Hub City Students Visit Austin

Four Dunbar students were among the host of high school students from various high schools throughout the State of Texas at the Capitol, Austin, who attended the Attorney General's Youth Conference on last week.

The Dunbar students attending were Damon Hill, Jr., Alberta Lincoln, Ulysess McGown, and Patricia Moore.

These students were invited because of their outstanding participation in the youth activities of their community.

DAMON HILL

Hill, president of the student council, served as panel member on the Opportunities '65 seminar. As panelist he spoke informally on projects and programs having to do with youth employment in his area.

Opportunities '65 is

ALBERTA LINCOLN

a seminar dealing with job opportunities for youth. To be considered are the job programs aimed at training and providing young people with job opportunities. State and federal laws on the hiring of youths was discussed at the conference.

'Around the Hub City'

In checking with the list of newcomers to the "HUB CITY" it was learned that sixty-one families moved here last week. This total brings about a four figure number of 1,856 new families moving into Lubbock since January 1st. By investigating further the record will show that at this time last year some 2,036 families had moved to the "HUB CITY".

This goes to show you that despite the decrease of some 180 families since last year that Lubbock is yet on the move and it is still a thriving city...

Hazel Alexander Miller, a former member of the Public School faculty at Dunbar and now resides in San Antonio with her husband and three charming children, visited friends here this week and worshipped at Bethel A.M.E. Church on last Sunday morning.

Miss Lorene Hodge left Sunday for her home in Pheonix. She spent a wonderful time in our City visiting her parents. She also visited relatives at Waco and Lareno, Texas.

"AROUND THE HUB CITY" would like to welcome all of our new school teachers to the City.

It won't be long before the Dunbar Panthers will take the field..... So come on Lubbock let's stay behind them.

Miss Maryland Anne Hobdy, daughter of Mr. and Mrs. Willie S. Hcbdy, 2913 Beech, has been recently employed by Litton Industries.

Maryland graduated from Dunbar High School in 1961 and while attending she was a member of various clubs and a member of the Dunbar band. She has attended Texas College at Tyler, Texas for four years and will receive a degree in Elementary Education after she has

completed nine weeks of student teaching.

She is Grammateus of the Alpha Tau Chapter of Alpha Kappa Alpha Sorority at Texas College, and also reigns as the Sweetheart of the Gamma Alpha Chapter of Alpha Phi Alpha Fraternity at Texas.

Miss Hobdy completed Litton's training on July 13, 1965. She thinks her new job will be most enjoyable, because of the very pleasant conditions.

The annual session of the B.M. & E. State Sunday School and Baptist Training Union Congress convened with the New Hope Baptist Church on last week.

This session was held in Lubbock where many social and cultural organizations conduct special entertainment events, many are held in the spacious and most modern Municipal Auditorium.

The president, Rev. M.L. Bradford of Terrell, declares that there are many other factors relative to the great City in which the annual session of the State Congress was held. He went on to add that he hoped the Congress presented itself in such numbers and spiritual strength to express how grateful we are to the Ministers and City Officials for the invitation.

Officers of the Congress are: Rev. M.L. Bradford, President; Rev. S.H. James, Vice President; Mrs. Corrie L. Anders, Recording Secretary; Mrs. Emma Buford, Corresponding Secretary; Rev. J.T. Hill, Treasurer; Rev. Benjamin Kemp, Dean; Prof. Melvin J. Banks, Assistant Dean; Rev. A.D. Sanders, Director General and State Director,

B.T.U.; Rev. E.B. Humble, Associate Director General; Mrs. G.A. Hobart Sheppard, Music Director; Mrs. Dorothy B. Banks, Pianist; Rev. A.G. Sanders, Registrar; Rev. C.A.W. Clark, Publicity Director; Rev. J.F. Wade, Auditor; Mr. M.S. Walton and Rev. I.H. White, Ushers.

The host church was New Hope Baptist. It is pastored by a Bishop College graduate, the Reverend A.L. Dunn. The church is new and modern in every way. The Church proper is a member of the West Texas District Association, and the Reverend A.L. Dunn is the honored Moderator.

Mr. H.C. Black of 2107 Elm Street, Lubbock has retired from the Methodist Hospital after 32 years of loyal service. Mr. Robert Whipple, shown on the left, a member of the Board of Trustees and Chairman of the Employment and Personnel Committee, is present-

ing Mr. Black with a check from the hospital. Employees of the hospital also presented the retiring employee with a check. Presentation of the gifts was made on Friday, August 13th in the Board Room of the Methodist Hospital.

THE HOUSING BILL

The Housing Bill authorizes a total of \$350 million for rent supplements over the next four years. It is estimated that these funds will enable private enterprise to build 375,000 units in the next four years of which nearly 100,000 are expected to house senior citizens.

This program offers many advantages to our senior citizens. It will increase substantially the supply of good housing available to low income older people at rates they can afford; it will enlarge the area of choice that an older person or couple can make in selecting the kind of housing they wish. It will reduce the need to segregate people by income level and will assist greatly in equating the need for housing with effective demand.

Many of the church groups, labor unions, and other civic groups which have been active in the field will be able to participate even more actively and with rent supplements, many additional sponsors will be able to develop their plans for housing for the elderly with assurance that there will be an effective demand.

The Housing Bill provides for a further expansion and new approaches in the low-rent public housing program. These new provisions will give added momentum to this program which has been serving low-income senior citizens so well. The new bill will provide for an additional 60,000 public housing units a year for the next four years or a total of 240,000. It is expected that 35,000 new units a year will be constructed with another 15,000 each year to be purchased and rehabilitated from existing housing and an additional 10,000 units each year to be leased from private owners for occupancy by low-income families.

About half of all the low rent units for which contracts have been signed during the past two years are planned for occupancy by older people. Thus, the expansion and liberalization of the program, with recent trends continuing, is certain to play an important role in providing decent housing for low-income senior citizens.

With this for new emphasis on the use of existing housing, older people in particular, may obtain particular benefits through quicker availability for occupancy, and by locations in established, familiar neighborhoods as compared to new construction.

'Norm's Notebook'

FROM THE PUBLISHER'S DESK...

Last week I talked at great length about civil rights and my desire to see the idea changed to civil responsibility. During the discussion, I mentioned talking last year with a friend of mine and his statement about the masses falling into the hands of people who were preaching race hate at the time.

Now it seems that his attitudes have come true, especially when the observer looks at the many times each week the charges of police brutality crop up throughout the United States. Also, it becomes quite evident that the citizens who last year were demonstrating peacefully are now being represented by citizens, if we stretch the meaning of the word, whose only desire is to lend themselves to violence, looting and the complete rape of the moral and judicial codes that this great country of ours was built upon.

When these events began to take shape this year, I went back in memory and recalled asking my friend how he could possibly predict what might occur a year hence. His answer was brutal in the light of civil rights workers, but alas, in the shadows of present events, quite true. "It's simple," he said, "With close investigation of the people involved in the leadership of some of the civil rights organizations, a person only has to read past history and understand the methods and manners being employed." "The first step," he added, "in the sequence of events as taught by communism, is to establish some theme by which two races can be led to distrust each other, in other words, the attempt this summer to create ill feelings between the Negro and white races all over the nation. Then next year, with all manner of legislation already passed in favor of the Negro, small incidents will be used by these same communist to incite the Negroes to riots and complete civil disobedience. Along with this civil disobedience will be the establishment of good channels of communication to publicly denounce all manners of law enforcement officials." "In this manner," he went on to say, "civil rights will lead to civil disobedience, leading in turn to disrespect for law enforcement officials and eventually to complete disregard to law in its entirety, which is the only thing at the present time standing between EVERY AMERICAN'S personal freedom and complete domination by some other form of government other than our own." "This other form of government," he concluded, "has for the past 30 years invariably been communism."

With just a little study, a person will find that my friend is quite right about these things. Especially is this true when you study the history of communist revolutions the world over. Look close to home, at Cuba, where the prevailing rule was discredited through the efforts of Fidel Castro, causing complete disorder, and disrespect for the law and order, such as it was. The next step after this was the complete take over and control by the communists. Please don't be misled by cries of "communism in civil rights", to the point that you think you will ever be fortunate enough to have an avowed communist walk up to you out of a civil rights demonstration and admit he is such, rather, look at the results of such demonstrations, consider the possibilities of teaching our younger people disrespect rather than respect for law and order, and then look closely at the people in charge of just such demonstrations.

Not everyone in favor of civil rights is a communist, nor is a majority of the people, but, only a few can spoil the whole idea, like the apple and the barrel. Remember, that in a nation of different peoples as large as all the communist dominated countries today, LESS than 10% of the total peoples are actually avowed communists, while the rest are merely required to 'go along' with their present form of government.

Again I say, and intend to continue to say, civil rights must be replaced immediately with CIVIL RESPONSIBILITY. Now, before the Negro cause is set back another 100 years with continuations of such acts as have been taking place in Los Angeles, Chicago, and even Dallas. Now, before our society becomes composed of segments of Negroes, whites, latins, etc., we must reach a point where everyone's common sense takes hold of them again, and we all have time to remember first and foremost we are Americans. Without this the time is very short when the freedom of protest will just be a thing of the past, not just for the Negro, but for all citizens of this great country of ours.

MAN CUT

A call was put out to the Lubbock Police Department that an ambulance was needed at 1713 Avenue "B". When police arrived they found Tommy Ransome, 1713 (rear) Avenue "B", standing in the road and

he had blood on the left side of his shirt. He told police that he was walking through the parking lot of the Trammel Apartments when a man by the name of Albert Lee Wilborn walked up to him and told him that he wanted all of his money and then stabbed Ransome one time with a small pocket knife about six inches to the left of the

navel. Ransome said that at that time he handed Wilborn all of his money which was about thirty dollars. Then Wilborn told him to move on. Ransome walked several blocks down Avenue "B" to call an ambulance. He was taken to Methodist Hospital by Jamison's. Ransome was also found in a drunken state.

FIGHT AND TRESPASSING

At another call at 1701 Avenue "D" in regard to a fight police found Frank Mims and Jackie L. Carroll standing in the bedroom of this address. They were arguing with a female who was the occupant of the apartment. She said that Mims forced his way through the front door into the house and once inside starting beating on Roberta Dell, 1918 East 16th Street. Police talked to Mims and asked where he lived, and he stated that he lived at 18th and "D". Since he had no business in the house and had forced his way in he was arrested for trespassing. Dell said she would file charges on him for aggravated assault.

NO HEALTH PERMIT The owner of a cafe, Willie Tippie, 1703 Avenue "A", had been warned several times about hiring ladies to work for him without a health permit and on last Saturday night his cafe was checked by the police. It was discovered that Matilda Smith was working for him and she had no type of health permit. Tippie and Smith were both arrested.

FIGHTING At 702 Avenue "D" police found that Shelby Simmons, who had apparently been struck in the back of her head with a blunt instrument, and Oscar Williams had been fighting. Williams said that she had struck at him and he hit her on the bed. Simmons re-

fused to go in an ambulance to the hospital and began to raise a disturbance-----using very bad profane language.

BREAK-IN

Homer Gamble, owner of Gamble's Bar-B-Q Pit, reported that his cafe was broken into. It was discovered that entry was gained by merely unlocking the front door and walking in. After entering the unknown robbers used a piece of 1 X 4 to open the coke machine. They took money and contents.

DISTURBANCE BY PROFANE LANGUAGE

At 1015 East 29th a young lady was disturbing by profane language. When the police arrived a man and the disturbing lady were arguing on the front porch. He told police that she came over to

his apartment with a gun and ran his girlfriend off, then threatened to shoot him. He took the pistol from her and put her out of his apartment. He said the would file charges on her. The lady did try to escape from the police but was handcuffed and brought to the police department.

It is expected that 35,000 new units a year will be constructed with another 15,000 each year to be purchased and rehabilitated from existing housing and an additional 10,000 units each year to be leased from private owners for occupancy by low-income families.

About half of all the low rent units for which contracts have been signed during the past two years are planned for occupancy by older people. Thus, the expansion and liberalization of the program, with recent trends continuing, is certain to play an important role in providing decent housing for low-income senior citizens.

With this for new emphasis on the use of existing housing, older people in particular, may obtain particular benefits through quicker availability for occupancy, and by locations in established, familiar neighborhoods as compared to new construction.

'Norm's Notebook'

FROM THE PUBLISHER'S DESK...

Last week I talked at great length about civil rights and my desire to see the idea changed to civil responsibility. During the discussion, I mentioned talking last year with a friend of mine and his statement about the masses falling into the hands of people who were preaching race hate at the time.

Now it seems that his attitudes have come true, especially when the observer looks at the many times each week the charges of police brutality crop up throughout the United States. Also, it becomes quite evident that the citizens who last year were demonstrating peacefully are now being represented by citizens, if we stretch the meaning of the word, whose only desire is to lend themselves to violence, looting and the complete rape of the moral and judicial codes that this great country of ours was built upon.

When these events began to take shape this year, I went back in memory and recalled asking my friend how he could possibly predict what might occur a year hence. His answer was brutal in the light of civil rights workers, but alas, in the shadows of present events, quite true. "It's simple," he said, "With close investigation of the people involved in the leadership of some of the civil rights organizations, a person only has to read past history and understand the methods and manners being employed." "The first step," he added, "in the sequence of events as taught by communism, is to establish some theme by which two races can be led to distrust each other, in other words, the attempt this summer to create ill feelings between the Negro and white races all over the nation. Then next year, with all manner of legislation already passed in favor of the Negro, small incidents will be used by these same communist to incite the Negroes to riots and complete civil disobedience. Along with this civil disobedience will be the establishment of good channels of communication to publicly denounce all manners of law enforcement officials." "In this manner," he went on to say, "civil rights will lead to civil disobedience, leading in turn to disrespect for law enforcement officials and eventually to complete disregard to law in its entirety, which is the only thing at the present time standing between EVERY AMERICAN'S personal freedom and complete domination by some other form of government other than our own." "This other form of government," he concluded, "has for the past 30 years invariably been communism."

With just a little study, a person will find that my friend is quite right about these things. Especially is this true when you study the history of communist revolutions the world over. Look close to home, at Cuba, where the prevailing rule was discredited through the efforts of Fidel Castro, causing complete disorder, and disrespect for the law and order, such as it was. The next step after this was the complete take over and control by the communists. Please don't be misled by cries of "communism in civil rights", to the point that you think you will ever be fortunate enough to have an avowed communist walk up to you out of a civil rights demonstration and admit he is such, rather, look at the results of such demonstrations, consider the possibilities of teaching our younger people disrespect rather than respect for law and order, and then look closely at the people in charge of just such demonstrations.

Not everyone in favor of civil rights is a communist, nor is a majority of the people, but, only a few can spoil the whole idea, like the apple and the barrel. Remember, that in a nation of different peoples as large as all the communist dominated countries today, LESS than 10% of the total peoples are actually avowed communists, while the rest are merely required to 'go along' with their present form of government.

Again I say, and intend to continue to say, civil rights must be replaced immediately with CIVIL RESPONSIBILITY. Now, before the Negro cause is set back another 100 years with continuations of such acts as have been taking place in Los Angeles, Chicago, and even Dallas. Now, before our society becomes composed of segments of Negroes, whites, latins, etc., we must reach a point where everyone's common sense takes hold of them again, and we all have time to remember first and foremost we are Americans. Without this the time is very short when the freedom of protest will just be a thing of the past, not just for the Negro, but for all citizens of this great country of ours.

MAN CUT

A call was put out to the Lubbock Police Department that an ambulance was needed at 1713 Avenue "B". When police arrived they found Tommy Ransome, 1713 (rear) Avenue "B", standing in the road and

he had blood on the left side of his shirt. He told police that he was walking through the parking lot of the Trammel Apartments when a man by the name of Albert Lee Wilborn walked up to him and told him that he wanted all of his money and then stabbed Ransome one time with a small pocket knife about six inches to the left of the

navel. Ransome said that at that time he handed Wilborn all of his money which was about thirty dollars. Then Wilborn told him to move on. Ransome walked several blocks down Avenue "B" to call an ambulance. He was taken to Methodist Hospital by Jamison's. Ransome was also found in a drunken state.

FIGHT AND TRESPASSING

At another call at 1701 Avenue "D" in regard to a fight police found Frank Mims and Jackie L. Carroll standing in the bedroom of this address. They were arguing with a female who was the occupant of the apartment. She said that Mims forced his way through the front door into the house and once inside starting beating on Roberta Dell, 1918 East 16th Street. Police talked to Mims and asked where he lived, and he stated that he lived at 18th and "D". Since he had no business in the house and had forced his way in he was arrested for trespassing. Dell said she would file charges on him for aggravated assault.

NO HEALTH PERMIT
The owner of a cafe, Willie Tippie, 1703 Avenue "A", had been warned several times about hiring ladies to work for him without a health permit and on last Saturday night his cafe was checked by the police. It was discovered that Matilda Smith was working for him and she had no type of health permit. Tippie and Smith were both arrested.

FIGHTING
At 702 Avenue "D" police found that Shelby Simmons, who had apparently been struck in the back of her head with a blunt instrument, and Oscar Williams had been fighting. Williams said that she had struck at him and he hit her on the bed. Simmons re-

fused to go in an ambulance to the hospital and began to raise a disturbance----using very bad profane language.

BREAK-IN

Homer Gamble, owner of Gamble's Bar-B-Q Pit, reported that his cafe was broken into. It was discovered that entry was gained by merely unlocking the front door and walking in. After entering the unknown robbers used a piece of 1 X 4 to open the coke machine. They took money and contents.

DISTURBANCE BY PROFANE LANGUAGE

At 1015 East 29th a young lady was disturbing by profane language. When the police arrived a man and the disturbing lady were arguing on the front porch. He told police that she came over to

his apartment with a gun and ran his girlfriend off, then threatened to shoot him. He took the pistol from her and put her out of his apartment. He said the would file charges on her. The lady did try to escape from the police but was handcuffed and brought to the police department.

Veterans News

Now that the Cold War GI Bill has passed the United States Senate we have had many request from people of our City asking for more details about this bill and how it will affect the lives of the five million forgotten veterans of the Cold War--- 250,000 of them in Texas.

First, who is eligible for the bill. Any veteran with an honorable discharge who has served more than 180 days on active duty between January 31, 1955 and July 1, 1967 (the end of the present draft), will be eligible for these benefits.

Second, what are the benefits under this bill? For each day of service a veteran will receive 1 1/2 days of educational assistance, with a maximum of 36 months of assistance to any veteran. This is long enough for four years of

college, with nine months of schooling each year.

This assistance will be in the form of a monthly cash allowance paid to the veteran, but he must pay all of his tuition, books, living expenses, and other costs from this money. A single veteran with no dependents will receive \$110 a month; a veteran with one dependent will receive \$135 a month; and a veteran in school with two or more dependents will receive \$160 a month.

These Cold War veterans will also be eligible for loans, similar to those under the World War II and Korean GI Bills, for the purchasing of homes or farms, including farm lands, livestock, and equipment needed to start farming operations.

A veteran can use his educational allowance to finish high school,

Pfc. Welton Jordan has returned home on leave after completing three months of duty in the Dominican Republic. He is visiting with his wife, Evelyn, 1026 East 29th Street, mother, Jimmie M. Jordan, and grandmother, Veta Mae Campbell, 1014 East 29th Street.

Mr. and Mrs. Robert Garrison, 1100 Tulsa Street, sister of Rudolph and Mrs. Fisher, carried them to the Pittsburg Pirate-Astro baseball game in Houston-played in the Astro Dome Stadium. On their way to Houston they stopped-off in Bryant, Texas where they were guests in the home of Mrs. Doris Scurry, 508 West 17th and Mrs. Mel Ruth Pruitt, 804 Waco.

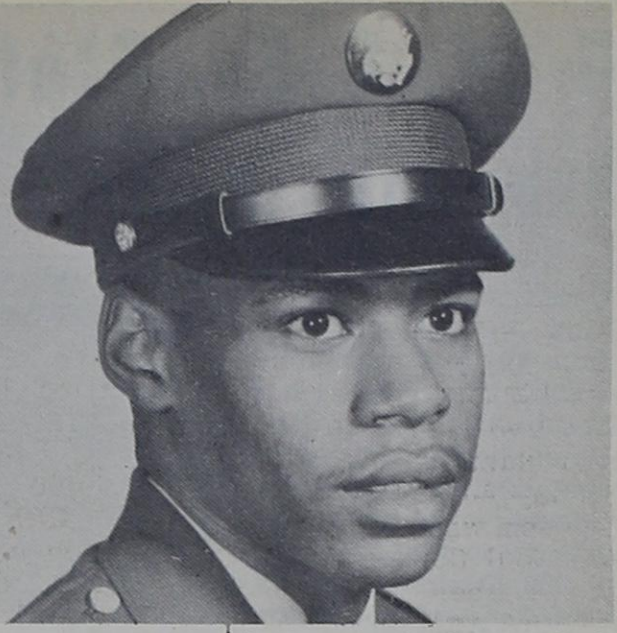

Upon their return to Wichita Falls they were entertained in the home of Mr. and Mrs. Dual Roberts, 807 Gerald. The Chaperons of the National California trip. The hostesses served a delicious smoked Bar-B-Q dinner. Also attending the dinner was Mrs. Ruby Elison of Dallas.

Hub City Students Visit Austin

Four Dunbar students were among the host of high school students from various high schools throughout the State of Texas at the Capitol, Austin, who attended the Attorney General's Youth Conference on last week.

The Dunbar students attending were Damon Hill, Jr., Alberta Lincoln, Ulysess McGown, and Patricia Moore.

These students were invited because of their outstanding participation in the youth activities of their community.

DAMON HILL

Hill, president of the student council, served as panel member on the Opportunities '65 seminar. As panelist he spoke informally on projects and programs having to do with youth employment in his area.

Opportunities '65 is

ALBERTA LINCOLN

a seminar dealing with job opportunities for youth. To be considered are the job programs aimed at training and providing young people with job opportunities. State and federal laws on the hiring of youths was discussed at the conference.

'Around the Hub City'

In checking with the list of newcomers to the "HUB CITY" it was learned that sixty-one families moved here last week. This total brings about a four figure number of 1,856 new families moving into Lubbock since January 1st. By investigating further the record will show that at this time last year some 2,036 families had moved to the "HUB CITY".

This goes to show you that despite the decrease of some 180 families since last year that Lubbock is yet on the move and it is still a thriving city...

Hazel Alexander Miller, a former member of the Public School faculty at Dunbar and now resides in San Antonio with her husband and three charming children, visited friends here this week and worshipped at Bethel A.M.E. Church on last Sunday morning.

Miss Lorene Hodge left Sunday for her home in Phoenix. She spent a wonderful time in our City visiting her parents. She also visited relatives at Waco and Laredo, Texas.

"AROUND THE HUB CITY" would like to welcome all of our new school teachers to the City.

It won't be long before the Dunbar Panthers will take the field.... So come on Lubbock let's stay behind them.

Miss Maryland Anne Hobdy, daughter of Mr. and Mrs. Willie S. Hobdy, 2913 Beech, has been recently employed by Litton Industries.

Maryland graduated from Dunbar High School in 1961 and while attending she was a member of various clubs and a member of the Dunbar band. She has attended Texas College at Tyler, Texas for four years and will receive a degree in Elementary Education after she has

completed nine weeks of student teaching.

Veterans News

Now that the Cold War GI Bill has lapsed the United States Senate we have had many request from people of our City asking for more details about this bill and how it will affect the lives of the five million forgotten veterans of the Cold War--- 250,000 of them in Texas.

First, who is eligible for the bill. Any veteran with an honorable discharge who has served more than 180 days on active duty between January 31, 1955 and July 1, 1967 (the end of the present draft), will be eligible for these benefits.

Second, what are the benefits under this bill? For each day of service a veteran will receive 1 1/2 days of educational assistance, with a maximum of 36 months of assistance to any veteran. This is long enough for four years of

college, with nine months of schooling each year.

This assistance will be in the form of a monthly cash allowance paid to the veteran, but he must pay all of his tuition, books, living expenses, and other costs from this money. A single veteran with no dependents will receive \$110 a month; a veteran with one dependent will receive \$135 a month; and a veteran in school with two or more dependents will receive \$160 a month.

These Cold War veterans will also be eligible for loans, similar to those under the World War II and Korean GI Bills, for the purchasing of homes or farms, including farm lands, livestock, and equipment needed to start farming operations.

A veteran can use his educational allowance to finish high school,

Mr. and Mrs. Robert Garrison, 1100 Tulsa Street, sister of Rudolph and Mrs. Fisher, carried them to the Pittsburgh Pirate-Astro baseball game in Houston-played in the Astro Dome Stadium.
