Washington Ok's Planning On Dam

SLATON, D. C. (Special) — Closing days of the resumed session Congress and sent to the President for his approval of an appropriation for the pre-construction of the Canadian River dam is to provide for the construction of the dam including Slaton. Presidential approval of the use of the funds is not expected though they were authorized by the President.

of the funds. Senators Johnson and Yarborough were instrumental in securing Senate approval. Mahon stated that he and Rogers would seek to get funds to begin construction of the dam included in the President's budget for next year. Mahon said: "Many difficulties and contingencies are involved but Mr. Rogers and I will cooperate closely with the member cities in helping get the project under construction at the earliest possible moment. We cannot predict when we will actually get the money." The project was authorized by Congress in 1950. Federal funds have not been sought by the member cities in recent years by reason of the inability of the cities to come to agreement on technical matters. Recent agreements by the cities have opened the way for further progress. Estimates indicate that the total cost of the project will approximate \$100 million. About 90 percent of the cost would be repayable to the government by the cities using the water. Contract elections are expected to be called in the near future, between the member cities and the government.

Roundup Time In Slaton!

Shades of the old west! Patrolman Ford Rinne went on a roundup last week and hauled in three stray dogs, meandering aimlessly down Ninth Street. In the wee hours, Rinne saw the calves out for a stroll through downtown Slaton. Being without his horse and rope, Rinne proceeded to conduct himself above and beyond the call of duty. Being a man of adequate stature and long arms, he simply grabbed the young bovines, one at a time of course, and hauled them to the City Dog Pound (where else?) for safe keeping. Their owner picked them up the next day. Said Officer Rinne, "It's all in a night's work!"

Kennedy Apparently Won't Be On Hand, But Fellowship Will

It looks like Ol' Jack won't make it, and the drive-in part of the banquet is off, but that's all that has been changed as Slaton's third annual Farmer-Merchant Appreciation Dinner unfolds next Monday night at the High School Football Field at 7 o'clock.

Jack Kennedy, the Democratic Party's candidate for President, has been being pursued actively by local Chamber of Commerce officials to speak at the banquet, but in spite of a barrage of telegrams and an indication of interest from the Kennedy camp in Massachusetts, it appears he won't come to Slaton to speak to the gathering of farmers.

And the drive-in part, well, you remember that it was going to be an affair where cars were pulled onto the football field and tables set up between them to provide shelter and comfort for the farmers... that has been altered slightly. There won't be any cars... just plenty of room for fellowship and eating by an expected crowd of 1,000. The vast majority of the crowd will be made up by area farmers, who are being feted by Slaton and area business and professional people. The merchants have a particular liking to the farmers. Especially about this time of year. The crops will be in soon and these fellows who till the soil will be bringing millions of dollars into the area's economy and they contribute much to its civic life year around. The farmers will be treated to a free feed, free cigars and cigarettes and much back-patting. However, and they'll like this, there'll be no sales pitches made and, since Jack probably won't show, no speeches. There will be awards presented to the producers of the first three bales of cotton in the area, door prizes galore and a short welcoming address by Chamber of Commerce President Joe Teague III.

Tigers Tangle With Seagraves Friday Night; Lost To Canyon

Two touchdown drives by Canyon in the first period and a fumble turned touchdown in the second quarter sparked the Eagles to a 24-0 win over Slaton's Tigers in the season opener for both teams here last Friday night. This week the locals will take on Seagraves, strong Class A outfit, in the second straight home game. Canyon scored in the opening quarter last Friday night, after picking up a Slaton fumble on the third play of the game. Slaton's half back Don Shelby returned the Eagle kickoff 15 yards to the Tigers 41 yard line, where two plays netted six

yards and the third brought about a fumble recovered by Canyon on the Slaton 41. Visiting halfbacks Ralph Cabe and Jerry Reynolds alternated carries to pick up three first downs and give the Eagles a first down on the Tiger two yard line. Reynolds went over center for the TD. A pass for the extra points was wide of its mark. For their second score, the visitors returned a punt by Tiger quarterback Webber Tefertiller to the Slaton 40 yard line. A Killingsworth to Wayne Rutherford pass was good for 20 yards to the home team's 20 yard line. Three line plays moved the ball 15 yards to the Slaton 5 and gave Canyon a first down. Then a pitchout lost six yards but Cabe carried for the touchdown in two plays, the last one two yards for the score. A

running attempt for the extra points failed, leaving the score 12-0. The next Eagle touchdown came in unusual manner after the Tigers had ground out a couple of first downs via a Tefertiller-Shelby pass completion and good running plays executed by halfback Gene Talbert & fullback James Wright. The drive ended with a pass interception by Reynolds of Canyon, giving the Eagles possession of the ball on their own 31 yard line. Four plays moved the ball to the Slaton 43, where fullback Elmer Oberst went around left end, fumbled, and the ball was picked up by quarterback Doug Ward, who raced 43 yards to score. A pass for the extra points failed. Shelby returned the kickoff (Continued on Page 4)

Southland Scores 1st Victory

The Southland Eagles copped their first win of the season by downing Plains, Sept. 2, 28-16. Southland received the kickoff. On the first play from scrimmage right halfback Ronnie Sales went 60 yards for the 1st touchdown. The 2nd touchdown was made by Manuel Salinas, right end, on a 30 yard scoring play. The extra point was good with Harvey Pennell, left end, catching a pass. The 3rd tally was made when quarterback Don Basinger hit left end Harvey Pennell with a pass. Try for extra points failed. Salinas scored a touchdown in the 3rd quarter. A pass to Pennell was good for extra points.

Forty Attend Tiger Club's Meeting

Forty persons attended the Tuesday night meeting this week of the newly-formed Tiger Club. The club members heard Football Coaches M. W. Kerr and Paul Boswell discuss last Friday night's game with the Canyon Eagles, which Canyon won 26-0. A set of rules and by-laws for club operation was approved at the meeting and it was announced that films of Tiger games will be shown when available.

Boys Ranch Speaker For Rotarians

We'll Be In Lubbock, Though!

LUBBOCK (Special)—Final plans have been announced for the visit to Lubbock Monday, Sept. 12, by Sen. John Kennedy, the Democratic Party's nominee for president.

It will mark only the second appearance in this area of a campaigning presidential candidate, the first being when President Eisenhower stopped here in 1952. Kennedy's visit will be highlighted by a speech at the Lubbock Municipal Airport. Signs will direct visitors to the proper area. He will arrive in Lubbock at 12:15 p.m. in a special plane from El Paso.

About 75 members of the nation's press will be in other planes, and the South Plains press will also cover the visit. Ralph Brock, Lubbock County Democratic chairman and Judge Howard Davison, Democratic District Committeeman, are coordinating plans for the visit.

"We will start parking cars at 11 a.m.," Brock said. The program will begin about 11:30 a.m. and the preliminaries will be over when Sen. Kennedy arrives so his entire time here can be devoted to meeting people and speaking.

The Democratic nominee will only be here for one hour, leaving at 1:15 p.m. for San Antonio. Brock and Davison said a special invitation has been extended to school children and bands in this area and several bands are expected to participate.

Several thousand persons are expected to be on hand for the senator's visit. Special events are being planned in connection with the program, and it is expected that Sen. Kennedy will make a highly significant appeal to the voters here.

Lubbock businessmen are being asked to reduce their staffs to skeleton crews during the noon hour in order to give as many persons as possible a chance to attend. Plans also are being made to provide some type of seating arrangements and refreshments will be available.

CONTEST WINNER
Karl Bednarz, son of Mr. and Mrs. Donald Bednarz of Slaton, was the winner of a baby contest sponsored recently by Piggly Wiggly.

Tie In First Week's Grid Contest

Bob White and Joe Sparkman, both of Slaton, tied for first place in the first week's Slatonite Football Contest, on games played last Friday night.

Third place went to Johnny Hemmington. White and Sparkman will get \$4 each and Hemmington, \$2.

Actually, the three each got the same number of guesses right, missing only one. The final result was arrived at via the tie-breaker game, Slaton vs. Canyon, where contestants guessed at the score. Net difference in the score is the determining factor.

Actually, two other entrants missed only one game in the guessing, but their guess at the score of the Canyon-Slaton game took them out of the running. We goofed up considerably in that we had only eight game, to guess at in the first place, and two of them had to be discounted because of error. As you know, Wilson didn't play last week so we didn't count that, and Seagraves played Hobbs instead of Lovington, N. M., so we didn't count that one either.

But there are 10 good games this week. Just you try your luck.

Water Survey Agreement Ok'd In Called Meeting

Agreement with the engineering firm Parkhill, Smith and Co. of Lubbock was approved at a called meeting of Slaton City Commission Monday night.

It will cost in the neighborhood of \$2,500 and will get underway immediately. In other business, Chief of Police Eugene L. Martin reported that his police school for department officers and Auxiliary Police would be completed Wednesday night, Sept. 7. District Attorney George Gilkerson, who taught the school Tuesday night, appeared briefly before the commission to commend the work of the local police department. Also, the commission turned over to City Attorney Claude Cravens two insurance claims, one involving Cravens' own car, involved in a collision with a police patrol car last year, and the other resulting from a collision this year between a local police car and a pickup truck owned by Emmett E. Cowan. The police car had been parked

and rolled out into the street, colliding with Cowan's pick up. City Commissioner L. O. Lemon said he had been approached by local go-kart enthusiasts regarding possible leasing of the City's newly-purchased Shafer tract. The commission expressed the view that a lease for purpose of installing a go-kart track would be impossible since the area is zoned R-1 residential. City Secretary J. J. Maxey read a letter from Attorney Grady West of Lubbock, filing a claim for damages for Julian Torres, who was injured on June 10 while operating a lawn mower for the City. Torres lost portions of two fingers. The commission instructed Cravens to write Torres, inviting him to appear before them at their next regular meeting to press his claim.

We Came Out On Short End Of The Score, But Things Are Looking Up

If you like football, you would have enjoyed last Friday night's contest between the Slaton Tigers and Canyon Eagles. The home team lost, but, in the eyes of many, it was a pleasing performance by the Tigers. For one thing, if you don't want to get hit, don't get on the field with the Slaton crew, 'cause they're ready to play ball, win, lose or draw. Though their inexperience showed pretty plainly and last year's fumble malady doesn't seem to have been corrected yet, this bunch is after some scalps and we'll bet they collect a few. There were bright spots aplenty for the Fighting Tigers, and about the brightest last Friday night was created by terrible T. L. Blisard. Blisard just doesn't miss a tackle while staking around on defense and he

hits hard on offense. If they came within arm's reach, T. L. hauled 'em in and, once, when the Eagles completed a pass deep in the secondary, Blisard saved the day, catching the Canyon receiver after a teammate had missed his tackle try. But then along came Blisard and the excitement was over. Another bright spot... half-back Gene Talbert. Talbert is a senior and this will be it for him, but Tigers fans will be glad he's here this year. He came out of nowhere to earn a starting berth. Talbert is a natural athlete, quick and ready to run. Watch him Friday night against Seagraves. He'll be even better. And the sophomores? They make your mouth water. The (Continued on Page 4)

LET'S GET READY FOR 1961

The big hullabaloo recently observed in Rails to celebrate that town's Anniversary is a reminder that Slaton will reach its 50th birthday in June, 1961, and the event should be a reason for our citizens to make some effort to blow off steam and announce in big headlines what we have done in the past and hope to do in the future.

It would be a difficult job to calculate how much any town benefits from celebrations of any kind.

It is doubtful that those held in large centers like Lubbock could be considered worthwhile from a dollar and cent point of view but there are many benefits to such an observance that cannot be valued from this point of view, such as the fellowship that comes from the people of the town working together for one purpose, the bringing to life of the talents many citizens have but seldom have an opportunity to use, and the fact that such efforts bring the name of the community to the attention of the people who live in other towns and communities.

To stage an anniversary celebration successfully requires many months of planning and cooperative effort on the part of most all the citizens and business institutions and if Slaton is going to stage a suitable 50th Anniversary, it is not one minute too early for preliminary work to begin.

To be successful the business interests of Slaton will have to be organized and plans made to raise funds as well as to plan what amusements and entertainment can be provided. Some individual differences will have to be worked out and every able-bodied citizen should have some part in helping.

Regardless of what else 1961 may bring, it should be a big year for Slaton. A.M.J.

BAG WORMS MENACE SLATON

As has been noted before at this time of the year, Slaton is being invaded by large numbers of bag worms and these pests should be fought with a cooperative and determined effort by every property owner in the town.

Hundreds of trees and shrubs are being seriously damaged and many of them will die because of the pests. This is the time of the year when they migrate from one tree or shrub to another and are particularly damaging to evergreens. Slaton, after many years of effort, and at considerable cost to home owners for shrubs, and for the water to irrigate them, is now one of the best landscaped towns on the South Plains.

It has taken many years to cultivate the many pretty evergreens and it would be a tragedy to let them all die through neglect. Cooperative effort should be made now to spray the trees while the bag worms are at a stage when they can be best controlled. If neglected any further, the scourge will be worse next summer and fall and continue to spread until all the trees and shrubs in town will be dead or so severely damaged that they will be worthless. (Editor's Note: You might enjoy this to-do, taken from the column, "Marta Omnibus" in the Big Bend Sentinel.)

Say men, have you ever been around when the lady of the house makes plans for a bridge game? If you haven't you've really got an education in the making. If you're one of the fellows who has had the good fortune, and we use this phrase loosely, to be in the immediate vicinity of "operation trump card," then you know whereof we speak.

For the edification of men whose wives do not play bridge, for all bachelors and for those who have not had the experience of sitting in on preparations for the grand slam, let me give you our observations. This, mind you, is straight from a fellow tried and found passing on the subject.

It all started with, "hon, do you mind if I have a bridge luncheon next Saturday?" Or, "Hon, do we have anything planned for next Tuesday?" The "Hon" is part of the propaganda infiltration. Psychology? These gals got it, don't ever underestimate the power of a woman. Especially when she wants something. Well sir, if you're like this guy it takes plenty of persuading and deep thought to figure out if there's anything planned for next Tuesday or Saturday or, what ever day pops up. After giving this question full deliberation, still unaware of what's coming next, we reply in the negative. That's when

stepped out of his plane at that altitude, stepped onto a bunch of olives, ripe and stuffed, dips, with and without potato chips, potato salad, crustless sandwiches and a million other items, and eaten his way back to old mother earth, never touching his rip cord.

We've never been able to figure out when women at a bridge game find time to eat. Maybe when we thought they were talking, and I'm sure they were, they were chomping pate de fois gras or, dainty sandwiches made of hummingbird eyelashes, yet somehow managing to get in a "four no trump," between chomps. No one ever drinks any hard likker at a bridge game. Man, what a mess that would be. Can't you just see some tipsy gal slamming her partner with a cold leg of lamb because she trumped her ace or, whatever it is you do wrong when you do it. There's no alcoholic beverages served at these shindigs, but consumption of soft drinks would float the Queen Mary down Alamito Creek. There's pink punch, depending on the season of the year. None of the plain old Coca Cola, Pepsi, 7-Up, Royal Crown or the good old baseball park cold drinks. No sree. Not these gals.

Of course, all this we don't dispute, what good would it do? It's just that we never can seem to fill up on all this junk and we clean off shelf after shelf in the refrigerator and never seem to find bottom. And that's the way breakfast, lunch and dinner go for the next two weeks. Have you ever bounced out of the shower, feeling fresh and new, got out a clean shirt and then flipped into the kitchen, expecting ham and eggs or a stack of waffles, only to find another breakfast of wilted carrot sticks, garnished with cucumbers and sour cream and topped off with a taste-tempting glass of fruit punch with a sagging sprig of mint at the bottom of the glass? Yes sir, the breakfast of champions.

Pellows this is an experience, believe me. Sometimes things don't get quite so radical. Sometimes the party is sliced to around twenty bridge players. In that case you can eat your way through the left-overs in just under ten days. But one of those big affairs... Probably the most interesting part of the entire "operation grand slam" is listening to the telephoning. Here the gal gets on the Alexander Graham Bell and begins the long and arduous task of calling the other gals. If you have no need for the phone, and after all, what would you use a phone for? Call a couple of customers? Set up a hunting or

fishing trip next weekend? We've got news for you, bub. Anyway, this telephoning is something to hear. It goes on and on, well in the night. "Hello, Suzzie, I'm giving a bridge luncheon next Hoopsday and wonder if you might be able to attend?" We don't know what Suzzie said, but obviously she's going to be out of town, the grandkids are sick. And so it goes until the list is depleted, and we all sit back and relax, awaiting the eventful day. Oh, yes, it is my bid, isn't it?"

From Los Angeles Times editorial: "Flagrantly bad driving should be recognized as the crime it really is!"

What some people don't know—and won't learn—about driving would fill a hospital.

STANDARD OPERATING PROCEDURE

Mr. Welling mows his lawn every Saturday — he and his two assistants.

Technically, it's a one-man operation. But not to Billy and Jean. They insist on helping.

And, what is more, they NEED to help! Imitating what Daddy does is *standard operating procedure* for children. It's an essential part of growing up.

Remember this need as another Sunday approaches. You are alarmed over the spread of delinquency. You are determined that your children have adequate religious education.

The Church can provide all but one of the essentials in religious education. THE EXAMPLE which affords real incentive for your children's every effort MUST COME FROM YOU.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

8 out of 10 WOMEN GET RELIEF from nervousness and "hot flashes" of CHANGE-OF-LIFE in doctor's clinical tests!

Every case tested got striking relief from awful discomforts of change-of-life. Nervousness was reduced for as many as 87% ... "hot flashes" 75%!

No Costly Shots Needed—Female Ailments Relieved!

Results were credited entirely to Lydia E. Pinkham's Vegetable Compound. Acting through the sympathetic nervous system, it has remarkable power to relieve this functionally-caused distress.

Don't suffer needlessly. See if that tension, irritability aren't relieved with Pinkham's. See if you don't escape suffocating "hot flashes" that made change-of-life so hard to bear. Today, get Lydia Pinkham's Vegetable Compound at all drug stores.

SLEEP 8 HOURS—WAKE UP TIRED? When due to simple iron deficiency anemia, take Pinkham's Tablets. Rich in iron, they start to strengthen your blood in one day.

Institute It Scheduled Here Friday

A Rotary Extension and Information District Institute will be held here Friday with the Slaton Rotary Club and District Governor Bruce Pember playing host to representatives from 43 Rotary Clubs.

The institute will be from 9:30 a.m. to 4:30 p.m. Friday, September 9, at the First Methodist Church. R. Rhys Evans of Ardmore, Okla., will be counsellor.

A breakfast Friday morning at Bruce's cafe will kick off the affair and will be used for the purpose of getting information to the chairmen of the various panels to use during the institute.

north edge of town, bearing the sign, "Don't Let This Happen To You . . . Drive Safely."

Jaycees, under the project chairmanship of Don Kendrick, manned the stop with hot coffee ready to serve motorists who wanted to take a break from driving, stretch their legs and have a cup of coffee.

The project had the support of the Slaton Police Department and Auxiliary Police helped serve coffee, etc.

Tigers are coming in a year or two.

Come out and watch this bunch take on tough Seagraves this Friday night. They might get beat, matter of fact they probably will, but the visitors will know they've been in a contest and they'll take home many a lump on their noggin. It's nice to watch the local team. —JRC.

30 yards to the 50 yard line. An end run lost 8 yards, Talbert and Wright made 11n two carries and a fourth down play carried for nine yards and a first down on the Eagle 33. Halfback Kelly Mac Bownds made 11 yards in two carries for a first down on the 22. Four plays carried to the 10. Wright made 3 over center, Bownds got 2 over tackle and then a fumble stopped the drive on the Eagle two yard line. The half ended with Canyon leading, 18-0.

The third quarter was highlighted by a 54 yard drive by Canyon which was stopped by a fumble in the end zone. Slaton recovered for a safety and took possession on their own 20 yard line.

Canyon scored in the fourth quarter on a 46 yard pass from Killingsworth to Cabe.

Talbert was the leading ground gainer for Slaton with 65 yards on 14 carries. Wright gained 42 yards in 10 tries, followed by Bownds with 39 in 9 carries and Shelby with 29 on 8 carries.

BOYS RANCH . . .
(Continued from Page 1)

Rotarians at the Club House, bringing to the members the colorful story of the nationally-recognized work with homeless and delinquent boys being done at Cal Farley's Boys Ranch.

Having been associated with Boys Ranch founder and president, Cal Farley, for nearly 35 years and having worked with Farley for 11 years before, during and after the founding of the Ranch, Noblitt is experienced and well-qualified in his subject.

As one of the Ranch's oldest continuous boosters and contributors, Noblitt is realizing a desire of long standing by bringing the Boys Ranch story to civic clubs and other organizations in this area. His recent retirement from operating his own successful business has given him the opportunity to give his services on behalf of the 261 boys from all over the nation who now call Boys Ranch their home, fifteen of whom are from Lubbock County.

At his own request, Noblitt is serving without pay and because he has kept pace with the Ranch growth and program over the years, he is probably one of the best informed laymen in this type of work.

Noblitt is an unusually interesting speaker with an unusually interesting subject that covers a wide range. But when speaking he prefers to classify his talk with the deceptively simple title of, "Giving Boys A Shirt tail To Hang To."

Fog: stuff that is dangerous to rive in, especially if it's mental.

Industrial League Bowling

Hackberry Co-op Gin and Liles Sheet Metal got off to good starts in the Industrial Bowling League last Thursday night, both teams winning all three games for the night.

Here are League standings after the first week of play:

Team	Standing	Team	Won	Lost
1 Hackberry Co-op Gin	3	0		
2 Liles Sheet Metal	3	0		
3 Slaton Co-op Gin	2	1		
4 Doc Crow Chevrolet	2	1		
5 Wheeler's	2	1

9 L & H Hardware	1	2		
10 Santa Fe Diesels	1	2		
11 Slaton Gas & Equipment	0	3		

Industrial League bowling will get underway at Slaton Bowling Club today at 7 p.m. Team captains will meet at the bowling alley at 6:30 p.m. to draw for team numbers. There are three new teams in the league this year. Piggly Wiggly takes the place of Slaton Motor Company, Santa Fe Diesels replace the Pin Busters,

Lt. Col. L. M. Garrigues, son of Mr. and Mrs. C. L. Garrigues of Slaton, will arrive in San Francisco Saturday, Sept. 3, following a three-year tour of duty in Japan and Okinawa with the U. S. Army. Mrs. Joan Adams of Milton, Fla., daughter of Mr. and Mrs. Bruce Pember, is visiting here in the Pember home and in the homes of other Slaton relatives. Her husband is awaiting discharge from the Navy in the near future, when the couple will make their home in Slaton.

Bobby Glasscock, son of Mr. and Mrs. W. H. Glasscock, is in the San Angelo Hospital after being in a car wreck late Saturday evening near Del Rio. He seems to be doing good. He will probably be moved to Lubbock the last of this week.

Teague Drug succeeds the Chamber of Commerce.

New officers are Wayne Liles, president; Willie Heinrich, vice-president; and Joe Miles, secretary-treasurer.

Here's the order the teams wound up in last season: Slaton Co-op Gin, Hestand Wholesale Grocery, "Doc" Crow Chevrolet, Slaton Gas & Equipment, Liles Sheet Metal, Slaton Motor Company, Wheeler's, Hackberry Co-op Gin, Lassiter-Hoffman Hardware, Pin Busters, Chamber of Commerce and Bell Milk.

JUST TALK

BY A. M. J.

of extra nice tomatoes from E. M. Lott. The nice thing about this kind of food is that it is the kind that is not available in the stores because it is not shipped in here from California but picked right off the vines and trees and has the best flavor that can be had.

Of course, it is difficult to keep a hungry look and eat such top grade stuff, but by careful strapping down with a belt and by limping slightly when you see a prospect coming, one can create considerable sympathy. Incidentally there are some mighty fine folks in Slaton and I'm looking them all up.

Just Talk

While working on my operation "fruit and vegetables" I came across Virgil Jones, who said he had donated the last big batch of corn in his patch to a Mexican who works for him. He asked the Mexican, if he had

enjoyed it. "It certainly was good," reported the man, "we had some for breakfast this morning."

Virgil seemed appalled at any one eating roasting ears for breakfast but it seemed reasonable to me, although we have toast, bacon and coffee at our house. My dad used to cook whopping big pan of biscuit, a couple of salt mackerel and three eggs for his breakfast every morning and when he went down town to the newspaper to work, he took a sack full of biscuit with him. He would eat a biscuit two weeks old and as hard as cement before he would eat light bread. He made his own biscuits up until a few weeks of his death.

Along the same line, I met Judge Smith on the street not long ago soon after he returned from a trip to Arkansas, Missouri and other parts along with Henry Jarman and B. W. West and I invited him to have a cup of coffee with me. He turned up his nose at me. According to his reckoning, he had downed before he came to town, a couple of pounds of Arkansas ham, a big plate of biscuit, a pot full of coffee and a rasher of eggs.

The fact is some of the older guys do not appreciate my suggestions either, but I'm going to keep on dishing it out with the hope that some real smart guy may benefit from all the mistakes I have made, a long fat string of them.

Just Talk

You may grow all you like about the lack of scenery around here and about why fever, the heat and the humidity, but I notice that all these folks who come back from vacations say

He did not say what a rasher of eggs is, but I'll bet it took several hens a week to lay that many.

Just Talk

It does not seem out of place to warn people who have the bad habit of reading Just Talk that I do not always stick strictly to the truth. When I think I see an opportunity to "tint the lily" with a few minor exaggerations, I do not hesitate to improve on nature or anything else as the case may be. It is a liberty all first grade writers take so you take anything I write with a grain of salt or a big spoon full of quinine to suit yourself.

Just Talk

Looking way back yonder to the time when I was about sixteen or seventeen years of age, and when men of my present age seemed pretty stuffy old geezers, I know now that I did not have the proper respect for the men who stumbled around loaded down with experience and knowledge. Now I try to overlook the disdain with which the young galsots pass me by but it is very hard for me to keep my good advice to myself.

A Politician was asked, "What did the audience do when you told them you never paid a dollar for a vote?"

"W E", was the reply, "some of them cheered and some of them got up and left."

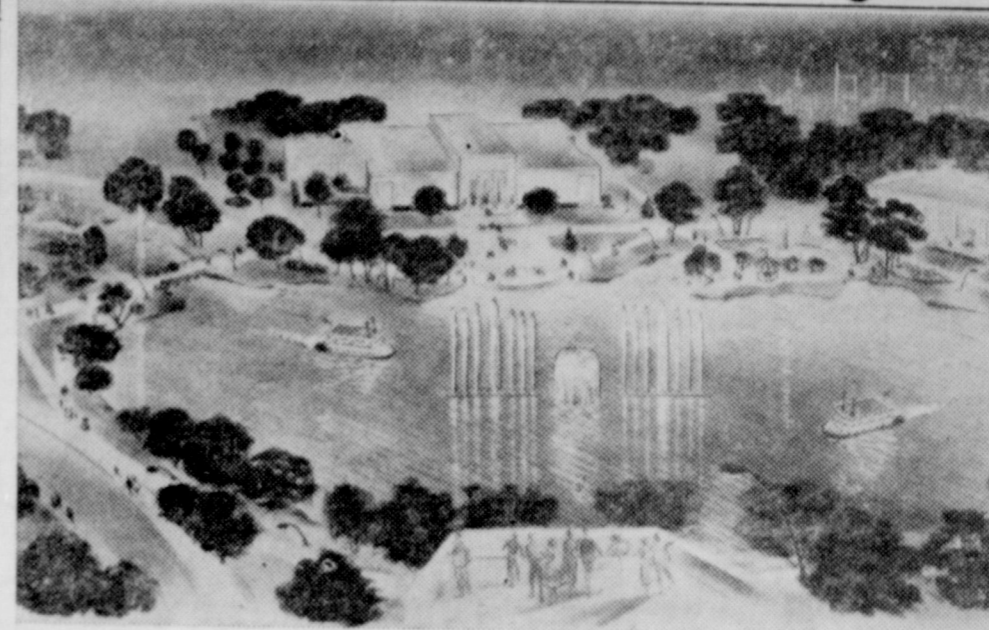

—The Pipe Line

Isn't it hard to keep a budget straight?" wailed a housewife to her neighbor over the back fence.

"My dear, it's terrible," consoled the neighbor, "this month I had to put in four mistakes to make mine balance."

—Anne Williams

SEE TEXAS FIRST

Camp Ford - Old Yankees

In northeast Texas, near Tyler in Smith County, you can see the site of an old Confederate Prison, Camp Ford, where 2,000 to 6,000 Federal prisoners were held from 1862 to 1865.

Under the calm waters of Medina Lake west of San Antonio is the site of the settlement of Mountain Valley. A Mormon leader, Lyman Wright, established 16 families on this site in 1854 only to be driven away four years later by the Indians.

Medina Lake makes a quite resting place for this settlement with its violent history. The lake is also reputed to be the resting place of many of those big fish that "got away."

Ike Born Here

The birthplace of a great general and the President of the United States, Dwight D. Eisenhower, now stands in tribute to him as a state park at Denison, Texas.

Denison is in Grayson County in the North East portion of the state, near the Oklahoma border.

You can see Eisenhower Park on your next fishing, camping or water-sport vacation on the Red River. Denison is well known for the dam that forms the immense and beautiful recreational area known as Lake Texoma.

Tex-Archaeological

Texas is one of the most fertile fields in all of North America for archaeological research. Remnants have been discovered here of the Maya-Aztec area, the Pueblo area, and the Mound-Builder area.

The caves of the Big Bend region for instance have produced evidence of the Basket-Maker and the Pueblo cultures.

Lucas Gusher in Beaumont

Discovery well of the famous Spindie Top Oil Field, the Lucas Gusher, can be seen four miles south of Beaumont, Texas, near the Gulf Coast and Louisiana border.

The well blew in at 1,160 feet flowing 75,000 barrels of oil a day.

This Jefferson County Well was the first important oil discovery in the Gulf Coast and marked the beginning of an era for a district that is now a major oil refining and exporting center of the world.

Shirley Kitten And Eugene Bednarz Exchange Vows

The Rt. Rev. Msgr. T. D. O'Brien read a double ring ceremony at 4 p.m. Thursday sept. 1, for Miss Shirley Katherns Kitten and Eugene Richard Bednarz at St. Joseph's Catholic Church.

Parents of the couple are Mr. and Mrs. Ray Kitten and Mr. and Mrs. W. L. Bednarz.

Wearing a gown of bouquet taffeta and re-embroidered Alencon lace, the bride was given in marriage by her father. Her gown was fashioned with a fitted bodice frosted with iridescent sequins and seed pearls, sweetheart neckline and long sleeves. The bell-shaped skirt was enhanced by lace overlaid panels accented with sequins and pearls. The lace also circled the wide chapel train. Her fingertip silk illusion veil fell from a crown of seed pearls. She carried a white orchid and stephanotis atop a white prayer book.

Bridal attendants were Miss Judy Kitten, cousin of the bride; Miss Jeanette Bednarz, sister of the bridegroom; and Miss Norma Jean Bednarz and Miss Patricia Shambeck of Lubbock, cousins of the bridegroom.

Attendants wore dresses of bluebird satin featuring scoop necklines, short sleeves and bouffant skirts. Contrasting panels fell from their empire waists, lined in the back. They carried crescent white phalaenopsis orchids attached to bluebird muffs.

SLATON DELEGATE AND NIXON

W. J. Klattenhoff of Slaton, delegate to the Republican National Convention in Chicago recently, is shown here as he shook hands with Richard M. Nixon, the GOP candidate for President. The occasion was Nixon's visit with the Texas delegation after his nomination.

STATE CAPITAL
Highlights
AND Sidelights
by Vern Sanford
TEXAS PRESS ASSOCIATION

AUSTIN, Texas—A family trying to get all slicked up to make a good impression on an important company can't take time out for a domestic squabble.

On this premise, the Texas Industrial Commission, whose job is to lure new industry to Texas, voted to steer clear of political hassles and concentrate on putting the best foot forward.

Vote on this decision was 5-to-1. Voting no was Al H. Chesser, railroad brotherhood representative, who has urged the Commission to sponsor a legislative program including repeal of the estate's "right to work" law.

"Our job is to sell Texas," said E. B. Germany, Commission chairman. He said he felt the Commission would be hampered in doing so if it got involved in controversial legislation.

Reviewing two years' progress Germany reported that 475 new plants had located in Texas since the TIC was formed in March, 1958. Plans have been announced, he said, for 375 others in 99 counties, and 492 plants have expanded in the past two years.

For the future, Walter Dickerson, TIC executive director, said 136 factory managements are considering a move to Texas. A number of these, he said, would make products for which Texans now send \$2,500,000 out-of-state.

HANDS OFF HOUSTON—As a long believer of local control for local matters, Gov. Price Daniel said he would not intervene in affairs of the Houston Public School system.

For weeks Houston schools have been in a squeeze between a federal court order to begin gradual integration and a state law which says it will lose state if it does.

As a last resort, the Houston School Board asked Governor Daniel to "interpose" in its behalf. Under the theory of interposition, the state has, under the Tenth Amendment to the U. S. Constitution, the right to interpose against any federal act by which it believes the federal government is exceeding its constitutional powers.

Daniel pointed out that this course had been tried without success in other states. Expressing confidence in the Houston board and its attorneys, Daniel said, "The Texas policy of local operation and control of public schools is far better than an attempted control by the governor or state."

TAX BITES UNCLE SAM—It was a sort of man-bites-dog story when the Attorney General's Department ruled the federal government would have to pay a \$400,000 state inheritance tax to Texas.

In her will Mrs. Susan Vaughan Clayton made a bequest to "the United States of America, to be used for the retirement of the national debt." Mrs. Clayton was the widow of the late Will Clayton of Anderson, Clayton & Co.

A federal attorney proposed keeping the money in a special account in Texas since bequests to Texas and its citizens are exempt from the inheritance tax.

But the AG ruling said other states would benefit just as much as Texans from national debt retirement. In effect: the federal treasury will have to take the bitter with the sweet.

WHAT'S IN A NAME? Hottest rivalries between neighboring Texas towns used to center on who would have the courthouse. Nowadays it's usually over who has the best high school football team.

But two Central Texas towns, San Marcos and New Braunfels, are having a lively contest over the naming of a park to be built between the two cities.

State Parks Board, back in July, designated it as "San Marcos State Park." Civic spirited San Marcans had raised \$2,500 for park equipment with the request that it be nam-

ed after their town. New Braunfels folk raised a storm. They claimed it would be nearer their town, that their town, that their county would have to maintain a road to it, etc.

Recognizing the touchiness of the situation, the State Parks Board says it will re-consider the whole thing at its October meeting. Both sides are to be given are to be given a chance to present their views.

PISTOL — TOTIN' CURB URGED—Legislation to close the loopholes in present state law governing sale and possession of pistols may be offered in the next session.

Atty. Gen. Will Wilson ruled that the law requiring the presentation of a certificate of good character before buying a pistol is not enforceable.

In 1958, the opinion pointed out, the Court of Criminal Appeals ruled that this part of the law was unconstitutional because the caption of the bill passed by the Legislature did not sufficiently explain what was in the bill.

Local peace officers were quick to call for corrective legislation. Lawmen feel there should be curbs on who can buy concealable weapons and records of the purchases so the police can check on who made them.

OLD AGE ROLLS DWINDLE—though the number of oldsters in the state is increasing, the number receiving old age assistance checks is declining and is expected to drop still more.

This conclusion was contained in the report of a subcommittee to the state Conference on Aging.

Drop in the state pension rolls was attributed to more Social Security benefits, more company retirement plans, more oldsters working or receiving other

support.

AUTO INSPECTION BEGINS—Period for having official auto safety inspections made in Texas begins this month.

Deadline for getting a new inspection sticker on your windshield is not until next April 15, but with 4,500,000 vehicles to be checked, lines will be long in the final weeks.

Cost of an inspection is \$1 plus any needed repair for motor safety. Average cost to each vehicle owner, including the repairs, was \$2 last year.

SHORT SNORTS — Commission on Higher Education has announced that the 19 state-supported colleges and universities have asked for appropriations running 39 per cent above present spending.

To make the road map reader's job easier, the State Highway Commission has given a single route number to the most direct highway connection between Huntsville and Paris. Now named State Highway 19, the route formerly had five different numbers.

Worst plague of army worms in years is blighting the lawns of Texas home owners from Central Texas down to the Coast. State Department of Agriculture recommends spraying with DDT or oxaphene.

THE COFFERS ARE EMPTY, AND SO IS THE CUPBOARD!

That's a fact, we discovered not much to our surprise.
What a situation!

"What," we sez to ourself, "can we do about it?"

"Well," our self sez back, "you can't fill 'em sittin' here. Do something about it and do it quick!"

"Agreed," we answered, and then settled back to decide just how.

"It's for sure," we candidly remarked, shaking our self to get our attention back, "that there's just one way to get ahold of any cash in these here parts . . . and that's to offer the fine people of Slaton a super-duper, thunder-clashin', three-hum-dinger sort of an extra spectacular bargain."

So, folks, the two of us figgered it out . . . and here it is!

YOU . . . YES, BY GOLLY EVEN YOU

Can get the Buy of a Lifetime from now until 5 p.m. September 19 if you will purchase a five-year subscription to that rootin'-tootin', fastest-shootin' sheet on the South Plains . . . The Slatonite!

Here's the deal. If you remember, the regular old, ordinary one-year type of subscription costs **THREE WHOLE DOLLARS**. Well, ifn you wuz to buy a five-year subscription at that rate, you would pay \$15 smackeroos, right? Or, even if you just renewed your subscription for a year at a time for the next five years . . . that, too, would cost \$15 shells wouldn't it?

WELL, not just to show you that our heart's in the right place, but to prove that our pockets are gasping and goin' down for the third time, tell you what we're gonna do . . .

We're goin' to let you have The Slatonite (now wait a minute, stop that pantin' and heavy breathin', you'll get your chance, just get in line) for the next five years for only

\$10.00

Now don't wait 'til the old man spends it all on root beer and red sodey water, come a runnin' and a stompin' down to the office of The Slatonite **RIGHT NOW**, plunk down your \$10 dollar bill, grin and take that self-satisfied look back home with you . . . safe and secure in the knowledge that you've got that f-a-m-o-u-s newspaper wrapped up in your hip pocket for the next f-i-v-e years and at a rock-bottom, triple-s discount kind of a price.

There it is folks, now don't stampede, just walk, run, crawl, creep or roll, as the case may be, right on down to The Slatonite **TODAY** and prove to the world that you're not as dumb as you look!

(This kind of a special deal is good ONLY on a five-year subscription.)

Episcopal Church To Launch Church Decoration Program Here

The pastor, officers, and members of the Triumph Missionary Episcopal Church are launching a church decoration program both inside and outside of the church. The program will include design, painting, texturing, and decorating the dinner room and garden.

They believe that the church is its facilities should be the best in the community. Work is now underway.

Under the direction and leadership of our moderator and pastor, Rev. A. L. Davis, the church has a revived spirit and is once again working for the advancement of Christ's Kingdom.

Our prayers for our success are needed and will be highly appreciated.

Morris, Ray Cook, Martha Brown and Robert E. Ayers.

TELEPHONE TALK

WHAT WOULD YOU HAVE DONE?

Picture yourself in this situation: You're driving on a long trip with your family. You're in a hurry. A storm is brewing, black clouds move in fast. Dust and approaching nightfall obscure your vision. Suddenly you see the red lights of a small, private plane, desperately circling, searching for a place to land. What would you do?

This was the situation facing T. O. Gravitt, a supervisor for Southwestern Bell, according to a story heard the other day. Gravitt, a Naval Reservist with 17 years flying experience, understood the plight of the pilot. Luckily, Gravitt was driving through the small town where he grew up and he knew there was an emergency landing field near the town.

There were no lights on the landing strip, so Gravitt rounded up other motorists who were watching and led them to the field. He had them park around the edge of their headlights would guide the pilot to the field.

Helped by the lights, the pilot set his plane down just as the storm hit.

Needless to say, there is one airplane pilot alive today who is thankful that telephone man Gravitt saw the problem and knew what to do about it.

TELEPHONE HOUR RESUMES SEPTEMBER 30

First show of the Bell Telephone Hour's new season will be on Channel 11 at 8 P.M., September 30. The show's policy of bringing you top entertainment will continue.

Don't miss the first program which will feature musical comedy stars Sally Ann Howes and Howard Keel, pianist Van Cliburn, clarinetist Benny Goodman and his orchestra, excerpts from the "Sleeping Beauty" ballet by Tchaikovsky and Donald Voorhees and the Bell Telephone Hour Orchestra.

"BACK TO SCHOOL — DRIVE CAREFULLY"

For a time each fall, these phrases are probably the most noticed and carefully followed instruction in the town.

"Back to school — drive carefully" is such a sensitive thought that it's a pity to limit its use to a few weeks of the fall. For the small-fry, "Back to School" is a month-long activity; for grownups, when is there a time NOT "drive carefully"?

Call by number. It's twice as fast.
