounts being paid was even more substantial, jumping 220 per cent from \$31000 to \$68000 monthly, according to John G. Hutton, manager of the Lubbock office. Hutton said that as of August 31, 1950, it was estimated that 3000 persons were receiving \$81,000 monthly in these insurance payments in the area. A tabulation recently completed shows that as of February 28, 1951, there were 2542 men, women, and children in the area receiving \$68,291 monthly. The manager pointed out that the reason for the proportionately greater rise in amount of payments was that the new law, effective last September, not only made additional persons eligible for payments but also very substantially increased the general level of benefits. —The Floyd County Hesperian

Traced to Egyptians It is said that the custom of bringing a green tree into the home at Christmas can be traced to the celebration of the shortest day of the year by the ancient Egyptians who brought green date palms into their homes as a symbol of the triumph of life over death.

KILL ATHLETES FOOT "T-4-L BEST SELLER" SAYS SLATON PHARMACY HERE'S THE REASON. The germ grows deeply. You must REACH it to KILL it. T-4-L, containing 90 percent alcohol, PENETRATES. Reaches more germs. Your 40c back from any druggist if not pleased IN ONE HOUR.

**What Makes West Texas Folks Different?**

There is a definite difference between the people of West Texas and those who live in other sections of the United States. To claim that people who live in our part of the country are a different breed of people could hardly be backed up by facts for few of us are natives of the South Plains, but have congregated here from all parts of the nation. The difference then, must be in the environment, and possibly, in the effect of climate or of elevation.

Folks who have lived on the South Plains over a considerable time are different in many ways from those who have resided on the North Plains, but people in West Texas are more alike than those in any other considerable area in the country.

To claim that our folks are easier to approach, that they are more willing to help those in misfortune, and that people in West Texas have more optimism than average people, because we are in West Texas, might mark us as bragging Texans, but, there is no reason to hide our heads under bushel baskets, these facts are true and it seems that living in West Texas has something to do with it.

Our folks are not yet so regimented by industrialization that they cannot have the individuality that freedom of movement and action allows, we are not controlled by either crooked politicians or, by a combination of criminals, as some towns and counties are in other parts of Texas, and in many parts of the United States. The climate gives us more energy than people enjoy in more rigid climates and we have an outlook on life that seems to be more cheerful than folks in the crowded parts of Texas, where the extreme heat is paralyzing for nine months out of the year.

That such enjoyable conditions will continue is not all sure for we are not entirely free of the influences that have sapped much of the joy of life in many other parts of the nation. The country is fast filling up with more people, our water problems are becoming more and more serious, as more big cities expand, individual liberties will be cramped more and more, and if we are to maintain our West Texas Freedom we'll have to put up safe guards against gangsterism, crooked politics and the exploiting of the things that have made the South Plains and West Texas, individual, and have influenced West Texas people to be different from folks in other parts of the world.

**It's Time To Get On Your Horse!**

Proof of how cooperation among people in small, and medium sized towns, can bring prosperity to such communities, was told in a recent issue of the Rotarian magazine. Details on how the people of a number of towns got together and built swimming pools, organized summer amusement programs and how men and women worked together to bring new business enterprises, and encouraged established business institutions to expand to meet the demands of the respective towns, was explained in detail and the author said that such cooperation had meant life to towns that were in the last stages of becoming ghost towns.

There are no towns on the South Plains that are in distress but there are many that could be greatly improved and where the citizens need to become more active for the betterment of the community.

Our town is one of them. We are all more inclined to leave it to the Chamber of Commerce, the City Commissioners or to some Civic club than we are to act individually and when some one does endeavor to get something done few of us make any effort to help.

One of our most outstanding faults is in the fact that once some worthwhile civic improvement has been made we sit back on our haunches and let the childrens play ground, the Youth's Center, and the soft ball field, go to ruin because we do not support them.

The Rotary magazine reported that the success of the communities that it reported upon, was accomplished by public meetings and discussions on what could be done, and then by committees that got out and got the work done.

With all of the sales promotions and grasping efforts of the bigger towns, the smaller communities will have to have cooperation and aggressiveness to hold their own and it's up to the average citizen in the smaller towns to get on their horses and get going.

**On Touring Texas!**

The story in this mornin's Daily News on the group of touring adult students from San Jose, Calif., aroused our interest because it reminded us of a favorite project we've had in our mind from time to time.

We've often thought that more residents of Amarillo—and of the Panhandle-Plains—ought to know more about our own state. Certainly a nationwide tour would be of benefit to Amarillo residents, but a real state tour would have terrific value.

We sit up on our high perch and too few of us ever venture downstate. During vacation travel, many of our people head for New Mexico, Colorado or some of the other mountain states.

It's understandable, too. During the summer months, when vacation travel is highest, temperatures downstate aren't exactly a magnet to a work-weary Amarillo resident and his clan. But these decisions add nothing to our appreciation of our state.

How many youngsters in Amarillo have ever seen the Alamo—the shrine of our state's liberty? How many have ever seen the battlefield at San Jacinto or Sabine Pass, where a tiny band of men held off a federal armada during the Civil War? We said: How many youngsters? We might add: How many adults?

Many of the settlers of this country moved up here from South Texas and Central Texas. They had a tie with the downstate sections of the state. They had folks there and they knew something of the culture and heritage of the real heart of Texas.

But their children—now well into the adult age—have no such connection or affection for the other sections of Texas. Sometimes we hear people up here mourn that we are nothing but step-children in the sphere of Texas. Austin, they say, is a nice state capitol, but we've got several others much closer to us as the crow flies. And Austin sometimes seems to have little regard for our problems.

A tour of the downstate areas—visiting the historical places and seeing first hand how the other part lives—wouldn't solve everything. But it would increase the appreciation of our state as a whole and perhaps bind us together a mite stronger. —The Amarillo Globe.

**There's A Big Difference!**

"It is one of the failures of American philosophy that we confuse education and intelligence as much as we confuse plumbing and civilization. One ounce of intelligence is worth a pound of education, for where there is intelligence education will advance on its own, but where education alone exists the results can be terrifying beyond the realms of untutored stupidity." —The above is by Louis Bromfield.

**WORLD'S LARGEST LITTLE VALLEY**—The "giant" stooping at left is a workman of average height putting the finishing touches on the largest activated concept of a valley ever constructed, a 90 by 52-foot model of California's Central Valley Reclamation project. Push button-controlled water flows through 23 rivers and sloughs and the Lilliputian countryside built at Tracy, Calif., boasts miniature trees, crops and herds of cattle and sheep.

**UNDERCOVER**—Gay plaid pantaloon, with a triple tier of scallops at each knee, take cover under a gray denim skirt in this three-piece ensemble unveiled at the recent New York Dress Institute show. The plaid blouse short-sleeved and neatly-tailored, is finished with a trim button-down collar.

**Fall Freshening**  
To avoid a milk surplus in the spring, large numbers of dairymen bred cows to freshen in the fall. As a result, dairymen have positive proof that fall freshening is better than at other times of the year.

**Ersatz Bread Crumbs**  
A good substitute for bread crumbs is crushed cereal flakes, such as rolled oats. This gives variety to baked dishes and also meets an emergency when bread crumbs are not on hand.

**Notice to Farmers  
Airplane Cotton  
Spraying & Dusting**

There is abundant early season evidence that the cotton insects in this area are now beginning to make their presence felt.

Our business for the past 10 years has been that of commercial spraying and dusting crops, especially cotton, by air, and we are prepared to assist you in controlling them in this manner, having the latest type airplanes for both dust or spray and experienced pilots.

On or before August 5th we will establish our headquarters on the landing strip adjacent the Farmers Cooperative Society Gin at Wilson, Texas, at which time or before, our planes and ground equipment will be available for service.

Any information before or after that time will be furnished you by Mr. Murray, of the Farmers Cooperative Society at Wilson, 214-1, who has consented to take our calls.

**Miller Aero Service,  
Inc.**

Mrs. Mary Elizabeth Ainsworth, 96, of Post, was buried Wednesday, July 25, in the Terrace cemetery at Post, Texas. Mrs. Ainsworth is the mother of Mrs. E. V. Woolever, formerly a resident of Slaton.

Visitors in the home of Mrs. N. Y. Bixknell, at 230 So. 10th, this week were Mr. and Mrs. Leslie Ellis of Southland and Mrs. Sam Spiker and Mrs. Temple Ellis of Lubbock. Mrs. Spiker is 92, but age or distance doesn't stop her from visiting friends and relatives. She flies to Dallas occasionally to visit her daughter.

Wire baskets, regular and large at the Slatonite

**Quotes!**

"A girl looks twice as short in a bathing suit, and a man looks twice as long."—Frances Rodman.

"Some men defy old age, still believing they're as good as they never were."—Edward H. Dreschnack.

"A pessimist thinks all women are bad; an optimist hopes so."—Bill Gargan.

"A gentleman is any man who gives a lady a head start before racing her for a bus seat."—Joseph Gancher.

"Many women won't wear slacks until they've outgrown them."—Dan Bennett.

"Tis better to be hard to get than hard to take."—Times-Union, Rochester, New York.

### Mrs. Bob Scoles Visits Parents

Mrs. Bob Scoles, of Chicago, Ill., visited her parents, Mr. and Mrs. J. C. Champion, and Mr. and Mrs. J. C. Champion, Jr., this week.

Mr. Scoles is a circuit engineer for the Rock Island Railroad; and has been in the flood zone in Kansas. He wrote Mrs. Scoles that the first train to run, since the flood, made its run on Wednesday, July 18. Mr. Scoles left Kansas on Wednesday, August 1, and Mrs. Scoles left Slaton the same day. They both expect to arrive in Chicago today.

The Scoles have been in Chicago two years, now, and though they like Chicago very well, and say it is a very nice place, they are hoping to be back in Texas soon.

### J. F. Richey Family Are Back Home

Mr. and Mrs. J. F. Richey, and their sons, Wyman and John Wayne, have recently returned from a two weeks vacation, through the eastern states and part of Canada. Special places of interest on the trip were, Washington, D. C., Portland, Maine, and New York City. Subway rides and sights such as the Empire State Building, and the Statue of Liberty highlighted a brief stay in New York City. The Skyline Drive, through the Great Smokey Mountains, proved to be one of the most scenic of all the beautiful eastern highways. From New York to Montreal and Toronto, Canada back to Niagara Falls and Detroit and back home again to Slaton—"which" say the Richeys "looks pretty good after all."

### Marvin Abernathys Hosts To Dance Club

Mr. and Mrs. Marvin Abernathy, of Slaton, and Mr. and Mrs. Curtis Hamilton, of Lubbock, were hosts Saturday night at a dance meeting of the Slaton dance club, at the MacKenzie park new party house.

Approximately 30 regular couples attended, with guest couples from Tahoka, and Lubbock. The group meets every fourth Saturday night. During the summer they meet at the party house in MacKenzie park, but in the winter, they meet in Slaton.

### H. G. Stokes Return From Southern Tour

Mr. and Mrs. Harry Stokes have returned from a two weeks vacation. They visited their son, Aviation Cadet Gerald Stokes, who is stationed at Spence Field, Georgia, then, traveled on to Daytona Beach Florida. Their time, at Daytona Beach, was spent in sightseeing and swimming. They enjoyed watching the surfboard riders, but decided to stick to swimming themselves.

A visit to the beautiful Wakulla Springs was very awe-inspiring. Enough water passes in those springs each day to supply all of New York City with water for a day. The Oceanarium at Marine Land, between Daytona Beach and Jacksonville, Fla., held their interest for hours. It is the only Oceanarium in the United States, and all kinds of sea life swim about, while observers watch through portholes. Several times a day a Marine climbs up to feed the porpoises, some of them 15 to 20 ft. long will jump clear of the water to grab the food from his hand. After he has fed the porpoises, he puts on a diving suit and goes down in the water to feed the other fish, being very careful to steer clear of the sharks.

In St. Augustine, Fla., the oldest Mission, the oldest house and the oldest wooden school house, in the United States, held their interest.

A visit to the great Okefenokee swamp in Georgia was included in the trip. This was the place the movie "Swamp Waters" was made.

Visiting the French Quarter in New Orleans, Louisiana, was a thrill to the Stokes. They went sightseeing, then had dinner at that very famous restaurant, Antoine's. The Stokes say, "A vacation is nice, and it's fun to see the sights, but it's nice to be home, too."

### AMERICAN LEGION AUX. TO MEET TUESDAY, AUG. 7

The American Legion Auxiliary will meet Tuesday, August 7th, at 4:00 o'clock, at the Legion Hall. All members are urged to be present.

Mr. and Mrs. L. T. Sikes of Exeter, Calif., visited Mr. and Mrs. Delma Hodge for a few days. They are visiting relatives in Howe, Texas, now, and after a trip to Yellowstone National Park, they will return to California.

# Society Clubs

### C. R. Bains View Western U.S.A.

Mr. and Mrs. C. R. Bains and son, Mike, have returned from an extended sightseeing trip. They visited Estes Park and Rocky Mountain National Park in Colorado. Yellowstone National Park in Wyoming, was especially interesting to the Bains. The deer, elk, moose, and bear that have free run of the park were a never ending source of entertainment. Old Faithful Geyser, a much talked of wonder of the park, was another point which engaged the attention of the group. The scenery in Montana and Idaho was different and exciting. In Salt Lake City, Utah, a visit to the famous Salt Air Resort, and the Temple Tabernacle, of the Mormons. The last stop, on the return trip, was in Albuquerque, New Mexico. There the Bains visited with relatives before returning to Slaton.

### Mrs. Tony Poulos Visiting Parents

Mrs. Tony Poulos and children, Stanley Gordon and Elizabeth Jane are spending this week in Abilene with her parents, Mr. and Mrs. L. A. Gustafson. Mr. Poulos is attending Coaching School in San Antonio. Mrs. Poulos plans to "just rest and play a little golf and let grandmother mind the children." If Mrs. Gustafson is like most grandmothers that will be no chore at all.

Pvt. Herman Ray Walters, son of Mr. and Mrs. Fred Walters, 840 S. 12th St., is stationed at Sheppard Field Air Force Base at Wichita Falls, Texas.

Cpl. Robert N. Guinn, son of Mr. and Mrs. B. G. Guinn has been stationed at Ft. Riley, Kansas, about 7 weeks. He is attending a leadership school for O.C.S. training.

### Vasker Brownings Return From Six Thousand Mile Vacation Trip

### W. R. Lovett's Tell Of Eastern Tour

Mr. and Mrs. W. R. Lovett returned last week from a month's vacation in the east. They drove their car so they could have better opportunity to enjoy the scenery. At Wildwood Crest, New Jersey they spent a week with Mrs. Lovett's youngest brother, E. H. Porter, and his family, in their summer home on Sunset Lake. They went deep sea fishing in Mr. Porter's semi-cabin cruiser, "The Kenneth R.". Mrs. Lovett had fisherman's luck. She came up with two flounders at one time. Anyone wishing to doubt this tall tale may ask to see the picture which was taken before the fish were removed. They were at Sunset Lake resort on the fourth of July. Since no fireworks are allowed there it was an unusually quiet fourth. Wildwood Beach is only about five blocks from Mr. Porter's home. It is said to be one of the best beaches along the New Jersey shore. Though sailing on the lake and Delaware Bay claimed most of the time of this group they did spend a few evenings on the boardwalk at nearby places. Warm wraps were needed each evening.

The Lovetts next visited Niagara Falls, New York. They drove their car across to the Canadian side, where they remained to see the flood lights on the Falls. Part of the journey, from Niagara Falls, was along the shore route of Lake Erie. At Cleveland, Ohio, they went to the B. of L. E. Building, where they met Mr. H. F. Henipy, Grand Secy. of the B. of L. E.

In Indiana they visited Mr. Lovett's sister, her husband and daughter. Side trips were made to visit other members of the family. Mr. and Mrs. Lovett reached Indiana on "Friday the 13th". From there until they reached Texas they were on highways, that only a few days before, had been closed because of the terrible floods. In Kansas City, Missouri, in the home of Mrs. Lovett's brother, they learned first hand some of the terrible tragedies caused by the broken dikes. Their home was two or three miles from the flooded district but Mr. Porter was not allowed to cross the bridge to his work for three days. Relatives of Mrs. Lovett's in Kansas City, Mo., and Kansas City, Kan., were only a few blocks from the raging fires, and were expecting to evacuate had the fires not been brought under control. "Texas as never looked better," said the Lovetts.

### Miss Rose Ray And Melvin Adams Wed

Mrs. E. J. Dennis, 650 So. 6th St., announces the marriage of her daughter, Rose Ray, to Melvin Adams. Mr. Adams is the son of Mrs. P. M. Adams of Sarlis, Oklahoma.

The couple were united in marriage Saturday, July 21st, at the Four-square Church in Lubbock. Rev. Floyd Dawson performed the double ring ceremony. Attending the couple were Mr. and Mrs. Jack Dennis of Slaton. Mr. Dennis is a brother of the bride.

The bride wore a navy dress, with navy accessories. Her corsage was pink carnations. Mrs. Dennis wore a pink dress with white accessories and a white carnation corsage.

After a wedding trip to Oklahoma, the couple is at home at 650 So. 6th St., Slaton. Mrs. Adams is employed by the Southwestern Bell Telephone Co. of Slaton, and Mr. Adams is employed by the Luther Transfer and Storage, in Lubbock.

### Delta Phi Omega's Elect New Officers

The Delta Phi Omega's met Wednesday, July 25th, in the home of Patsy Hickman at 635 So. 11th, at 3:00 p. m. New officers were elected and installed. They are: president, Annette Wilson, Vice President, Neta Sanders; Secretary, Patsy Hickman; Treasurer, Nancy Clifton; Parliamentarian, Ethlyn Young; Reporter, Joyce Burns.

A "back to school party" has been planned for August 31st at the American Legion Hall. The members are making red blouses and black skirts for the occasion. The club is rushing new members. This started July 25th, and will last until August 29th. A number of parties will be given for the "pledges". The "pledges" are, Jan Badley, Bonnie Holt, Ruth Burton, Jo Ann Halliburton, Juanita Woods, and Charlene Mayhew. Delicious refreshments of ice cream and fancy cookies were served to fifteen members. The next meeting is to be held in the home of Pansy Sloan, at 1605 So. 9th Street.

Mrs. J. B. Osburn, of Lamesa, has been a visitor here in the home of her mother, Mrs. Fred Stottlemire.

Mr. and Mrs. Vasker Browning returned home Friday from a six thousand mile trip that took them through 14 states and 2 Canadian provinces. Places of interest visited were: Denver, Colo.; Cheyenne, Wyoming; Black Hills of South Dakota; Spearfish, So. Dakota (where the world famous Passion Play is presented annually in its mammoth amphitheatre); Regina, Sask., Canada; "Prince Albert National Forest" in Northern Sask.; Banff Alberta; and Lake Louise, Alberta. The return trip was made via Lake Superior; Duluth, Minn.; Superior, Wisc.; and the Arkansas Ozarks.

Vasker had a wonderful fishing trip on Lake Waskesire in the Prince Albert National Forest, and had his limit of Pickerel and Walleyed Pike, in 2 1/2 hours, each weighing from 4 to 7 lbs.

After leaving South Dakota the couple saw few Texas cars and did not see one in Canada. They were greeted and waved at with great enthusiasm, when the Texas license on the car was noticed. Many of the residents of the Northwest and Canada said they had visited our valley during the extreme cold weather in the winter.

Their country side is very much like ours except they raise wheat where we raise cotton. The days this time of the year are quite long. There are only about 6 hours of darkness, then the glow from the west prevents complete darkness. The winters are the reverse, so say the natives, only a few hours of light.

The Brownings were fortunate to get to see the "Northern Lights" one night around midnight, as they do not usually appear until the latter part of August.

Pauline and Vasker made the trip from Regina to Banff Alta and Lake Louise Alta, via train, as the car trip to Prince Albert National Forest proved to them that Canadian roads were too rough for car travel. Their roads are good and graveled, but only paved through their cities. This is due to the severe ice and snow in the winter.

The couple was cold at times, and pleasantly cool most of the time. They had to wear woollens and light wraps all the time at night. They ran into heat on their return trip when they reached Kansas City. They were routed through Kansas City, due to the recent floods, since that was the only place they could cross the Missouri River.

The flooded area had a sobering effect on the enthusiasm of the whole trip. Pauline and Vasker were appalled at the devastation and destruction wrought by the awful flood.

Even though the trip was most enjoyable and pleasant, "It is always good to get back home," agreed both of the Brownings.

### E. Shorts Report On Trip To California

Mr. and Mrs. Ernie Short, and their children, Jerry, Kay, and Woodie, have returned from a two week vacation in California. They visited Rev. and Mrs. Lloyd Moyer. Rev. Moyer was formerly Minister of the Church of Christ here, but is now in San Leandro, California, a suburb of San Francisco. The Shorts also visited relatives in Los Angeles.

They went sightseeing in China town, where the open air market are right on the streets, along the Mountain Drive, and Santa Cruz Beach.

Graumann's Chinese Theatre, drew their interest, as they studied the footprints of famous Hollywood stars imprinted in the pavement in front of the theatre. The Oriental Tea Garden in Golden Gate Park, tiny rock gardens and bamboo and cherry trees, was another very beautiful and interesting place, as was the Cliff House, famous since the first restaurant of that name was established in 1858. The Cliff House overlooks the ocean, and Seal Rock is just off shore.

In the Forest Lawn Memorial Park of Los Angeles is the "Wee Kirk o' the Heather," which is the church where so many movie notables are married and buried. One of the most beautiful parts of the little church is the "Last Supper Window" made of stained glass.

The Shorts report that their trip was very interesting and all the sights entertaining and enlightening, however it is good to be home again to rest and relax.

### MRS. FORREST APPOINTED TO FEDERATED CLUBS BOARD

Mrs. S. S. Forrest has received notice of her appointment on the Board of Directors of Federated Clubs of the Seventh District, in which Slaton is a member. Mrs. Forrest is President-Elect of the Slaton Civic and Culture Club for 1951-52. She represented this club at the State Federation at Austin last year, and the General (National) Federation held in the Shamrock Hotel, Houston, Texas, in May.

### School Of Missions Meets In Lubbock

Approximately 325 representatives of the Women's Society of Christian Service in the Northwest Texas Conference registered for the second conference-wide School of Missions, being held at the First Methodist Church in Lubbock.

Slaton ladies attending the conference are: Mrs. D. R. Legg, Mrs. S. S. Forrest, Mrs. R. J. Clark, Mrs. H. O. Sagner, Mrs. George Culwell, Mrs. Lloyd Mayhew, and Mrs. Nan Tudor.

The theme of the school is "The Church For You Doth Wait". Purpose of the school is to present in condensed form information concerning the WSCS program for the year.

Each person attending the school is taking a required Bible study on the Book of Acts, non-credit course taught by Miss Lydia Gerhart of New York City and Miss Sue Stanford of Waco.

In addition to this they may

take a Bible study in one of the three following subjects; Latin America, a foreign mission credit course taught by Miss Mary Sue Brown of Fort Worth and Mrs. Joseph B. Davis of Amarillo; Churches For Our Country's Need, taught by Miss Helen Poe of Dallas and Mrs. Nellie Hart of Camden, Ark.; The Family—A Christian's Concern, taught by Mrs. William Dingus and Mrs. Cecil R. Matthews.

Representatives also may take one clinic course and one workshop course. Workshops are teaching the approved Study Classes, and integrating the Work of the WSCS and WSG into the total Church Program.

Clinics are offered in Secretaries Promotion; Missionary Education and Service; Supplies, Christian Social Regulations, Spiritual Life, Status of Women, Wesleyan Service Guild and Treasures. Inspirational hours are offered each evening from 7:45 to 8:45 in First Methodist sanctuary.

### Slaton Women Give Their Favorite Tested Recipes

Mrs. Walter H. Patton has chosen a luncheon dish as her favorite recipe. This delectable dish is quick and easy to serve, just the thing for a club luncheon, and guests in Mrs. Patton's home agree that this is a recipe well worth taking note of:

#### Luncheon Dish

Add 1 cup rice to 1 1/2 cups water, salt well, and cook in a double boiler over vigorously boiling water. (Rice cooked in boiling water in a saucepan loses many important vitamins). Empty 1 can flaked tuna into a fine strainer and wash under fast running, hot water. This removes the fish oils and makes each tuna flake stand out separately. Drain. Mix 1 can cream of mushroom soup, with the tuna, in a saucepan. Heat. To serve: place rice on individual plates, cover with sauce, and garnish with chopped pimento.

Mrs. Patton is a newcomer to Slaton. She and Dr. Patton arrived here July 1, to make their home at 1055 So. 11th St. Dr. Patton is associated with Dr. Glen Payne. The pride and joy of the Patton family is Walter Harold, Jr., who will be two on August

12th. Wilma and Walter met in 1946, the year she graduated from Baylor University. Dr. Patton is a graduate of Southwestern Medical School in Dallas. Mrs. Patton taught school, in both Dallas and Houston while Dr. Patton did graduate work and served his internship. They have many friends and get much enjoyment from visiting and entertaining. They both like football, and wouldn't think of missing the Baylor homecoming game. Also shared, is a love for good music. They spend many enjoyable hours listening to classical records. The main family argument is over which has the best Symphony Orchestra, Dallas or Houston.

Wilma's hobbies are music and literature. She is an avid reader of philosophy and Shakespeare. Her main interest however lies in keeping house and watching over Walter and Walter, Jr. Just since moving to Slaton, has she been able to devote all her time and attention to her home. She attends the Baptist Church. Already many new friendships have been formed here, and she comments on what a nice friendly place Slaton is.

1951 POLIO POINTERS

IF POLIO COMES

RECOMMENDED BY THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

These are precautions recommended by the National Foundation for Infantile Paralysis when polio is around. Also, wash hands before eating and be on the alert for such symptoms as feverishness, sore throat, headache, upset stomach or sore muscles. They may—or may not—mean polio. If the disease does strike, call your doctor promptly, follow his advice. Your local National Foundation chapter will provide needed assistance.

New 4 room and bath on pavement. Immediate possession.

6 rooms and bath on W. Lubbock St. Living, dining room and one bedroom carpeted. Immediate possession.

5 room and bath with 1 1/2 lots. Garage. On West Lubbock St.

Moviegoers who have begged Hollywood for "new faces" on the screen have their every wish answered in the release of Universal-International's Technicolor "The Prince Who Was a Thief," starring Tony Curtis and Piper Laurie in the lead roles of the Theodor Dreiser story. Everett Sloane, featured in the new film, is shown with Tony and Piper in a scene from the spectacle film. "The Prince Who Was a Thief" was produced by Leonard Goldstein and directed by Rudolph Mate.

ICE-CAKED—BUT ALIVE! Kenneth Tobey and aides face the problem of "The Thing," an astral invader, which they have chiseled alive from a polar glacier. The thrilling Howard Hawks production distributed by RKO Radio is science-fiction brought to the screen.

**FATHER OF MRS. C. LAMB IS BURIED IN LUBBOCK**

Funeral services for S. H. Cox, Wolforth farmer who died last Thursday in Scott and White hospital at Temple, after he became ill 10 days before while attending the funeral services of his mother-in-law, Mrs. Amanda Killen, were held at 4 p.m., July 28, in the Wolforth Methodist Church.

Cox came to Lubbock county 20 years ago, at which time he settled on South College Ave. as a farmer. He later moved to Wolforth where he also operated a farm.

Survivors include his wife; four sons, Sam H. Cox of Tatum, N. M., Lon Ed, Larry, and Billy Jack, all of Wolforth; four daughters, Mrs. J. E. Seale and Mrs. Garth Gotcher, both of Lubbock; Mrs. Calvin Lamb of Slaton, and Lynn Cox of Wolforth; and eight grandchildren.

Burial was in City of Lubbock cemetery under the direction of Rix Funeral home. A masonic graveside service was conducted.

FOR SALE: Electric National cash register, carries 1c to \$2.00 for \$115.00 at the Slatonite.

**LAST RITES ARE HELD FOR FATHER OF WALTER CANNON**

Funeral services for J. A. Cannon, 92, one of the few remaining cattlemen who could recall the early days of open range, were held at 10 a.m., July 30, at the First Baptist Church, Lubbock, Dr. Ralph Grant, officiating, assisted by Rev. Brown C. Welch.

Cannon, who lived at 2710 22nd St., Lubbock, had been in ill health for sometime and his condition had grown weaker steadily until his death. He and several business associates had in the past, held extensive ranching interest in New Mexico and over the South Plains. In his later years, Cannon operated a farm near Lubbock.

Survivors include his wife three daughters, Mrs. Lee Rieger of Slide, Mrs. A. R. Shipp of Shallowater and Mrs. Max Coleman of Lubbock; two sons, Tom, of Lubbock and Walter of Slaton. There are three grandchildren and one great grandchild.

Burial was in City of Lubbock cemetery under direction of Sanders Funeral home.

Scratch pads at the Slatonite Wood two drawer letter size filing cabinet, \$10.00 at the Slatonite.

## THESE WOMEN!

By d'Alessio

"I had a perfectly wonderful day, Frank. The children ran away from home for six hours!"

## West Texas Roundup

The dairy industry in Texas, with a 200-million-dollar annual income, will present its proudest stars during dairy cattle shows at the 1951 State Fair of Texas, Oct. 6-21.

—The Brownfield News

Development of a system of marketing "firm-ripe" peaches on a statewide scale probably would increase the importance of peach production in Texas. When sold in the "firm-ripe" stage, peaches grown under proper conditions bring a premium price. In 1950, growers by this method received \$3.00 more per bushel for their peaches.

—The Brownfield News

The third case of polio in two weeks hit Post this week when little Ronald Storie, 5-year-old son of Mr. and Mrs. S. C. Storie, Jr., was carried to Lubbock Memorial hospital stricken with the malady.

—The Post Dispatch

Careless-weed worms started damaging cotton last week in spots in Lynn county, where Careless weeds were in the fields and to date have become wide spread in the east and south portions of the county, according to Bill Griffin, County Agent.

Mr. Griffin says in several fields the Careless worm hatched on the cotton and covered the entire fields. The Careless worm is a web worm and eats on the bottom side of the leaf without cutting through the top.

—The Lynn County News

A synthetic rubber improvement developed by a University of Texas professor has been named one of the 50 most important scientific advances in 1950.

Laboratory News gave the rating to Dr. Kenneth A. Kobe's discovery of a new raw material for synthetic rubber.

The chemical engineering professor obtained the material—an organic chemical called para alpha dimethyl styrene or PADMS—from a chemical by-product of square paper production, paracyanene.

—The Andrews County News

Gaines County is off the blacklist and back in the good graces of the Mexican government in regard to the work of Mexican nationals as cotton workers. Dale Puckett, president of the Gaines County Farm Bureau, reported this week.

Puckett returned from El Paso last week after conferring with Mexican consulate officials. Although Gaines County had been listed as one of 52 Texas counties on the blacklist, Puckett said that no definite charges of discrimination against Mexican laborers in the county were found in the consulate files. There were some vague charges dating back ten years, but these were offset by evidence of fair dealing during the past few years.

—The Gaines County News

The first \$910,000 of an eventual \$1,837,000 loan for construction of telephone lines and buildings and the purchase of equipment for the Poka-Lambro telephone cooperative was signed here on Thursday of last week.

Sam Allen of Lamesa, co-ordinator for Poka-Lambro, said the initial funds will be used for the construction of a rural telephone system in the exchange areas of Gall, Lamesa, O'Donnell, Tanoka and Southland. The papers signed will be forwarded to Washington, D. C., along with a request for the federal funds.

—The Lynn County News

Brady will soon have another U.S. Highway. Local Chamber of Commerce officials state that the Bureau of Public Roads has recently agreed to extend U.S. 377 from Stephenville, through Dublin, Comanche, Brownwood, Brady, Junction and Rocksprings to Del Rio.

Securing this extension was brought about as a result of work by many chambers of commerce, officials here said. It is believed that much more traffic will come through this area since motorists usually follow the same route as long as is feasible. The new designation will place Brady on a

direct route from the Dallas-Fort Worth area to Mexico.

—The Brady Standard

Since the two tax elections held Saturday have been soundly voted against and killed, many people are wondering what Garza county is going to do about its new hospital.

It's much too late to wonder. The time for action was Saturday when the issue was open for everyone to take action on. But the action that was taken was so pitifully small that the issue died and come January, the county will have a \$350,000 hospital which they cannot open.

The turnout of voters in the election was actually tragic. Of the approximately 1,800 eligible voters in the county about 260 cast ballots. It is partly understandable why people on the outer fringes of the county and near other hospitals would be prone to vote against the measure, but for those in the city of Post and nearby communities to do so the answer somehow is hard to find.

One thing is certain, though, and that is the hospital has been killed as neatly as it could be done by negligence and there is nothing at the present time that can be done about it. It is just another regrettable incident which glaringly points out that the people of the city and county are not as progressive as they wish people to believe.

—The Post Dispatch

A drive around over the Petersburg area will quickly convince one that this is a favored area this year when it comes to cotton. You cannot see how it could be any better, growing by leaps and bounds, and is loading up nicely with fruit and will be blooming within the next few days if it is not already doing so. Some bugs, worms and what have you are found here and here and some have already sprayed, but the infestation is not heavy by any means.

—The Petersburg Journal

## CHICK CHATS

Presented by Dr. Salsbury's Laboratories

### REDUCE POULTRY MORTALITY RATE

Although considerable progress has been made in respect to poultry health the past few years, the average poultry flock continues to have a high mortality rate. Too many chickens are getting sick and too many are dying. As a result, it remains for the poultry-raiser to adopt even more rigid disease control measures and enforce still better management programs.

Failure to follow such a plan can cause large losses to a poultryman. His income can fall well below the amount which his flock, if properly cared for, is capable of earning. Consider, for example, the loss of a single layer. When a layer dies, you lose two things, the bird's savings and its egg-producing ability. This situation puts more of a burden on the other layers and forces them to share more of the costs.

Control Number of Deaths  
The job, or goal, of the poultry-raiser is to control the flock death rate. Some deaths, of course, are unavoidable. But for the most part, a raiser can do a great deal to keep the death rate low. The objective should be a low (below average) mortality rate and good egg production.

There are many obstacles to overcome if the objective is to be realized. But a poultryman who serves sound management practices and watches his flock carefully should have little trouble in realizing consistently good profit from his birds.

This summer, you can help keep the death rate down in your flock by observing the following suggestions. These, combined with proper feeding and a clean fresh-water supply, should enable you to raise a sturdy flock in the fall.

- What To Do
1. Rotate the poultry range.
  2. Cull regularly.
  3. Keep the premises clean.
  4. Properly dispose of droppings.
  5. Send diseased birds to laboratories for speedy and accurate diagnosis.
  6. Apply preventive medicines such as fowl-pox vaccinations, where needed.
  7. Keep poultry medications on hand for conditions that may occur.
  8. Control chicken-killing animals, such as rats, foxes, and owls.

Mr. and Mrs. I. J. Kempf have returned home after visiting relatives at Electra, Texas.

Mr. and Mrs. J. H. Stone and children have been visiting relatives in Central Texas and Mr. and Mrs. John Sarn at Weatherford.

The June Harper and Calvin Willis families have been fishing at Possum Kingdom.

Mr. and Mrs. George Hayes visited Mr. Cox at Plainview a few days ago.

Betty Rose Maeker was a Saturday visitor in the home of her parents.

Mr. and Mrs. R. B. Boyd have returned home after a short visit to New Mexico.

The Methodist revival starts next Sunday, August 5th, and will last for one week.

S. N. Gentry says he plans to attend the Ceta Canyon Encampment the last of the week.

The Home Demonstration Club met Wednesday with Mrs. J. G. Harper.

Mrs. Splawn, of Lubbock, was a Sunday visitor in the home of her parents, Mr. and Mrs. Jim Sain.

Jack Johnson, of California is expected here later in the summer for a visit with relatives.

Rev. Bill Lewis was in charge of the preaching service at Memphis, Texas, Sunday.

R. J. Schuette, Jr., of Wilson, was visiting his parents Wednesday.

Mr. and Mrs. Willie Wilke left Sunday to visit Mr. Wilke's sister in Alaska. They expect to return in September.

Mr. and Mrs. C. E. Birdwell, of Tahoka, were Sunday visitors of the Ed Maeker family.

Mr. and Mrs. A. L. Johnson and Betty Lou recently visited in Dallas.

Some new furnishings are to be given to the Methodist Circuit parsonage at Lubbock by the members of the Methodist Church.

Pvt. Joe Kitten, son of Mr. and Mrs. J. J. Kitten, returned to Ft. Sill, Okla., Monday, after spending three days with his parents. He graduated from Field Artillery School and Flash School, July 21, and will enter Flash Chief School August 6, for further studies in Artillery Flash.

Mrs. P. G. Stokes is home and feeling much better after spending a week in Mercy Hospital.

**AIRLIFT HEROES HONORED**—Top allied officials and thousands of Berliners gathered in the German capital's Airlift Square recently to dedicate a 63-foot concrete monument to the 39 British and 31 American pilots who lost their lives flying the airlift during the Russian blockade in 1948-1949. Carved into three parts representing the airlift's three main routes, the monument bears the names of the 70 heroes.

**Safe Braking Margin Varies**

Importance of driving in accordance with highway conditions is illustrated by this diagrammatic view prepared by Chevrolet in the interest of traffic safety. Standard braking tables reveal 190 feet is required for a stop at 50 miles an hour, allowing three-quarters of a second for a driver's reaction in an emergency. When the pavement is wet, however, the distance increases to 258 feet. On icy pavement 472 feet will be covered before a car brakes to a complete stop.

**Union News**

MRS. M. D. GAMBLE

Mr. and Mrs. Pat Patterson and children, Mr. and Mrs. J. B. Patterson, Mr. and Mrs. E. C. Craddock, Mr. and Mrs. Alex Chaney and children, and Glenda Evans, enjoyed a picnic lunch at Mackenzie State Park Sunday, July 22.

The Baptist Revival started Friday, July 27th, instead of August 3rd, as was stated recently. It will run through August 5th, with Rev. Preston Graham, of Lubbock, preaching, and Pat Patterson leading the singing. Services are at 10:45 a.m. and 8:00 p.m.

Rev. Joe Motesbocker of Idalou, made a lecture and showed pictures of the Holy Land and other countries, at the Baptist Church July 17th.

Dr. C. A. Bickley of Lubbock preached at the Methodist Church Sunday, July 22nd, in the absence of the pastor, Rev. C. R. Hankins.

Mr. and Mrs. Zack Payton visited Mr. and Mrs. Norris Raymond at Wilson, Sunday, July 22nd.

Mr. and Mrs. J. S. Hampton and Douglas, of Southland, Judy, Ed wards, of Slaton, Mr. and Mrs. J. W. Eilenberger and daughters of Lubbock and George Gamble, and Milton, visited Mrs. J. G. Hampton Sunday.

Mrs. W. B. Jeter, Mrs. Bill Tanner and Mrs. Howard White, went to Floydada Friday, July 20, to help the 1300 children that were gathered at the camp there. These ladies represented the W.M.S. of the Union Baptist Church.

Mrs. R. M. Cade had as her house guest last week, Mrs. Mary Ragsdale, of Victoria, Texas.

Lou Ann Greene spent last week with relatives at Petersburg.

Mrs. Otho Doyle is in Mercy Hospital at Slaton.

Mr. and Mrs. T. E. Patterson visited Mr. and Mrs. B. E. Stephenson at Carile Sunday.

Don Greene has been in the Lubbock Memorial Hospital since Saturday. He is expected to be released in a few days.

Mr. and Mrs. August Kitten and Calvin returned home last week after a two weeks vacation in Mexico.

Mr. Walter E. Surovik, of Lubbock, father of Mrs. John Griffin, died Sunday night. Services were held in the First Methodist Church in Lubbock, Tuesday afternoon, at three o'clock.

R. J. BUCHANAN

R. J. Buchanan has been named field representative for the Texas Farm Bureau Federation and will serve 40 counties in this area, it has been announced by G. T. Hackney, president of the Lubbock County Farm Bureau. Lubbock county will be included in Buchanan's district.

Sue Hodge, daughter of Mr. and Mrs. Delma Hodge is spending this week in Clovis, N. M., with her aunt and uncle, Mr. and Mrs. A. H. Hodge.

**Withstands Weather**

Spar varnish serves admirably wherever an elastic, tough, weather and water-resistant varnish is required — especially for exterior wood surfaces.

**Home Business**

A household filing system is a great help in running home business with order and convenience.

**Cranberry Jelly**  
One of the natural characteristics of cranberry jelly and other tart fruit jelly is to "weep" after the mold is cut. To prevent this, place cranberry jelly in smaller molds so that all of it will be used up at one meal. Then none will be left to stand and "weep."

**Unusual**  
in their superb quality and in their distinctive sure-grip packaging... HIS Fine Toilettries for Men meet every good grooming requirement.

**Hunter or Killer!**  
Are you going to be a skillful hunter or a careless murderer, when you pull that trigger? It's worth a minute's thought.

**Profitable Cows**  
A dairy cow that produces only 200 pounds of butterfat a year seldom makes a profit for her owner.

FOR SALE: 7 Col. Remington-Rand Adding Machine without subtraction. \$65.00. At Slatonite.

**Card Of Thanks**

To all our friends who so unselfishly ministered to us in our sorrow and hour of trial, for the beautiful flowers, food, and to our Pastor and, especially, to the Doctors and Nurses who worked so faithfully to save our daddy, we are deeply grateful.  
Mrs. R. L. Wicker and children

**Coatings for Castings**

Castings of gray iron are widely used as machinery parts. Specially formulated finishes are effective in improving their appearance and in protecting their surface of the casting against rust and corrosion. These finishes form a continuous film which prevents contact of the metal and corrosive atmospheres, liquids or gases.

Mrs. Mildred Lokey reports that her father, Mr. W. T. Brown is improving. A letter from Mrs. Brown, who is with him, stated that his condition is greatly improved and their hopes are high that he may return here soon.  
Mr. Brown, who is Secy. of the A. F. & A. M. Slaton Lodge No. 1094, is in room 1737, Medical Arts Hospital, in Dallas.

**Make Good Impression**

Attractive wall finishes and furnishings help to sell the standing of a business concern to its employees as well as to its business prospects. Clean, smoothly painted surfaces in colors that are well selected speak well for the efficiency of a firm, the firm's pride in itself and consideration of its employees.

**Trumpeter Swan**

Trumpeter swans have shown an increase under the protection of the federal government.

**Doughnuts**

A few whole cloves placed in the kettle of fat when frying doughnuts will produce a delicious flavor.

**Slaton People Worth Knowing**

Mrs. Joe Walker, Jr., has been a resident of Slaton most of her life. The former Maxine Conner, she attended Slaton schools from the first grade through high school, and studied three and one-half years at Tech, majoring in journalism.

In 1942 she married Joe Walker, Jr., and except for 18 months, while he served in the Air Corps, they have made their home in Slaton. They have two daughters, Linda, 7, and Catha, 6.

Mrs. Walker has many interests. She is a teacher in the Beginner's Dept. of the First Methodist Church, president of the Daughters of the Pioneer Study Club, treasurer of the Methodist Missionary Society, and secretary of the Federation of Church Women. In her spare time she likes to sew for herself and her daughters. She likes, and is making a collection of French Provincial furniture. There are several beautiful examples of this furniture in her comfortable home at 525 W. Garza St.

Mrs. Walker's grandmother, Mrs. Ida Champion, borrowed a buggy and drove here on the first day lots were sold for the city of Slaton. She bought a lot, on what is now 4th St., and built a two story boarding house. The house has, since, been moved, but her place as a Slaton Pioneer is established. Mrs. Walker likes Slaton and Slaton people. Her quick smile and good disposition have won her many friends among both the old-timers and the new-comers here.

**Card Of Thanks**

Words cannot express our appreciation to you for your words of encouragement and sympathy, the beautiful flowers, the food, and all other acts of kindness, which were such a comfort and help to us in our recent sorrow, the passing of our dear wife and mother, Mrs. W. F. Lancaster. May God's richest blessings rest on each and every one of you, our friends and neighbors.

Mr. W. F. (Bill) Lancaster  
Mr. and Mrs. Raymond Lancaster and family  
Mr. and Mrs. Eldon Lancaster

Mrs. Tom Nall and her son Charles, of Hamlin, were visitors in the home of Mrs. Nall's parents, Mr. and Mrs. J. O. Jones of 245 S. 6th St., last week. Mr. Nall drove up Sunday to take them home. Charles enjoyed his visit very much, but is just about ready to go back to school, for a little while, anyway.

Bobby Jones, son of Mr. and Mrs. J. C. Jones, has been visiting his cousins Patsy and Bynum Wayne Miers in Rotan. He returned home Sunday.

**Southland News**  
MRS. FLOY KING

Mr. and Mrs. Frank Moore and family, of Sunray are visiting his parents, Mr. and Mrs. J. F. Moore, and other relatives here.

Mr. and Mrs. Clifton Crawford, of Dove Creek, Colo., who have been visiting his brother Peyton Crawford and family, left for Littlefield to visit their relatives before returning home.

Mrs. Glen Cox was brought home from Mercy Hospital Friday, and is much better. Her husband spent the week-end here, and their daughter, Mrs. L. L. Knipp, Mr. Knipp, and daughter, Cheryl, of Tipton, Mo., are here for a few days.

Mr. Roy Williams was brought home from Mercy Hospital Thursday. He had been a patient there for several days, but is feeling better now.

Horace (Sonny) Hitt, who is in Memorial Hospital in Lubbock, seemed a little better Sunday.

Patricia Hafer of Lubbock and Mary Frances King spent Saturday night with Betty Halliburton.

Jimmy Moore and Don McDonald of Fluvanna, tied for first place in the bull riding contest at the O'Donnell Rodeo held for three days in O'Donnell the last of the week.

Bobbie Halliburton was among the twenty members of the Lubbock Naval Reserve unit that left

Lubbock Saturday for the Great Lakes Naval Training Center for two weeks of regular Navy recruit training. They will return to Lubbock August 12th.

Mrs. Gladys Hafer and Mr. A. A. Thurman, of Amarillo, stopped in Southland Sunday to pick up Mrs. Hafer's daughter, Pat, of Lubbock. They were returning from Corpus Christi.

Mr. and Mrs. John Leake visited their children, Mr. and Mrs. Bobbie Leake and family, Mr. and Mrs. Joe Leake and family and Mr. and Mrs. Sam Hendrix and Jimmy, in Lubbock Sunday.

A reunion of the Trimble and Womack families was held on Sunday, July 29th, in MacKenzie State Park in Lubbock. The following members were present:

Mr. and Mrs. E. E. Trimble, Southland; Mr. and Mrs. Jack Gray and daughters, Amarillo; Mr. and Mrs. Joe Lester, Slaton; Mr. and Mrs. Johnny Abare, Slaton; Mrs. Bill Lyles and daughters, Slaton; Mr. Bill Trimble and sons, Seminole; Mr. and Mrs. Clarence Jones and Johnny, Goree; Mr. and Mrs. Roy Jones and Paul, Woodson; Mr. and Mrs. Guy Trimble and family, El Jau, Calif.; Mrs. Wayne Walton and Beth, Wichita Falls; Mr. and Mrs. Charlie Railsback and Norma, Goree; Mr. and Mrs. Gene Payne, O'Donnell; Mr. and Mrs. Harold Payne and Sharon, O'Donnell; Mr. and Mrs. Oris Lambeth and family, Anton; Mr. and Mrs. Bill McElroy and Timmy, Goree; Mr. and

Mrs. Hugh Womack and family, Olney; Mrs. Ed Riley, Abernathy; Mr. and Mrs. Beal Womack and family, and Mr. and Mrs. J. R. Womack and Cecil Doth, Olney; Ray Womack, Lubbock; Mr. and Mrs. R. C. Blair, Levelland; Mr. and Mrs. H. B. Jennings, Abernathy; Mr. and Mrs. Ward Johnson and daughters, Abernathy; Mr. and Mrs. Carl Jones and family, Post; Mr. and Mrs. Harold Womack and family, Lubbock.

L. B. Wright, of Union, spent Saturday night and Sunday with Wayne Quisenberry.

Marcia Becker, Mary Frances King, and Betty Halliburton saw the show in Slaton Monday night.

Pfc. and Mrs. Duane Gilliland, came back to Southland, Monday, from Sudan, where they had been visiting her parents, Mr. and Mrs. Martin. They will visit his parents here a few days before returning to camp.

Mr. and Mrs. Clarence Terry and daughter of Lubbock spent Sunday with her parents, Mr. and Mrs. S. M. Truelock.

Betty Norman visited Kay Anderson over the week-end.

Mr. and Mrs. Chaney Miller and son Chaney Davis, of Dallas, visited Mr. and Mrs. Otho Quisenberry, Monday night.

Kay Anderson spent Monday night with Sherry Taylor.

Mr. and Mrs. George Carson, of Georgetown, formerly of Southland, are visiting the Voigt family.

The only home permanent specially designed "to take" on young fine-textured hair

**Richard Hudnut CHILDREN'S HOME PERMANENT**

So safe and gentle, so easy to give—now every child can have curly hair!

Children's hair can be so stubborn. Its texture is so different from yours! And now at last here's a home permanent that's specially created for limp, less elastic, fine-textured hair. Kit includes specially formulated Children's Creme Waving Lotion, Liquid Neutralizer Lotion plus the Special Children's Home Permanent Conditioner... all completely different from the preparations in a regular home permanent and designed to make young

hair "take" a wave better... leave the hair soft, lustrous and manageable... like naturally curly hair. All the ingredients in this new Richard Hudnut Children's Home Permanent have been laboratory-tested and salon-tested so you can be sure it's safe and gentle for your child's hair. Use any plastic curlers... but we especially recommend the new Richard Hudnut Whirl-A-Wave curlers for ease, speed, and smoother waves.

THREE BIG SHOPPING DAYS!  
FRIDAY - SATURDAY - MONDAY

**English Newspapers**  
On account of the newsprint shortage in England, penny newspapers have been cut back to six pages since wartime paper restrictions were lifted, and three penny papers, such as the London Times, have to cut back two pages per day.

**Be On Safe Side**  
In order to prevent the entrance of moisture that may cause expensive damage to your home, be sure to caulk window frames and install flashing at the top to prevent rain from entering.

**New Conoco Ads To Be Published**

Beginning this week the Continental Oil Co. starts an advertising campaign publicizing Conoco gasoline. For many years the Continental Oil Co. has used weekly newspapers to tell about Conoco Oil, but the campaign starting this week will be the first time in a long period devoted to Conoco gasoline.

Conoco products are high grade in every respect and everything that is written into the advertising can be depended upon to be true. Read Conoco advertising, you'll get some valuable information.

Mr. and Mrs. Hubert Eller and son, and Mr. and Mrs. Thedo Hopkins and son of Arlington, Texas, and Mr. and Mrs. Orville Culver and son of Sacramento, Calif., were visitors in the home of Mr. and Mrs. E. E. Culver this last week. Mr. and Mrs. Hopkins are enroute to Oregon.

**JUST TALK**

by  
**A.M.J.**

The fame of Slaton is spreading far and wide and being a citizen of Slaton will soon carry as much prestige as the distinguishing marks of being from Texas.

What brings on this warning is shown by the fact that Mrs. H. E. Beard received the following clipping from her nephew, Lieut. Bill Alderson, who is stationed in Japan and whose home is in Kansas City. The quotation from the Christian Science Monitor is self explanatory:

**A TOUCH OF TEXAS**

To The Christian Science Monitor: You've hurt our feelings in your issue of April 10 by referring to Dan Thornton being born in a Little Village in the Texas Panhandle.

The unofficial census count according to inside information gives Slaton a population of 5,003 and, as one of those who got out and helped drag three Mexicans, who could not speak English, from under a house that was only four feet inside the city limits, I believe the count is fairly accurate, allowing that the three might be on the doubtful side.

We have four cotton gins here that create enough smoke in the ginning season to make the town look almost as big as Pittsburg, and a grain elevator not quite as tall as the Empire State Building. Three men got shot here last year. The police chief got robbed. The state square dance association meets here every June. Slaton is the division point, or the headquarters, for the longest division on the Santa Fe Railroad line, and, on several occasions, the most profitable division in the system. Two oil millionaires live here — one wears an old-style cowboy hat nearly as big as an umbrella and drives a Cadillac as if he were breaking broncos.

And you call us a village. Shame on you!

A. M. Jackson, Publisher, Slaton, Texas Slatonite From now on its going to be dangerous to make cracks about Slaton.

Again my back is aching, my shins feel skinned and my ears and nose sunburned to a flaming red, for I have been in Minkhaven, Colorado, in my imagination, and I've caught a lot of mountain trout.

The reason my mind is in Colorado is because I have been receiving almost daily reports from an old friend, Claude Wood, with whom I used to work in Waco and Austin, and with who I used to go fishing in Colorado.

His last report says, "just barely able to go. If I make it tomorrow I'll have to use crutches, fishing still good, got only nine today, could have done better if my legs were mates. My neck is the favorite stomping grounds of bat size mosquitoes, my nose can be used for the head light on the Texas Special, and I'm having the time of my life. Wish you were here and as in as bad a shape as I am."

Wayne Liles hung around in our front office last week for a while and before he left he was answering questions for the customers, telling the young lady society editor what to put in the society column and I had to watch close to keep him from taking the \$145 that came in during the time he was here. Wayne wears a grin about three feet wide, a hat to match and has a belt strapped around him in which he carries two pairs of pliers, a monkey wrench, four screw drivers, an alarm clock and a six shooter. He looks like an infantry man in full combat form and if you don't watch out he'll install some metal stuff in your building.

If you think the young sprouts don't know what the score is you should talk to some of the boys

who sell Slatonites on the street each week. They give us a fit on Thursday afternoons.

Last week one wise guy, named Jerry Pricer, said that he hoped Jackie Shepard could not sell all the papers he had taken out. "Don't you like Jackie?" my wife asked. "Oh, I'm just kidding," said Jerry. "I love his little guts."

From now on I'm prepared to report rain fall in these parts to a red hair for I have just paid five bucks for a rain gauge that has everything on it but Lincoln's Gettysburg address. It is all stacked out on a post and I've got it so that our next door neighbor, Leonard Harral, or my wife, can go out and get the reading every time a few drops fall. It may sometimes be a muddy job and I'll make regular reports if I can get either Mr. Harral or my wife to get the readings. I'll go a long way to serve "Just Talk" readers.

Under ordinary circumstances I am not addicted to reading poetry for it is hard enough to understand ordinary words without getting ones nerves atingle trying to make them rhyme. The following is clipped from the Brady Standard, is most sentimental and might be pleasing to the poetical ears of such folks as Judge Smith, Charley Austin, W. T. Davis, and others.

**THE RANCHER'S LAMENT**

Spring is sprung  
The grass ain't green  
Whar's them flowers  
What nobody's seen?  
The cows are poor;  
The calves are ga'nt  
It tries to rain  
But I guess it can't.

Cake is high  
And so is hay  
Just sit and worry  
The livelong day.

Don't help a bit  
Nor ease the pain  
When I look at the sky  
And wish for rain.

The clouds come up  
And just blow away  
The grocer's just asked  
If I couldn't pay.

There's an old cow down;  
If I had some "hup"  
I'd go right out  
An tail her up.

But 'twould do no good;  
She couldn't stand.  
I'll just let 'em die  
And sell my land.

I'll get me a job  
That my wife can do  
And I'll just set  
And smoke and chew.

—John H. Moore in The New Mexico Stockman.

**Raw Apples**  
Apples vary in food value according to the variety, season, and length of storage; but, generally speaking, raw apples with the skins left on are the most nutritious.

**Cabbage**  
When buying cabbage, select those heads that are solid, firm and fairly heavy for their size—not those that are loose, yellowed, or decayed.

**Shoe Patents**  
More than 8,000 patents have been issued by the patent office in Washington on machinery to improve the manufacture of leather soles and shoes.

**Accidental Deaths**  
In 1949 there was one accidental death in 423 families, one disabling injury in four families, and the budget was nicked for \$195 per family.

**State Fair Plans  
On Record Crowds**

The State Fair of Texas has virtually completed its lineup of major attractions for the 1951 exposition, Oct. 6-21, James H. Stewart, executive vice president and general manager, has revealed.

The biggest and best of all state fairs expects to crack wide open the national records set by last year's fair, which drew a whopping 2,176,519 attendance, Stewart said. Here are some impressive samples of this year's top-caliber attractions:

"Guys and Dolls," successor to "South Pacific" as Broadway's hottest musical smash hit, will play 24 performances in the Auditorium. An impressive cast is headed by Movie Star Allan Jones.

The Pan-American National Hereford Show will have more than 500 whiteface aristocrats competing for \$25,000 in premiums. Total livestock and poultry premiums add up to a record \$90,414, highest in history. There'll be 26 breeds of beef and dairy cattle, horses, swine, sheep and Angora goats shown.

There'll be a bigtime college football game in the Cotton Bowl each Saturday of the fair—SMU vs. Missouri Oct. 6, Texas vs. Oklahoma Oct. 13 and SMU vs. Rice Oct. 20—plus six other games.

Featured will be "The Storybook of Texas Agriculture," revolutionary new presentation of Texas' agricultural riches in a massive, animated display; a Science Engineering Show that will show how research laboratories of the nation's industrial giants are creating modern miracles of science; the 35th annual Southwestern Automotive Exposition, South's largest automobile show.

The fabulous million-dollar Midway will be bigger and brighter—with the nation's best sideshows, 33 great thrill rides, a half-acre of rides just for the kids, and the sensational Sky Wheels, towering double ferris wheel that will carry fun-seekers to new heights indeed.

Free lectures, flower shows, contests and a vastly expanded list of competitive classes will boost the Women's Show to the top among the nation's events of that type.

And that's only the beginning, Stewart promises. There'll be Ice Cycles of 1952, the Aut Swenson Thrillcade, thousands of glamorous, free exhibits, farm machinery exhibits, free aerial acts, scores of special events, free fireworks and entertainment, to make the 1951 state fair the world's biggest entertainment and educational bargain.

**Stock Tank Heater**

An electric stock tank heater is a low cost way to prevent water from freezing, if the tank is small and properly insulated.

**Fresh FRUITS and VEGETABLES**

## Young Lutherans At Camp Rally

Nine young people of Slaton left this week for the Bible Camp and Rally of the Lubbock Federation of Lutheran Leagues of the American Lutheran Church, according to Pastor Lowell C. Green. The meeting will be from August 1st to 5th. The camp is being held at the new Lutheran camp, "Chrysalis," near Kerrville. "We are indeed happy to have the facilities of this fine camp," stated Pastor Green, who is on the district youth com-

mittee. "The property includes provisions for all outdoor sports, with a private lake and swimming pool, in addition to excellent study and assembly facilities."

No services will be held on August 5th, at the Immanuel Lutheran Church due to the absence of the pastor. However, at the new Evangelical Lutheran Church, on the corner of South 15th and Jean streets, a lay service will be conducted by C. M. McPhearson, instructor at Slaton High School. The service will start at 9:15 o'clock Sunday morning. Sunday School will follow. The following Sunday, services will be conducted

by the Pastor at the usual hours in both churches.

Air Cadet Durwood Crawford was home visiting his parents, Mr. and Mrs. J. W. Crawford this last week end. He has returned to James Connelly Air Force Base at Waco to await orders. He is assigned to O.C.S., but as yet does not know if he will be sent to San Antonio, Texas, or Denver, Colorado.

Mr. and Mrs. Keith Price and their daughters, Janette and Dorris and Mrs. Price's parents, Mr. and Mrs. D. R. Reed, left this week for Colorado on a two weeks vacation.

## News Of Slaton Men In Service

Pvt. Ed Burton, son of Mr. and Mrs. John C. Burton, arrived July 20 to spend a 10 day furlough with his friends and family here. He is stationed at Ft. Sill, Okla. He says the food there is pretty good, but nobody can beat "mom" at cooking. Sgt. J. C. Burton, also the son of Mr. and Mrs. John C. Burton, is still at Brooks Field, San Antonio. He and his wife, Geraldine, and their son get to go to San Marcus, where J. C. and Geraldine went to school, to visit friends.

Pvt. Harold Culver, son of Mr. and Mrs. E. E. Culver, was home on a three day pass the 22nd. He and Pfc. Billie Joe Bartlett, son of Mr. and Mrs. W. H. Bartlett, drove Billie Joe's car back to Camp Polk La. They are doing construction work on roads there, and both boys say there are too many "chiggers" and mosquitoes for comfort. Cpl. Tip Culver, Harold's brother, and Cpl. Alton Kenney, son of Mr. and Mrs. O. D. Kenney, will leave, by train, August 3rd to return to camp in California. Tip is at Camp Pendleton, Calif., and Alton is stationed at Barstow, Calif. Cpl. Bobby Cook, son of Mr. and Mrs. Hugh Cook, left July 26th to return to Camp Pendleton, Calif.

Recruit Eugene German, son of Mr. and Mrs. M. L. German, called his mother to say he would be home about August 18th. Eugene has about three more weeks of boot training to complete before getting leave.

Mr. and Mrs. O. T. Lovelady have received a letter from Jimmy saying that Lavone Boyles called him from Tokyo and said that Roland McCormick was due in Japan soon, and he and Lavone would meet Jimmy in Yokosuka, Japan for a get-together.

Sgt. Bob Fondy, son of Mr. and Mrs. John Fondy of Amarillo, and son-in-law of Mr. and Mrs. C. T. Scroggins, of Slaton, is stationed at Ft. Sill, Okla. He has worked in the correspondence department at the base there since last November. His wife, Evelyn, and their three year old daughter, Carla, are with him. They have a garage apartment in Lawton, Okla. Sgt. Fondy gets to leave the base at 5:00 each evening to go home, then reports back at 7:30 the next morning.

Sgt. A. B. Hawes, Jr., son of Mr. and Mrs. A. B. Hawes, of Post, and son-in-law of Mr. and Mrs. R. E. McReynolds, of Slaton, will receive his discharge at San Antonio. He will be home and back in business, in Post, on August 1st.

Pfc. Walter O. Heinrich, son of Mr. Otto Edgar Heinrich, Rt. 2, Slaton, recently joined the Seventh Division's 57th Field Artillery Battalion in Korea.

As a member of the "Hourglass" Division, Heinrich has joined the most traveled unit in the Far East. In ten months of Korean action, his unit has made two amphibious landings, gained the Manchurian border, and fought on both coasts of the Korean peninsula.

Just recently the 57th F. A. Bn. took part in "Operation Bunker Hill." This was a demonstration, using live ammunition, that illustrated the role of light artillery in direct support of an infantry attack. Many of the lessons learned in the Korean conflict were shown during the operation.

With six months service, Private Heinrich joined the Seventh Division in June 1951.

Miss Jerry Short reports that a recent letter from her boy friend, Bob Thompson, who is the son of Mr. and Mrs. G. B. Thompson, states that he is supposed to sail for the states about August 5th, and should be here in Slaton around August 18th or 20th.

A release just received from the Public Information Officer of Keesler Air Force Base, Miss., reads as follows: "July 27, 1951—Pfc. Billy G. M. Greer, son of Mrs. Eura McCain, 930 South 11th, Slaton, recently reported to Keesler Air Force Base to begin training in the Radar Mechanics Course an integral part of the "Electronics Training Center of the World" located only a few hundred feet north of the Gulf of Mexico, at Biloxi, Miss.

Housing the 3380th Technical Training Wing, Keesler is also known as the "Push-Button College of the Air Force." Here, incoming students will attend one of 16 different curricula, offering over 55 separate curricula.

The training Pfc. Greer receives in this school will extend over approximately a 14 week period. When graduated he will be assigned to field duty or to another school for advanced training."

Mrs. S. H. Adams reports that she talked with her nephew, yeoman 2-c John Fry over short wave last week. John is stationed on Midway Island, which is used as a refueling base. His work is in the Commander's office. He said "Is and life was" fairly uneventful "with not much but the "gooney" birds for entertainment. This "gooney" bird is actually the albatross, a large bird capable of flying great distances. These birds fly far out over the ocean, then when they do come in to land, they are very awkward and clumsy, in fact, they act much like a human being who has over-indulged, thus, the name "gooney" bird has been attached to them.

**Russian Newspapers**  
In Russia the 7100 state-owned "people's" newspapers are allowed a maximum of 350,000 tons a year, which is about the requirements of three large U.S. metropolitan newspapers.

**HELEN BAILY'S**  
ADVICE ON  
*Human Relations*

**Dear Helen:**  
I have a friend who talks incessantly whether she has anything to say or not. If someone else is talking, she interrupts the conversation, even if what she has to say has nothing to do with the subject.  
We like this girl and she has many fine traits but this habit of hers is getting on all of our nerves. We hate to hurt her feelings but what can we do about it?  
A Friend.

**Answer:**  
I suppose your friend is simply a grown up child still trying to attract attention. Just like some children will be bad, if other things fail, in order to be noticed some grown-ups will do anything to be the center of attention. They are usually people who as children were accustomed to "showing off" and cannot bear to take a back seat now even for a short while.

I do not know what you can do about such a friend. She is certain to hold a grudge against whom-ever tells her of this fault and anonymous letters are cowardly things.

You might suggest a rule for your group of a penalty for those who interrupt conversations. This may be a hint enough to slow her up a bit.

**To G. J.:**  
I am sorry but I make it a firm rule never to publish addresses of anyone requesting pen pals. While I have no doubt that you are sincere in your request, I know of several instances where unscrupulous persons have worked rackets on their so-called "pen pals." Sorry.

**Helen:**  
My husband is an ardent church-goer and although he wears a saintly look before his church friends, he is a mean, stingy, unchristian man. I never have a dollar to spend and he has tried to goad me into getting a divorce so that he can say I deserted him, but I am sticking it out because of the children. I am almost crazy. Wife

**Answer:**  
There are none so vile as those who abuse their families and appear holy when they are in the public eye.

If you have to stay with him, try to make the best of it and have as little bickering as possible for

your children's sake.  
Helen Baily cannot answer mail personally, nor can she publish each letter she receives. Instead, she chooses representative problems that would be of interest to all. Write her in care of the Slatonite, P.O. Box 775, Slaton, Texas, for forwarding.

Mr. and Mrs. Oscar Reissig of Boerne, Texas, and Mr. and Mrs. Louis Reissig of Inglewood, Calif., have been visiting in the home of Mrs. H. L. Reissig this past week.

*If it's flame cooked you know it's good!*

**gas**  
Is used for cooking by 22½ million American families

A tip from...

### The Flame Room

**GLAZED BROILERS**  
Broilers range from 1 to 2½ pounds. Small broilers are often served whole, 1 to a person. Larger ones are usually split or quartered.

**BARBECUE SAUCE** (for 4 small broilers)  
Sauté in ½ cup olive oil until lightly browned, 2 medium-sized onions, finely chopped.

**ADD—**

- 1 cup tomato paste
- 1 teaspoon salt
- 1 teaspoon basil
- ½ cup steak sauce
- ½ cup Worcestershire sauce
- 1 teaspoon dry mustard
- ½ cup strained honey

Allow to simmer 5 minutes, stirring constantly.

**ADD ½ cup red wine** (optional)  
Allow sauce to come just to the boiling point. Strain through a fine sieve.

Marinate the broilers in 2 cups of the sauce for an hour. Preheat the gas broiler. Place broilers on the broiling rack, skin side down, so that the bony side is about 3 inches from the flame. Allow the chicken to cook 12 to 20 minutes, turning frequently, and brushing both sides with the barbecue sauce throughout the cooking process.

Enjoy easier broiling... more leisure... and serve savory, full-flavor foods that will delight the entire family. With *controlled flame cooking* foods retain their natural flavor. Select a gas range—the choice of smart young moderns. Now is the ideal time to see the display of distinctive, new, *fully automatic GAS* ranges on display at your dealer's. You're sure to find one that exactly meets your cooking requirements. Every one offers outstanding top-of-range, oven and broiler facilities, plus a host of other advantages.
