March Of Dimes Nets \$140

According to local March of Dimes Chairman Dave Cavitt the 1969 Earth drive netted \$140.83.
 The total figure was computed from the canvass of the local Young Homemaker Chapter and the containers placed with various merchants throughout the city, added to private donations made to Mr. Cavitt.

THE VICTORY BENCH AWAITS... the arrival of its occupants, hopefully the Wolverettes, as team managers Lynn Jones and Myra Dear have the bench "reserved."

Local Schools To Observe Public School Week

The Springlake - Earth School system will join with other systems across the state March 3-7 in observing the 115th birthday of Texas Education on a full public level.
 Local school administrators and faculty urge you to visit the schools on Wednesday March 5, during the course of the regular school day.
 For 115 years, Texas Public Schools have progressed, offering opportunities, both futuristic and present, to the youth of our state. Texas has strived to give its young the kind of education that includes much more than just "Book learning".

Only through the public can the schools begin to teach the students that authority and law and order are not necessarily synonymous with tyranny and dictatorship, but that only through education do they not become these things.
 Law and order is a way of life. A good way of life, because all living things are born out of and live out their life patterns in an order.
 Our children must be educated to the facts that they are responsible for the kind of future they and their families will enjoy. Let us help them to understand the im-

portance that books, classrooms, and study hold of them.
 The Texas Public Schools Week movement was started and has been sponsored by the Masonic Lodges of Texas, in the interest of continuing public educational opportunities.
 Parents, relatives and friends of students are urged to visit the public schools particularly at this designated time. It's a chance to see many of the newest teaching innovations in operation, as a chance to show, in person, an appreciation of the Texas Public Schools System.

H.D. Agent Reports Detergents Remove Stains Without Enzymes

Consumers are being bombarded with so-called wash-day miracles-laundry products supercharged with enzymes.

Research proves enzyme products get rid of many stubborn stains, but the housewife may be able to achieve the same results at half the cost, says Lady Clare Phillips, county home demonstration agent.

The idea of soaking clothes before laundering to clean your wash significantly cleaner is not "new", says Mrs. Phillips.

Pre-soaking with detergent does as good a job on most of the stains as does enzyme presoaks, tests have shown.

In the tests there was some "very slight difference" between two enzyme products and a detergent in their performance on blood and gravy stains, with the enzymes doing slightly better. But all three removed egg stains completely in 30 minutes of soaking and spaghetti sauce overnight. All three removed a good part of grass, syrup, coffee and tea stain overnight.

None did very well with mustard stain.

Grapefruit Available From Valley

By Mrs. Lady Clare Phillips Co. Home Demonstration Agent

Much of the grapefruit, the red meated variety, now available is from the Rio Grande Valley, says Lady Clare Phillips, County Home Demonstration Agent.

Grapefruit is a bonus fruit, low in calories, rich in Vitamin C, versatile and economical.

The shop for grapefruit, select firm well-shaped fruit that is heavy for its size. Heavy fruit usually is thin-skinned and juicy.

Thickskinned and puffy grapefruit usually is less juicy. A slightly pointed stem end on a grapefruit indicate thick skin, adds Mrs. Phillips.

Skin blemishes and discoloration on the outer skin do not effect eating quality, she says.

Mrs. Phillips says medium size grapefruit usually is pre-packaged in 3 and 5 pound film bags and generally the best buy.

Value Of Livestock And Poultry Up

College Station. -The total value of livestock and poultry on Texas farms and ranches on January 1 was 12 percent above a year ago, according to the Texas Crop and Livestock Reporting Service.

Cattle numbers were up five percent, hogs one percent and turkeys six percent. Sheep numbers were down seven percent from last year, goats 18 percent and chickens 10 percent, the Service said.

On the first day of the year, the total value of livestock and poultry was set at \$1,696,8 million. Cattle comprised 92.3 percent of the total all sheep 3.9 percent,

hogs 1.3 percent, goats 1.2 percent and poultry 1.3 percent.

For the fourth consecutive year, Texas cattle numbers increased. There were 11,521,000 cattle in the state with an average value per head of \$136. Milk cow numbers, however, were six percent below the 1968 total with 374,000 head on Texas farms and ranches on January 1, 1969.

All sheep in the state totaled 3,949,000 head-down seven percent from last year. Stock sheep were also down by seven percent, but total sheep on feed remained unchanged at 342,000 head. All sheep were valued at \$65

9 million. Goat and kid numbers dropped 18 percent from the 1968 figure to 2,929,000 head, valued at \$6.70 per head. The current inventory had a value of \$19.6 million, the Texas Crop and Livestock Reporting Service noted. All hogs totaled 943,000 head, up one percent. Hogs and pigs on Texas farms and ranches were valued at \$22.3 million or an average of \$23.70 per head.

Chickens numbered 17,445,000 on January 1, with a total farm value of \$18.3 million. The total, which excludes commercial boilers, was down 10 percent

Judith Moore Weds Victor Coker

Judith Rhea Moore became the bride of Victor Lee Coker in a beautiful candlelight ceremony at 6 p. m. Saturday at the May United Methodist Church.

The double ring wedding vows were read by Dr. John De Foore of the University Baptist Church in Abilene. As the couple stood before an altar centered with flowers and flanked on either side by twin candelabra intertwined with flowers.

Parents of the couple are Mr. and Mrs. J. W. Moore of Rising Star and Mrs. Beulah Coker of Earth.

Traditional organ wedding music was provided by the brother of the bride, J. Weldon Moore of Ballinger who also accompanied soloist Mrs. Ann Murdoch as she sang "Whither Thou Goest" and "Hold Thou My Hand."

The bride, given in marriage by her father, was beautiful in a floor-length gown of pea de sole featuring long sleeves and a rounded neckline accented with lace. Her lovely lace train was held at the shoulders by matching lace covered buttons. The shoulder length veil of silk effusion was held by a crown of rosebuds and lace covered petals.

She carried a white bridal bouquet centered with an orchid placed atop a white Bible.

Maid of honor Linda Scott of Dallas and bridesmaids, Mrs. Bill Nichols and Frances Davenport of Earth wore identical gowns of red satin.

Four length trains of red chiffon fell from the waist. They carried nosegays of red roses.

Keith Stephens of Elk City, Oklahoma served as best man. Groomsmen were Virgil Barber of Hereford and Jim Vanistony of May. Bill McGehee of Canyon and Edwin Cox of Muleshoe seated guests.

Dick Murdoch and Rusty Lancaster of Ft. Worth lighted the candles.

Following the ceremony a reception was held in Fellowship Hall of the Church. The serving table was laid with a white cloth and centered with a three-tiered wedding cake. Crystal and silver appointments were used. Guest were served by Pruda Sanders and Mrs. J. Weldon Moore.

MRS. VICTOR LEE COKER (nee Judith Rhea Moore)

The bride traveled in a white wool dress and matching coat.

The bride is a graduate of Hardin-Simmons University and is teaching in the Springlake-Earth School system. A graduate of Texas Tech with a degree in mechanized

agriculture, Coker was a member of the Saddle Tramps and the American Society of Agricultural Engineers.

Following a wedding trip the couple will be at home in Earth.

OES Hear Program On George Washington

George Washington as a President and as a Mason was the subject of the program at the regular meeting of the Earth Chapter, Order of the Eastern Star, held Monday evening at the local Masonic Lodge Hall.

Worthy Matron Mrs. Melvin Bock presented the program stressing the facts that the laying of the corner-stone of the capital of the United States by Washington was a Masonic Ceremony. Also, at Washington's death, he was buried with a full Masonic service.

The lodge hall was decorated with a George Washington theme. On the East wall was a profile of Washington surrounded by 13 glittered stars. The East pedestal was

draped with blue crepe paper forming a background for a cherry tree with a hatchet at its base that was placed in front of the pedestal.

On the pedestals in the North, South and West were blue profiles of George Washington supported by a red base. Miniature cherry trees were placed on the remaining five pedestals.

During the business session the membership fixed the date for their Friendship night as March 24. A number of chapters in the surrounding area are to be invited to the meeting.

Refreshments of hot spiced tea and sweet rolls were served to the twelve members present.

Mrs. Burgess Presents Program For WSG

Mrs. Naomi Burgess presented two related programs at the Monday evening meeting of the Wesleyan Service Guild. The Guild met at 7:30 p. m. at the fellowship hall of the First United Methodist Church in Earth.

Mrs. Burgess opened the meeting with prayer and presented a program entitled "The Builders Outstripped the Destroyers." The program stressed the fact that the builders of America and the builders of the church are stronger than the opposing forces.

The scripture was taken from Amos 9:13.

In another phase of the pro-

gram entitled "The Search for Development and International Justice," Mrs. Burgess was assisted by Mrs. John Welch, Mrs. Johnnie Williams, Mrs. H. L. Belw, Ruby Jones and Mrs. Beulah Newton.

The meeting was dismissed with prayer by Mrs. Beulah Newton.

Ruby Jones, acting hostess, served refreshments of lemon cake and coffee to the following members: Mrs. John Welch, Mrs. B. T. Hamilton, Mrs. C. T. Richardson, Mrs. Johnnie Williams, Mrs. H. L. Belw, Mrs. Naomi Burgess, Mrs. Beulah Newton, and Lora Mae Hamilton.

WMU Has Mission Study On Hawaii

The Springlake WMU met Tuesday afternoon at the Springlake Baptist Church for a mission study on Hawaii taken from the book "In Aloha State" was reviewed by Mrs. Herbert Miller.

Mrs. Walden presented the second chapter entitled "Monarchy to Statehood." The third and fourth chapters "Strategy of Island Contest" and "Beyond the Horizon," were presented by Mrs. Ernest Baker.

At the conclusion of the program a brief discussion on the coming week of prayer was held and plans were made.

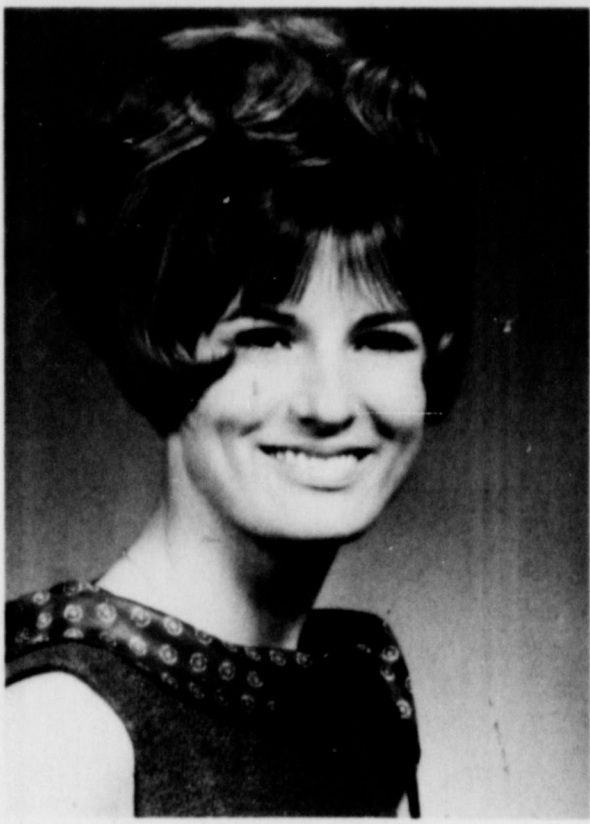

Present were: Mrs. Lowell Walden, Mrs. Herbert Miller, Mrs. Ernest Baker, Mrs. Thelma McClanahan and Mrs. Ho Sanders.

Girl Scouts Prepare For Box Supper

Girl Scout troop 178 met Tuesday afternoon in the home of Mrs. Wilson Lewis to make final preparations for their box supper to be held Saturday evening.

The troop worked on place mats, place cards and other decorations for the box supper. The event is being held in celebration of the founding of Girl Scouts in the United States.

Lisa Clayton served refreshments of candy to: Quency Lewis, Ruth Street, Jennifer Templeton, Cindy McAlpine, Donna Daniels, Terry Smith and Karon Kemper.

LINDA JORDON

Jordon - Givens Engagement Told

Mr. and Mrs. Lewie Jordon of Lubbock, formerly of Earth, have announced engagement and approaching marriage of their daughter Linda Jo to Dennis J. Givens, son of Mr. and Mrs. Delmar Givens, Olton, Texas.

The couple plan to exchange wedding vows in Earth Methodist Church, Saturday, July 5 at 8:00 p. m. Invitations are being mailed locally, but friends are invited to attend.

Miss Jordon, a 1967 graduate of Springlake-Earth High School, is a junior physical education major at West Texas State University Canyon. Her fiancé, a 1965 graduate of Olton High School is now serving in the United States Navy.

Mrs. Don Curtis Honored With Layette Shower

Mrs. Don Curtis was honored with a Layette Shower, Saturday evening from 6 to 8 p. m. in the home of Mrs. Ernest Baker.

The serving table was laid with a white linen cloth embroidered with pink roses. A musical toy was placed among an arrangement of carnations and centered on a mirror. Chrystal appointments were used to serve cake squares and frosted pineapple punch. Mrs. Richard Mitchell and Mrs. Jimmy Shirey served the guests.

Guests were registered by Mrs. Richard Mitchell. Hostesses were: Mrs. Ernest Baker, Mrs. W. B. Hucks, Mrs. Ed Jones, Mrs. Myrtle Clayton, Mrs. Jack Loftis, Mrs. J. J. Coker, Mrs. O. M. Cleavinger, Mrs. Marvella Caruthers, Mrs. John Bridges, Mrs. Jimmy Shirey, Mrs. Richard Mitchell, Mrs.

MYF Discusses 'Who Am I'

Members of the Mid-High MYF met Sunday evening at the First United Methodist Church of Earth for a program entitled "Who Am I." Jan Cleavinger was in charge of the presentation and led the discussion. The group discussed whether they knew themselves better than anyone else, whether they were entitled to make all decisions concerning their lives themselves or if they should allow influences from institutions such as church and school to alter their decisions.

The group dramatized several situations where they found answers to their questions.

Girl Scouts Learn Satin Stitch

Girl Scout troop 373 met Monday afternoon at the Springlake Community building with troop leader Mrs. Duane Jones.

The meeting was opened with the Flag Ceremony with Patricia Lanier leading in the Pledge to the Flag. Donna Dudley led the group in singing "America" and The Girl Scout Promise was led by Debra Daniels.

The girls learned the satin stitch as they continue work toward their needlecraft badge.

L'Anne Sulser served refreshments of ice cream bars and bubble gum.

Carlene Jones and DeAnn Cavitt led the troop in outdoor games following the refreshments.

Others present were: Sherri Winders, Cindy Dent, Margaret Rivers, Nisha Lewis, Kim Jones, Kim Clayton, Camille Hinchliffe, Carmon Wimberly and Teresa Livley.

Lint - Topic Of Junior High MYF Study

Brad Haley led the Junior High MYF members in a discussion and program entitled "Lent: Time for Confession and Reconciliation" at the Sunday afternoon meeting.

The group discussed separately the meanings of Lent, Confession, Reconciliation and Penitence.

The decided that Lent means different things to everyone and that its meaning is a personal decision that must be made in each life.

Next Sunday the group will plan their programs for the next three months, elect officers and discuss possible money making projects. Thirteen members were present.

We would like to take this opportunity to thank all those who ate dinner with the Band Boosters last Sunday. And especially to those who worked so hard Saturday and Sunday preparing the food and cleaning-up, our sincerest gratitude.

Band Boosters Serve 250

Mrs. O. M. Cleavinger, chairman for the dinner sponsored by the Band Boosters last Sunday, stated that the boosters served approximately 250 persons netting a total of \$213.76.

The Mexican dinner served by the Band Boosters was one of the many projects undertaken by the club in an effort to keep and improve the band program at Springlake-Earth High School.

Proceeds from the dinner, will be applied to the debt on the new band uniforms, the UIL contest tapes, and awards for band members.

Financial Facts

By Nortan Dudley

One of the strange coins issued by the Romans was called "oxen money." Made of bronze, it measured 2-1/2" by 3" and about 1/2" thick. On its surface was a side view of an oxen in bold relief. Imagine carrying a few of those around today!

In the South Sea Island, money was made from pearl shells formed into discs, horns' tusks, and dogs' teeth. Many of the natives made necklaces of this money.

The Babylonians used small clay tablets as their medium of exchange. The surfaces bore decorations and inscriptions. During the period of 2225 B.C. Babylon was the richest and most magnificent of cities.

The Ivory Coast natives in Africa issued "ring money" which was also used as ornaments on ears and in noses.

FTA Honors Teachers With Day Long Tea

The local chapter of the Future Teachers Association paid tribute to the teachers in the Springlake - Earth School system Wednesday

when they hosted a day-long-tea. The tea was held in the home economics building from 9 a. m. to 3:30 p. m. Members of the FTA served as substitute teachers as well as hosts and hostesses so that all teachers could attend. DeAnn Brock is president of the local chapter, which was organized only recently. The tea served as the first activity of the year for the FTA. Jerry Beard is the sponsor for the organization.

Brownies Make Bibles

Brownie troop 101 met Wednesday afternoon at the scout hut. Karen Huley led in the Brownie Pledge, followed by the singing of "Something in My Pocket" led by Rosie Lewis; the Pledge to the Flag led by Beth Pounds and the singing of America led by Dianne Hodnett.

The troop made miniature Bibles from penny match boxes and placed a tiny copy of the Lord's Prayer inside. The girls were asked to memorize the prayer before their next meeting.

Troop leader Mrs. Doug Lewis led the girls in playing three of their favorite games "Queen Mary", "Punchinello" and "Kee-Clue."

Others present were: Annita DeLeon, Doniece Taylor, Petra Lewis, Christi Pittman, DeAnn Clayton, Elaine Bill and one visitor, Penny Hodnett.

TOPS Play Word Scramble

TOPS Happy Losers met Thursday evening at 6:30 p. m. at the Goodwill Centre.

Leader Inez Inglis called the meeting to order with the TOPS Pledge and song. Twenty-four members answered roll with a total loss of 16 1/2 pounds recorded.

Alma Ott was named Queen of the Week and Oma Pearl Murrell was runnerup.

Dorothy Matlock presented the program in the form of a word scramble game. Each of the 10 words used were familiar words to dieters. Sandy Daniel and Beverly Taylor won the prizes for unscrambling 9 of the 10 words.

The meeting was dismissed with the Serenity Prayer.

Visiting in the home of Mr. and Mrs. Jerry Starks last week were Mrs. Starks parents, Mr. and Mrs. J. A. Warren of Irving.

Wolverettes Lose At Klondike

The mighty Wolverettes fell victim to the "foul bug" Friday night and lost their game to Klondike 65 to 60 from the free-throw line.

The defending state champs were in no way over-powered

by Klondike in regular play as the final score might indicate. They played a

real good game but were defeated by the clock and the number of fouls committed.

The Wolverettes got into foul trouble early committing 10 fouls in the first quarter.

The gift shots allowed Klondike a 2 point edge at the end of the first half.

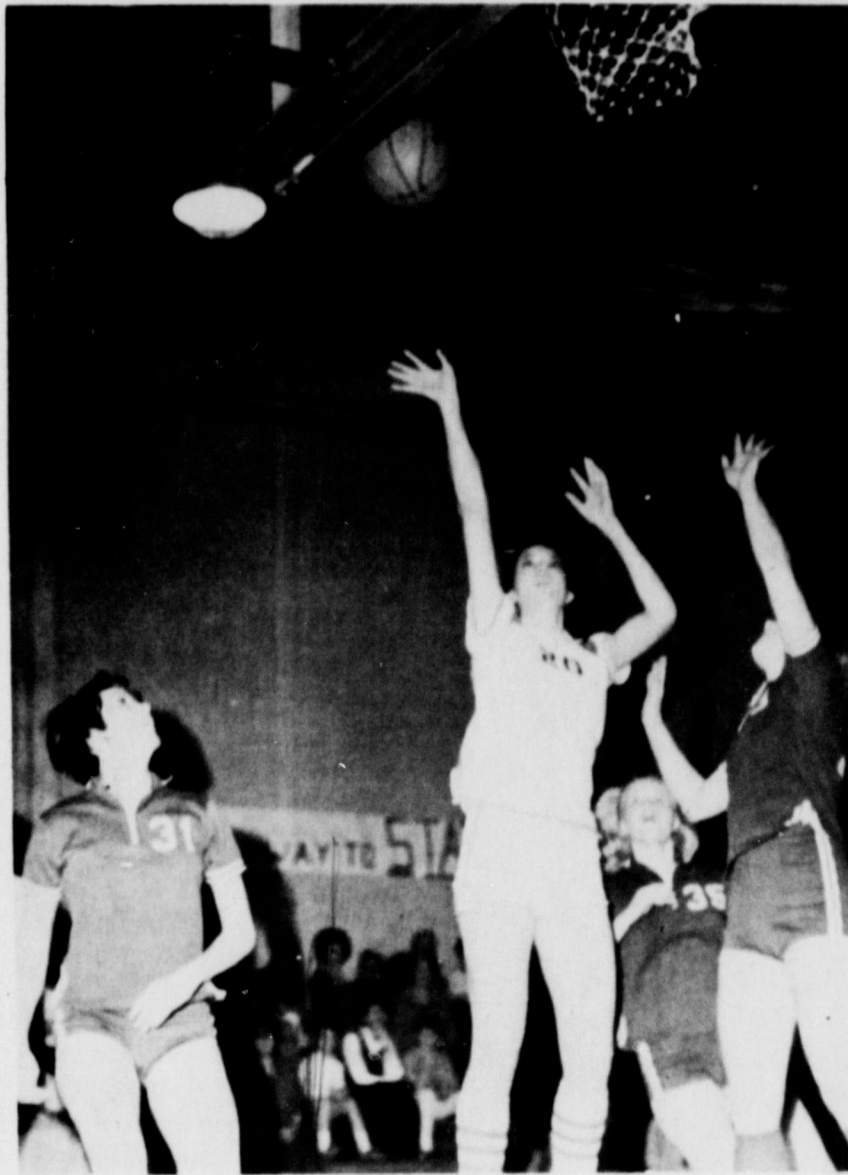

During the course of the game Klondike hit only 16 field goals to the champ's 24 which would indicate to even the doubting persons

that the Wolverettes haven't "lost their touch."

The second half was much the same as the first with half of the opponents points coming from the free-throw line.

Mary Minter of Klondike was top scorer for the game with 34 points, 18 of which were gift shots.

Vicki Gregory came through with 28 points, backed by Marsha Dawson's 21.

MARSHA DAWSON-No. 20 was high point girl for the night with 30 points. Janice Winfrey was high point girl for Sundown with 22 points.

Wolverettes Institute To Texan Defeat Sundown Cultures Will Reopen

The mighty Wolverettes set themselves back in their winning ways Tuesday night when they defeated Sundown here. The home team took the court to win as shown by the 65 to 47 final score.

The defending state champs out scored Sundown by ten field goals, 27 to 17 and acquired a free throw average of 61% to 56.5% by the opponents.

Marsha Dawson took scoring honors with 30 points, supported by Vicki Gregory's 25 points.

Sundown was outscored, by 7 points in the first quarter, 4 points in the 2nd, 3 in the third and 4 again in the final quarter giving the Wolverettes an undisputed 18 points lead.

The Institute of Texas Cultures will re-open in San Antonio on the public on March 2, Texas Independence Day, marking the beginning of the permanent operation for which the facility was created.

The Institute's initial presentation was the official Texas Exhibit in HemisFair '68. Its unique concept of presenting history by telling the story of individual Texas was seen by more than two million visitors during the 1968 World's Fair.

According to Institute Director, R. Henderson Shuffler, the idea behind the institution is to "humanize history and tell it in terms of individual people." The story of these people who came to Texas in pioneer days and of modern day immigrants reveals the rich heritage of Texans and their lasting ties with other cultures.

The Institute, a unique state project created for Texans, anticipates that 75,000 students from across Texas will visit the research and educational center between March 2 and May 31. During the summer, the Institute is expected to be one of San Antonio's major tourist attractions.

Twenty-six major ethnic, national or cultural groups and their contributions to Texas form the heart of the show. These representative groups include Yugoslav, Polish, French, Lebanese, Greek, Italian, Jewish, German, Wendish, Mexican, Spanish, English, Scottish, Anglo-American, Danish, Japanese, Irish, Belgian, Dutch, Czech, Norwegian, Swedish, Negro, Indian, Swiss and Chinese.

Since closing October 6, the Institute has revised 25 per cent of the exhibit using new artifacts and exhibit devices. As in the initial exhibit for the world's fair, all of the artifacts displayed are on loan from individuals and museums. Unlike a museum, the Institute is a communications device that arranges the loan of items to be included in a coherent display.

As the exhibit is changed, the items are returned to their owners. A data card with photographs is kept to aid other museums in locating the various items displayed.

For the first time, visitors can actually walk on a re-creational 16th century English ship's deck. The section of deck represents Captain John Hawkins' ship on which David Ingram and the crew made a voyage to the New World in 1568. After being set ashore in Tampico, Mexico, Ingram and two other hardy adventurers walked across Texas to Nacogdoches.

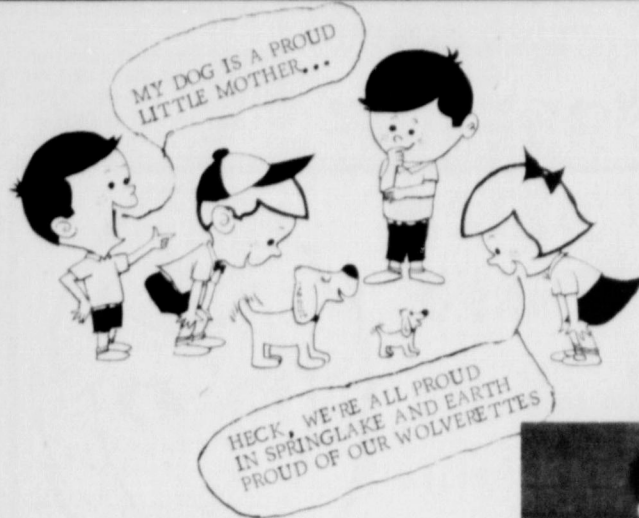

Another unusual new experience will be the opportunity to walk into a typically furnished Kiowa Indian teepee. Other new additions include the rifle used at the 1836 Battle of San Jacinto by Robert Justus Kleberg whose descendants operate the famous King Ranch, a 19th century German piano made in Dres-

den, a Confederate cannon from Joe Johnson's camp, a sludge bucket used on land

dug wells and other early oil items, Jewish religious relics and personal effects of the three Texans of Mexican descent who were signers of the Texas Declaration of Independence.

Among some of the popular items from the original exhibit which will be retained are the authentic German bandstand, a log skidder and wooden and iron scrollwork from German

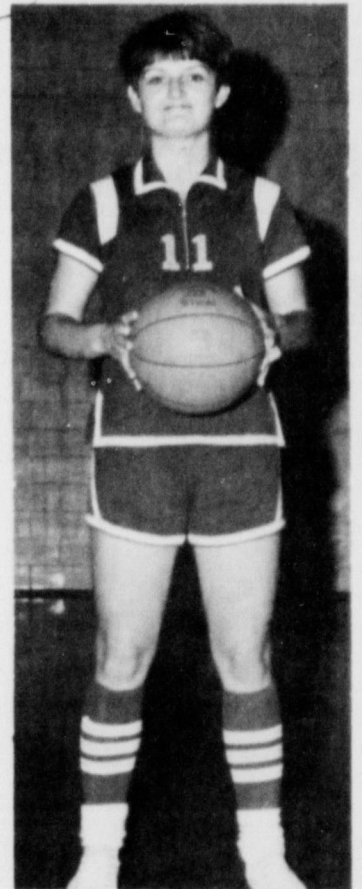

buildings in Texas. Visitors will once again be able to see Texas history brought to life through the use of tapes, slide shows, color transparencies and short movies.

Officers in addition to Mrs. Weiss, Mr. Leslie, Mrs. Moore, and Mr. Deering are Miss Sue Jo Cole, Brownfield, secretary; Mrs. Beth Walker, post treasurer; Stanley Dixon, Brownfield, parliamentarian; Neal Dillman, Muleshoe, immediate past-president; G. C. Clapp, Lubbock, public relations; and C. B.

Variety Of Factors Caused Buffalo Lake Fish Kill

CANYON--A fish kill which left from 30,000 to 40,000 channel catfish lying on the banks of Buffalo Lake 15 miles southwest of Canyon has been attributed to a lowering of resistance due to a falling water level compounded by the possibility of a virus and algae toxin.

Jack Crabtree, inland fisheries biologist for the Texas Game and Fish Department, says the fish kill is probably associated with the water quality of Buffalo Lake but only insofar as the quality of the water was one stress factor among several.

Every species of fish was represented in the kill, but Crabtree says 99 per cent of the fish killed were channel catfish. He said the fish along the shoreline represented only a fraction of the total kill since many of the fish sank to the bottom of the lake.

According to Crabtree, fish seemingly ready to die evidenced survival when removed from lake water and placed in fresh water.

Countians Asked To Purchase Easter Seals

Easter Seal Appeal letters are being delivered this week in Lamb County, according to Mr. Joe Montgomery, who is the Easter Seal Representative for the Easter Seal Society for Crippled Children and Adults of Texas.

As Representative, Mr. Montgomery serves as contact representative for disabled persons needing Easter Seal rehabilitation services and also serves as treasurer of the Easter Seal Appeal in Littlefield, Texas.

The Easter Seal Society offers physical and occupational therapy, speech and hearing programs, and special equipment loans to enable disabled persons to make the best use of their abilities to overcome handicaps. These services are financed by the annual Easter Seal Appeal.

The Society also provided for research into the causes and cures of crippling conditions, finances public education programs, and provides scholarships for training of professional personnel to staff rehabilitation centers. Mr. Montgomery pointed out that all of these programs are important if Texas is going to continue to provide the best in rehabilitation services for its own disabled citizens.

During 1968, the Texas Easter Seal Society helped to provide treatment and services to 11,390 children and 6,232 adults who were

in need of rehabilitation services. These services are available to any disabled person who can benefit from help provided by the Easter Seal Society, Mr. Montgomery added.

The Easter Seal Campaign will run through Easter Sunday, April 6. Mr. Montgomery urged increased support for the Easter Seal Society and its program of services to crippled children and adults.

Steve Foster and Troy Steinbock was in Ruidosa doing some skiing the past weekend.

Funeral services for Mrs. Carrie Wilson, Friona was held Saturday at 2:30 in the Calvary Baptist Church, Friona. Mrs. Wilson 82 passed away Wednesday evening in Friona. She was the mother of Marie Cox, long time resident of Lazbuddie.

Area farmers are smiling a little now that the average rainfall amounts are an inch and over. Sure better than a sand storm they all agree.

Steve Jones, Lazbuddie high school graduate left Lubbock by plane Saturday morning at 8:30 for California. He is scheduled to go on to the

Philippine Islands in the very near future.

Mr. and Mrs. J. R. Harris Sr. returned Sunday from Tishomingo, Oklahoma where they had been at the bedside of his brother Boston Harris, Harris 68 taken suddenly ill and is presently in serious condition according to members of his family.

Revival services will start at the First Baptist Church Lazbuddie Sunday morning March 9 and will continue through March 16 with the Rev. R. L. Swanning of Roswell preaching at both morning and evening services. The nursery will be open. Everyone is welcome.

Earl Prather, brother-in-law of Mrs. R. B. Seaton continues to improve in a Dallas hospital. Prather has been a patient in the hospital for sometime and his condition was said to be serious at first.

Birthday Greetings this week go to: Esvelto Villarrel, Belinda Romine, Fonda Williams, Marlene McDowald, Leon Watson, Sandra Lou Farley, Johnny Broyles, Larry Hodg's, Lessie Barber, Mary E. Herrera, Deward Ivy, Rickie Flores and Bob Blackbum.

Congratulations to Bobby Jo Jones, daughter of Mr. and Mrs. Bob Jones on having been elected as parliamentarian in Kappa Epsilon, honorary fraternity for women in Pharmacy at a recent meeting in Austin.

The Lazbuddie-Young Married Couples Sunday School Class of the First Baptist Church had their annual Sweetheart Banquet Saturday evening in the School Cafeteria. The valentine theme was carried out. The meal consisted of fried chicken, green beans, corn, salads and desserts. Couples attending were Mr. and Mrs. Billie Reese, Mr. and Mrs. Jerry Smith, Mr. and Mrs. Wayne Moore, Mr. and Mrs. Joe Tarter, the Rev. and Mrs. Johnny Timms, Mr. and Mrs. Gary Hicks also Mr. and Mrs. Joe Lane, Mr. and Mrs. Mike Flanigan, Mr. and Mrs. Arcal Johnson, Mr. and Mrs. Keith Menefee and Mr. and Mrs. Ray Precure and Carolyn McGuire.

Funeral services for Mrs. Carrie Wilson, Friona was held Saturday at 2:30 in the Calvary Baptist Church, Friona. Mrs. Wilson 82 passed away Wednesday evening in Friona. She was the mother of Marie Cox, long time resident of Lazbuddie.

Area farmers are smiling a little now that the average rainfall amounts are an inch and over. Sure better than a sand storm they all agree.

Steve Jones, Lazbuddie high school graduate left Lubbock by plane Saturday morning at 8:30 for California. He is scheduled to go on to the

College Station. - There is variability in hay quality and livestock producers should be aware that quality is largely determined by the amount of fertilizer hay receives and the age at which it is harvested.

Dr. J. Neal Pratt, Extension agronomist at Texas A & M University, says that most crops cut for hay should be harvested in a young, actively growing stage. For Coastal bermudagrass the best time to harvest is about once every four weeks and for crops such as sudan hybrids, johnsongrass and other grasses, the best time to harvest is before seedheads emerge.

Fertilizers influence protein and other qualities in hay crops.

The agronomist stresses the importance of a soil test for determining the amount of nutrients needed for the production of good-quality hay. Soil samples should be taken now and submitted to a lab for testing, he adds.

For information regarding proper harvesting times and soil test methods, Pratt suggests contacting the county agricultural agent.

SCOUTING AS A FAMILY AFFAIR, was made evident Monday evening as Cub Scouts and their families attended the Annual Blue and Gold Banquet.

Education Is A Paying Proposition

College Station-Education is still a paying proposition. Latest Census Bureau figures confirm that it pays to get an education.

While income of all segments of the population has grown in recent years, Mrs. Wanda Meyer, Extension home management specialist reports that the biggest increases have occurred at the higher educational levels.

For example, between 1961 the annual income of an average elementary school graduate 25 years old or older rose from about \$4,200 to \$4,900; that of high-school graduate from \$5,900 to \$7,500; and that of a college graduate from \$9,300 to \$11,100.

Estimating the lifetime income of men by years of schooling completed, the Census Bureau experts came up with these figures: Eight years of elementary school, \$247,000. This a-

mounts to about \$6,175 a year. Four years of high school, \$341,000 for the total lifetime income, or about \$8,525 a year. Four years of college, \$508,000 or an annual salary of about \$12,520.

An average college graduate can look forward to half again as much income as a high-school graduate who falls to enter college, says Mrs. Meyer at Texas A&M.

PARTY LINE
Mrs. Jerry Shultz, of Seaside, California is here visiting her parents Mr. and Mrs. Henry Butter and her sister Mrs. Jarvis Angeley. Mrs. Butter was admitted to the West Plains Hospital in Muleshoe last week. She was reported to be improving, Monday.

New figures from the Census Bureau indicate that the number of years spent in school does have an important effect on future earning power, she notes.

J. W. Dudley returned Monday from a two week visit in Austin with his sister and family, Mr. and Mrs. W. G. Clark.

Volume Hog Raising County To Begin In

A vast project of volume hog raising was disclosed Monday in the final portion of the Annual Soil Fertility Day Program. Lamb County's first major hog producing project is in its early stages.

The project is being built at Bainer Switch, some six miles East of Littlefield and is owned by former resident, Dr. Clifford E. Payne, now a Lubbock physician.

Finished feeders from the Payne pig parlor will be sold in Plainview to go into the Jimmy Dean SPF Pure Pork Sausage.

Making the announcement was former Anton and Littlefield resident Troy Pritchard, who is a partner in the pending sausage business with brothers Jimmy and Don Dean.

Dr. Payne's enterprise, when completed in the near future, will be stocked by 80 head of breeder sows from the Pritchard production herd. They are crosses of Hampshire, Duroc and Yorkshire.

Starting out slowly, Pritchard said the operation would progress on a paying basis until it reaches a 600-sow capacity, with production of approximately 12,000 slaughter pigs annually.

The benefit, Pritchard told the audience, would be the consumption of area-produced grain sorghum, about 6 million pounds annually, according to his feeding formula.

According to Pritchard there are only three other operations of this type now under

construction. They are at Lockney, between Kress and Tulla, and at Hereford.

These major production farms, along with Pritchard's 400-sow operation at Edmonson, will be the prime producers for the 175,000-head annual needs of the sausage business.

The need of hog production in this area was pointed out by Pritchard.

Installation of buildings that can withstand the hard winters in the Mid-West states costs approximately \$1,000 per sow. This is too high, he said, "And no one from here to California is even raising hogs to any degree. But the consumer market is there."

The Mid-west farmers are getting out of hog production, because they don't want to go into the expense of SPF operations. But in the past, they've found it profitable to have Texas High Plains milt shipped to them, feed it, and ship it back in.

He explained the market in Texas was considerable, that production is only about a million head-a year but consumption exceeds 5-million head.

The Jimmy Dean Sausage company will pay, according to Pritchard, top Chicago prices. At first the firm will buy all hogs offered. But eventually, it wants to go strictly to SPF stock.

As it appears now, a goodly portion of Lamb County's grain will be slaughtered through the Plainview operation, in Dr. Payne's farm production.

MOST COURTOUS AT SPRINGLAKE-EARTH, are Danny O'Hair and Kathy Lee. They were selected for the honor by the school's student council.

Cubs Look Forward To Banquet

Cub Scout, den 3, began looking forward to Monday's Blue and Gold Banquet as they met Thursday afternoon at the Cub Scout Hut.

The Cubs worked on name cards and place mats then practiced on their part of the program, the games and songs. The meeting closed with the formation of the "Living Circle" and the singing of "Make America Proud of You" led by Clint Dawson. Clint served refreshments to Kirk O'Hair, Rodney Geisler and Terry Hood.

Self-Cleaning Ovens Home Improved

College Station, ---Self-cleaning ovens progress as better cleaning processes and different designs are developed.

range with all gas baking broiling units in both upper and lower ovens. Usually upper ovens on two-level

oven gas models are electric, according to Mrs. Myers. Manufacturers state that white sells about 60 percent more than all other colors but builder business uses 90 percent in color. Avacado runs a little ahead of harvest gold in color choice with homemakers, Mrs. Myers reports.

A new catalytic process of cleaning the oven costs about one-fourth what the original type of self-cleaning process does, Mrs. Doris Myers, Extension home management specialist, reports.

Mrs. Myers, a specialist at Texas A&M University, says a special chemical treatment on the oven walls prevents soil from adhering or baking to the oven interior. Soil can be wiped off easily.

Some manufacturers have found the new process eliminated the need for oven insulation. Mrs. Myers says this will increase oven capacity and reduce repair incidence and cost.

Self-cleaning ovens are taking new shapes, too. One range has a sliding cover for the control panel on the front, double door on the upper oven in the eye-level two oven models, a new sculptured front and a lift-off top for cleaning, the specialist describes.

The sliding-control panel permits placing the controls in front where they are more visible and accessible without reaching over burners. They also are safe from playing children.

Another manufacturer has developed a two-level oven

500 Bills, Resolutions Introduced In Texas Legislative Session

The first month of the legislative session has seen the introduction of approximately 500 bills and resolutions to be considered in the next 110 days. Representative Clayton predicts that there will probably be another 1000 bills and resolutions introduced within the next 30 days. This past week, the House committees heard several bills that will be up for floor debate in the near future. Clayton stated that

one such bill is the controversial liquor-by-the-drink. This is a constitutional amendment which would provide that mixed beverages be sold in cities, precincts, and counties where the people vote in favor of the measure in a local option election. Clayton is doubtful that this measure will receive the required 2/3 vote before being submitted to the electorate. Two constitutional amend-

Annual Blue And Gold Banquet Held Monday Night

The Annual Blue and Gold Banquet of Cub Scout pack 614 was held at 7 p. m. Monday at the Earth Community Building with approximately 81 attending.

The program was begun with Ice Breakers being performed by Den 4.

Bill Mann gave the invocation and the crowd enjoyed a buffet dinner of fried chicken, roast beef, baked ham with numerous and various salads, vegetables, cakes, pies and puddings.

The opening ceremony was performed by den 2 with denner Keevin Kelley leading in the Pledge to the Flag and the singing of "America".

The lights were turned out for the ceremony and the flag was highlighted by flashlights adding to the beauty of the ceremony.

Ed Dawson, cub master gave the Welcoming Address and introduced special guests, Travis Jaquess, scoutmaster Bill Mann, institutional representative from the sponsoring body, the Earth Lions Club and Mrs. Ted Borum, guest speaker.

Den 3 began the songs and games with "Our Honored Guests Are Here," and had the guests, parents, brothers, and sisters, and cub stand at the appropriate time.

Clint Dawson and Kirk O'Hair sang a song dedicated to the den mothers.

Other songs sung and led by den 3 were: "Glad To See You Here" sung by the group; "Glad Song," by the cubs; an action song by the group; and "With I Were a Phif" sung by the cubs.

Den 2 performed a skit entitled "Operation A" in which they transformed an ordinary boy into a Cub Scout.

Mrs. Ted Borum, guest speaker for the occasion and one of the first den mothers

for the pack, gave the history of Pack 614.

In March of 1956 Roy Tupper, assistant Scout Executive of Lubbock met with interested parents and boys to discuss Cub Scouting in Earth. From this meeting, and under the sponsorship of the Earth Lions Club three dens were formed. Ross Middleton was Cub Master and O. W. Richardson was assistant Cub Master.

From the day of Den III Mrs. Borum gave the first members of the den and some of their activities during their first year of existence.

The tables were decorated with bowling pins painted and dressed as Cub Scouts. Blue and Gold streamers ran down the center of each table. Creative place mats represented the wolf and bear ranks in Cub Scouting and also Cub Scout silhouettes.

The head table was centered with a blue awards tree with chenille boy scouts swinging and hanging from its branches. Awards were presented from the tree to the parents who, in turn presented them to the Scouts.

Bobcat awards were presented to Steve Byers and Kent Hinson. Five cubs received wolf badges, they were Andy Ellis, Keevin Kelley, Clint Dawson, Terry Hood and Kirk O'Hair. Receiving arrow points to Wolf Badges were Steve Green and Royce Jordan. Each boy had earned a gold and a silver arrow point.

Bear Badges were presented to Scotty Hopping, Rodney Geissler, Bryan Taylor and Dickie Brown. Scotty and Dickie also received a gold and silver arrow point.

Loyd Smith, Donnie Well, Brent Washington, Jeffery Washington and Ray Van Banks each received Recruiter Awards.

RECIPIENTS OF BOBCAT AWARDS AND WOLF BADGES... at Monday evenings Blue and Gold Banquet were left to right: Steve Byers, Andy Ellis, Keevin Kelley, Clint Dawson, Terry Hood, Kirk O'Hair, Steve Green and Royce Jordan. Also receiving a Bobcat award was Kent Hinson who was unable to attend.

Meeting To Discuss Experimental

Lubbock (Special)-Experimental cotton planters that may in the near future save producers time and money and increase yields will be discussed at the 1969 Western Cotton Production Conference's morning session here, March 5.

The two-day conference, scheduled for March 4-5, is open to all interested in cotton production.

Lyle M. Carter, U. S. Cotton Field Station, Shafter, Calif.; M. D. Cannon, University of Arizona Cotton Research Center, Phoenix; and Elmer B. Hudspeth, South Plains Research and Extension Center, Lubbock, agricultural engineers, will outline results obtained from three experimental planters and hold an open discussion on the feasibility of adapting these planters to general use.

Mr. Cannon will describe three years of experimentation with a machine that combines bedspading, herbicide application and incorporates systemic insecticide application and precision planting into one operation.

A vacuum planter that gives precision seed placement and spacing which results in early emergence and increased yield will be the subject of Mr. Carter's report. Mr. Carter will reveal test results of a planter that senses moisture depth in the bed and places seed in moist soil to insure uniform emergence.

Why modern planting techniques require high quality seed will be explained by Robert B. Metzger, a South Plains research center agronomist.

Eddie J. Carpenter, a Lamme, Texas, cotton producer, will tell how he overcame the problems of directional stability, traction, flexibility, weight, and transportability in rigging 96-horsepower tractors with 12-row equipment for economical skip-row operations. He will also explain why 12-row equipment is more functional than 10-, 7-, or 6-row equipment in working two-in-one-out, two-in-two-out and two-in-four-out skip-row patterns.

The morning's presentations will conclude with a discussion on farm equipment management by Kenneth K. Barnes, professor and head of the University of Arizona's agricultural engineering department.

Webbs Award was presented to Cookie Hopping who also received a gold and silver arrow point.

In the closing ceremony, Cub Master Ed Dawson, with one large candle lit the smaller candles carried by a representative of each den. The representatives in turn lighted the candles of each Cub Scout. The ceremony signifies that scouting is a family affair growing from one light to illuminate an entire community.

The goal of the scouting program in Earth is to reach one boy in three. The program now involves one boy in five.

PORT HUENEME, CALIF., February 14--Construction Apprentice Louis J. Hine, USN, son of Mrs. Ellawee Norman of Route 4, Muleshoe, is attending Utilities Man School at the Naval Schools, Construction Port Huene, Calif.

He will receive instruction in boilers, pumps, compression, sewage disposal, water distillation units, and refrigeration.

The school provides skilled craftsmen and constructionmen which form the backbone of the Navy's Mobile Construction Battalions, now in Vietnam providing construction support to combat forces.

USS RANGER (at sea) February 15--Seaman Apprentice McArthur Thomas, USN, son of Mr. George Thomas of Route 3, Olton, is serving aboard the attack aircraft carrier USS Ranger off the coast of Vietnam. The Ranger returned to the line after a five-day visit to the British crown colony of Hong Kong.

Ranger crewmembers were able to enjoy sightseeing and shopping in the famous city before the carrier returned to the Gulf of Tonkin to assume its duties in support of

shoe, Earth and in Albuquerque, New Mexico.

In Muleshoe he visited his mother Mrs. Clela Williams and Grandparents Mr. and Mrs. Buck Creamer. In Earth he was guest of his paternal grandparents, Mr. and Mrs. Walter Williams, and in Albuquerque he visited his father Walter Lee Williams.

P. F. C. Williams is due to leave for duty in Vietnam on March 12.

Band Director Attends TMEA Convention

Springlake-Earth Band director Jerry Starkes returned Sunday from a three-day trip to San Antonio where he attended the 1969 Convention of the Texas Music Educators Association.

Each year TMEA members gather for a convention of concerts, clinics and exhibits touching every phase of music education.

Among the events, Mr. Starkes attended he listed a few as being outstanding. A stage band clinic, conducted by Leon Breeden and the North Texas State University Lab Band; a trombone clinic held by National Jazz recording star Urbie Green and sightreading clinic with Frederickburg High School band under the direction of

Tommy Rhodes acting as the demonstration band. Panel members for the sightreading clinic were: Paul Stroud of Longview; Dan Gebtes, Monahan; Fred McDonald, Freeport; Fred Prentice, Wichita Falls; and Floyd Wegar, Paris.

Starkes also attended concerts presented by the United States Army Field Band and Chorus under the direction of Major Hal Gibson, Fort Meade, Maryland, the Del Mar College band, the North Texas State band and the Texas Tech Concert Band.

The highlight of the convention was the final grand concert presented Saturday night and featuring the All-State Symphonic Band, All-State Symphony Orchestra and All-State Choir.

DISTRICT CHAMPIONS—The local eighth grade basketball team claimed the district title, Saturday February 15, in the district tourney at Bovina. Pictured left to right are members of the winning team: first row; Kim Bock, Coach Mike Purcell, 2nd row; Joe DeLa Garza, Clifford Daniel, Steve Randolph, Kent Lewis, Danny Marriot, Billy De Bush, Joe Acenedo, 3rd row; Troy Lee, Doug Freeman, Erigh Johnson, Bobby Myers, Nicho Triano, Larry Thomas, 4th row; Kevin Anderson, Barry Pittman, David Hanson, Bob Cleavinger, David Hinchliffe, Aaron Scheller, back row; Jimmy Smith, Guy Davis, Bobby Angeley, Brian Sanderson and Monty Price.

School Secretaries To Meet

On Friday, March 7, 1969, Mrs. Marvin Sanders will join with other members of the Texas Educational Secretaries Association, District XV II, as they meet for their annual workshop at Atkins Junior High School, 5401 Avenue U, Lubbock, Texas. Registration will begin at 8:30 a. m. with the meeting concluding around 3:30 p. m.

Featured speakers for the day include Mrs. Grace Wellborn, English professor at Texas Technological College; Mrs. Liz Tankersley, instructor and model for the Robert Spence School of Modeling; Mr. Arthur B. Watkins, Hemphill-Wells Company office manager and Lubbock civic leader; and Mrs. Leota Matthews, Social Studies consultant for the Lubbock Public Schools. Co-chairman Jo Watson and Clara Lain of the Lubbock Public Schools have an interesting and stimulating program planned and urge all educational office personnel to attend.

Centre In Need Of Clothes

The local Goodwill Centre is in dire need of boys' and girls' clothing up to the age of 12.

Working in the centre Saturday were Mrs. Doni Taylor, representing the Young Homemakers and Teresa Glasscock, DeAnn Brock, Sherry Pittman and Becky Littleton, representing the Future Homemakers of America.

The Centre netted \$27.55 under their supervision. The FTA will have charge of the Centre Saturday, March 1.

The Goodwill Centre Executive board will meet at 2 p. m. at Pounds Pharmacy on Thursday, March 6.

Breakfast To Kick Off Red Cross Drive

Phillip Haberer, chairman of the local Red Cross Drive, has announced a breakfast at the Wolverine Drive-In at 8 a. m. Saturday morning will kick-off the 1969 Red Cross fund drive. The breakfast is for all red cross workers and will serve as a starting point for the local drive.

Following the breakfast workers will begin to canvass the city "House to House" and "Business to Business" in an effort to reach the city's goal of \$800.

Since the birth of the Lamb County Chapter of the American Red Cross in 1931, County residents have generously supported the program.

This is evident in the number of persons served by the

Lamb County Chapter alone, a number impossible without the full support of each person in the county.

A total of 558 service contacts by the Lamb County Red Cross Chapter from January 1, 1968 through January 30, 1969; 162 active servicemen, 195 veterans, and 210 civilians.

More workers are needed to make the local drive a success, so attend the breakfast and volunteer your services to the Red Cross. Persons wishing to donate to the drive after Saturday may leave their contributions at any business displaying the familiar Red Cross Poster.

Television "X-Rays Soul"

Basle, Switzerland—"The use of color gives an x-ray picture of the soul," according to Dr. Max Leuscher of the Institute of Psycho-Diagnostic Medicine.

Dr. Leuscher said you reveal yourself when you adjust your color television set so as to play up one color more than another. If you heighten the red tones, you exhibit self-confidence and physical vitality, he said, if you mute them, you're

probably self-effacing. Intensifying the blue indicates tranquility and impassivity. Turning up the yellow shows an optimistic personality. Preferring violet indicates neuroticism.

In other words, when adjusting the color TV set leads to family squabbles, there's no point in blaming color blindness or color insensitivity. It's a clash of personalities.

Survey On Work Experience To Be Conducted—Les Watson Injured

A sample of residents in this area will be asked about their work experience during 1968, as part of a nationwide survey the week of February 17, Director Francis Wilmer of the Bureau of the Census Regional Office in Denver announced.

Questions will be asked about the number of weeks worked last year, the number of weeks lost because of unemployment or other reasons, and the longest job held during the year.

The survey is taken annually at this time to provide data for use by the U. S. Department on current employment and unemployment.

The identity of households in the survey is confidential and the information obtained will be used for statistical purposes only.

Services For Father Of Resident

Funeral services for H. L. Jones, 76, father of Mrs. Clinton Williams of Springlake, were held Wednesday February 19 at 2 p. m. in the Church of God at Olney, B. E. Coker, pastor, conducted the services.

Jones died Sunday, February 16, of a heart attack. He was attending church at the time of his death.

A long-time resident of Olney, Jones was a retired rancher and a member of the Church of God.

He was buried in the Olney Cemetery under the direction of Lamm Funeral Home of Olney.

Survivors include: four sons, J. E. of Amarillo, F. L. of Ft. Stockton, Harlon of Clovis, New Mexico and Billy of Snyder; three daughters, Mrs. Wanda Foe Brown of China, California, Mrs. Joyce Cowley of Carlbad, New Mexico; and Mrs. Lois Williams of

Boy Scouts Continue First Aid Course

Boy Scout troop 614 met Tuesday evening in the scout hut with 28 members present.

Troop Leader Travis Jaquess resumed teaching of the first aid course as the troop works toward the first aid merit badge.

Various uses of the triangular bandage were taught along with first aid for snake bites.

The course will be concluded next week as several scouts attempt to earn their first aid merit badges.

Safety Rules For Drugs

Washington, D. C.—Like a rope, the drug your doctor prescribes can be either a life line or a garrote, depending on whether it's used properly or not.

Most people realize that medicine cabinets should be cleaned out. But safety rules for prescription drugs are more intricate than that, according to an informative pamphlet listing 23 rules, including:

Never take a medicine in the dark.

If new symptoms develop after medication, tell your doctor.

Keep the label up when pouring from a medicine bottle so that the drippage does not destroy the label.

Fuller explanations are given in the pamphlet, available free from Sue Boe, Pharmaceutical Manufacturers Association, 1155 Fifteenth Street, N. W., Washington, D. C. 20005.

Farm Bureau Meet In Lubbock, Tonite

Jose Mendoza, a spokesman for California farm workers who are resisting compulsory unionism efforts by Cesar Chavez and the AFL-CIO, will speak at an area-wide Farm Bureau meeting February 27 at the Koko Palace in Lubbock, according to Elroy Wislan, Springlake, President of the Lamb County Farm Bureau. The meeting will begin at 7:30 p. m.

Mendoza is a leader of the Agricultural Workers Freedom to Work Association, an organization formed last year to combat harassment and intimidation by organizers and sympathizers of the United Farm Workers Organizing Committee AFL-CIO led by Chavez.

Since September, 1968, Mendoza has been traveling throughout the country under the joint sponsorship of Californians for Right to Work and

the National Right to Work Committee. He has become widely recognized as the spokesman for the majority of California's vineyard workers.

Mendoza's appearance in Texas at this and a number of other meetings is being sponsored by the Texas Farm Bureau.

"We are pleased to have Mr. Mendoza in Texas to give the inside story on the harassment and intimidation of grape workers in California," Sidney Dean, Victoria, president of the Texas Farm Bureau, said. "He tells the 'third side' of the labor controversy there - not the growers or the union's - but the viewpoint of the workers themselves."

Dean said the UFWOC had been unsuccessful in its campaign to sign up workers last summer when, with the aid of the AFL-CIO, it called a

"ALL THE WAY TO STATE", urges the senior class. Beverly Britton holds the "Magic Marker" after completing the artistic work.

nationwide boycott against California table grapes. This was done, he said, in an effort to compel growers to sign union contracts and force workers into the union. The TFB president said that

the boycott was effective only temporarily in some markets and that growers were able to sell all of their crop. He added that growers are expecting an intensified effort this year against California grapes.

"We in agriculture must not permit the unions to have success with the powerful boycott weapon," Dean said. "Today it is grapes - tomorrow it could be any commodity! That is why we are inviting Mr. Mendoza to come to Texas - to give us farmers a first-hand account of what to expect when, and if, the union decides to move against us. We also want to get the true story across to all the citizens of Texas."

In speeches around the country, Mendoza has told audiences that organizers of the grape boycott are more interested in organizing a powerful union than they are in helping farm workers.

"I don't like Mr. Chavez's union, and most of all, I don't like the way they're trying to force it onto people," Mendoza says. "What Mr. Chavez has done in Kern County (California) is nothing but create unemployment. He has killed hundreds of jobs. He has caused people to really migrate from one place to another."

Home Fire Drills Are Vital

New York-School fire drills are taken for granted but fire is 200 times more likely to break out in your home.

First step in remedying this situation, say fire authorities, is a family council. Children should be warned that the major danger is not the flames but accompanying deadly gases and smoke. A speedy escape is essential. There is never time to gather up favorite belongings or pets.

Since most fires break out between midnight and six a. m., bedroom doors should be closed every night to help protect sleepers. Each bedroom should have two planned escape routes. In case of fire, test the door before opening it. If it is warm to the touch, use the alternate escape route.

To prevent the inhalation of suffocating gases, you should try to cover your nose and mouth with a pillow or wet cloth. Crouch as you run because the air near the floor is cooler and cleaner.

Who Are Ill

Mrs. Hershel Huley underwent minor surgery in a Littlefield Hospital Monday morning. She was released Tuesday and is resting well.

Mrs. F. Butter was admitted to the West Plains hospital in Muleshoe Tuesday, February 17, suffering from the flu. She was released Tuesday and is resting well.

Two Children Company, Three A Crowd

Detroit, Mich. - It's high time that more Americans adopted as their ideal the two-child family, a high official of the National Institute of Mental Health said recently.

Dr. E. James Lieberman, chief of the Center for Studies of Child and Family Mental Health, sharply challenged the still prevalent conviction that "You should have as many children as you can afford."

Dr. Lieberman told a meeting here of the American Public Health Association that ability to pay may have little to do with ability to rear. Available research shows great psychological and physical advantages in a two-child family, he said. Children of small lower class families have been found to score higher on intelligence tests than children from large middle class families.

LESS SELF-RELIANT

Contrary to popular belief, Dr. Lieberman said, children from large families are less self-reliant and less mature than children from small families. Studies at the National Institute of Mental Health show that second and later-born boys demand more attention as small children and, at birth, are less vigorous and responsible.

Children in large families often suffer from a sort of

"maternal deprivation," the physician said, as a result of crowding, the rivalry of brothers and sisters, and the lamentable fact that the day's length remains the same whether there are two or four children. With parental attention spread thin, intellectual and emotional development may suffer.

A Presidential Task Force on Manpower Conservation, Dr. Lieberman pointed out, discovered that a disproportionate number of young men rejected for mental reasons by Selective Service belong to large families; 70 percent to families with four or more children although only 33 percent of the country's families are that large.

No Curves For Boys Under 14

Berkeley, Calif. - A survey of 162 Little League players has revealed that every single pitcher suffered from bone and cartilage inflammation or some other elbow injury.

In citing this survey by medical researchers to a National Conference on Medical Aspects of Sports, Prof. G. Lawrence Rarick, Univer-

sity of California, said that only a few non-pitchers revealed damaged elbows.

Dr. Rarick pointed out the danger of stress to joint structures during the growing years. Curved ball throwing is not recommended for boys under 14 years of age. Pitching should be limited to two innings per game.

March 9, 1830 - The first company to use "Trust Company" as part of its title was the City Bank Farmer's Trust Company in New York which was chartered on this date.

March 12, 1912 - Captain Albert Berry made the first parachute jump from an airplane at an altitude of 1,500 feet while the plane was traveling at 50 miles an hour.
