SNOW and FREEZING RAIN HALTS COTTON HARVEST

Snow, sleet and freezing weather for the past several days halted cotton harvesting again, in the Earth area and throughout the county.

Heavy fog early Thursday and Friday morning accompanied by drizzling rain throughout the area made outside conditions very unpleasant.

Flurries of snow fell during the day Thursday and Friday.

Temperatures fell below the freezing point Thursday night with the high Friday in the upper 30's. Temperatures dropped even more Sunday night, leaving the ground, high line and telephone wires covered with ice all day Monday.

Between one and two inches of snow fell Monday, spreading a white blanket over the area.

Power lines went out at Sunny side about 4 a.m. Monday morning. Several rural homes in the Earth area were without electricity all day Monday and until about 3 p.m. Tuesday.

Skies cleared during the night Monday night and temperatures rose enough Tuesday for some of the snow and ice to melt.

Farmers, as well as others in the area are anxious for the weather to clear so that cotton harvest can get underway again.

JUNIOR HIGH SOUNDS OFF

EDITORIAL . . . By Bob Coker

Christmas is a time of things giving but in the last few years it has become so commercialized that the real Christmas spirit is leaving most people. In some cities people are trying to cut the commercials out of Christmas programs and other programs close to Christmas. In doing this they hope to make people realize the real meaning of Christmas and not just think about things that they are going to get and things that they are going to give others. Long ago Christmas was celebrated much more reverently than it is today. Remember, Christmas is the time when Christ was born. In all of our doings this year let's show that this is what we are celebrating. Let me wish you all a very Merry Christmas.

HONOR SOCIETY NEWS By Jill McCord

What's a good name for Mr. Whoisit? This question is in the minds of many of the Jr. High students. Mr. Whoisit is a little wooden man dressed in a graduation gown and mortarboard. He will be given at the end of each six-week period to the room that has the most improvement in grades during that six-week period. There will be a prize given by the W. L. Mann Chapter of the National Junior Honor Society for the name chosen for Mr. Whoisit. We want Mr. Whoisit to have a good name so Jr. High start naming.

In Jr. High we are going to have something different. Each month we will have a boy of the month and a girl of the month. Each will be given a certificate saying he was a student of the month. The student will be chosen by how hard they try on leadership, citizenship, scholarship and character. Honor Society members are not eligible.

ORIGINAL CHRISTMAS POEMS WRITTEN BY STUDENTS IN 5 - A

Christmas Time
By Maria Samarron
Christmas time is pretty cold,
But Christmas is pretty old.
I like to see the icy lake,
I like to taste the icy cake.
But best of all I like the snow,
It makes my cheeks all a glow.

Christmas
By Ronnie Parker
Christmas is funny,
If you have the money.
Kids have toys,
That make noise.
Christmas is fun,
Someone may get a gun.
The Christmas Bells go ding!
ding! ding!
Christmas carols we sing!
sing!

On Christmas Eve
By Brian Hamilton
I love it at Christmas time,
When snow is gleaming,
And bells are ringing,
And good things for eating.

On Christmas even it's early to bed,
To give Santa time to come.
And on Christmas morning it's early to rise,
To join in all the fun.

The Wise Men
By Ricky Byers
When the wise men saw the star,
They followed it very far.
When they came to Bethlehem,
They sought a baby with a crown.
The wise men are very bold,
They brought good gifts of silver and gold.
When we think of Christmas today,
We think of Christ in a joyful way.

Christmas Eve
By Delbert Rudd
Christmas Eve is almost here,
It's for everyone far and near.
It's the eve of Christ dear birth,
The one who brought peace and joy to earth.
So may we ever thankful be,
Of this glorious day called Christmas Eve.

Christmas Day
By Wayne Hyde
Christmas is the time to be jolly,
And on the door a wreath of holly,
There's a cover of snow on white mountain,
And there's ice in the water fountain.
In a while it will be noon,
And we could open the presents soon.
The lights on the Christmas tree glow,
When through the house the joy of Christmas flows.

The Wise Men
By Kelley Earl O'Hair
The wise men came from afar,
They followed that wonderful star.
They found Jesus in the hay,
Wanting to show the world His way.

Christmas Tree
By Neil Armstrong
Oh, you should see,
Our Christmas tree,
Dressed in green and gold,
A beautiful sight to behold.
As it glistens and shines,
With lights of all kinds,
It guards our toy,
Christmas is such joy.

BANK NOTES by Malcolm

DID YOU KNOW...

SKYROCKETING COST OF EDUCATION IS A PROBLEM FOR PARENTS WHO EXPECT THEIR CHILDREN TO ATTEND COLLEGE. A DEARBORN, MICHIGAN BANK SURVEY SHOWS THAT WHILE TWENTY PER CENT OF TEEN-AGERS EXPECT TO GO TO COLLEGE, ONLY FIVE PER CENT NOW HAVE COLLEGE SAVINGS. BANKS ALL OVER THE COUNTRY HAVE DEVISED ATTRACTIVE TUITION PLANS TO HELP MEET THE PROBLEM.

TOBACCO WAS LEGAL TENDER IN EARLY COLONIAL DAYS. IN 1639 THE PRICE OF A TUBER MEAL IN VIRGINIA WAS PRICED AT FOUR POUNDS OF TOBACCO.

AMERICAN BANKERS HAD A HAND IN HARRY'S GREEDY FISHWARR COMEBACK. THEY LOANED INDIVIDUAL NEGROES AND SHIPPERS THE MONEY THEY NEEDED TO REBUILD THEIR FLEETS, AND SO HELPED TO REESTABLISH THAT COUNTRY'S GREATEST INDUSTRY, AND TO STRENGTHEN THE FREE WORLD.

By Vern Sanford

Attendance at hunting, fishing or boating club meetings depends largely on two things—the importance of the business scheduled and the entertainment to be provided.

Regardless of how important the business may be, some sort of entertainment is necessary to bolster attendance.

Good attendance is a must when your club is on an "asking" campaign. For example—when your club is seeking help from city or county authorities or from the Texas legislature.

Nothing impresses the politically-minded more than a big crowd. Furthermore—your speaker will work harder for a gathering of 100 people than he will for only a dozen.

When a talk is scheduled... or when you're seeking help... segment your program with some outstanding entertainment to guarantee attendance on the part of your "lukewarm" members.

An ideal way to furnish good entertainment is in the form of an outdoor film. Nothing attracts a crowd better than a movie—especially if it's free.

Outdoors clubs can obtain, without charge, some excellent films from the Texas Game and Fish Commission. These films—color as well as black and white—cover such things as hunting, fishing, boating, game management, etc.

A number of national organizations and companies have some outstanding movies available for club use. Most of these films are provided gratis! But because of the popularity of the movies, you must make reservations at least a month in advance.

Shooting safety and hunting films may be obtained from the Sportsmen's Service Bureau, 250 East 43rd St., New York City; Remington Arms Co., Bridgeport, Conn.; Olin Mathieson Chemical Corp., New Haven, Conn.; National Rifle Association, 1660 Rhode Island Ave., Washington, D. C.; American Motors Corp., Detroit, Mich.; and Studebaker-Packard Corp., South Bend, Ind.

A long list of available fishing films may be secured from the Sports Fishing Institute, Bond Building, Washington 5, D. C.

Most major tackle companies also have films available.

Boating and water sports films are obtainable from the National Association of Engine and Boat Manufacturers, 420 Lexington Ave., New York, N. Y., as well as from the major outboard motor companies.

Ducks Unlimited has produced some excellent waterfowl hunting and conservation films. When ordering films from Ducks Unlimited, however, a \$25 minimum contribution is requested to support DU's migratory waterfowl conservation program.

In requesting a film, be sure to specify a preferred showing date. Also, if possible, one or two alternate showing dates.

These films are available only to clubs and are NOT for personal use. So in making your request, be sure it is made on the letterhead of the club you represent.

A mistake some sportsmen's clubs make is to try to meet too often. Unless engaged in some vigorous campaign, too frequent meeting will kill a club simply because good programs can't be lined up that often. It's better to have one good meeting a month than to try for weekly meetings

The tractor belonging to Braden Gin, was slightly damaged with only burned wires.

No injuries were received in the explosion and fire.

Carl Perkins owner of the garage has been in business in Springlake seven years.

Mr. Julio Cortez and Lee Wells were the lucky winners at Taylor's Market Basket fifth anniversary celebration Saturday.

Mr. and Mrs. Bill Metsit, employee of Bell Milk Company, Lubbock were on hand and served hot chocolate all during the day.

with mediocre programs that will become boring.

When calling upon a city, county or state figure for help, send a committee. Several heads can present the problem much better than a single representative.

Carefully explain your club's objectives and why you think a particular problem merits attention.

Above all be courteous.

Free Booklets on Ducks

You can obtain some interesting and comprehensive information on mallard ducks from a new free booklet published by the Conservation Department of the Olin Mathieson Corp., at East Alton, Ill.

Entitled "The Mallard," this 80-page booklet is the work of Joe Madson, who is a graduate biologist and journalist. It covers the life history, diseases and parasites, conservation and management and hunting of the most popular of America's wild ducks.

"The Mallard" is the second in a series of booklets on American game published by the Olin Mathieson Corp. The first, "The Cottontail Rabbit," was published last year.

New Top-Water Lure

The lure that may prove to be a sensation is now on the Texas market. Fishermen who like to work the lily pads and duck weeds or bounce 'em off the shorelines, will find this lure enticing.

It's called the SLO-POKE. Inventor is Steve Ross. He's a former newspaperman who now heads his own advertising agency in Fort Wayne, Indiana.

SLO-POKE is a weedless popper that you can cast beyond the half submerged logs and work it back over them again without getting hung.

Hooks swing in a groove, bars up. When the lure goes over an object, the hooks move upwards. Its action, like a mouse in the water, really is fascinating.

Small fish will miss the lure occasionally, because of the up-turned hooks. But the lunker bass that take the whole bait seldom get away.

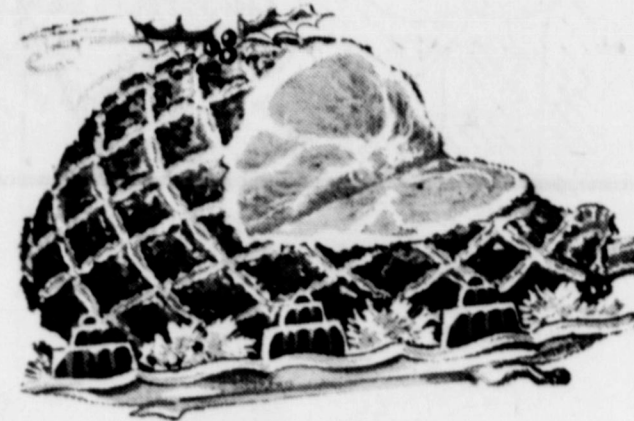

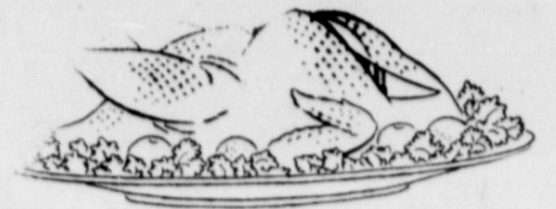

Giving thanks always for all things.—(Eph. 5:20)

The giving of thanks is so rewarding that we all want to take an active part in thanks giving. If we have an experience that makes up happy, let us tell God that we are thankful.
