New Industry For Area Originated At Earth Elevator

A new industry was begun in this area recently when an idea was born and put into action to help farmers increase their profits from grain sorghums, along with providing the farmer a sure supplement to their farm income.

This new industry, Self-Feeding Cattle, was formed at the Earth Elevator, a firm who is eager to keep abreast in every phase of progress in the West Texas area.

This new feeding industry provides farmers, who have a small plot of land with available water supply and a approximately 20 minutes a day to spend seeing that the cattle have an ample water supply to derive a nice profit from their investment in cattle.

The Self-Feeding program will do the rest.

Mr. Bob Bell has been named feed manager of this new industry. Mr. Bell said the formula given the 771 head of cattle they are feeding at the present time, has had five years of research by the Purina Research farm at St. Louis. This research farm has experimented with several types of formulas and after much deliberation and months of feeding and experiment, found this formula used by the Earth Elevator to be the most workable and beneficial formula for feeding beef cattle.

Mr. Blackwell, manager of the Earth Elevator said farmers could get into this cattle industry feeding business with very little investment and use only a small plot of land. He went on to say, "We furnish and install all feeders, plus servicing the feeders, therefore leaving very little for the stockman to over-see. He stated that they give advice and recommend cautions to be taken in cattle sanitation."

One new bulk delivery truck is now in operation and another should be forthcoming by the first of March.

At the present time, the self-feeding headquarters can service about 3,000 head and with the arrival of the second unit, the feeding capacity will be increased tremendously.

The custom mixing and steam rolling branch of the elevator was added three years ago. With this equipment and a desire to see farmers almost double their profits by feeding their own grain rather than putting it in storage, it was only natural to add this new industry to the many services rendered to the grain growers of this area.

Those who are participating in this program are: Doug Bales, Needmore, 20 head; T. V. Murrell, Earth 56 head; Jerrell Haberer, Earth, 130 head; Pete Parish, Earth, 50 head; F. F. Bozeman, Earth 85 head; Gordon Duncan of Muleshoe, 104 head; R. C. Davis of Earth 38 head; Vance Wagon, Muleshoe, 138 head and Muleshoe Angus Ranch with 50 head.

Mr. and Mrs. Chuck Stalling, Rev. and Mrs. Farmer and Mr. and Mrs. Chuck Faubus and families were dinner guests Tuesday night at a Salad Master Stainless Steel dinner in the lovely home of Mr. and Mrs. D. W. Plerson of the Thorp community.

Type III Vaccine To Be Given Sunday, Mar. 31

Sunday, March 31 has been designated Sabin Oral Sunday for Type 3 of the oral polio vaccine in the Earth-Springlake area.

The time will be from 1:30 to 6 p. m. at the Springlake High School.

Immunization will be affected by taking three drops of Sabin vaccine on a sugar cube.

The Public Health Service gave the go-ahead signal for Type 3, despite a very small risk among adults, especially those over 30 years old.

Particular emphasis should be on treating children and young adults, where the danger of polio is the greatest. It is recommended that young children, pregnant women, persons in epidemic situations and those planning foreign travel plan to take Type 3.

The local program is being sponsored by the Earth-Springlake Lions Club.

Revival Begins March 4 At Church of Christ

Ruel Lemmons of Austin will be with the Earth Church of Christ in a Revival March 4th through 10th with services twice daily at 10 a. m. and 7:30 p. m.

Bro. Lemmons was here in such an effort just a year ago, and he did a great work at that time.

Mr. Lemmons is editor-in-chief of the "Firm Foundation", one of the oldest, religious papers among Churches of Christ in the United States. He is an outstanding evangelist, noted lecturer and is in demand as a speaker all over the world. He has recently returned from a world tour, lecturing in many places over the globe.

He also serves as one of the board of Trustees of Abilene Christian College, which is the largest college owned by members of the Church of Christ.

Alvis Jones will direct the congregational singing; he is song director for the Crescent Drive Church of Christ in Littlefield, and is in the jewelry business in Littlefield. He is in demand all over the South Plains as a song director for special occasions such as revivals.

You are invited to enjoy the spiritual feast of God's word and the fine singing of scriptural songs unaccompanied by instruments of any kind.

Gayla Peevy was a dinner guest Sunday in the D. W. Plerson home in Thorp.

Linda Oden Local Winner In Betty Crocker Contest

LINDA ODEN

Linda S. Oden is the winner from Springlake high school in the 1963 Betty Crocker Search for the American Homemaker of Tomorrow. She thus becomes eligible for one of 102 scholarships with a total value of \$110,000.

Linda, the daughter of Mr. and Mrs. Houston Oden, has been a member of the Springlake FFA for four years and is a member of the National Honor Society. She is the president of the newly-formed FFA and also a member of the Pep Squad.

Having scored first in her school in the knowledge and attitude test on homemaking given senior girls December 4, the winner's paper has been entered in competition with those of other state high school winners for state-wide honors.

Evelyn Meadows, former Springlake student and daughter of Rev. and Mrs. Cecil Meadows of Grand Prairie won this same honor at Grand Prairie High School.

The State Homemaker of Tomorrow will be named in the spring. She will receive a \$1,500 scholarship from General Mills, sponsor of the program. A \$500 award will be made to the second highest ranking Homemaker of Tomorrow in the state. The school of each state winner will receive a set of Encyclopaedia Britannica.

Later, State Homemakers of Tomorrow with their advisors will enjoy an expense-paid educational tour of New York, Washington, D.C. and Colonial Williamsburg, Virginia, which will culminate with the naming of the 1963 All-American Homemaker of Tomorrow.

The national winner's scholarship will be raised to \$5,000 with second, third and fourth place winners being granted \$4,000, \$3,000 and \$2,000 scholarships, respectively.

Prepared and scored by Science Research Associated, Chicago, the knowledge and attitude test is the basis for naming of local and state Homemakers of Tomorrow. Personal observation and interviews are factors in the national judging.

The 1963 Betty Crocker Search reached another all-time high in enrollment, with 410,466 girls in 12,964 schools participating. Since the program started nine years ago, approximately three million girls have enrolled, and, including this year, scholarship awards will approach the million dollar mark.

World Day of Prayer Service At Methodist Church

The World Day of Prayer Service for this community will be held in the sanctuary of the Methodist Church on March 1, at 2:30 p. m.

Women from all the churches of this area are invited and urged to attend this service of prayer and giving to promote Christ's Kingdom of Love and Fellowship throughout the world.

This is not a Methodist project; it is world wide and inter-denominational.

The World Day of Prayer, observed on the first Friday in Lent, is sponsored by women of the major Protestant and Orthodox communions. It has a meaningful history of more than 75 years behind it. Prayer and giving for the world-wide mission of the Church have

been involved in shaping the service. There is here a very real possibility for Christian unity in the act of prayer, been its primary purpose. It has traditionally brought people together across denominational, racial, national and cultural boundaries to pray for the needs of the world and to make an offering for the carrying out of the Church's mission across the world.

This World Day of Prayer is truly world-wide in character. Basically the same service is used by groups in approximately 150 countries. This provides an extraordinary opportunity for fellowship at a deep level with Christians all over the world. Increasingly persons from many parts of the world

FHA Style Show And Plays Score Hit With Audience

The Springlake FHA sponsored Style Show and plays held Tuesday night in the school auditorium were well attended and thoroughly enjoyed by the audience.

La Don Messer, mistress of ceremonies, gave a brief summation of each play, prior to the opening curtain.

Bene Angeley, portraying the part of a Champion Cowgirl Rider in the play "Cute and Peppy" stole the show with her terrific acting ability. A resounding snore from the "sleeping" cowgirl on the floor, caused the audience and cast to roar with laughter.

The style show, narrated by Wanda Jenkins, and accompanied by Janice Cowley at the piano, was a big success. Clothing was modeled by students of Home making I and III, the garments being made in class during the current school term.

Mrs. Robbie Petty and Mrs. Gene Moore of Sudan were the judges for the style show.

In Homemaking I, Jill McCord placed 1st, Janey Randolph 2nd, and Jaqueline Parish 3rd. Carolyn Gregory won 1st in Home-making III, Linda Olen 2nd and La Don Messer 3rd place.

Josephine's Cafe Opens Monday

A new business opened its doors Monday morning in Earth. Josephine's Cafe opened under the management of Mrs. Josephine Gutierrez, and is located next door east of the News-Sun.

Mrs. Gutierrez has approximately 14 years experience, having worked in the American Cafe in Beville for 12 years.

Mr. Gutierrez is employed at Phillips 66 station. The couple moved here last April with their family.

The cafe will be open seven days a week; week days from 8 a. m. to 12 p. m. Saturdays and Sundays, 6 a. m. to 1 a. m.

Mrs. Gutierrez will specialize in hot tamales and all kinds of Mexican food. Hamburgers, Spanish and American food will also be served.

XIT Study Club Meets Tuesday In Baker Home

The XIT Study Club met Tuesday night in the home of Mr. and Mrs. Ernest Baker for their Valentine Party.

Mrs. W. B. Hucks and Mrs. W. D. Holt assisted Mrs. Baker with the hostess's duties.

The serving table was laid with a white cloth, centered with a valentine arrangement. Nut cups, favons and napkins carried out the Valentine theme.

The program consisted of a song skit by Mary Lee Clayton. She sang "Love Me", wearing a Springlake School jacket.

"Always" was sung while wearing a wedding veil; "Fusing and Feudin'", carrying a rolling pin; the "Lullaby", with a baby doll in her arms; "Silver Threads Among the Gold" wearing a stole, glasses on nose and her hair powdered.

This represented the events in the life of a girl.

The evening was spent playing 42 and bridge. Refreshments of red devil's food cake, ice cream, coffee and coles were served.

Those enjoying the party were: Mssr. and Mms. Donnie Clayton, W. D. Holt, Ed Jones, Donald Kelley, Jimmy Stephens, Franklin Starkey, Jimmy Winder, Clifford Hopping and Mms. Pauline Hucks, Myrtle Clayton and the Bakers.

the following members were selected for the ballot by a Nominating Committee composed of Buck Medlin, Brewer Gage, Ray Axtell, W. O. Jones and Thurlio Branscum:
District No. 3
Clarence Hamilton
Orville Cleavinger

District No. 6
Chester Settitt
Tom Bogard

Other nominations may be made from the floor of the meeting. The nominee must live in the district in which he would serve.

The highlight of the program will be address by Jerry L. Anderson, Assistant to the Manager of the National Rural Electric Cooperative Association in Washington, D. C.

A special feature, of interest to all members, will be a one-chance drawing for \$100. credit to be applied on electric billing. The selection will be made from a container with EVERY MEMBER'S NAME in it. If that person (or a member of that household) is not present, the credit will increase to \$200 to be drawn for at the next annual meeting. There will be only ONE name drawn! You do have to be present to win. Also, over \$700.00 in door prizes will be given away to those members holding the lucky tickets.

Everyone is urged to attend this meeting and to take part in the business session, associate with friends and neighbors and enjoy the happy atmosphere that goes with drawing for door prizes. Refreshments will be served by the Muleshoe High School Home Economics Department.

Jones And Eagle On Injury List - Springlake

Gene Jones, son of Mr. and Mrs. J. E. Jones, Springlake, was injured Tuesday when another student was practicing the shot put, and the heavy piece of equipment hit Gene on the back of the head.

He was taken to Dr. Holt's office where 10 stitches were required to close the wound.

He returned to classes Wednesday morning.

Konnie Eagle, son of Mr. and Mrs. Jimmy Eagle, who received a back injury last fall, when he fell on the school trampline, is wearing a back brace under doctor's order. He visited his doctor Monday, where the brace was fitted.

Lamb County Teachers Meet Monday Evening At Olton

The Lamb County teachers met Monday evening in the Olton school cafeteria with Cecil Slover, president, presiding.

John Lawrence, Springlake, gave the invocation, and the welcome was delivered by Joe Turner, Olton, Dave Tullis of Littlefield gave the response.

Entertainment was supplied by a girl's trio of Olton High School.

A delicious dinner was served by members of the Olton Future Teachers of America.

Mr. Slover introduced new teachers in the county system, Roy Stevens, Littlefield, introduced the county board members.

A short report was given on

TSTA legislation to be proposed.
Mrs. Linnie Campbell, Olton introduced the guest speaker, Tom Parrish of Wayland College who spoke on "American Heritage."

An election of officers for the next year was held. Elected to office were Mrs. Linnie Campbell, Olton, President; Mrs. Marie Smith, Spade, 1st Vice President; Mrs. Olan Hathaway, Littlefield, 2nd Vice President; and Mrs. Lola Sanderson, Springlake, secretary-treasurer.

Benediction was led by Mr. Turner of Sudan.

Approximately 250 teachers, husbands and wives attended. Twenty Springlake faculty members were present.

Flagg Resident Held In Muleshoe Jail For Murder

Charges of murder with malice aforethought were filed in Justice Joe Vaughn's court in Muleshoe February 12 against John Edward Cusher, 22, of the Flagg community in connection with the death early Tuesday morning of Bobby Glen Noah, 27.

The complaint alleges that Cusher fatally injured Noah February 10 by "driving an automobile into and over" Noah at Noah's father's home five miles south of Muleshoe.

Noah died at 7 a. m. Tuesday morning in the West Plains Hospital of injuries received in the affray. Dr. W. F. Birdsong said death was due to a fractured pelvis and internal injuries.

Judge Vaughn set bond at \$2,500.

Sheriff Dee Clements said the two men, both Indians, were employed on a ranch, near Dimmitt. The two men got into an argument Sunday outside the elder Noah's home. Cusher jumped into an auto and "ran down" Noah.

Cusher was unable to remember what the argument was about. He was unable to make bond immediately and was returned to the Bailey County jail, where he will be held until he is tried in the next district court.

SPORTS

Springlake Wolverettes, Sudan Tied for First

If you didn't attend the district tournament in Hale Center you missed some thrilling play on the part of the Springlake Wolverette Basketball Team. I for one am very proud of this little team in every way. They play with determination, sportsmanship, and played their hearts out for their high school. The Earth-Springlake area should be very proud of this Green and Gold team.

Their first game was with the Kress Kangaroos. Doubtless since they had already proved they could beat this team they seemed to go into the game with the knowledge that they could do it again, and they did. Springlake won over Kress 52 to 38.

Kress and Springlake tied up in the 1st quarter 13 to 13.

It looked as though the two teams would come up neck and neck the rest of the game. Each team fought hard for an early lead. Carolyn Gregory, 41, made 6 points in the first quarter; Julia Jones, 33, came in for 5 points; and Bethie Dent, 21, bagged in 2 points. Mahagan, Saul, and Campbell made the 13 points for Kress.

Springlake leaped ahead of Kress in the 2nd quarter.

Gregory made 2 points, Jones 4 points, Dent racked in 7 points. Kress had 8 points.

These were made by Mahagan with 2, Saul 6, and Campbell made 1 point. The score at the end of the half, Springlake 26 and Kress 21.

Two of the Wolverine players fouled out in the 3rd quarter and it looked as though Springlake had met its Waterloo. But the team seemed to sense that they would have to try harder and pull together.

Even without Bethie Dent, 21, forward, and Barbara Barlow, 43, guard, the team played wonderfully. Brenda Townsend 15, went in for Bethie and Helen Phillips 31, went in for Barbara. The Wolverettes made 14 points, Gregory made 8 and Jones made 6 points. Mahagan hit for 2, Saul 3, and Campbell 3 totaling 8 points for Kress. Rosa Boutke, 33, fouled out for Kress in this quarter. The score at the end of the 3rd quarter, Springlake 40, and Kress 29.

In the fourth quarter, Peggy Upchurch, Springlake guard, went in as forward. Dwala Boone 23, guard, fouled out and Ilene Angeley 11 and Prada Kay Sanders 45 went in as guard.

The Wolverettes put on a beautiful show of dribbling, and the amazing happened. Peggy Upchurch made a goal with her eyes closed while making a free throw. Peggy is one of the Springlake guards.

Carolyn Gregory made 7 points, and Julia Jones 4, making the total scoring for the Wolverettes 52. Mahagan 47 and Saul 21 fouled out for Kress in the fourth quarter. But before they did, Mahagan made 2 points and Saul 6 points. Campbell made 1 point for Kress after the other two starting forward had fouled out.

The score at the end of the game, Springlake 52 and Kress 38.

Carolyn Gregory was high point girl for Springlake with 23 points, Julia Jones made 19, Bethie Dent 9, and Peggy Upchurch, 25, made 1 beautiful point.

For Kress, Saul was high point girl with 18 points, Mahagan and Campbell made 10 points each.

The second and most important game was with the Sudan Hornets. The Hale Center gymnasium was filled to overflowing. Chairs were set up but some people were still standing. When both teams ran out of the dressing room the roof seemed to raise with the shouting from both sides. Other schools were also represented and each one was yelling for their favorite.

When the game started the spectators seemed to sense that this was a blood game and each team was out to get the other.

Sudan was determined to get district and Springlake was determined to give it all they had to stop the stinging Hornets team. At the starting of the game Springlake had lost two district games one to Sudan the other to Kress and Sudan had come out with the round robin. If Springlake could win first place then they would be tied between the two teams.

Springlake grabbed the lead in the first quarter 15 to 10.

Carolyn Gregory made 4 points, Julia Jones 5, and Bethie Dent 6 points. Barbara Barlow 43, Peggy Upchurch 35, and Helen Phillips 31, were the starting guards for the Springlake team. Glenna Gatewood 12, and Judy Sterr 20, made 4 points each, and Nancy Williams 50, made 2 points for Sudan.

The 2nd quarter saw the Wolverettes still ahead. The Green and Gold forwards were hitting hard and fast to stay ahead. The Hornets and the Wolverettes came out even at

far as shooting is this 2nd quarter. Each team at 13 points, Bethie Dent 21, made 11 beautiful points, Carolyn Gregory came in for 2, and Julia Jones made 6 points for Springlake. The Hornets 19 points were made by Judy Sterr with 9, Glenna Gatewood 4, and Randa Mudgett made 6 points. The score at the end of the first half Springlake 34 and Sudan 29. In the 3rd quarter the two hard hitting teams came out with 14 points each. Sudan (Cont. to page 5)

A Topnotch Job By Gallant Wolverines

This year has been a good one for the Springlake Wolverine Team. They were beaten twice. Once by Hale Center and by Farwell. They had a 6-2 record for the season. In the district tournament held at Hale Center, they lost to Farwell, knocking them out of the race for district champions. The team is losing three Senior players, who will be graduating. We will really miss these three boys.

Boyd Lee Clayton, 17, is one of the boys to graduate. He has attended Springlake School all of his 12 years. During his high school career, he has been on the student council and in the Letterman's Club. In sports he has participated in football, basketball, track and golf. He is Senior Class Favorite, Basketball King, a "B" honor roll student, and was all district guard defensively and offensively.

After graduation, he plans to enroll in Abilene Christian College.

The basketball captain, Lonnie Dale Dent, 17, is leaving us also. He has played basketball

for 6 years, and has attended the Springlake School system for 12 years. He has also played football 4 years, track 3 and golf for the past 3 years. Dale was on the Student Council his first, second and third years in high school. National Honor Society in both junior and senior years, Letterman's Club sophomore, junior and senior years, and a member of the FFA during the Freshman and Sophomore years. Dale was

named Mr. Personality last year, and also Friendliest during the junior year. He was selected to all district football squad during his second and fourth years, and was placed on the All South Plains 2nd Team, is Football King, Football Captain, Mr. SHS and Campus favorite during this Senior year. Dale's future plans are to attend college. Our boy, Wallace Gayland Stephens, 18, has attended the

Springlake School for 5 years. He is in the National Honor Society and has been in football for 3 years, basketball 3 years, track 2nd and 3rd year, Junior play and the Speech play. He was awarded the General Science award during his freshman year, and had perfect attendance his first, second and third years in high school. His future plans are to get married and farm or ranch.

SHS Junior High Teams Take First Place Honors

Not much is ever said about the Springlake Jr. High Teams. The future Wolverines really made a good showing at the Amherst Tournament held February 14th through the 16th.

The boys' first game was with Farwell. The boys bested the Farwell Steers 21 to 13.

In the first quarter, the Wolverines made 7 points getting the lead from Farwell. Armstrong, 25, made 3 points, J. Stockstill, 35, and Davis, 27, hit for 2 points each. Farwell made 1 point. It was made by Schell.

Springlake, still hitting hard, made 6 points in the 2nd quarter. Armstrong, Stockstill and Messer bagged 2 points each. Making the score 13 to Farwell's 6 points. Fields made 4 points and Schell 1 point for the Steers.

The 3rd quarter saw Springlake and Farwell come out even in their hitting. Springlake's Armstrong hit for 4 points, and Messer for 1. Schell made 1 and Sullivan and Norton hit for 2 points each. The score at the end of the 3rd quarter, Springlake 18 and Farwell 11.

Holt made 2 points and Armstrong 1 in the last quarter for the Wolverines, getting them the victory 21 to 13. Sullivan, of Farwell, made 2 points.

High point man for Springlake of the court. Later, she was moved to the hospital for a check-up. She's in fine condition at this time and is looking forward to playing Sudan again and hoping to WIN DISTRICT. The score at the end of the game--Wolverines 63 and the Hornets 62.

Bethie Dent, 21, sophomore Springlake forward, broke the record with the most points per game with 31. Also, the Wolverines broke their record with 63 points, the highest score ever made by the Wolverettes. Carolyn Gregory made 17 points and Julia Jones hit for 15 points. Springlake made 18 field goals and 27 out of 43 free throws. Bethie Dent hit 13 out of 17 free throws. Carolyn Gregory made 5 out of her 12, and Julia Jones hit 9 out of 12 free shots for the Wolverettes. Guards playing for the Green and Gold were Barbara Barlow, 43; Peggy Upchurch, 35; Dwala Boone 23; and Helen Phillips, 31.

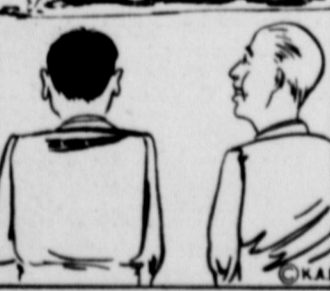

Candis Mudgett was high point girl for Sudan with 23 points. Judy Sterr had 21, Glenna Gatewood 16 and Nancy Williams made 2 points. The Hornets made 22 field goals and made 18 out of 27 free throws. Hayes and Ford fouled out for the Black and Gold team in the fourth quarter. Guards for Sudan were Kathy Barnett, 22; Kandy Miller, 24; Linda Williams, 40; Hayes, 44; Ford 14 and Logan, 34.

I can't express how proud I am of the 1962-63 Springlake Wolverettes Basketball Team. Support them, for they deserve and need it.

lake for Springlake was Logan Armstrong with 10 points, Stockstill 4, Messer 3, and Davis & Holt made 2 points each.

Fields and Sullivan both had 4 points for high. Schell made 3 and Norton hit for 2 points.

Springlake Jr. High boys' second game was against Cotton Center. A better showing was made by the Wolverines with the score 31 to 23.

Logan Armstrong made a beautiful 7 points in the first quarter. Parish hit for 5 and Stockstill made 1 point for the Green and Gold team. Again, Springlake took the lead 13 to 7. Ahrens made 2 points and 5 points were made by Williams for Cotton Center.

In the second quarter, Cotton Center out-shot Springlake by 1 point, but they couldn't shake the lead from the Wolverines. Davis came in for 2 points, and Stockstill for 3. Cotton Center's points were made by Williams with 4 points and Wood had 2. The score at the end of the first half, Springlake 18 and Cotton Center, 13.

The future Wolverine team hit for 7 points in the 3rd quarter, giving them a 7 point lead over Cotton Center. Parish hit 1 and Armstrong, Davis and Stockstill came in for 2 points each. Cotton Center had 5. These were made by Burnett and Nixon. The score at the end of the 3rd quarter, Springlake 25 and Cotton Center 18.

In the final quarter, Springlake made 6 more points, thanks to Armstrong, Messer and Holt who had 2 points each. Cotton Center's 5 points were made by Barnett, Burnett and Williams. Springlake won with the score being 31 to Cotton Center's 23.

just couldn't make up for the 5 point lead. The Wolverines were trying hard to keep up their attack. Bethie Dent made 9 points, Julia Jones hit for 3, and Carolyn Gregory made 2 points. Sudan's 14 points were made by Judy Sterr with 6 points and Glenna Gatewood and Candis Mudgett made 4 points each. The score at the end of the 3rd quarter--Springlake 48 and Sudan 43.

The Wolverines were playing their hearts out. Each player was exhausted with only their school spirit and beating Sudan on their minds. The last quarter was the longest and most exciting. The spectators were going wild. But the players seemed to have nothing less than FIGHT--KEEP GOING--WIN-WIN-WIN--on their minds. Carolyn Gregory, high point girl in most of the games,

made 9 points, Julia Jones made 1 and Beth Dent made 5. Candis Mudgett made 13 points, Judy Sterr 2 and Glenna Gatewood 4 points for Sudan.

Carolyn Gregory, hanging on to her last bit of strength, made the last 2 points in the game, giving Springlake the victory. The players and spectators alike ran out on the court congratulating the Green and Gold team. Girls were crying and laughing for joy. Carolyn Gregory, completely exhausted, collapsed, and had to be carried to the hospital.

Lazbuddie News.

By Mrs. C. A. Watson

Mr. and Mrs. T. O. Lesley, Linda, Hazel and David were honored with a farewell party Friday night in the Hub Community Building. About sixty people gathered for the event with gifts and refreshments.

Mr. Lesley was presented with a fine plaque from the local Farmers Union for his outstanding work in the organization. The Lesleys have bought a farm near Spearman and are moving there. We are sorry to see them go, but hope they like their new home.

Richard Chitwood, 1962 hon- or graduate of Lazbuddie High School, now a freshman at Texas A & M, was honored at the sixteenth annual luncheon, sponsored by the Cattlemen's Magazine in Ft. Worth Monday January 28. Chitwood was among the 1,000 Stock Show exhibitors and industry representatives to attend the Banquet. Richard is Vice-Chairman of the Texas 4-H Council. He was presented with a leather plaque by the Texas and S.W. Cattle Raisers Association. Mr. and Mrs. Dee Chitwood, Jr., parents of Dick, were also guests at the luncheon.

A 17-year old Latin American youth of near Lazbuddie, together with two other teenagers, of near Friona, have confessed to last Saturday night's break-in at the Elk Drive in Theater in Friona. The main things missing were several cartons of cigarettes, according to Farmer County Sheriff Lovelace.

Several Lazbuddie folks were named on Petit Jury to meet at the courthouse Monday. They are Mrs. Davis Guley, Mrs. Dee Brown, Lee Mason, J. D. Mabry, C. A. Watson, Claud Blackburn, Mrs. J. H. Clay and Mrs. Olen Ivy.

The FHA girls assisted by their teacher, Mrs. Walton, entertained the girls' mothers with a tea Valentine Day in the Home Ec Building.

Several folks from this area attended the REA meeting in Morton Friday. Among those receiving door prizes were Mrs. C. D. Gustin, Mrs. Leon Lewis, Mrs. Eubanks and Mrs. Jerold Jesco.

PCG Plans Tour Of Georgia Textile Mills

The Plains Cotton Growers, Inc., has announced plans for another textile mill tour by cotton growers, ginners and other interested persons of the High Plains area. The tour this year will be to the mills in the Augusta, Georgia area.

George W. Pfeiffenberger, PCG Executive Vice President, said the tour is scheduled for February 26-28 and will cost approximately \$150 per person. Wives are invited to accompany their husbands.

The PCG will sponsor the tour in cooperation with the American Textile Manufacturers Institutes. Arrangements will be made for a chartered airplane that will seat approximately 50 people.

"This tour will help in better understanding the utilization of cotton," Pfeiffenberger said. "We think area farmers, ginners and others will come back from the tour with a better picture of the overall cotton situation and of cotton's competitive position in the textile industry."

The tour last year was to the P. H. Hanes Knitting Company in Winston-Salem, N.C., and Fieldcrest Mills in Spray, N.C. It was considered a complete success. Mr. F. M. Jack, Carlisle ginner, said after returning: "I think we can more readily understand now how cotton can price itself out of the market if price relationships with synthetics get too far out of line."

Leroy Durham, Plainview farmer, remarked as the group was returning from Winston-Salem, last year: "Any cotton growers who takes advantage of an opportunity like this to tour textile mills will never be sorry. This has been one of the most enlightening tours that anybody who deals in cotton could make."

Ronald Weaver, Petersburg ginner and another participant in last year's trip, stated: "This tour should make us want to produce and gin better quality cotton on the South Plains. More quality improvements would mean that mills would buy increasing amounts of our cotton."

Pfeiffenberger said that this year's tour will afford an opportunity to meet many users and potential users of High Plains cotton. It could generate more interest in area cotton on the part of mills, he added.

One mill to be visited will be the Graniteville Company's plant near Augusta, Mr. J. B. Kyser, an official of the mill, reported on a visit of ATMI officials to Lubbock and the High Plains last year, that the firm buys about 100,000 bales of area cotton each year.

Fluorescent powder, a material often used in law enforcement, now is used by scientists in tracking boll weevils.

The technique was developed at the South Carolina Agricultural Experiment Station and with it workers are able to "tag" weevils with a coating of the powder and find them after they are released in fields.

An ultraviolet light is carried at night by workers and any weevil in its glow will light up, allowing researchers to see the insects from as far as 12 feet away. They can even be seen through a young, thin cotton leaf, according to scientists.

Even the path taken by the boll weevils will show up, allowing study of their movements on the cotton plant. The powder has no apparent physical effect and remains effective for more than three months.

1963 National Maid Of Cotton Will Visit In Lubbock March 3 - 5

Shelby Smith, the 1963 National Maid of Cotton, will visit Lubbock March 3-5 for a round of personal appearances and a style show, it was announced by the Maid of Cotton Committee of the Lubbock Chamber of Commerce.

The 23 year old Albuquerque New Mexico Miss won the title on December 28 in Memphis, Tennessee. She was the New Mexico Maid of Cotton entry in the Memphis competition.

After winning the national title, she appeared at the Cotton Bowl game in Dallas on New Year's Day and then flew to New York where she spent a month preparing for her national and international tour. While there she was fitted and photographed in her all-cotton wardrobe created by New York's leading designers.

On January 24 she started in a fashion show at the Waldorf Astoria during the annual meeting of the American Soap and Glycerine Producers Association where representatives of the fashion press, the textile and soap industries previewed her washable all cotton wardrobe.

Miss Smith's appearance here is being sponsored by the Maid of Cotton Committee of the Chamber of Commerce. A special sub-committee is coordinating her round of personal appearances here. The sub-committee is headed by George Pfeiffenberger, executive vice-president of the Plains Cotton Growers Association.

The "red carpet treatment" will be accorded Miss Smith when she arrives at Municipal Airport on the afternoon of March 3. She will appear in a sored by Hemphill-Wells. She is the daughter of Mr. and Mrs. Howard W. Smith of Albuquerque. He is manager-president of a moving and storage firm. Shelby has one sister, Sherron, 16.

Lubbock is the smallest city the Maid will visit while on her tour. Other Texas cities she will visit are Houston, San Antonio, Dallas, and El Paso.

She is a graduate student and biology lab assistant at University of New Mexico in Albuquerque, working on her master's degree. She is a member of Kappa Kappa Gamma social sorority; Phi Sigma biology honorary; Dean's List; Honors program; has modeled and given modeling instruction; lectured

Grade Record To Be In Permanent Files At School

Mr. John Lawrence, principal of Springlake High School, reports that an expansion on the graduate follow-up program is forthcoming.

A permanent file on each Springlake graduate will be available at the high school office for future reference.

When a student graduates and enters a college or university, a record of his or her college academic grades will be entered in a personal file and can be located quickly.

For instance, if a college student, seeking employment, needs to inform a prospective employer of his grade eligibility, a check with the Springlake office, would save valuable time.

on fashion to sororities and women's clubs. She has lectured and given lab demonstrations on various aspects of radiation and radiobiology.

For hobbies, Miss Smith likes all sports, including ice-skating, swimming, golf and bowling; modern dance; sports cars; likes to read historical novels and collect paintings.

On January 28 the 1963 Maid of Cotton opened her official tour of the United States, Canada, and Europe in Montreal. During her four-month domestic tour she will visit 30 cities. In

New Orleans, a Maid of Cotton Handicap race will be run in her honor. In Washington, she will be guest of honor at a Congressional Reception. The week of May 13-18, the new Maid will take part in the gala festivities of the Memphis Cotton Carnival. On June 1, she will fly to Europe where her tour will include stops in Spain, Italy, and West Germany.

The Maid will travel with cotton fashions created for her by 31 of America's top designers, including a group of cottons "touched with silver" in honor of the 25th anniversary of the Maid of Cotton promotion. In addition, McCall's pattern designers have created a 1963 Maid of Cotton pattern wardrobe.

Cokesbury's, in Dallas, Texas, is the biggest book store in the nation.

Springlake High School Enrolls New Students

A number of new students are attending Springlake High School this semester, reports John Lawrence, principal. They are Carol Cole, a former Springlake student, recently of Childress, Tex., Doyle Winkels, Anson, Tex., Bobbie Smith, Cash, Ark., Terry Hargrove, Lazbuddie and Ivy (Butch) McGeath, recently discharged from the armed forces and a former Springlake student.

Texans Warned Of Savings Bond Chain Letters

The U.S. Treasury's State Savings Bonds Director, J. L. Adams, cautioned Texans about becoming involved in chain letters or similar schemes.

He stated that the Treasury Department disapproves of the use of Savings Bonds and Savings Stamps as prizes or awards in lotteries or games of chance involving the element of personal profit. "This has been a policy of long standing," he pointed out. The Treasury has no objection, however, to the use of Savings Bonds and Stamps in contests of knowledge or skill, such as quiz

programs and athletic events, that prompted Adams' words of caution were reports of a resurgence of chain letters involving the use of U. S. Savings Bonds. Wherever the plan has been started in a town, banks have reported a quick depletion of the \$25 and \$50 Savings Bonds being used.

Adams pointed out that the Treasury's objection is based upon consideration of public policy and in no way involves the legality or illegality of this or any device or method employed.

"The purchase and distribution of Savings Bonds through the so-called 'chain-letter' arrangement, which has been brought to my attention by personal inquiries to the Treasury Department, is contrary to the policy of the Treasury's intended purpose for which such Savings Bonds are sold by the Government.

"United States Savings Bonds are issued by the Treasury to permit our citizens to invest

Texas Highway Department Grooves Road For Safer Driving

An expressway in San Antonio is safer now because the Texas Highway Department has found a way to make drivers "stay in the groove" in wet weather.

With diamond-bladed rotary saws the department sliced small grooves in 244,557 sq. feet of Interstate Highway 35, a strip which one had the highest wet-weather accident rate in San Antonio.

Until the Highway Department took saws to the problem, accidents had almost tripled in two years' time on the expressway section between Broadway and South Flores St. Accidents had jumped from 42 in 1959 to 120 in 1961.

Engineers tried roughing up the unusually slick pavement with acid, resins and slurry seal with disappointing results. Then the Research Section of the Department's Highway Design Division at Austin suggested striating the strip with grooves 1/8 inch deep and 3/16 inches apart.

Accidents were reduced dramatically. During a 7-day period of rainy weather last November, not one accident occurred on the treated strip. Nearby on a stretch of similar distance on the same expressway, 12 vehicles were involved in skidding accidents during the same period.

Subsequent tests on the pin-striped highway indicate wet weather stopping distances are significantly reduced by grooving. Before the longitudinal saw cuts were made, it took 94 feet to brake to a stop in wet weather. Now it takes just 72 feet. Dry weather stopping distances remain about the same.

But in both wet and dry highway conditions, test drivers and through their savings put aside regularly something for future use and benefit. It is my understanding that this present scheme serves no such purpose.

Adams would still like to see Savings Bonds purchased by thousands of Texans in every bank; however, he wants them to be purchases for themselves and their loved ones as "gifts today for a brighter tomorrow."

"Let me put it this way—if your car were a horse, it would have to be shot."

ers report, vehicles always skid in a straight line when braking on the grooved expressway. Before grooving, they say, vehicles were frequently wrenched out of the lane by quick-stop skidding.

Highway officials think the saw cut project is paying off quickly in a savings of property and human injury. They feel they have made an important beginning toward eliminating the menace of highways with abnormally high slick-when-wet coefficients.

General Telephone towns on the move

Things are happening in General Telephone towns—big things.

On Highway 290 near Sonora, Texas, the new tourist facilities at the Caverns of Sonora are a typical example.

This masterpiece of Nature, 60 million years old and still in the making, is now attracting thousands of people. Tourists from all over the Nation are visiting, spending money, and adding a new factor to the local economy.

General Telephone towns are on the move. Local resources are being developed, new industries are coming in. If your town seeks additional information about this expansion, we are at your service. Just write our Community Development Dept., Box 1001, San Angelo, Texas.

Kin Of Resident Is Accidentally Killed By Gun

Roy Lee Cruce, 38, Swisher County farmer, was found shot to death at noon, Tuesday February 5 on his farm northeast of Tulia.

He had evidently attempted to climb through a 4-strand barbed wire fence, with his rifle. The body was discovered by an employee of Cruce, near a pickup. The motor was still running when his body was found.

Justice of the Peace D. J. Northcutt returned a verdict of death by accidental gunshot.

Cruce was a brother-in-law of Mrs. Pat Montgomery of Earth.

Services were held at the Tulia Central Church of Christ with burial in the Rose Hill Cemetery under direction of Wallace Funeral Home.

Survivors include his wife, Margie, two daughters, Margaret and Elda, both of the home; his parents, Mr. and Mrs. L. R. Cruce, Plainview; two brothers, M. T. of Tulia and James of Kress; four sisters Mrs. Albert Scribner, Olton, Mrs. Prather Standefer, Midland, Mrs. Escoj Noblett, Plainview, Mrs. Charles Bacon of Lubbock and two step-children, De Lynn and Louise Qualls.

Mr. and Mrs. Pat Montgomery attended the services.

Those not present are: Valentine Garcia, Galen Bock, Ramero Montalanga, Alton Holland, and Jonnie Dye.

Springlake Colored School News

We think that our Scout family has the most fun... We collected \$12.50 for our "March of Dimes Family Scout Rally" and gave it to the Lamb County Red Cross, through the Earth Lions Club, the last of January. The family representatives who have already paid their fifty cents are Mrs. Joe Hill, Mrs. Alice Brown, Mrs. Estella Thomas, Mrs. Julia Mae McFadden and Mrs. Juanita Renfro.

BOY SCOUT SERMON

The Boy Scout Annual Sermon at the First Methodist Church in Earth was enjoyed by Cub Scouts, Willie Wilborn, Leo Brown, Bill Thomas; Boy Scouts Tim Ray Matthews and O. C. Thomas; and Explorer Isaac John Osborne and their leaders, Mr. and Mrs. U. S. Osborne and Mrs. Estella Thomas, and the pastor of the Mt. Zion Baptist Church, Rev. Harris.

Since Boy Scout Sunday also includes "Brotherhood Week", the pastor had a beautiful service with brotherhood sentiments throughout the service. The second part of the Methodist Creed was read, showing that the Methodist Faith attests to the brotherhood of man.

After the readings, the pastor preached an able sermon on how people should strive to live together. He showed us our little petty prejudices that exist in families as well as in the same race and other races, and said that with the help of God, and our continued striving, we will overcome it some day.

THE USE AND CARRYING OF THE TEXAS FLAG

We usually study the U. S. constitution every Boy Scout Week, but this time we added the displaying of the Texas flag alone and with other flags. We discovered that the "Texas Anthem" is also very pretty.

VALENTINE PARTY

The whole school enjoyed Valentine Day, but the Scouts and Explorers had a "Breakfast Dance" popcorn, heart candy, with Valentine verses, jelly beans and ice cream sandwiches and soda pops. We had two record players and records galore.

GETTING READY FOR THE CIRCUS

We are now making ready our skit and costumes for the Scout Circus in Lubbock and hoping we can make some money from the ticket sales for our Scout Family.

DISTRICT SCOUTMASTER'S VISIT

Leading up to Scout Week, Mr. Cesare A. Buzzitta, the District Scout Master gave us a visit. He did "rope tricks" for our entertainment and answered our many questions. We have never enjoyed or benefitted from an unannounced official visit so much. We gave him our hardy goodfellow yell, "Ho, Ho, Sho Joe."

TV pictures we enjoyed during Boy Scout week were "Denise the Menace's Cub Scout, Cowboy and Indian Rain Dance", and where William Frawley (Bub) in "My Three Sons" was

acting as Den Mother, because none of the mothers would volunteer for the job.

By Cub Scout Billy Ray Thomas Scout Charles Ray Brown Explorer Isaac John Osborne Willie Ray Johnson, now at-

tending Littlefield High School is the son of Mr. and Mrs. Willie Oscar Johnson of Springlake. He won seventh place pennant and the money prize for displaying his Duroc hog in the 4H and FFA Lamb County Livestock Show, Saturday February 16 in Littlefield. His hog was bred by R. L. Eym, Jr. of Springlake. Willie Ray also won the privilege to wear the Littlefield High School Freshman football sweater and is trying out for track. He received his

Boy Scout Soil Conservation and Rabbit and Pigeon Raising badges while attending our school.

"Of the many remedies that won't cure a cold whiskey is by far the most popular."

Car Owners Are Urged To Have Autos Inspected

"With the deadline for obtaining inspection stickers drawing near, only 27% of the vehicles in Lamb County have been inspected," Capt. Alan Johnson, Motor Vehicle Inspection Supervisor of the Texas Department of Public Safety, said this week.

Unless the number of inspections is increased appreciably soon, long waiting lines will be forming at inspection stations when the April 15 deadline approaches. "The authorized inspection stations are ready and capable of handling the inspection of Texas registered vehicles without delay if owners will not wait until just a few days before the deadline," Johnson said.

"Any driver operating a vehicle registered in Texas, that is required to be inspected, on public roads after April 15 will be operating in violation of the law," he said.

Captain Johnson called attention to the fact that since the beginning of the inspection program, vehicles having a defect that was a causative factor in fatal accidents decreased from 13% to 4%. "The purpose of the Motor Vehicle Inspection Program is to discover any mechanical adjustment which might become a link in a cycle of events leading to an accident and, by removing the link, prevent the accident," he pointed out.
