### How It Looks From Here

By RAY FREEDMAN

Rodeo time is here again in Earth and it looks to be one of the biggest and best ever. A large number of guest attractions will add color to the parade and there are several floats already entered. After a few weeks of doubt, the Bar-B-Que is all set and will take place immediately following the parade.

Listed as the "Biggest Little Rodeo in the Southwest", this years program will include Calf Roping; Bareback Riding; Saddle Bronc Riding; Girl's Barrel Race; Bull Riding and Team Roping.

Guest appearances by the Red Raider from Tech, Miss New Mexico, Little Miss Tri-County, (Miss Tri-County has had to cancel) and the presentation of the Fiddlers Contest will make this one of the better performances yet.

Entries will be taken 9 a.m. to 8 p.m. on Wednesday, July 20 and the Rodeo will take place July 21, 22 and 23.

Ran across an article in a South Texas paper that really shocked me and again made me wonder what makes the powers-that-be in Washington, tick.

Seems that it is against the law to hire anyone under the age of 16 to mow your lawn. Yes, strange as it seems, this is what the beaucrats have come up with.

The rule says that if you hire a boy or girl under 16 years old to mow your lawn with a gasoline powered or electric mower, you will be violating the federal law. This is reported to be one of the hazardous jobs that are a violation of Child Labor Laws.

Seems that the only job they can do and still be within the confines of the law, is pump gas at a service station, but there is a catch there also. If the station has a grease rack, this becomes a hazardous occupation and they are not allowed to work there either. It seems to boil down to baby-sitting for those under 16 years old.

Starving Artists? Hard to believe, but most people with a penchant for creativity in the arts, does not make what is considered a lucrative income.

We have been plagued by so many of these "Starving Artists Sales", that one tends to be dubious, but there is one scheduled in Clovis that is legit. July 16 from 9 a.m. to 5 p.m. is the time, and the place is the 600 block of Main in Clovis.

There are several artists from the area, including Earth, Sudan, Amherst, Littlefield and Olton who will be displaying their wares for sale, and the price is below \$35. Looks like a good place to pick up some unusual items.

LAZBUDDIE!! Because of the increase in subscriptions from Lazbuddie area, we have started this week a Lazbuddie column, by Judy Lust. Welcome!

Chamber of Commerce is looking for some help with a caravan to publicize the Rodeo. Anyone interested, should contact either Tom Lively, or the News Office, or any Chamber member.

Was really surprised and disappointed to learn that there were only two entries for the Yo-Yo Contest last weekend. Seems like there is not much for the kids to do now-a-days, but a contest with a grand prize of a new bicycle did not interest them either.

## "I lost 53 pounds with NaturSlim ...and I feel like a new person!"

-Susan Simpson

"Since beginning the NaturSlim program I've gone from a size 19 to a size 13/14 and lost 53 pounds. My goal is to lose 60 pounds and drop to a size 12" says 16 year old Susan Simpson, student at Narbonne High School and a resident of Lomita, California. I weighed 197 pounds and had tried many other diets, such as counting calories, Ayds, the orange a day diet, etc., but none produced the results that NaturSlim has.

"It is really nice to feel a part of living again... to be able to crawl out of my shell and stand on my own two feet. I used to wear a jacket everywhere I went because of my weight, but now I am proud and happy not to have to hide like that anymore. For the first time in eight years I'm looking forward to participating in summer activities, such as swimming and going to the beach with my friends.

"I followed the recommended program, mixing NaturSlim with nonfat chocolate milk or unsweetened orange juice for breakfast and lunch, and I ate regular portions of meat, potatoes, vegetable and usually a salad for dinner. NaturSlim really tastes good and fills me up so I don't experience hunger pangs during the day. When I feel the urge for a snack I eat an apple or fresh carrots.

"One of the things that really helped was the support, encouragement and compliments from my friends and family. My social life is improving, too. I'm really looking forward to the Senior Prom. And since I've slimmed down, I've gotten a whole new wardrobe!"

Susan's mother comments that "A lot of people don't even recognize Susan since her weight loss. Her father and I are really proud of Susan and her strong will and determination to stick with the program. Susan is like a new person... she is more outgoing and happy to be involved in activities with others. We are able to share much more together because she is not so shy and withdrawn. It is Susan's desire to reach out to those other teenage girls and adults who are overweight like she used to be... and to convey to them the message that the NaturSlim program really works!"
