

Services Held For Jarvis Angeley

★ **NOSIN...** ★
★ **With Polly** ★

Funeral services for Jarvis Henry Angeley, 51, were held at 3 p. m. Monday, November 25, at the First Baptist Church of Earth. M. B. Baldwin, pastor, and Rev. Johnny Tims, pastor of the LaZbuddie Baptist Church, conducted the services.

"THANKSGIVING DAY"
I am thankful on this Thanksgiving Day, as I am every day, that I have a place to fill—a row to hoe—a job to do—a friend to see-loved ones to love.
I am thankful that the early day Pilgrims saw fit to inhabit and tame this land, to carve from its vast wilderness a Land of Golden Opportunity. A land of Promise, where people with incentive can shoot high, and perhaps see a dream fulfilled.
I am thankful that, although some of us are neglectful and frequently fail to attend church services, there is always someone there to bring us a message of God and His Love.
I am thankful that family life still means something in America, Assembly of family and friends is still important here. That love is still manifested in American people.

"NOSIN"

This week friends and loved ones sadly said good-bye to a man who has throughout the years been instrumental in promoting Civic, Church, School, and all affairs for betterment of the area.

To say Jarvis Angeley will be missed is an understatement, as he was the fellow who got things done. When no-one else felt it their duty to serve.

He was a proud American... Proud of his Community, his friends, his church, his home. So at home was he here that when Doctors advised him to go elsewhere to live, that he might find breathing easier, he tried. He and his beloved "Tuffy" left for awhile, but he soon wanted to return.

He loved living. He loved people, his effort to live through-out the past two years, proved his love for living, but Saturday night the effort to breathe became too great for his tired heart and he slipped quietly away to his home beyond the sky. No more will there be pain, no more sorrow, no more need for oxygen tanks in that land where no cloud will ever dim the sky.

Resident's Father Hospitalized

R. D. Hatchett of Lubbock underwent surgery Monday at 11:30 a. m. at University Hospital. Hatchett was admitted to the hospital at 1 p. m., Sunday, November 24 suffering from a ruptured gall bladder. He is the father of Mrs. R. K. Fennell, and was reported to be in serious condition late Tuesday.

Troy Layman Named Season Winner In Football Contest

As the winner of the 1968 Football Contest, Troy Layman will receive two tickets to the Cotton Bowl in Dallas, New Year's Day plus \$25 in cash. Layman was named winner when his final entry gave him a total of 900 points. Although he failed to win a weekly first prize, Layman led the race for the last four weeks. Winners for the final week are Jo Eddy Riley, Bob Bingham and Dwayne Maserang. Winning first place was Jo Eddy Riley, R 2 Box 96, Hart, Mrs. Riley missed the Oklahoma State vs Kansas State game and had a tie breaker score of Dallas 34, Chicago, 10.

BE THOU THANKFUL

I have enjoyed guessing the football games. Thank you and the advertisers for sponsoring the contest.
Be looking forward to next year.
Jo Eddy Riley

In second place was Bob Bingham, 608 Cleveland, Dimmitt. Bingham also picked Oklahoma over Kansas and had a tie breaker score of Dallas 39, Chicago 10.
Dwayne Maserang, Box 521, Earth, placed third, picking University of Houston over Tulsa and the New York Giants over the Los Angeles Rams. His tie breaker score was Dallas over Chicago, 34 to 17.

The final top 10 standings are as follows:

- 1st-Troy Layman-900 points,
- 2nd-Jo Eddy Riley-870 points,
- 3rd-Harold Miller and Dwayne D. Maserang-860 points,
- 4th-Larry Price-835 points,
- 5th-Gordon Wilson and Dale Parsons-830 points,
- 6th-Richard Moore-820 points,
- 7th-Mike Parsons-815 points,
- 8th-Alma Stockstill-800 points,
- 9th-Lonnie Dear and Margaret Parsons-775 points,
- 10th-Bob Bingham-765 points.

What have we to be thankful for? Did the original celebrators of the feast of Thanksgiving have more cause for gratitude than we do today?

Their life was demanding. They had to work hard to provide the necessities of life, clothing and food, and to build schools and places of worship. Yet they set aside a day for joyous celebration to thank God for the munificence of His gifts.

We have come a long way since that first celebration in the Massachusetts Bay Colony. As one generation gives way to another, the scientific and technical advances have made us the bread basket and the supplier of the world. The luxuries of yesterday have become the necessities of today.

Wouldn't it be a sound idea for all of us to reflect a bit on that original scene of Thanksgiving? History is a great teacher, and a quick flashback to the first Thanksgiving might help us to dedicate our lives to sound principles, good deeds, human values, cooperation, peace, prosperity for all mankind.

Voters Will Be Called To The Polls-December 17

Only six weeks after voting in the General Election, voters will again be called to the polls. This time to either adopt, or reject a one percent City Sales Tax for the City of Earth. The December 17 election was called for by the city commission after a November 8 called meeting. The action came after commissioners reviewed their budget and found that more revenue was needed to insure the continued progress of Earth. This additional revenue would have to come either from a one percent sales tax or an increased property tax.

The State of Texas authorized by local option the one percent Municipal Sales Tax. Since this authorization, 13 months ago, 353 Texas cities have voted on the Sales Tax option and 304 have approved it. The one percent tax, as established by law, may neither be increased or decreased by the city.

This 1% local sales tax applies to the same items as that of the State sales tax and is collected at the same time.

Automobiles, water, telephone and telegraph, food products not prepared for eating, prescription medicines and eyeglasses, cement, farm machinery, automobiles, cigarettes, cigars, gasoline, alcoholic beverages, meals served by hospitals to patients and products which will be used in the manufacture of another product which is not subject to this tax, are just some of the items which are tax exempt.

City sales tax payments are also deductible on Federal Income Tax reports. Should the adoption of the sales tax be rejected, the commission has announced that the Property Tax would be raised from \$1.50 to \$1.75 per hundred.

Wayne Cole Receives Funeral Director's License

Wayne Cole recently received his Embalmer and Funeral Directors License from the State Board of Morticians. Cole graduated from the Dallas Institute, Gupton Jones College of Mortuary Science, in September, 1966, and served two years internship at Parsons Funeral Home in Olton where he has been employed the past four years.

The son of Mr. and Mrs. R. S. Cole, he moved to Earth at the age of five. He attended all twelve years at the Springlake-Earth Schools, and graduated in 1961. During vacations from school and before beginning a career as a mortician, Cole worked for his father in construction business.

He is presently a member of the Olton fire department and a member of the Lamb County Red Cross Board. He is recognized as a teacher of first aid by the Red Cross and has taught several courses to various groups. He also serves as an assistant Scout Master to the Explorer Scouts in Olton.

Give Thanks For Our Servicemen

As you gather on Thanksgiving Day to count your blessings and to give Thanks to our Lord, pause just a few moments and offer a prayer for those who are in the service of our country.

These men, many of whom are not only away from their homes and family, but are also away from their homeland, are giving of their lives so that we might enjoy such a holiday.

With the end of the Thanksgiving holiday, thoughts turn to Christmas—the gatherings, the gifts and the greeting cards, the gifts and the greeting cards, the gifts and the greeting cards.

So that the servicemen from this area not be forgotten at Christmas, the Earth News has, in several past editions, printed the names and addresses of our area men in service.

If you have a friend or relative from this area who is serving our country, whether in the States or over seas, we ask that you please give their name and address to the News Office. Lt. Senior Girls To Take Homemaking Tests

Fifteen local high school senior girls will take a unique test December 3--one on homemaking, the only one of its type exclusively designed for girls at that educational level. This written knowledge and attitude test on all facets of homemaking will be given simultaneously that day to more than half a million girls representing some 15,000 high schools in the nation. Scholarships to colleges of their choice will be awarded to both state and national winners. The highest ranking girl in each state will receive a \$1,500 scholarship and a chance to win one of four national scholarships. These range from \$5,000 for the girl chosen Betty Crocker All-American Homemaker of Tomorrow, to \$4,000, \$3,000, and \$2,000 respectively for second, third and fourth place winners. Runners-up in each state will receive \$500 grants with the first ranked girl in each school receiving a specially designed

silver charm from General Mills, Inc., which inaugurated the Betty Crocker Search in 1954 and has sponsored it every year since then. Climax of this national homemaking test will be an expensive paid tour next spring of Colonial Williamsburg, Va., and Washington, D.C., for each state winner and her school advisor. Winners of the national scholarships will be selected and announced at a dinner in Williamsburg upon conclusion of the tour. This scholarship competition is on the approved list of natural contests and activities of the National Association of Secondary-School Principals. Science Research Associates, Chicago, one of the nation's outstanding educational testing organizations, prepares the test and has charge of scoring and judging the contestants. Schools of state winners will be presented sets of Encyclopaedia Britannica by Encyclopaedia Britannica, Inc.

Local Basketballers Have Busy Week

The Springlake-Earth High School basketball teams have had a busy week as the 1968-69 season gets well underway. Hosting Dimmitt on Thursday, November 21 and then Hale Center four days later, the local teams represented their school well. Opening Thursday's evening of play the Wolverines fell victim to Dimmitt, 77 to 30. High scorer for the game was Jeral Seale of Dimmitt who hit for 16 points. Perry Don O'Hair was high pointer for the Wolverines with 9 points to his credit. The Wolverettes then took charge of the court as they led the girls from Dimmitt the entire game and tallied a final score of Springlake-Earth 48, Dimmitt 36. Marsha Dawson set a first pace, shooting for 28 points, Vicki Gregory, however, was not to be kept out of double figures, and shot for 16 Wolverette points. Playing hosts to Hale Center Monday evening, the Wolverines were again defeated, but not without a fight. Hale Center had the Wolverines down by five points at the half, but a fast third quarter found the Wolverines again in

the lead. The final quarter proved fatal, and Hale Center went ahead to win 46 to 39. High scorer for the Wolverettes was Eddie Sam Jones who shot for 14 points. The Hale Center girls Varsity fell prey to the Wolverettes as they captured their fourth win of the season, 62 to 52. Down at the half by four points, the Wolverettes gained the lead early in the third quarter and retained it for the remainder of the game. Marsha Dawson was again high scorer hitting for 30 points, but Vicki Gregory was not far behind with 25. The Wolverettes B-Team also had a chance at the Hale Center visitors, Monday night, and emerged victorious 34 to 32 in a very tough battle. High point scorer for the Wolverettes B squad was Debbie Matlock with 13 points.

Flu Shots Recommended

College Station - Medical authorities recommend immunization shots for influenza, especially for people older than 65 years. People with chronic illnesses and those in nursing homes or comparable environments should make a special effort to be immunized, says Minnie Bell, Extension family life specialist for aging at Texas A&M University.

Ideally, the shots should be completed by early December, she says. Two types of influenza vaccines are available. Each fights a type of flu which usually occurs every several years. Some localities have free flu shots. For details, Miss Bell suggests contacting Senior Centers, local hospitals, county health offices and clinics.

SAFETY IS YOUR BUSINESS

American industry is working constantly to promote safety both on and off the job. Cooperating with the National Safety Council and other organizations, new techniques in preventive measures have been developed, innovative forms of communication with all workers are utilized, so that today most employees are becoming truly safety-conscious.

Throughout the country thousands of companies are setting enviable safety records. To cite just one example:

A new milestone in industrial safety was reached when employees of the Kansas City plant of Procter & Gamble Manufacturing Company worked 4,000,000 consecutive manhours without a lost-time accident. These employees have not had a disabling injury on the job since Jan. 17, 1966.

Howard C. Pyle, National Safety Council President, presented the company with the highest award—the Award of Honor for the plant's outstanding achievement in setting a new world's record for the soap and glycerine industry.

Previously the Kansas City plant had a record of 3,177,000 manhours, falling short of the world's record of 3,979,469 manhours set by P & G's Long Beach plant in 1956.

As employees become aware of the importance of safety not only at work but at home, on the highway and everywhere, they realize that safety is a 24-hour-a-day proposition in which they play a vital part.

Farmers Can Meet Challenge

College Station,—"Today one farm worker in the United States provides the food for himself and more than 42 others," said John G. McHaney, Extension economist at Texas A&M University, in commenting on

National Farm - City Week, November 22-28.

It is estimated that the last third of this century will add another 100 million Americans to today's population. But McHaney feels that through the combined efforts of all those associated with agriculture, the challenge to provide an agricultural abundance for this expected large population increase can be met.

The United States has had a strong agricultural economy for many years, and through efficient agricultural production, has been able to release workers to other industries in order that they might produce the other needs and wants of our people, he explained.

Farmers and ranchmen today look to machinery and fuel producers for their power rather than raising work animals and feed as they did years ago. This is only one example of how people in towns and cities are handling more of the jobs that once were done on the farm or ranch. These people are also a part of the agricultural industry, he emphasized.

The annual value of total agricultural production in Texas, he said, exceeds either the total manufacturing payroll, the total construction awards, or the total retail trade payroll.

Our efficient agricultural industry has been the foundation of our economy and has helped Americans to have the highest level of living in the world. And, concluded the economist, National Farm-City Week is a good time for recognizing the achievements of agriculture and those who are a part of the industry.

Couples Tour Bermuda

By Tuffy Dent

The L. H. Dents and Tuffy Dents would like to share with you a bit of their trip to Bermuda.

Upon arrival in Bermuda our travel host helped us through customs and we were carried by bus over narrow winding streets to our hotel, the Princess, in Hamilton the capital city. The atmosphere of the Bermudian hotel is one of British reserve and informality, although the British custom of dressing for dinner is adhered to.

The Island of Bermuda is a semi-tropical island about 600 miles east of Cape Hatteras, North Carolina. It is comprised of four large islands and numerous small ones. The total area being 22 square miles, approximately twenty four miles long and at no place more than two miles wide. Bermuda has no rainy season as such, although we found showers to come quickly. The skies usually clear and the weather did

not interfere with enjoyment of outdoor sports and recreation. The weather was perfect for hikes, swimming and all water sports. Tuffy tried his hand at deep sea fishing and channel fishing.

Bermuda is a British Colony, but self governed. We found there was no class distinction in Bermuda. The sons of the wealthy work side by side with anyone in their father's business or in someone else's for that matter. The people are very polite and speak with a clipped English accent. With about 40 schools on the island free education is offered up to the 9th grade, after which the parents must bear the expense. This runs about \$1200 per term. Those choosing to further their education must go to England, United States or Canada. In Bermuda there are no shanty towns or ragged children. They wear regulation clothing to school and at home can be seen the little coloured girls in huge hair ribbons, pretty starched dresses and boys immaculate

A BEAUTIFUL SIGHT... Mounds of cotton seed around a gin are sure signs of a production season; and are

beautiful sights to all area residents.

in starched shirts and bow-ties. Bermuda's chief source of revenue is the tourist business. Our trip was a result of total sales of John Deere purchases. A quota was set by Deere and Company by using the last three years of our sales to arrive at our quota.

As we toured the island we were told that coral limestone is at the bottom of everything in Bermuda. Of coral is the land, coral is the sand, and of coral are the houses made. Houses are made of largely coral blocks hand-cut from the earth. Their size depending upon the number of children they plan to have. The style of Architecture is both attractive and practical. It has remained unchanged throughout the years, and is still unique to Bermuda. Each house must have its own water tanks located under the house. All water supply is pure rain-water which is caught on the lime washed roofs. Some de-salting of water is used at the hotels in recent years.

Transportation is by cars of small size. Speed limits are 15 m.p.h. in town and 20 m.p.h. in the country. Only one car can be had to a family. A person cannot purchase another car until his car has been imported from the island. If he should sell to someone on the island he may not purchase another car for 12 months. Push bikes with motors are a popular means of transportation and is the best way to see the island. They still have horses and carriages, these being quite a feature of the island. They can be seen lined up along Front Street where the big ships dock

We toured the island by both taxi and push bikes. We were pleased to find that Bermuda is a land of eternal summer. Most of the trees are evergreens. Always there are flowers in the hedges. The popular tree used to be cedar, although it is now being replaced by flowering trees and palms. Great red hibiscus flowers are the most popular hedge flowers. The passion flower and Easter lily from which the Bermudians extract perfumes and export to florist are perfection themselves. Bird of paradise flowers are in colors of flame and blue resembling an exotic bird. The islanders call the magnificent poinciana tree their pride. They are successful with growing citrus (lemons, limes, oranges, grapefruit) in quantities large enough to supply the island.

While Tuffy enjoyed golfing, I made a visit to the beach where he later joined me. The beaches are covered by tiny pink tinted sand, the result of tiny pieces of coral being ground fine and smooth by the natural action of wind and waves. I found to my surprise that shells were scarce. Unless one searched the reefs at low tide, he would be unlikely to acquire a collection.

The entire Deere group enjoyed a cruise on the boat, Canina. We had particular points of interest pointed out, but were disappointed in that it was during a light shower and we were unable to take pictures. Both the L.H. Dents and Tuffy Dents enjoyed four well filled days of planned events and one day on their own to do as they

His banner over me was love.—(Song of Sol. 2:4).

True justice is based on the law of love. So surely the more we are able to keep ourselves in tune with this law of love, work to adjust every condition.

the more assured we are of justice in our life. We know that the more we are able to empty our heart of bitterness and resentment, the closer we feel to God and His good. We become channels through which God's divine law of justice operates as we center our thoughts and our faith in God. True justice is based on the law of love. So surely the more we are able to keep ourselves in tune with this law of love, work to adjust every condition.

Harvest Day Dinner Serves 300

Approximately 300 persons were served a delicious Thanksgiving dinner Wednesday evening, November 20 at the annual Harvest Day Dinner sponsored by the First United Methodist Church of Earth.

The Methodists began serving at 6 p. m. and continued until 8 p. m., when the supply of food was exhausted. Persons were served from a lovely buffet table laid with food and centered with a Pilgrim couple of yam, placed on wrought iron stand and sur-

rounded with orange and black feathered flowers. They ate from tables decorated with miniature turkeys and fall leaves. The Methodist Youth were in charge of serving the dinner. On the finance committee were Mrs. J. A. Littleton, Jr., Mrs. Jack Hinson, Mrs. Johnny Williams and Mrs. Beulah Coker. Decorations were provided by Mrs. Dean Jones and Mrs. Melvin Bock. All of the women of the church helped with the kitchen duties.

Eastern Star Celebrates Chapter Birthday

The Earth Chapter, Order of the Eastern Star, celebrated the Chapter's 25th Birthday as they met Monday, November 25, at 7:30 p. m. in the Earth Masonic Lodge Hall.

The hall was decorated in a Thanksgiving theme and to commemorate the festive day, the East was decorated by a large 25 on a background of turquoise and surrounded with gold and silver stars carrying the names of the Charter members.

Following the regular order of business the charter members were honored with a lovely program presented by the Star Points. Charter members present

were Mrs. J. A. Littleton, Mrs. John Laing and Mrs. E. R. Hawkins.

Seven past matrons and patrons were presented with Oak leaf corsages in honor of the service they have given to the chapter. In closing, Mrs. Melvin Bock, Worthy Matron, presented the early history of the chapter.

The seventeen present enjoyed refreshments of birthday cake, coffee and spiced tea, served by Mrs. Donald Runyon and Mrs. Jerry Kelley.

The serving table was decorated with a lovely centerpiece which depicted the Chapter's 25th Birthday.

Baptist Church Studies Columbia Scout News...

Approximately 40 members of the First Baptist Church met Wednesday evening, November 20, to have a mission study in the form of a book review.

Meeting in the auditorium at 6:30 p. m., Mrs. M. B. Baldwin presented the first chapter of the book: Columbia, Land of Conflict and Promise, by William R. Estep, Jr. Mrs. Baldwin presented facts about the country of Columbia, its people and history. On the worship table Mrs. Baldwin had created an interesting centerpiece depicting the life of Columbians.

Bro. Baldwin followed with a review of the countries religious background.

The group then moved to another room where Bill Anderson presented the second chapter of the book, concerning the Evangelical History of Columbia. To aid in his presentation, Mr. Anderson gave each person an outline of the evangelical movements.

Moving into fellowship hall, Mrs. Marvin Sanders taught the third chapter entitled "Storm Over the Mountains." Dressed in a native dress of pink, Columbia's favorite color, Mrs. Sanders told of the political and religious situations as they exist today.

Mrs. Sanders also showed examples of Spanish pottery and beautiful pictures of life in Columbia.

Following the presentation of chapter three, the group took

a break from their studies and enjoyed refreshments of spiced avocado dip, chips, tropical punch and coffee. All recipes used were favorites of Columbia. Mrs. Price Hamilton was in charge of the refreshments.

Resuming their studies the group viewed a film showing the needs of Columbia and what the Baptist and other denominations are trying to do to meet these needs.

The film was in conjunction with the review of the fourth chapter of the book, "In His Name," and was presented by Dwight Martin. Chapter five, "Until Tomorrow" was reviewed by Mrs. Pete O'Hair as the group gathered in the choir room. The purpose of this, the final chapter, was to evaluate the goals that had been set, the progress made, and the problems yet to be solved. Mrs. O'Hair stressed the importance that the individual, the people of Columbia and the missionaries involved in a partnership, one with another, in order to carry out the great commission there.

Mrs. O'Hair gave each person present a miniature flag of Columbia, to which was attached the names of two missionaries for them to put on their personal prayer list.

Prior to the review, of the final chapter, Kathlene Cole presented Mrs. Troy Blackburn with a gift of appreciation for her service to WMU as their president last year.

Springlake WMU Meets For Bible Study

The Springlake WMU met in Bible Study Tuesday morning at 9 a. m. at the church with Bro. Don Holmes, pastor, presenting the lesson.

The session was the first in a series of lessons on the life of Jesus. Bro. Holmes spoke this week on "Preparation for the Ministry."

His message was in the form of an outline on the Old Test-

ment stressing how the world was being prepared for the coming of the Messiah. He related the background leading up to the birth of Christ, including how individuals, races and nations were used in preparing these events.

Bro. Holmes also spoke on the condition of the world at the close of the Old Testament History.

Girl Scout troop 178 met Tuesday with 10 members present. The girls met in the home of Mrs. Wilson Lewis and worked on their quilt.

Judy Herriage served refreshments.

Party Line

Visiting Mr. and Mrs. L. A. Glasscock Sunday were Mr. and Mrs. Bob Smith and Ricky of New Deal. Smith is a teacher in the New Deal schools.

Guild Continues Bible Study

The Wesleyan Service Guild continued their Bible study of John as they met Monday night at 7:30 p. m. in the Fellowship Hall of the First United Methodist Church.

Mrs. Johnnie Williams led the study and Mrs. John Welch acted as hostess. Pumpkin pie, topped with whipped cream, and coffee was served to the ten persons present.

Those in attendance were: Mrs. Irvin Ott, Mrs. B. T. Hamilton, Mrs. Naomi Burgess, Mrs. Ruby Jones, Mrs. C. T. Richardson, Mrs. W. D. Martens and Mrs. Beula Newton. Bro. and Mrs. Johnnie Williams and their granddaughter from Turkey.

Springlake GA's Meet

The Springlake GA's met Wednesday, November 20 with four members present.

THANKSGIVING

Family, Friends, Food and Fun
Gather 'round the Holiday Table

The traditional Thanksgiving turkey, carved by father and served in bountiful abundance with all the trimmings to all the family, is just one of the many high points of Thanksgiving Day.

Traditional, too, is the thoughtful pause to remember and to be especially grateful for the many blessings that increase day by day. We join with you and yours in offering a fervent "thank you" for the privilege of this day.

I did not under take such a long ride, just to be put in jail. The first time it happened was August 2nd in Choctaw County Oklahoma. I was picked up by a deputy in Boswell and taken to Hugo and lodged in the county jail.

After six hours I was released and told it was all a mistake and they were sorry. What was I accused of? HORSE THEFT! I was supposed to have stolen a paint horse. The second time I was thrown in jail, was September 25th in Humboldt, Tennessee. I was held in jail for two hours. They said I had broken into a

garage at midnight the previous night. After two hours they apologized and let me go.

After spending eight hours in jail, I decided to quit. When the ride ended Wrangler and I had covered 1,715 miles, which is a long ride any old how.

Thanks for the Newspaper you sent me. If you ever write any-

thing else about me and my wonderful horse in your paper again I would appreciate a copy.

We were on TV twice, Channel 12 Sherman. Sincerely,
Bill Webb

New Fibers Add Sparkle To Carpet

Cards Of Thanks

College Station-A new fiber which adds silky luster to carpeting has been developed by an American chemical company. Commonly called "Source," it is the first new man-made fiber in seven years reports Extension housing specialist Bonny Lay.

The fiber's official name is AC0001 until the Federal Trade Commission assigns it a generic name.

The fiber appears to have a sparkling, silky luster with a dramatic light and dark interplay of color, says Miss Lay.

Because of appearance, the fiber presently is found mostly in luxury lines of several carpet manufacturers.

Miss Lay predicts it will be available in other home furnishings items in the future.

"Source" is a biconstituent fiber made of two fiber-forming chemical compounds, a polyamide and a polyester.

We wish to express our heartfelt thanks to all those who sent flowers and food, and to the many who offered prayers in our behalf, at the loss of our loved one.

The women of the First United Methodist Church wish to express their appreciation to the people of the community for their wonderful response in attending their Harvest Day dinner last week.

The attendance far surpassed any time before and our apologies to those who came when food was running low-then completely out.

We hope you will come again next year and we hope there will be no food shortage in the future.

The percentage of these two polymers can be alternated to

obtain the properties desired for a certain use says Miss Lay.

WANTED BY THE FBI

JOHN WILLIAM CLOUSER

John William Clouser, a Florida mental hospital escapee, who has vowed not to be taken alive, is one of the FBI's "Ten Most Wanted Fugitives."

On the night of April 2, 1964, Clouser and three other inmates escaped from the Florida State Hospital in Chattahoochee and reportedly forced two hospital employees to drive them to the Columbus, Georgia, area. The hostages were robbed but released unharmed. A Federal warrant issued at Montgomery, Alabama, on April 9, 1964, charges Clouser with transporting a stolen car from Georgia to Alabama, where the stolen car was recovered abandoned.

A former police officer, Clouser was admitted to the Florida State Hospital in February, 1964, after being adjudged mentally insane. He was then facing numerous criminal charges and had earlier been convicted of participating in the robbery, kidnapping and beating of two theater managers. His conviction was appealed, however, due to a state error, and he was released and granted a new trial.

He is a white American, born at Chicago, Illinois, on March 29, 1932. He is 5'9" tall, weighs from 165 to 180 pounds and has blond hair, blue eyes, a stocky build and ruddy complexion. He is tattooed with a panther on his right shoulder and a heart pierced with an arrow on his left shoulder.

He is described as a sadist who would not hesitate to beat a victim to death, is an expert pistol shot, exercises and lifts weights regularly and is proficient in Judo and Karate. Consider him extremely dangerous.

Should you receive any information concerning the whereabouts of John William Clouser, you are requested to immediately notify the nearest office of the FBI, the telephone number of which may be located on the first page of local telephone directories.

Thanksgiving

A Day to Remember
In All Our Prayers

Above all else, on this Thanksgiving Day, we raise our voices in profound thanks for the

many joys and blessings that surround our lives: the good health and happiness of our family and friends, the prosperity and vigor of our community, the rich heritage of freedom which is responsible for our country's growth and development, its greatness.

In these blessings we take pride, as did our forefathers. And with all our strength we pledge anew, as they did on this day, to preserve and nourish the gifts of liberty.

Veterans Taking Flight Training To Receive Monthly Check New Firms Recorded In Texas

Veterans taking flight training under the GI Bill will get Veterans Administration payments on a monthly basis starting in January 1969. Payments have been quarterly in the past, but the long period between payments often caused a hardship for both the

trainee and flight school operator. The new payment system was authorized by Public Law 90-631, signed by President Johnson last month. The law, which contained several other provisions on veterans' benefits, becomes effective

December 1, 1968, but since payments for educational assistance are made at the end of the month, the first checks in the new program will be received in January. The system of monthly payments for GI training, Veterans college on a full-time basis, for example, receive monthly payments of \$130 per month if unmarried; more if they have dependents.

Those in flight training are reimbursed at the rate of 94 percent of the cost of their flight training, but for each \$130 paid, their eligibility for educational benefits is charged one month. The \$130 rate applies regardless of marital benefits is charged one month. The \$130 rate applies regardless of marital status or number of dependents.

Thus an eligible veteran who takes \$100 worth of flight training during one month receives \$90 from VA; one who takes \$1,000 worth of training receives \$900. Payments are discontinued when the individual's educational entitlement is used.

because eligibility for educational assistance is limited to 36 months, the most a veteran would normally receive for

flight training under the program is \$4,680. However, an extension provision makes it possible for those who have completed more than half their training to receive \$364 above their normal eligibility.

Public Law 90-631 provides that veterans with 18 months or more of active duty after January 31, 1955, who have fulfilled their military obligations, will be credited with the full 36 months eligibility. Others who have had at least 181 days of active duty will receive one and a half months (instead of one month) assistance entitlement for each month of service.

Another provision of the law raises to 48 months the maximum educational assistance entitlement that an individual can receive under two or more educational programs.

An eligible veteran may take an approved course of flight training under the educational assistance program if it is considered necessary to attain a recognized vocational objective in the field of aviation.

He must first possess a valid private pilot's license or he must have satisfactorily completed the number of hours of flight training instruction re-

numerical gains are really only a superficial indicator, since even one relatively small plant may bring a large economic

gain to a small community. The Texas Industrial Commission lists new industrial firms in the State, by cities,

in their monthly newsletter, published as a service to Chambers of Commerce and professional industrial developers.

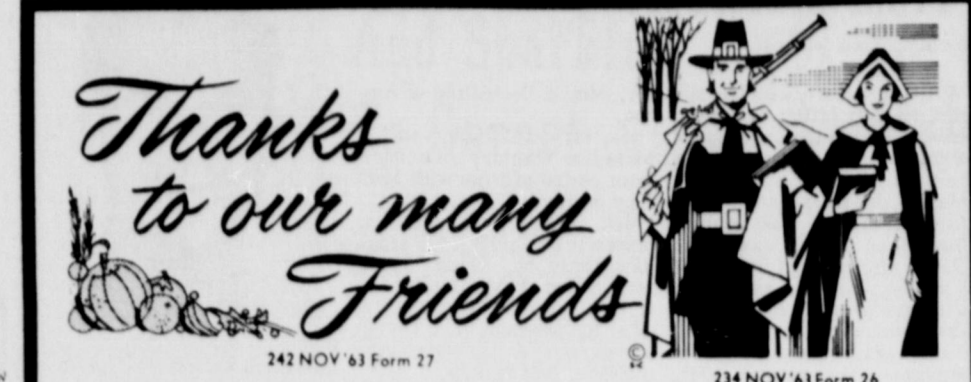

New Firms Recorded In Texas

There were 78 new industrial firms recorded in Texas during the July - September quarter, according to the Texas Industrial Commission, Austin Source for the figure is "Texas Industrial Expansion", a publication of the Bureau of Business Research, The University of Texas.

Biggest numerical gainer in new industry during the period was Houston, with 15 new firms. The second highest number of new firms was recorded by Austin with 8.

Several smaller towns also gained new industries, with Friona, Edinburg, and Huntsville each recording two during the quarter.

James H. Harwell, Executive Director of the Texas Industrial Commission, pointed out that

Hershel Wilson was admitted to University hospital in Lubbock last weekend, and placed in traction because of his whip-lash injury in a car accident sometime ago in Dimmitt. He is scheduled to remain in traction for ten days and if the results are not satisfactory, he will undergo surgery to repair the injury.

Mr. and Mrs. Johnny Epperson left last Sunday for Dallas where their son Kevin will undergo minor surgery this week. Her parents from Comanche visited with them Saturday and Sunday, and Timmy will stay with them while Kevin is in the hospital in Dallas. Kevin is four, and has had several major surgeries on his kidneys.

Mr. and Mrs. Carl Bradley, Kent and Kelly visited in Lubbock last Saturday with Rev. and Mrs. M. D. Duffam. They are well pleased with their church field.

Mr. and Mrs. Carl Bradley and boys visited last Sunday afternoon with Mr. and Mrs. Vernon Scott and boys at Fairwell.

Mr. and Mrs. Weldon Bradley attended the Del-Tex appreciation luncheon in Lubbock last Sunday.

Cliff Brown, Randy and Debra Ball, Danny McGowan and Terry Crisp attended the Youth Rally at Hart Camp last Monday night. Terry was elected secretary-treasurer, when the current one resigned.

Raymond Lilley returned home from Big Springs Monday, and had dinner with Mr. and Mrs. Raymond Lewis and Tommy.

Mr. and Mrs. Alford Crisp and Mr. and Mrs. Thomas Parsons attended Worker's Conference at Muleshoe Monday night.

The WMS Mission Round Table group met at the home of Mrs. Cliff Brown, Leader, Tuesday morning. Mrs. Brown reviewed the book, "Santiago" to Mrs. Roy Pheelan, and Mrs. Thomas Parson.

Mrs. Calvin Lippard worked with the Plains Memorial hospital in central supply Tuesday morning and helped with the tasting tea and bazaar at the Methodist Church on Wednesday.

Mr. and Mrs. Eldon Lilley were in Amarillo Tuesday with Dr. and Mrs. Harold Bischoff as the doctor underwent more surgery on his kidneys, in St. Anthony's hospital. He was still in intensive care unit Friday. Tresa and Scott are staying with their grandparents, Mr. and Mrs. Eldon Lilley while their mother is in Amarillo.

Mr. and Mrs. Ray Axtell had as their dinner guests last Friday night Mr. and Mrs. R. E. Duke, Mr. and Mrs. Jack Hinson of Springlake, Rev. and Mrs. Johnny Williams of Earth, Mr. and Mrs. Archie Jordan of Tulia and Mr. and Mrs. Norman Cleavinger of Dimmitt.

Mr. and Mrs. Ray Axtell attended the funeral services for Woody Boston in Kress Tuesday afternoon.

THANKSGIVING

Russet and crimson, purple and gold.
Autumn comes with her wealth untold;
She spreads her riches with lavish hand,
Bringing beauty to all the land.
The cricket chirp beneath the hearth,
And autumn has come to the waiting earth;
September, October, November -- and then
Thanksgiving time is here again.

TSTA Meets At Littlefield Turkey Shoot Slated For Sunday Saturday

Teachers from all over Lamb County gathered Monday evening at Littlefield for a county-wide meeting of the Texas State Teachers Association. Approximately 25 local teachers represented the Springlake-Earth Schools at the meeting.

A delicious turkey dinner was enjoyed by the 400 teachers in attendance prior to the program which began at 8:20.

Lamar Kelley gave the invocation and Paul I. Jones, superintendent of the Littlefield Schools welcomed the guests. Musical entertainment was provided by a select choir, "The Dirty Dozen," who represented the host schools.

Speaker for the evening was R. B. (Mac) McAlister, State Representative from Lubbock, Hockley and Terry counties, and manager and part owner of Lubbock's KSEL radio and television. McAlister spoke on the Governor's Report on education. He began his talk with a summary of the contents of the report.

The report states that all schools should have an enrollment of 2600 students, with the exception being county-wide schools and special schools such as vocational and military schools. To gain an enrollment of 2600 many smaller schools would be consolidated into larger ones. The ceiling enrollment for county-wide and special schools would be set at 1600.

field Friday.

Visiting Wednesday with Mr. and Mrs. V. O. Harrod was their granddaughters, Susan Harrod, daughter of Mr. and Mrs. Duane Harrod of Lubbock.

TIMOTHY PACKARD HONORED ON BIRTHDAY

Timothy Packard was honored with a birthday dinner Thursday evening, November 21, in the home of his parents, Mr. and Mrs. Ray Tom Packard. The event observed the second birthday of the guest of honor.

The cake was decorated in Western style. The fence around the cake was formed by "Tootsie rolls" serving as posts and dark brown icing forming the wire. Two red candles and two cowboys enhanced the decorations of the cake which was iced in tan and brown.

Attending the dinner were Timothy, his paternal grandparents, Mr. and Mrs. James Packard, his maternal grandparents, Mr. and Mrs. Carl Cody of Earth, his uncle, Jimmy Packard, his cousin, Alan McClure, son of Mr. and Mrs. Buck McClure, and the host and hostess, Mr. and Mrs. Ray Tom Packard.

To date, the program has not been adopted and there has been no committee appointed to study or investigate the program of the report.

The report also calls for stepping up vocational programs. The proposed consolidation of schools would cut down on the number of lesson plans per day that is now required. If adopted the program would make ten hours per week available to teachers for use in lesson preparation.

Another suggestion of the report is a lessening of the extra curricular work load of the teacher, and suggests these duties be given to teacher's aides.

Members of the committee compiling the report believe that by consolidating the schools, students could be offered a more diversified curricula.

Mr. McAlister proceeded to give his own opinion of the report. He stated that he believed in the worth of the smaller schools and their ability to create confidence and sense of satisfaction for the individual student. In short, he is against the consolidation of schools.

If only 10 per cent of the program passed, Mr. McAlister feels that those making the report would feel that their time and studies had not been in vain. He emphasized the fact that the report contained many more programs, but the suggestion of combining smaller schools was the main issue in the report.

McAlister closed by stating that he would support the \$1000 teacher pay raise for next year, rather than a \$500 raise for two years as suggested in the Governor's report.

The meeting adjourned at 9 p. m.

Cranberry Brightens Holiday Tastes

College Station-The unusual cranberry fruit comes into season in time for versatile to holiday use. Cranberries are easy to cook because there is nothing to peel, and there are no seeds or pits, says Gwendolyne Clyatt, Extension consumer marketing specialist.

Cranberry sauce, which contains vitamins A and C, is good with meats and poultry. To make it, first wash and sort berries. Then combine 2 cups of water and 2 cups of sugar, heat to a boil and add 1 pound cranberries. Then cook over low heat until berries pop-usually 15 minutes.

The sauce can be used whole or strained through a food mill or strainer.

Mrs. Clyatt suggests freezing the berries in the bag or box in which they are purchased. Simply put the unopened container into the freezer. Since they go in the freezer dry, they are easy to separate while still frozen.

They need not be thawed before cooking, says the specialist with the Texas Agricultural Extension Service. Just a brief rinse in water and they are ready to go into a pie, fruit cake or this recipe for Cranberry Crunch:

- 1 cup uncooked rolled oats
- 1/2 cup flour
- 1 cup brown sugar
- 1/3 cup butter or margarine
- one pound cranberry sauce (jellied or whole)

Mix oats, flour and brown sugar. Cut in butter until crumbly. Place half of this mixture in an 8" x 8" greased baking dish. Cover with cranberry sauce. Top with the remaining half of the oat mixture. Bake 45 minutes at 350 degrees. Serve hot in squares topped with vanilla ice cream. Serves 6 to 8.

Dirty Fingers Cause Sties

Chicago, Ill.-Unsanitary and sometimes painful, a sty is something we can all do without. This common pest is caused by a bacterial infection of one of the small glands at the edge of the eyelid. What causes the infection?

Dirty hands rubbing the eyes, according to Today's Health, the American Medical Association magazine. Some people believe eye strain may be the culprit, but the experts believe dirt is the more frequent cause.

Noting that a sty can last from a few days to as long as four weeks, it notes that the duration of the infection "can be reduced

materially by medical intervention, in which the small abscess is surgically opened, drained and allowed to heal."

To prevent sties, keep your fingers away from your eyes.

THANKSGIVING DAY

LET US GIVE THANKS FOR THE BOUNTY OF THIS GREAT LAND

Let us pause and take stock of the past year. Some have prospered more... Some less... But none of us have difficulty finding many things for which to be thankful.

We're thankful that we live in this land of opportunity... A land where the possibilities are as great as a man chooses to make them... A land of peace loving citizens who work shoulder to shoulder for a common cause.
