* **NOSIN...** *
* With Polly *

The weary old grey haired man of 1965 with his staff in hand, has taken leave, and in his stead reigns the brand new little Prince of 1966.

With the beginning of this brand New Year in the good old U. S. A. One can't help but wonder just what will take place during 1966 in this seemingly (former) land of Freedom and Opportunity which has, and is being steadily and quietly robbed of freedom after freedom by the power Crazed Great Society who are seemingly selling America down the salt creek, using the idea that opportunity to earn bread by the sweat of ones brow is an antiquated idea, and that the great society of today can dole out security, abolish poverty, provide free medical aid, provide prettier cities and beautify highways, etc., without it costing anyone a thin dime... In short, they are selling Americans on the idea we can have a land void of flaw, with free sweet security for all...

This something for nothing idea has become so popular that schools are reaching out their hand for "their share" and being told how the funds are to be spent, all the time swapping control for money while pretending not to notice, because money has become No. 1 in America today... Cities are applying for grants to build and beautify... This money is not granted freely, but is issued under the supervision of "Uncle" whose representatives will hold the reins and control the project... People are being encouraged on every hand today to rely on aid from the Federal Government instead of relying on their own initiative and efforts...

This would really be fine indeed, and would perhaps give the same wonderful sensation I imagine a big red heifer gets when pawing the heck out of her master's favorite pansy bed, but it just can't be done. The government can't grow money on trees, instead it must first rob taxpayers of large sums of money to pay high salaried personnel to dole back small sums of their own money while making folks think they're getting something for nothing. At the same time, in most cases, when a hand-out is doled out, another freedom goes down the drain.

The government is getting so powerful in America today that it has enough high salaried bureaucrats on every hand to instruct folks on how to do every act they perform, short of scrubbing behind our ears... Yet when it comes to Communist, that's different... No one seems to care... The Supreme Court has just done away with the law requiring Communists to register... (It might inconvenience them...) They are now free to meet openly and stage conventions in the very heart of this nation, while planning to overthrow this country... (They were even kind enough to tell us of their plans to take over this country in a few short years) And we seemingly give them free rein to plot, and plan against us, while at the same time in Viet Nam, the Communists are shooting our fine young American lads to bits day after day... Why?... Why?... Why?...

Some of these things, 1966 will either improve or make worse, but the trend seems to be discouraging. Remembering that Monday of this week, a national survey begin in order to count the billboards and junk yards on Highways all across this nation to spend taxpayer's money to beautify these highways and highways across America. (Heaven help us if the thought of paving our streets with pure gold should ever cross the minds of some of our money spending officials in Washington... They have already robbed our coins of silver.)

This first month of '66, the fight will be resumed in Congress in an effort to repeal (14-B) of the Taft-Hartly law... If Senator Dirksen loses his fight to retain (14-B) and give Americans the right to work without compulsory unionism, then another important freedom can be kissed goodbye... There's no better time than 1966 to make a decision to contribute to the cause of America... to work for the preservation of freedom... God Bless America!!!!

Mr. and Mrs. Robert Howard, Lubbock, visited Friday in the Leon Foster home, and attended Cheryl's wedding.

City Dads To Meet Semi-Monthly

At a regular meeting in the City Hall Monday night City Dads voted to meet semi-monthly, with meeting nights on the First and Third Monday of each month, instead of the regular monthly meeting. This decision was reached after councilmen agreed that City business had grown to the point it resulted in too many unscheduled called meetings, that would have better attendance if another regular meeting night were scheduled each month instead of the called meetings. The group voted to purchase a used Ford 850 Tractor at the approximate cost of \$1,200.00 to be used in the Sanitation Department. This was decided rather than to purchase a Deerp-

ter for the Sanitation Department, that the State had been urging the city to buy. A decision was reached to erect "no parking" signs on Highway 70, prohibiting big trucks to park on the two blocks of Main street from the caution light to the Bank. Pick-up trucks may continue their parking privilege within this area. Those present were Mayor Marshall Kelley, City Secretary Mrs. Ruby Anderson, Aldermen, Eldon Parish, Richard Stockstill, Wendell Clayton, Donald Runyon, City Marshall Troy Coon, Water Superintendent Sammy McGuire, assistant Roger Patterson and Ross Middleton.

Any remaining money over the goal will be divided equally between the four local scout troops. Pam Beasley-Glenn Boozer Exchange Vows

Before an altar decorated with candelabra, entwined with greenery and enhanced by lighted votive candles, flanked by pedestals holding high baskets of bronze spider mums mingled with touches of greenery and decorated with bows of bronze and white satin, Miss Pamela Sue Beasley became the bride of Glenn Lee Boozer in a candle-light ceremony at 7:30 p. m., Tuesday, December 28, in the Church of Christ in Earth, Kelly Newman, minister of the Church of Christ at Plainview, read the vows.

Parents of the couple are Mr. and Mrs. W. D. Beasley of Earth, and Mr. and Mrs. Joe Boozer of Hereford.

The center pews of the church were decorated with individual bronze and white satin bows, encircling lighted votive candles of white. A cluster of bronze and white wedding bells, clinging to long streamers of matching satin ribbons decorated the front wall of the church.

Alvis Jones and Chorus from Littlefield sang, "Twelfth of Never," "More", and the "Wedding March."

The bride, given in marriage by her father, wore a formal length wedding gown fashioned in white peau de soie, featuring a bateau neckline and long petal point sleeves which fastened at the wrists with tiny covered buttons. The fitted bodice, designed with a slight empire waist, was enhanced by a band of re-embroidered aliencon lace which accented the bodice and extended to the hemline of the "A" line skirt. A detachable chapel train, edged in matching lace, flowed from beneath a bow at the center back waistline. She wore a crown of pearls headpiece from which descended a shoulder length illusion veil. She carried a bouquet of three white gardenias, surrounded by net and tiny white roses buds, tied with long streamers of white satin ribbons. For something old, she chose the headpiece, something new was her dress, something borrowed was a string of pearls from her sister, and she wore a blue garter. For good luck, the bride wore a six pence in her shoe, bearing her birth date, placed there by her mother.

Karen Barton of Earth served as bridesmaid, and Mrs. Dick Evans of Salt Lake City, Utah, sister of the bride, served as matron of honor. They wore formal length dresses designed with a platinum peau de soie bodice and lovely moss green crepe skirts. The bodice featured a bateau neckline and elbow length sleeves. A double sash of platinum and moss green encircled the empire bodice and flowed from the back waist. Their headpieces were made of soft platinum silk to form a single Rose from which descended veils of butterfly illusion. They carried bouquets of bronze

spider mums and greenery tied with streamers of satin ribbons, encircling a small lighted votive candle.

Monte Boozer, Dimmitt, brother of the groom, served as best man, and Ronnie Sheppard of Lubbock served as groomsmen.

Karesa Chesney was flower girl. She was dressed in white, and carried a white lace basket with streamers of bronze ribbons.

Ushers were Dick Evans of Salt Lake City and Garland Boozer of Lubbock.

Immediately following the wedding, a reception was held in the Earth Community room. The bride's table was laid with a white satin cloth, under a white ruffled net overlay. The wall above the table was decorated with a cluster of white lace wedding bells, hanging from streamers of white satin ribbon. The bride's bouquet decorated the table, which was centered with a three tiered white cake, topped with an archway and a miniature bride and groom.

Background music was furnished by Miss Anita Sharon O'Hair, Mrs. Gary Cowley registered the guests, Janet Martens of Earth and Quata Sue Evans of Abilene served cake and punch.

For a wedding trip to Santa Fe, New Mexico, the bride chose a white silk two piece suit trimmed in black, and wore black accessories.

The bride attended Springlake Tech College for eleven years and graduated from Lubbock Christian High School with the class of 1965. The groom graduated from Dimmitt High School with the class of 1962, and is currently a Junior student at Texas Tech, majoring in agriculture.

The couple are now at home in Lubbock where they are enrolled at Tech.

Women who are always on the lookout for a new piece of furniture that is inexpensive, different and will lend distinction to a room may have a find in paper chairs now on the market. The chair, made of polyethylene-coated laminated fiber, weighs less than two pounds, costs only six dollars and will support child or adult. Its inventor, a young English designer named Peter Murdoch, is now working on additional styles for chairs and a line of paper tables, in anticipation of the day when all furniture can be disposable.
