

## Daylight Savings Time Ends Sunday

If you are the type person who likes to sleep late, then Sunday will be "your" day. This Sunday, October 27, there will be an extra hour added during the hours normally set aside for sleep. At 2:00 a. m. on this momentous day, the six-month boon to sun worshippers-known as daylight savings time-will fade into darkness for another six months.

To keep up with the time, remember the little phrase, "spring forward, fall backward." In other words, in the spring the hands of the clock must be moved forward one hour, in the fall they are moved back. Sunday is the day-All clocks must be turned back one hour either before retiring Saturday night, or at 2:00 A. M. Sunday morning.

## Local Boy Scout Fund Drive Begins October 29

The Earth Lions Club will begin the Boy Scout annual Sustaining Membership Enrollment campaign Tuesday, October 29, according to Dale Riggs, finance chairman for the local drive. The chairman pointed out that this campaign will represent the second year of a new method of securing funds for the operation of the Scout Council. Previously an annual finance campaign was held in the fall of the year. Under the current plan, the financial supporters of the council are enrolled as annual Sustaining Members, and support Scouting in a financial way much the same as others give to their time and effort on behalf of the Scouting program. Funds raised through the membership effort will be used to underwrite the budget of the South Plains Council, Boy Scouts of America, a 29 county area in West Texas. The South Plains Council uses the funds secured to provide essential services to local Scout groups. Included in the services are the organization of new Cub Packs, Boy Scout Troops, and Explorer Posts; the operation of Camps Post and Tres Ritos; training courses for Scout Week celebrations; operation of the Scout office as a service center for the 29 county area; and a staff of

trained executives who work with local Scout and community leaders as advisors in the operation of the scouting program.

## Jennifer Myers Named Miss Flame

Jennifer Myers, daughter of Mr. and Mrs. Emmett A. Myers, and representing the sophomore class, was named Miss Flame Thursday night and ignited the huge bonfire before a large crowd of enthusiastic fans. The Springlake - Earth High School Band, the Pep Club, the Queen candidates, and the Wolverine football players and coaches were the feature attractions at the pep rally, staged at the Earth Co-op Gin lot. The four high school classes gathered wood and weighed it. The sophomore class gathering the greatest percentage of weight was named the winner. Other candidates were: Sheila Blackwell, senior; Debbie Martin, junior; and Janet Britton, freshman.

## Pig Sale Huge Success

A large attendance was present at the 6th Annual Springlake-Earth F.F.A. Pig Sale at the livestock barn in Earth Saturday, October 19. The overall average of the 270 pigs sold was \$33 a head. Duke Gaston had the top pig-selling for \$95.00. The second top pig was owned by H. D. Tucker of Wilson and sold for \$87.50.

The sale was cried by Mikey Dent of Lubbock, L.P. Henderson, and Doug Lewis, Lonnie Tucker acted as sifters. The concession stand was also successful, it was run by the FFA mothers. The chapters grossed \$9267 from the sale. The FFA wishes to express their appreciation to all who helped and contributed to the success of the sale.

The defeat of the Wolverines by Farwell, 26 to 7, did not dampen the spirit of the hundreds of ex-students gathered for the 1968 Homecoming activities. A Barbeque supper, sponsored by the Ex-Students Association, from 6:00 to 7:30 p. m. had a recorded attendance of 229 persons. Proceeds were approximately \$300.

Preceding the game the football queen candidates were introduced and escorted onto the field by the king candidates, Miss Marsha Dawson, daughter of Mr. and Mrs. Ed Dawson, was crowned 1968 Football Queen by Ricky Byers, son of Mr. and Mrs. R. L. Byers, who was named Football King. Other Queen candidates were: Brenda Clayton, Jo Ann Temple, Jan Hedges and Debbie Martin. Other King candidates were: Gary Don Haberer, David Templeton, Neal Armstrong, and Hoyt Glasscock. Crown bearers were Little Misses Darsey Fandolph and Christie Starks, Darsey, daughter of Mr. and Mrs. Don Randolph, is the pep club mascot and Christie, daughter of Mr. and Mrs. Jerry Starks, is the Wolverine Band Mascot.

HOMECOMING QUEEN 1968, Mrs. Henrian (Rudd) Enloe is pictured on her throne, surrounded by runnersup and their escorts. Left to right are: Guy Kelley, Mrs. Babe (Kelley) Graf, Ledford Enloe, Mrs. Beth (Sanders) Kelley, and Jerry Kelley.

Following the game, over 375 exes and friends of the school met in the school cafeteria for fellowship and the crowning of Mrs. Henrian (Rudd) Enloe, class of 1958. She was escorted by her husband Ledford Enloe, and was crowned by Kenneth Lowe, vice-president of the Exes. She was presented an engraved plaque and reigned over the remainder of the Homecoming activities from a gold throne, donated by Taylor Furniture. Other Queen candidates and their escorts were: Mrs. Ora (Parish) Higgins, class of 1928, escorted by Bruce Higgins; Mrs. Babe (Kelley) Graf, class of 1938, escorted by Guy Kelley; Mrs. Beth (Sanders) Kelley, class of 1948, escorted by Jerry Kelley; and Miss Debra Parish, class of 1968, escorted by Mike Cowley. Emcee for the Queen Coronation was Erroy Wisan. Crown bearers were Little Miss Dyan Jones, daughter of Mr. and Mrs. Ed Jones. Plaque bearer was Bob Jones, son of Mrs. and Mrs. H. D. Jones, Janice Miller, Debbie Martin,

Teresa Glasscock, and DeAnn Brock sang "Thanks for the Memory," "Heart and Soul," and "Blue Hawaii". They were accompanied by Mrs. Bob Below on the piano. Mrs. Larry Tunnell accompanied the Kelley Trio, Anitta, Donita, and Connie, as they sang "What Ever Will Be Will Be," and Sweetheart Tree. Mrs. Tom Sanders did a pantomime of "Hazel Valley PTA". Guest recognition was given to Dale Miller of Shreveport Louisiana, the ex traveling the furthest distance to attend Homecoming. Honored classes were 1928, 1938, 1948, 1958, and 1968. New ex-alumni officers for 1969 and 1970 were elected. They are Kenneth Lowe, president; Jerle Taylor, vice-president; Larry Tunnell, finance chairman; Mrs. Kenneth Lowe, secretary; Mrs. J. A. Littleton, Jr., program chairman; Mrs. Barney Glasscock, publicity chairman, and Mrs. Sam Barden, hospitality chairman.

## Wilson Named This Week's Winner

With over 100 entries in this week's football contest, the judges were not surprised when the first, second and third place winners were decided on the tie-breaker scores. Gordon Wilson of Muleshoe was named first place winner this week. Wilson named eight games correctly with two ties, as did the second and third place winners Larry Price, and Troy Layman, and captured first place through his tie breaker score of Wolverines, 7 and Farwell, 18. Larry Price of Earth came in second with his tie breaker score of Wolverines, 12, and Farwell 39. In third place was Troy Layman, also of Earth, whose tie breaker score was Wolverines 7, and Farwell 45. Twenty contestants are now in the top 10 standings for the Grand Prize. They are: 1st-Troy Layman 440 and Clayton Graef 440, 2nd-Harold Miller 435, 3rd-Alma Stockstill 425, 4th-Tom Sanders 420, 5th-Margaret Parsons 400 and Dwayne D. ## Santa Claus Special

Tons of St. Nick's gifts will be going to members of the Armed Forces in Vietnam by special ship this year, thanks to a joint Pentagon-Post office venture. A fast U. S. cargo ship will be designated the "1968 SANTA CLAUS SPECIAL," sailing from Oakland, California next month with Christmas parcels. To meet the sailing deadline and assure pre-holiday delivery of gifts sent with surface postage, items should be mailed during the October 14-November 9 period. They should be marked "SANTA CLAUS SPECIAL" just below the stamps. The "SANTA CLAUS SPECIAL" will sail during the latter half of November and stop at Da

Nang, Qui Nhon, Cam Rain Bay and Saigon, Vietnam. It takes approximately three weeks for a fast ship to cross the ocean. All gifts should be packed in strong containers with adequate cushioning and correctly addressed, including APO and FPO numbers. There are several options available for mailing to the military which can save money. Post offices across the nation have free pamphlets which outline the mailing programs for servicemen and women overseas. "If money could talk, it would ask, 'What happened?'" -James H. Russell, The Belton (Tex.) Journal.

## Light Frost Reported Good For Cotton

The light frost hitting the Earth-Springlake area last Friday morning was generally considered beneficial to the cotton crop, according to knowledgeable area farmers. The reported low temperature of 31 degrees caused only light frost in the low lying areas, while the higher ground was left untouched. The consensus among farmers and cotton officials contacted was that two or three light frosts before a hard freeze is desirable for drying and opening up the cotton bolls. Normal hard freeze date in Lamb County usually occurs during the first week of November.

## VOTE REMINDER

County Clerk Charles Jones reminded voters again this week that absentee balloting for the general election will end November 1. Voters should bring voter registration certificates with them when they ballot, Jones said. A qualified voter who because of sickness or disability cannot appear at the polls on election day, November 5, or who will be out of the county at that time, may cast an absentee ballot.

## 88 Attend Get Acquainted Party At Ranch Headquarters Wednesday

Eighty-eight people were present for the "Get Acquainted Party," Wednesday evening at the Mashed-O-Ranch Company Headquarters near Earth. The Party was sponsored by the owners of the Ranch, Jean McDonald Kansas City, Missouri; Eva Ann Pickard, Shawnee Mission, Kansas; Lucille Merick, Santa Barbara, California and Bill McClusky, Kansas City, Missouri, all nieces and nephew of the late Ewin Halsell.

The party gave owners and their personnel a chance to become better acquainted, as well as to meet various friends in the area with whom the Ranch transacts business with. A delicious Bar-Be-Que dinner was served on tables set up on the lawn at the ranch headquarters. The meat was prepared by Gene Templeton, Kenneth Sawyer and Cecil Parish. Guests from Littlefield, Lubbock, Amberst, Springlake, Muleshoe and Earth were present for the event. These included Bankers, Cattle Buyers, Publisher, Educators, Accountants, and representatives from various other occupations. A six-member Band provided entertainment for the event.

FUN, GOOD FOOD, AND FRIENDSHIP... was the order of the day Wednesday when 88 people gathered at the Mashed-O-Ranch Headquarters for a "Get Acquainted Party."

THE NEW FFA SHOW BARN-Was the scene of the FFA Pig Sale Saturday afternoon. A total of 270 pigs sold at an average of \$33 per head. The sale grossed \$9267.

For SEPTIC TANKS - LAGOONS

The Most Valuable Part of Your Tank Is Gone When You Have It Pumped!

This is important! When someone calls at your home with a truck and tells you your tank is almost full, that is correct, it has to be full to be filtering properly, and the most harmful thing you could do would be to have it pumped, for pumping destroys the most valuable part of your tank. Pumping doesn't clean your lines or eliminate odors and you pay an enormous price for the harm done.

FRANK FORD SAYS

# People Need To Regain Control Of Their Government

Frank Ford, Republican candidate for State Representative, will hold a series of "Legislative Forums" in Lamb County next week.

"The most important issue in this election year," Ford stated, "is whether the people are able to regain control of their government, or whether the professional politicians who have gotten us in the current mess are able to exert enough pressure from the top to retain their power and the status quo. All signs indicate that their initial complacency is rapidly turning to panic as they have finally begun to notice the rumble at the grass-roots."

"Political observers all over Texas are predicting a massive voter surge to a two-party system," Ford continued, "and this means that the days of the back-room wheeler-dealers are over in Texas."

"Most Texans are not happy with the professional politicians who like to slip little items like \$500,000, for L.B.J.'s state park into the budget in the secrecy of the Speaker's apartment while Texas crime rates soar and our ranking in literacy and education continue to plummet."

"I have taken my campaign to the people of this area on the issues from the start," Ford concluded, "and I will never attempt to enlist various power structures to exert pressure on the people in my behalf. We are to the point now in our nation, when we must renew our sense of mission, and this renewal can come only from the people who make up the strong, silent center in American political life."

Ford's Lamb County chairman, Pat Downs listed the meeting times and places as follows, and urged everyone who can spare a few minutes to come by and visit with candidate Ford on Tuesday, October 29 at the Community Center in Sudan.

The families of Phillip Haberer and Roger Haberer all of Earth visited Sunday with Mrs. Warrell and Mrs. Haberer.

## Pumpkins Raised Mainly For Halloween

The pumpkin was introduced to the Pilgrims by the Indians. Pumpkins have become a symbol of autumn. And lucky is the child who has a "real" jack-o-lantern.

"Cooked by the sun" is the meaning of the Greek word pumpkin. This is an apt description since the pumpkin must have a period of sunshine to ripen and mellow.

Since the pumpkin is a squash, the vegetable is versatile in menus. It can be prepared as any squash dish.

Boil pieces the size of apple halves in as little water as possible until tender. Serve with pork roast, cooking the squash with the pork roast in the oven the last fifteen minutes.

And of course there is the old standby, pumpkin pie.

The rind of most pumpkins isn't very hard. The pumpkin skin can be cooked with the pumpkin and is edible.

And don't throw away the pumpkin seeds. They are crunching good when roasted or toasted, then buttered and salted.

What is that to you? Follow me!—(John 21:22)

This is the time to take our stand for the truth we know. Stand with the truth principles we are learning. Let us think positive—and not identify ourselves with the negative, ugly, critical things which are said. Stand with the truth as revealed in God's word—for it is the truth that assures us of freedom.

## THIS IS WHAT FRANK FORD HAS BEEN SAYING DURING HIS CAMPAIGN TO SERVE YOU AS STATE REPRESENTATIVE

### WATER CONSERVATION AND IMPORTATION:

"Water is the life-blood of our irrigated economy, and the importance of total water resources planning cannot be over-emphasized. Feasibility studies for importing water to the high-plains from the lower Mississippi basin should be pushed forward at maximum speed. Funding on these and importation itself must come from congress, with maximum state-federal cooperation. At the state level, our district is far behind on planning for flood control and conservation dams on our creeks. We must keep the water that falls in our district, rather than seeing it rampaging on down-stream after every big rain. We must use lake water and tail water return systems to the maximum, along with irrigation practices consistent with the water available in any given area. If elected, I intend to work with men who have a proven record of water conservation. Under no circumstance must this issue be allowed to become a political football to be used at election time for partisan gain."

### EDUCATION AND VOCATIONAL TRAINING:

"Texas has fallen from 33rd to 38th during the past eight years in per-student support for education. During the same time, we have fallen from 40th to 44th in literacy. This dismal record cannot be continued if our young people are going to be able to hold jobs which will be available in the 1970's. We must increase our attention to primary education and the development of basic skills, give additional help to children with specific learning disabilities, increase pre-school opportunities with bilingual education where needed. Vocational training must be increased, with emphasis on job training by private industry, so that the trainee will know that a specific job is waiting upon completion of the training. Education and jobs are the only effective answer to poverty."

## FRANK FORD IS THE ONLY CANDIDATE IN THE RACE WHO HAS SPOKEN OUT CLEARLY ON:

- ★ The need to keep the family sized farm unit strong as it is the backbone of our rural economy.
- ★ Practical measures that should be encouraged in each community for economic growth.
- ★ The need for abolishing daylight savings time, a measure which his opponent pushed to passage in 1967.
- ★ Ways to reduce the crime rate, which has nearly doubled in the last eight years.
- ★ The need for a two-party system so that the people can regain control of their state government.

Eight of the eleven children of the late Mr. and Mrs. W. O. Jones were present to visit with other members of the family. Following a large Sunday dinner members of the family enjoyed visiting and playing tennis. The reunion concluded with an evening meal. Present were the families of Mrs. D. M. Allen, Mr. and

Mrs. Joel Jones, Mr. and Mrs. Crill Bulls, Mrs. Floyd Burgess, Mr. and Mrs. Bud Jones, Mr. and Mrs. Earl Moore, and Ruby Jones. Mr. and Mrs. Carroll Jones traveled the greatest distance, coming from Rodgers, Arkansas to attend the reunion.

FALL AND WINTER SUGGESTION FOR GARDENERS—The fall and winter season is the time for home owners to decide whether plants are needed in the home landscape. Everett Janne, Extension Landscape Horticulturist, suggests that a list be made of needed plants so you can take advantage of the selections offered to early buyers by garden and nursery centers.

### TOPS Lose 14 Pounds

TOPS Happy Losers met Thursday, October 17 in Citizen State Bank Annex at 6:30 p. m. Leader Inez Inglis called the meeting to order with sixteen members weighing in and a loss of 14 pounds recorded. Era Walker was named Queen of the Week and Dorothy Washington was runner-up. The program consisted of a letter written by a TOPS member to TOPS Magazine. The local members then modeled the large dresses they wore at the time they joined TOPS. A definition of Obesity was given by Inez Inglis. Scores of the bowling contest were announced with Era Walker's team in the lead, having 21 Strikes and Spares, while Alma Ott's team has recorded 16 strikes and 3 spares. The meeting was dismissed with the TOPS Goodnight Song.

### Lara Snow GA's Continue Study Of Witchdoctors Son

Mrs. Bill Anderson again met with the Lara Snow GA's, Tuesday, October 22, to continue their study on The Witch Doctor's Son. The book tells the story of a Witchdoctor's Son in Guatemala, who becomes a Christian and a Missionary. Sherri Winder closed the meeting with prayer calendar, and Kathy Winder led the group in prayer. Following the meeting the WGS served the 14 members present a supper of sandwiches, chips, brownies, and punch.

### Springlake WMU Organizes Prayer Group

### MYF News

HIGH SCHOOL Fourteen members of the high school MYF were present Sunday for a short business meeting and program. The group elected Jennifer Angeley as reporter for the remainder of the term. Due to the time change next week, the members voted to meet at 5:00 p. m. It was also decided that a Bible Study would be held from 5:00 to 5:15 each Sunday. To prepare for next week's study, members were asked to read the first three chapters of Matthew. Tresea Glasscock presented a program entitled "A Place In The Sun." The program message contained patterns of self-assertion and self-sacrifice. The group then discussed Christian faith.

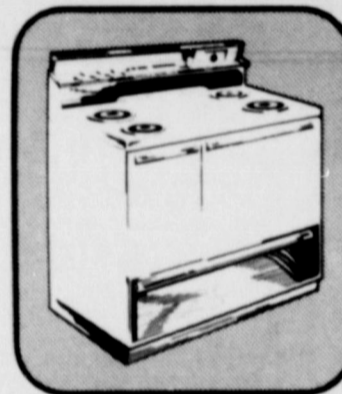

JR HIGH "Thinking For Yourself" was the subject of a two-part program presented by the Jr. Hi MYF. Pat Cleaver led the first session entitled "Born Free" Sunday, October 20. Assisting Pat by participating in a skit were: Jimmy Coker, Jo Anne Coker, Hal Wood, Vicki Wisian, Scott Lee, and Tracy Lee. The skit depicted the schedules to which they are tied. Pat led the discussion asking as students were they really free. The group realized through the discussion that without schedules and order in their lives, there would be many more discussions and eventually chaos. Darlene Sulser and Shelly Gaston led the Worship, taken from John 6 and 8. Page Gaston led the closing prayer.

MID HIGH The Mid High MYF met Sunday evening to hear a program on "Where Can You Find God," led by Becky Littleton. The members decided that God is found within the individual, and that as Christians, they could present God to another person by the life they led rather than by force.

Next Sunday the group will enjoy a time of recreation and fellowship.

Lisa Pittman was honored on her eighth birthday Monday, October 21, with a "Dress-up" party at the home of her parents, Mr. and Mrs. Billy Pittman. Lisa and her nine guests dressed in their mother's clothes and shoes and played "Women" from 5:00 to 6:30 p. m. The girls enjoyed Coke-floats,

apple Up-side-down Cake, Milk, cupcakes and party favors while sitting among the lovely Halloween decorations. Guests included: Elaine Bills, Patsy Williams, Sue Bradely, DeAnn Clayton, Vicki Freeman, Renee Maserang, Karene Hulcy, Donice Taylor, and Diane Hodnet.

### Goodwill Centre In Need Of Curtains & Baby Clothes

The workers in the Goodwill Centre reported that the Centre was very much in need of curtains and baby clothes. Curtains of all types and sizes are in great demand as are baby clothes to fit all ages.

The centre was opened from 1:00 p. m. to 5:00 p. m. Saturday, and workers took in a total of \$15.40.

Workers last Saturday were Mrs. A. C. Wheatley, Mrs. Phillip

Haberer, Mrs. Ruby Hodge, and Mrs. Marvin Sanders.

The November schedule for workers in the Goodwill Centre is as follows: November 2, PTA; November 9, Methodist Church; November 16, Eastern Star; November 23, Town and Country Study Club; November 30, Home Demonstration Club.

### Surprise Housewarming For Dicksons

Fifty friends of M. and Mrs. Arnold Dickson met at their new home Tuesday night, October 22, at 8:00 p. m. for a surprise housewarming.

Mr. and Mrs. Dickson, though surprised at having fifty "on-the-spot" guests, were not caught completely unawares as their daughter Mrs. Joe Pierson of Lubbock, knew of the plans. The guests furnished the pie, coffee, and hot tea that were served, and entertained M. and Mrs. Dickson and each other with games.

Mrs. Pete O'Hair performed a dramatic stunt for the merry group entitled "Frances the Fearless Flea."

The party concluded with a display of the gifts.

"Don't feel sorry for yourself—feel sorry for the folks who have to live with you."—Frank Bridges, The Smithville (Tex.) Times.

### Wolverines Homecoming Spoiled By Steers 26-7

By Eldon Trotter

The Farwell Steers spoiled the Springlake-Earth Homecoming celebration Friday night by sending the Wolverines down in defeat 26-7.

The game was a very hard fought game with both teams hitting especially hard and wanting a victory to start their conference play. As far as speed size and determination, both teams were very evenly matched. The big difference was experience, and Farwell had plenty of that, sending 13 Senior lettermen into the game, where the Wolverines used only 4 Seniors. So it just goes to show you can't beat experience.

The Wolverines won the flip of the coin and elected to receive the opening kickoff, where Tony Barton received the ball on the 5 yard line and returned it back to the 24 yard line, and the game was underway.

On the first play Hoyt Glasscock, the flashy little freshman quarterback rolled out to the left side on a keeper play and picked up 4 yards. With second and six, Hoyt was caught in motion and received a five yard penalty. Still eager to start rolling, Hoyt went back to pass but Steve Sanderson, the tight end jumped the gun and again the Wolverines were set back five more yards. A pass from Tony Barton failed, but Tony with a dash up the middle found running room and made it to the 35 yard line, one yard shy of a first down, and the ball went over to Farwell.

The Steers went to their work horse, fullback Craig Phillips, who lost one yard on the first carry, but the next play broke loose for 17 yards and Farwell's first down of the night. At Phillip's showing he could carry the ball broke loose for 18 yards and another first down with the ball resting on the 3 yard line. A very determined Wolverine defense rose to meet the challenge and Farwell had a backfield in motion penalty, which set the m back to the 5 yard line and Craig Phillip's was trapped for a four yard loss, a pass to Dean Stovall was no good and on third down and 13 for a touchdown, quarterback Gene Sheets tried a pass to Stovall again which failed and the Steers were forced to try a field goal, but Phillip's kick was wide and the Wolverines took over on the 20 yard line.

The Wolverines came back with Bridge getting 4 yards, Barton 4 and Bridge came back with a yard and half and when the chain gang came in to measure, the Wolverines were six inches shy and Tony Barton was forced to punt out to the Steer 30 yard line.

The Steers started rolling once more with Phillip's being dropped for a 3 yard loss by Kelley

O'Hair, but Phillip's came back with a 3 yard gainer and Stovall broke loose on an end around for 45 yards and a first down for Farwell. Phillip's hit the middle of the line twice for 11 yards and a first down. With first and goal Phillip's continued to carry the ball, hitting for one yard and then caught in motion, picked up a 5 yard penalty, then Sheets went to the air missing Don Prince and hit brother Kyle Sheets. With fourth and goal Farwell faked another field goal, but Greg Hargrove came up throwing the ball to Dean Stovall in the end zone for the Farwell touchdown. The kick by Al Phillip's was good and Farwell went out in front 7-0.

The Wolverines came back very determined and started off with Bridge picking up 3 yards, Farwell was off sides and on second and 3, Bridge went up the middle for 3 yards and a first down. Bridge continued to grind it out on the ground for another 3 yards and on second down, Tony Barton fumbled the ball on the 35 yard line. Farwell took over sending Phillip's out on a sweep but was raked up for a 6 yard loss by Kelley O'Hair. A clipping penalty by Farwell really put them in the hole, but the Steers came back sending Al Phillip's up the middle for 2 yards and being dropped by Terry Ott. A pass from Hargrove to Williams netted 12 yards but Farwell was still shy of a first down and was forced to punt. Al Phillip's did a terrific job punting out of bounds on the one yard line.

On first play from scrimmage, Hoyt sent Jerry Barden on a quick

hitter up the middle and Jerry found plenty of running room and scampered 99 yards for a touchdown. Hoyt kicked the extra point and with one minute and 39 seconds left to play in the first quarter the score was deadlocked 7-7.

Defense took over for both teams and it was late in the second quarter before Dean Stovall intercepted a Glasscock pass on the 5- yard line and returned it all the way for the go ahead touchdown for Farwell.

Al Phillip's kick was no good and at halftime the Steers were out in front 13-7.

With 2:32 left to play in the third quarter, Farwell sent Kyle Sheets on another end around play and with good blocking scampered 30 yards and another Farwell touchdown. Pass from Hargrove to Stovall was no good on extra point and Farwell had to settle for a third quarter score of 19-7.

Craig Phillip's put the icing on the cake with a 3 yard run around right end with 10:50 left to play in the fourth quarter. Al Phillip's kick was good and Farwell had a 26-7 lead. The remainder of the game was strictly a defensive one, with both teams hitting harder than ever and not giving up an inch if they did not have to.

This was the best performance by far, for the Wolverines and although going down in defeat, they gave their all, and the fans were proud to see they had a team that would never say die.

This week the Wolverines journey to Bovina for their second district game, which should be another thriller.

## CONTEST RULES

MUST BE TURNED IN TO EARTH NEWS SUN BEFORE 4 PM FRIDAY NOVEMBER 15

The teams that are playing in this week's contest games are listed side by side in the official entry blank on this page.

Use the handy entry and mark out the teams you predict to lose. Print the scores you predict in the tie-breaker game in the spaces provided.

Each week's entry must be turned in or mailed to the Earth News-Sun office. Contestants are given a week to prepare and turn in their entries.

Entries must be in by 4:00 p. m. Friday or postmarked on that date. All late entries will be discarded.

In case of ties, a coin will be flipped to determine the winners.

Each week the number of games correctly predicted will count toward each contestant's season total. The person picking the most games correctly for the entire season will receive the grand prize. In the event of a tie on the season total, a coin will be flipped to determine the winner.

The weekly prizes will be given to the persons picking the most number of games for that week. The tie-breaker will count as one of the games picked, and the predicted scores will be used to determine the top three places in that week's contest, if necessary.

Only one entry per person is allowed.

NO 35 AL PHILLIPS... of Farwell drives deep into Wolverine territory early in the first quarter. The Steers were stopped and tried for a field goal, which they missed.

## Booster Club Reviews Friday's Game

In their regular meeting Monday, October 21, the Wolverines Booster Club viewed the film of the Wolverine vs Farwell gridiron battle.

Coach John Varnell stated that

the home team played the best defensive game of the year.

On the question of injuries the coach stated that they were light and there was only one player who would be a doubtful starter in this week's clash with Bovina,

After scouting the Bovina Mustangs, the coaches comment was that they are big and tough.

The Wolverines will travel to Bovina tomorrow night for a 8:00 p.m. battle.

## Springlake - Earth B Team Downs Farwell 26 to 21

The Springlake-Earth Wolverines B-Team downed the Farwell B-Team in a 26 to 21 see-saw battle. The game was played in Farwell Thursday, October 17. Farwell managed two touchdowns in the first and second quarters, and led 14 to 0 before the Wolverines broke through to score. Mike Cleavinger on a keeper drove the final five yards for a Wolverine touchdown. Score at the half was Farwell 14, Wolverines 0.

The Wolverines took the field

after the half with a determination and drive that netted them a score on the first play.

Dele Garza took the Farwell kick off on the 5 yard line and ran the remaining 95 yards down field for a score.

Cleavinger's try for the extra points failed, but the Farwell lead was cut to two points.

In the last few minutes of the third quarter the Wolverines drove to the Farwell 3 yard line. Cleavinger scored the touchdown, but failed to make the

conversion. The Wolverines took the lead for the first time in the game, 18 to 14.

Farwell managed to get loose for a 42 yard run, and scored in the opening minutes of the fourth quarter. The extra point kick was good and Farwell led again, 21 to 18.

The Wolverines took the kick-off and drove 80 yards. Garza ran in from the 3 yard line for the touchdown, and made good the two point conversion to make the final score of the game, Wolverines 26, Farwell 21.

CRAIG PHILLIPS... was stopped short of a first down and the Steers were forced to punt, with A1 Phillips kicking out of bounds on the one yard line.

JERRY BARDEN NO 21 DRIVES HARD... against a stubborn Farwell defense. No 51 Charles Bowery and No 14 Greg Hargrave bring Jerry down.

HOYT GLASSCOCK... rolls out on a keeper play and picked up 4 yards on the first play of the game against the Steers of Farwell.

## Halloween Carnival Slated For October 31

The bewitching hour will come for area residents at 6:00 p. m. Halloween night as the first Annual Halloween Carnival opens its creaking doors.

The screams of thrill and excitement will draw you near the Rodeo Grounds, and into the Livestock Show Barn, site of the Carnival.

Both young and old are assured of being entertained by the carnival booths and the Spook House. On the grounds there will be a Cake Walk, a fish pond, a dart throw, a Sponge throw, and even a destruction derby for those wishing to display their hostilities. There will be fortune-telling booths, for those anxious about their future.

All are invited to come in costume—from 6:00 to 9:30 p. m., October 31.

Enjoy the fun-enjoy the food. All booths priced under 20¢. Mothers of cub scout members are sponsoring the Carnival in an effort to keep the youngsters off the dark streets Halloween night, and to provide a safe place for Halloween fun. Scout leaders have announced that the Carnival may become an annual event, depending upon the response.

In honor of National Recruitment Week, there will be a booth set up, with a recruiter from National Cub Scout Headquarters on hand to answer any questions about Scouting.

Although the Carnival is primarily for children through the elementary and Junior High age group, it is planned as a family affair.

Plan now to attend.

I have loved you with an everlasting love.—(Jer. 31:3).

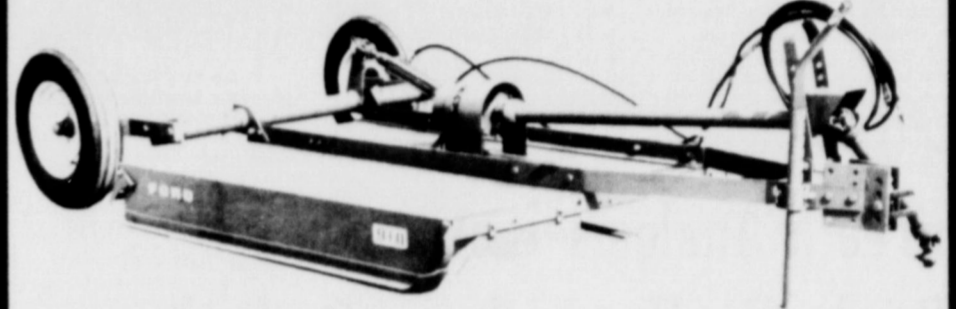

No individual nor any outside thing can satisfy the longing of a soul need. We have a soul desire that the conscious mind may not comprehend. Inner peace comes through knowing that God satisfies our longing soul and fills our life with His good. Then we are filled with a feeling of completeness and joy.

## U. S. Congressman Bob Price Speaks In Littlefield Monday Night

Congressman Bob Price, speaking to a meeting of farmers and ranchers in Littlefield Monday night said the American farmer is becoming the "forgotten man" of this generation.

"While the cost of living continues to rise, the farmer is one of the few, it seems who can't add higher wages and other costs to the price of his goods. Everyone else in the producer-consumer chain can and does," Price, who seeks reelection, said.

"In 1967 alone, net farm income dropped 11.5 percent," he added.

"Although I supported a one-year extension of the farm program this year, this does not mean that I believe the present farm program has done what it was intended to do in achieving a parity position for farmers that compares with our other citizens in industry and commerce.

"The parity ratio, which averaged 85 during the eight years of the Eisenhower Administration, averaged only 74 for 1967

as a whole and is now down to about 73, and the parity ratio is the lowest it has been since the depression year of 1934," he said.

"Until we get politics and politicians out of agriculture, it is not going to change one iota. Back in 1920, the farmer's interests were protected by a majority of the members of Congress. In that year, 251 seats, which is 57 percent, in the house of representatives were occupied by members who represented farm districts.

"By 1960, 51 Congressmen—only 12 percent of the total—were farm district representatives," Price continued.

The 1970 census will show a further erosion of farmer's strength in Congress. According to tentative estimates of the Census Bureau there will be 39 farm district representatives of slightly less than 3 percent after the 1970 census, Price pointed out.

The Congressman, who is a member of the House Agriculture Committee, said the crucial question facing today's farmer is, "How best can I use the strength and the resources I do have to advance my own economic well-being and that of my fellow farmers?"

"Part of the answer, as I see it, is that the farmer must learn what all minority groups sooner or later must learn. Pool resources and speak with one voice, and groups such as yours can do this very effectively," Price said.

"Another absolute necessity is that the next Congress must face up to the task and the dire need of overhauling the farm program to give the farmer a fair share—a fair share of the proceeds of the abundance of our economy," the Congressman said.

"This country cannot continue to prosper and solve the problems of its cities without first solving the problems of agriculture and revitalizing the agriculture economy of America.

"No country has long prospered when the farm economy was depressed," Price said.

CONGRESSMAN BOB PRICE, left, recently received the "Watchdog of the Treasury" award in honor of his 100 per cent economy voting record in the 90th Congress during 1967-1968. Making the award is John C. Mason, President, National Associated Businessmen, Inc. who congratulated Price on his outstanding voting record and "courage to stand up against the pressure groups who advocated unnecessary Federal spending."

## Plains Cotton Harvest Ahead Of Last Year

The USDA Consumer & Marketing Service, Cotton Division, Lubbock, Texas reported 6500 samples of new crop cotton classed for the week ending Friday, October 18, 1968. Samples classed this season totaled according to W. K. Palmer, Officer-in-Charge, J. U. Dedear, Officer-in-Charge of the seasonal classing office at Lamesa reported 8,000 samples had been classed there. The Lamesa office officially opened for business on Monday, October 14th. Prior to the opening of the Lamesa office, the Lubbock office classed 3900 samples for that office.

South Plains were Middling, Strict Low Middling and Middling Light Spotted. The average staple was 1 1/32 inches and the micronaire readings for the week ending on October 18th were 3.5 and better-95 per cent; 3.3 to 3.4 - 3 per cent; 3.0 - 3.2

2 per cent. Prices reported to the USDA Consumer and Marketing Services at Lubbock ranged from 15 to 20 dollars per bale over the government loan values for white grades in the 3.5 to 4.9 micronaire range. Movement of this new crop appears to be quite slow into the trade channels.

Prices paid producers for cottonseed averaged \$50 per ton.

## Breath Analysis Instruments Ready For Use In Texas On Friday

Colonel Wilson E. (Pat) Speir, director of the Texas Department of Public Safety, announced today that 62 breath analysis instruments will be placed in operation over the state on Friday, October 25.

The "Breathalyzers" will be utilized in the highway patrol's driving while intoxicated enforcement program. The 62 instruments going into the field Friday are the first of 90 purchased by the DPS for use in 80 of the state's most populous counties where the DWI problem is greatest. The remainder will be placed in service when delivered by the manufacturer.

Driving while intoxicated suspects who consent to the test will accompany the highway

patrolman to an office where an instrument is located. There, the suspect will blow into a tube attached to the Breathalyzer and the percentage of alcohol in his blood will register on an indicator.

"Drivers who drink contribute significantly to the traffic death toll in Texas," Speir said. "We believe that use of the Breathalyzer will enable us to more effectively enforce the state's traffic laws," he added.

The first 62 instruments will be located in cities in the eleven districts in Texas. Included in these districts are the Amarillo and Lubbock districts. In the Lubbock district, Breath Analysis Instruments will be placed in cities including Lubbock,

Plainview, Haskell, Wichita Falls, Mineral Wells, Brownfield and Bowie. The Amarillo District include Amarillo, Pampa, Childress, Borger and Hereford.

Randy and Kathy Clayton and sister, Mrs. Vicki Nichols were home last weekend to attend the homecoming activities. Randy is a Tech student, and Kathy and Vicki are attending Hardin Simmons University. They were guests in the home of their parents, Mr. and Mrs. Rex Clayton.

Mr. and Mrs. J. D. Barlow of Littlefield and Mr. and Mrs. George Kasinger visited Sunday with Mr. and Mrs. M. R. Burton.

## Irrigation Survey Of County Now Available To Farmers

Copies of the 1968 High Plains Irrigation Survey are now available at the County Extension office, according to County Agricultural Agent Buddy Logsdon. Farmers and businessmen in Lamb County will want to obtain one of these.

The survey contains a wealth of valuable information on irrigation in the County as well as 41 other counties in the Panhandle and South Plains.

For instance, says Logsdon, the survey gives the total number of irrigated farms, irrigation wells and current irrigated acreage for each county. It also shows the irrigated and dryland acreages for individual crops and pasture for this year.

Irrigated acreages are listed by both surface and sprinkler irrigation methods. Data on the kind of fuels used by the irrigation power units are also a part of the survey.

In addition, trends over the past 10 years in irrigated acreages of major crops are included in the report, points out the agent. Other trends shown are pump capacities, pumping lifts and the number of wells required to supply water.

The survey is of value to individual farmers and others who keenly observe conditions

changes and trends in irrigation. Industry and commercial firms find the survey valuable in planning business activities.

The survey is prepared annually by the Texas Agricultural Extension Service, having been published since the early 1950's when irrigation in the High Plains really began to boom.

All the facts and figures on each county in the irrigation survey are obtained through the efforts of the county agriculture agent. This county information is then sent to Leon New, Extension area irrigation specialist at Lubbock, who compiles the complete report, says Logsdon.

The survey is sent to equipment firms, fertilizer, chemical and utility companies and government and education agencies throughout the area.

# Exporting the CO-OP Idea

The first electric cooperative was energized in Texas in 1937. Now 31 years and 1,000 co-ops later, the idea may well become our most important export. Electric cooperative experts from Texas and other states are making regular trips to the orient, to the middle East and to South America to help the people of these lands organize a cooperative to provide their own electricity. And every co-op veteran who works this tour of duty in a distant land sees evidence of the early years in our own rural areas. But he sees a brighter picture, too. He sees the member-owned rural electric cooperative as a mature, dependable top notch electric utility that provides a low-cost efficient supply of electric power that is Helping Texas Grow. And he knows that the years ahead in all these lands will be brighter.

## Our Boys In Service

Vietnam-Marine Lance Corporal Ernest Perez, son of Mrs. Mike Perez Sr. of Muleshoe, is serving with Force Logistic Support Group A, a unit of Marine Force Logistic Command in Vietnam.

The group primarily furnishes supply, service and maintenance support for Marine units operating in the central sector of the five northernmost provinces of Vietnam.

In addition to normal functions men of Force Logistic Group A maintain in their own perimeter guard and provide quick reaction forces made up of personnel from all occupational fields as supply clerks, maintenance personnel and bakers. They also supplement combat units as the need arises.

Carol and Jessy Cole of Lubbock visited their parents, Mr. and Mrs. R. S. Cole, last weekend, while attending homecoming activities.

You ought to be quiet and do nothing rashly.—(Acts 19:36).

Often we wish we could retract something we have said or done. When we feel this way, it is time, right then, to take an idea of truth that will free us from hasty or unwise decisions and actions. Let's pause first and make sure that our actions will be wise, right and good so as to be a blessing to ourselves and our neighbors.

# A TIME FOR DECISION

A Presidential election, the most important one in our lifetime, is close upon us. With three candidates in the race Texans are confronted with such a variety of appeals that some confusion is not surprising. We see some of our top state political leaders urging support of Hubert Humphrey on the self-serving appeal of party loyalty. We see fine Texans tempted to support George Wallace because they like his outspoken position on certain issues and are thus swayed by an appeal of sheer emotion. With full respect for the right of every Texan to make a personal decision, this message in behalf of Richard Nixon is offered as

## ... AN APPEAL TO REASON!

### HUBERT HUMPHREY WILL NOT

change. He has proved consistently anti-Texas. He is famous for his filibuster against Texas owning its tidelands. He has fought our right-to-work laws and sought to destroy our vital oil depletion allowance. On every issue of world importance his position is contrary to that of most Texans. Humphrey, an ultra-liberal founder of the ADA organization, would gain executive authority for radical minority viewpoints should he become president. This cannot happen by popular vote. In view of his vicious attacks upon George Wallace, what a ghastly miscarriage of intent it would be if Wallace supporters themselves should throw the election into the House of Representatives where every Wallace vote in Texas would automatically go to Humphrey!

### GEORGE WALLACE CANNOT

be denied his impressive showing. A number of fine people heed his third party call. The very least that can be said is that he has dramatized the desires of many people for a change of direction in the affairs of our government. However, the very most his supporters can hope for is to split the popular vote so that all of us would be at the mercy of Washington politicians who would elect our president for us. This is Hubert Humphrey's only hope for election. The more positive way to vote for change is to recognize the many fine merits of Richard Nixon and his program, then vote for Nixon to assure the election of our president by the people instead of by the Congress!

## RICHARD NIXON CAN... AND WILL

supply dynamic, experienced leadership for an immediate change of direction—at the top—in all our national affairs at home and around the world. Your concerns are his concerns!

• NIXON ON LAW AND ORDER is pledged to help improve local police protection, to appoint an Attorney General dedicated to rooting out crime, to restore balance in our courts strengthening peace forces against criminal elements and to cease freeing so many of the guilty on technicalities.

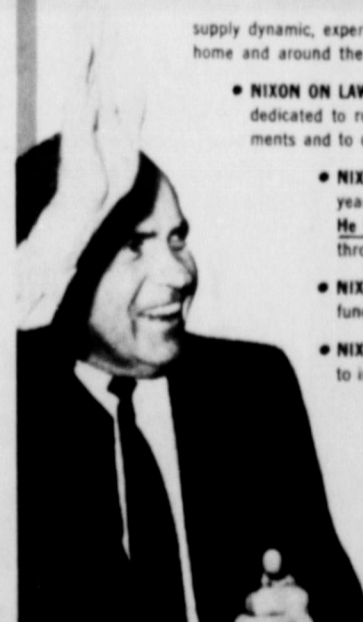

• NIXON ON VIET NAM will call upon his experience as vice president during eight great Eisenhower years of peace to reform world alliances now in disarray, to redirect our strategy on new global terms. He will end this war and avoid future ones by dealing with adversaries in the only way they respect—through strength, collective security and patience.

• NIXON ON LOCAL GOVERNMENT is pledged to move control of local schools and all other governmental functions which properly belong at the local level closer to the people.

• NIXON ON OTHER PROBLEMS has solid solutions PLUS solid backing of enough members of Congress to implement those solutions.

IF YOU REALLY WANT A CHANGE... AND IF YOU WANT TO BE SURE YOU REALLY GET IT... VOTE FOR NIXON/AGNEW

## Clayton Elected To Executive Committee Of Interstate Conference On Water Problems

State Representative Bill Clayton of Springlake was elected Friday, October 18 to the Executive Committee of the Interstate Conference on Water Problems, holding its annual meeting in New Orleans.

The Interstate Conference on Water Problems is composed of State water officials, river authority officers and legislators throughout the United States. It is affiliated with the Council of State Governments with offices in Washington, D. C., Atlanta, Chicago and San Francisco.

The Interstate Conference on Water Problems concerns itself with all aspects of water con-

servation, development, pollution control and other water-related problems throughout the Nation. Its officers and members closely follow congressional legislation and federal agency regulations on water subjects to assure that the rights of the States and local areas are fully protected from federal encroachment and domination. Officers of the Conference are often called upon to testify before Congressional Committees on water legislation.

Only one other elected State official, Henry Stucky of South Carolina, is on the Executive Committee with Clayton, State water officials who also serve on

the Executive Committee are Reinhold W. Thieme, Vermont; Calvin T. Watts, Louisiana; Francis W. Montanari, New York; Herbert Lambert, Utah; Norman Billings, Michigan; Herbert A. Howlett, New Jersey; Robert R. Lee, Idaho; and Othie McMurry, Iowa.

A person must continue as a legislator or state official to remain on the Executive Committee of the Conference.

Through Clayton's efforts at New Orleans the Resolutions Committee recommended to the Conference that during the next year particular study would be given to the 160-acre limitation in the law governing pro-

jects of the Bureau of Reclamation. The conferees attending were impressed with Clayton's arguments on this subject, so it is anticipated that the Interstate Conference will soon take an official position urging modification of the existing federal law which was considered to stringent.

While at the Interstate Conference on Water Problems, Clayton finalized arrangements with the Bureau of Reclamation for a West Texas area tour by Calvin Watts, Assistant Director of the Department of Public Works, Louisiana, John Pegg, Chairman of the Mississippi River Commission from Vicksburg, Howard Boswell, Executive Director, Texas Water Development Board, Leon Hill, Amarillo Regional Director of the Bureau of Reclamation and Harry Burleigh, Chief Engineer of the Austin office of the Bureau of Reclamation on November 7th and 8th. This tour is considered vital in proving the future water requirements of West Texas. Helping in the tour arrangements with Clayton will be Water Inc. and the High Plains Underground Water District.

## Stay In School Its Hard Outside

Washington, D. C. "Take a tip from the experts. It pays to stay." That full-time job paying \$60 a week probably looks good if you are in school and never seem to be able to buy the things your classmates have. But, FINANCE FACTS, a monthly newsletter on consumer behavior published by the National Consumer Finance Association, offers dramatic proof that it pays to stay in school.

At the age of 19, those who have completed elementary school and are working earn about the same as high school graduates because they have the advantage, of experience. But as the two classifications grow older, the income gap widens. At age 21, four years of high school on the average, will return 10% more income, and 38% more over a lifetime. A high school education will return about \$341,000 in contrast to an elementary school education which yields \$247,000, over a lifetime.

The average high school graduate reaches an annual income peak at age 48.

## DICK BROWN FOR CONGRESS----- Dick Brown Announces His Views Of Area Needs

I am selfish enough to think that Texas needs to be included in all water studies made, regardless of location or political origin.

I am selfish enough to want water in this district. And I'm practical enough to work for the importation of water from the Mississippi, which looks like the most feasible solution at this time. And I'm realistic enough to know that only a Congressman who can and will work with other Congressmen from areas with similar problems can be effective in getting such projects accomplished.

I am selfish enough to say that wheat farmer in this area needs \$2.50 per hundred for his wheat, that the milo farmer needs \$2.00 per hundred for his milo, and that the cotton farmer needs 35¢ per pound for his cotton, and I'm selfish enough to think that all farmers deserve a price for his product that is compatible with the prices he must pay.

I am selfish enough to think that with aggressive salesmanship our over-supply problem can be remedied.

## VOTING RECORD & POSITION

### ★ Water Development

Bill Clayton has been directly associated with every major piece of water legislation passed during the last six years. He is recognized by his colleagues as being one of the most effective and well informed members of the Texas Legislature on water and soil resource development and conservation. Bill Clayton knows the vital importance of water, not only to your future, but to the future of the entire State. Past accomplishment and effective leadership have made Clayton vital to continued progress in development of water resources for the High Plains.

### ★ Education

Child by child we build our nation... tomorrow depends on today's children and young adults. Bill Clayton is ever mindful of the need to raise our standard of excellence in the Texas school systems. This can only be done through the uprating of the Texas schools, and dedicated recruitment of the finest teachers. Clayton co-authored a bill that created the "coordinating Board of Texas Colleges and University systems. His voting record shows a continued support of teacher pay raise and the strengthening of all educational systems in Texas.

### ★ Law Enforcement

Today, law enforcement agencies are facing new problems. Bill Clayton is concerned about the breakdown of law and order. Clayton has been active in seeking higher salaries for law enforcement officials and uniform standard procedures. Bill Clayton served on a special House Committee which will suggest revision of our obsolete liquor laws. Clayton believes that all people must respect the law and that proper enforcement is essential to maintain law and order.

### ★ Industrial Development

Bill Clayton knows that industrial development helps to stabilize the economy of any given city or area. During his six years in the Legislature, Bill Clayton has worked aggressively for industrial development for our area of the State. Several smaller cities in our 72nd Legislative District now have airports as a result of Clayton's assistance in starting a program of State grants. These State grants are financed with unclaimed gas tax refund on aviation fuel. Bill Clayton knows that airports help encourage industry in less densely populated areas.

### ★ Tourism

Bill Clayton has worked hard for tourism during his six years as State Representative. Clayton, House Speaker Ben Barnes and other interested legislators were successful in establishing a National Park in the Big Bend area of West Texas. The water importation program being led by Clayton will develop many new recreational opportunities with huge water reservoirs for fishing and boating. Bill Clayton realizes both the need for more recreational facilities in his district and increased business activity from tourist trade.

### ★ County, City & Legal Govn't

Bill Clayton has been a strong advocate of local government. He is currently serving as chairman of the Committee on Counties of the Texas House of Representatives. Clayton believes that government at the county and city level are more responsive to the people and whenever possible they should take the lead and the responsibility of many governmental programs and functions. Clayton has authored many bills that benefit the cities and support the idea of allowing cities the option to choose their own method of taxation. Bill Clayton is needed on the job for more effective and responsible county, city, and local government action.
