How It Looks From Here

By RAY FREEDMAN

Every year, and indeed all year, our local merchants are called upon to donate, contribute, support and participate. These merchants are expected to participate in any and all fund raising programs generated by the schools, churches, and local organizations.

When the FFA and 4-H need buyers for their project animals in the annual stock show, it is business who puts up the major share of the over \$40,000 that was contributed.

When new band instruments and uniforms are required, local merchants do more than their share in support of these programs.

Each and every small town business learns very quickly, that to stay in business, they must have a tremendous feeling of community responsibility. This community responsibility is not simply a project of the businessman. We are all involved as citizens of the community. We need to show these merchants and businessmen that we have not forgotten all they have done for us. When we as citizens have needed a helping hand, we have always been

SEE PAGE 8

Chamber Of Commerce

The Earth Chamber of Commerce met December 6 at the Citizens State Bank. Twenty-one people were present.

A lengthy discussion was presented on the business of numbering the houses and area businesses. Fran McCarty will pursue this further. Schools and churches will be contacted and plans will be finalized on the basis of numbers and presented to the organization.

A report was given on the Christmas lighting. A report on the Chamber of Commerce buying an office building was discussed. Larry Tunnell gave the financial statement on the approximate cost and layout of the building. The motion to table this report until the next meeting carried.

The Chamber of Commerce quarterly breakfast was discussed. The motion by Ray Freedman to have a "Nuddy Breakfast" January 5, 1979 at 7:00 a.m. carried. The breakfast will be held in the community building. Each member will bring a guest who is not a member. Members who are not present must pay a penalty of \$5.00.

A letter will be sent to each Chamber member 2 weeks prior to the breakfast. It will also be advertised in the Earth News Sun until January 5.

Minsky McCarty gave a lengthy and interesting report on the prospect of a doctor and pharmacy in Earth. He will report more later.

The meeting was then adjourned.

Ambulance Fund

The Lamb County Commissioners Court has appropriated funds for new ambulances for Earth, Sudan and Olton. These new units should be in operation after the first of the year. In addition to providing funds for the purchase of these ambulances, the county will also pay the insurance premiums on the units and later, provide radios.

The City of Earth will house the ambulance stationed here. The city will also provide the maintenance and upkeep on the ambulance. In addition, the city will handle the bookkeeping and collections for the use of the ambulance.

The Earth Fire Department has agreed to let the ambulance service use the existing "fire phone" system for calling the ambulance. Stickers with this information will soon be distributed in the area. These stickers can be affixed to telephones.

There are several trained people in the community that are willing to staff this ambulance. Ideally there will be trained personnel on every ambulance call.

There is need for a communication system to contact the people who will respond to an ambulance call. Several systems have been proposed and the most promising one is the use of portable pagers to alert the people.

The ambulance will also need some additional equipment that will not be provided by the County. This includes additional bandages and dressings and some specialized equipment the personnel have been trained to use.

The people of this area have been extremely open-handed and generous with both time and money when the occasion has made it necessary. We hope that this need for additional equipment for the ambulance will call forth this same wonderful response.

Fund Raising

The Lamb County 4-H Clubs will start a fund raising activity on December 1 thru December 20 to provide funds for a number of 4-H activities.

The 4-H clubs will be taking \$1.00 donations for a \$100.00 gift certificate redeemable at J-Bar-N Boot Shop and Western Wear in Littlefield. Drawing for the gift certificate will take place at the store in Littlefield on December 20 at 3:00 p.m. Also a \$25.00 gift certificate also redeemable at J-Bar-N Boot Shop and Western Wear will be given to the 4-H member who sells the most tickets.

Proceeds from this fund raising activity will be used for 4-H members to camp and for other various 4-H activities.

Basketball

November 20-The Wolverettes opened their 78-79 season on a winning note over Amherst, 72-34.

Christie Pittman led all scores with 20 points. 14 of those were at the free-throw line. Lindsey Field had 11 and Sharon Jackson had 12.

The defense was just as impressive as offense. The defensive standouts were Jeanne Haydon and Sue Jones. J. Haydon had 3 steals, 4 tie balls and caused Amherst 6 turnovers. S. Jones also had 3 steals and caused 4 turnovers.

November 21-Even though the Wolverines lost to Shallowater 50-40, there was much improvement. We moved the ball better and took better percentage shots from the floor.

High scores were Christie Pittman with 13, and Sharon Jackson and Sue Jones had 8 apiece.

Defense looked better, but we lacked on rebounding and careless mistakes cost us the game.

SEE PAGE 3

School Board Agenda

The Springlake-Earth School Board of Trustees will meet in regular session Monday night, December 11 at 7:30 p.m. in the Conference room of the High School building to consider the following agenda.

1. Approval of minutes of the November meeting
2. Approval of bills
3. Enrollment
4. Hearing-PTA
5. Consider letter of request relative to use of gym.
6. Approval of textbook committee
7. Maintenance-Replace windows
8. Building and remodeling
9. South Plains Association of School Boards membership
11. Evaluation and Employment of personnel
11. Adjournment.

Notice

All Young Homemakers are urged to attend the Christmas tea at the Homemaking Cottage Monday, December 11 at 4:00 p.m.

Baby sitters will be available.

Band Boosters

Jimmy Craft presided over the meeting of the Band Boosters, on December 4th.

It was announced by Ricky Mitchell that the Band Concert would be Wednesday, December 20th.

A report from the committee meeting with Bill Mann was given. A fund of approximately \$8000 is available for band uniforms. This is the 10th year that the suits have been in use and it is time to order new uniforms. Jeannie Clayton, a member of the committee moved that a uniform committee be appointed. Naomi Brown seconded and the motion carried.

SEE PAGE 3

All District Honorable Mention

BYRON VAUGHAN

MELVIN JAMES

The selections for All District and Honorable Mention have been named. This years team was dominated by District Champion, Vega. The Longhorns place 13 members on the two All District teams. This years SLEW CREW placed 4 members on the Honorable Mention Unit. They are: Byron Vaughan, Offensive Lineman; Steve Monreal, Linebacker.; Rudy DeLeon, Center and Melvin James, Defensive Back.

The CREW had to suffer through a long year, but in those contests, each player gave his all to boost a solid team effort. Through these efforts, these players have been recognized. The town has much to be proud of in these young men, and in those players who were not on the list. Each one should be proud to have been a member of the 1978 SLEW CREW, and should look forward to a great year next year, as it will be the year of the CREW Reign.

Coach of the Year

Jimmy Duncan

STEVE MONREAL

RUDY DeLEON

Player of the Year

Randall Galbraith, Vega

Punters, Mark Owens, Farwell, Ronny Clary, Vega; Ends, Jessie Rodriguez, Vega, Les Newbill, Vega; Tackles, Tim Artho, Vega, Troy Mitts, Kress; Guards, Kyle Montgomery Vega, D.D. Foster, Farwell; Center (Tie), Mac Lanford, Farwell, Richard Lowe, Bovina; Quarterback, Randall Galbraith, Vega (Unanimous); Runningbacks, Joe Rodriguez, Vega, (Unanimous); Rick Jones, Vega, Eddie Johnson, Kress, Ruben Salazar, Bovina, Bowdy Chandler, Farwell.

Defense, Gary Cannon, Vega, Richard Lowe, Bovina, Ronnie Williams, Vega, Kelly Todd, Kress, David Steechman, Bovina, Fred Fangman, Vega, (Unanimous), Rowdy Chandler, Farwell, (Unanimous), D.D. Foster, Farwell, Pat Ware, Bovina, Ruben Salazar, Bovina, Timmy Williams, Kress, Bob Groves, Vega, Joe Rodriguez, Vega; Kicker, Ronnie Cary, Bovina, (Unanimous).

PTA Meeting

The Springlake-Earth PTA met Tuesday night, November 28, in the school cafeteria.

Business transacted was the voting on the question of having a schedule change for the hours at the school.

In the vote, the PTA approved going to a 6 period day. All but one member voted for this change.

Changing to a 0 period day received 0 votes and leaving the schedule as it was received 1 vote.

South Plains Health Services of Plainview presented a program on "Teenage Problems."

Art Show

There will be a one man art showing in the home of Mr. and Mrs. Calvin Wood, Saturday, December 9 from 11:00 a.m. to 3:00 p.m.

The artist featured paints under the name of Joanie Stockstill of Dallas. She is a former area resident.

Everyone is invited to attend.

8th Grade Wins

Springlake-Earth 8th grade Wolverines started their basketball season well beating a good Bovina team 40-34.

In the 1st few minutes of the game both teams scored well working the ball and not having any turnovers. Both defense were holding and both teams had to work for shots. Bovina missed a couple shots during the 1st quarter and S-E took advantage of this, at the end of the first quarter, S-E led 8-4. The second quarter S-E started fast breaking more and running on Bovina and their strategy paid off by out scoring them 12-6 bringing the half time score to 20-10.

During the 3rd quarter many substitutions were made by both teams with many new players working the ball.

Bovina tried to make a comeback during this period out scoring S-E sub. 10 to 7.

During final period of play, both teams scored 13 points apiece in a run and give exhibition, which was quite thrilling quarter to see. There were many turnovers on both sides and plenty of action but with S-E coming out on top in the end.

Next game will be at Kress, 1st game starting at 5:00 Monday, December 11.

Scoring for S-E Lorenzo Monreal, 12 points; Danny DeLeon, 4; Hector Flores, 2; Joe Olivera, 8; James Price, 6; Maurice Hood, 6 and Rocky Lunsford 2.

Letter To The Editor

Dear Editor,

I attended an A.A.M. meeting at Shallowater on November 30th. We discussed what happened at the State Farm Bureau meeting this week. We were disappointed that our Farm Bureau supported the Dole Bill which had been dead since April 12, 1978. We had asked for support of the Noland Bill since the Dole Bill was killed.

We are asking that the Department of U.S.D.A. enforce the 90 percent of parity that is written into the 1977 Farm Act. We believe the group who wrote the 1977 Farm Bill (before the AAM ever began) knew we would have to have 90 percent of parity to stay in business, or this clause would not have been in it.

We had a meeting at the Willie Room November 30 at 7 a.m., coffee and donuts were served to 25 farmers.

We need some farmers to go to A&M Conference on December 3, 4, and 5th. The purpose of this Summit meeting is to discuss how the U.S.A. can live with 250 thousand farmers, and what to do with the 2 million who will be eliminated. Our Secretary of Agriculture will be speaking at this meeting.

At our meeting we also discussed the parity Tractor Cade to D.C. in January. We are still in need of financial help. We are planning 5 tractors from this office. We need some more pickups, camp trailers, and men or women to help drive.

If you want to help call Jerry Cox, Bula; Don Printice, Spade; Duane Gray, Fieldton; Tommy Wheatley, Earth; telephone 965-2448 or Oscar Tomlinson, Littlefield.

We have some more of Gerald McCathern's books, From the White House to the Hoosgow, for sale.

The A.A.M. are now selling tickets on an all cotton western suit donated by Ware's Department Store.

We need the rummage sale items brought to 601 Delano Ave. before December 15th. It will help if you price your items before bringing them. If you need help contact Mrs. Jerry Cox, Bula; Mary Beth Willey or Oscar Tomlinson. With your help this will be a successful project.

Yours truly
Oscar Tomlinson & The AAM

Dear Editor

In a recent issue of the Earth-News, Mr. Riley, president of the Board of Education, told us of the virtues of the seven period day, as well as how much better off our children are at school than at home. In Mr. Riley's lengthy discussion he answered a lot of questions, but some of us taxpayers would like for him to answer some more questions. The School Board and administration are supposed to represent and work for the taxpayers. Why don't they do this? The taxpayers send word to the administration and School Board as to what they want by means of petitions and phone calls, and they in return tell the parents that they know what is best for us and our children. Who is representing whom?

Another question to be answered concerns the building of the new three hundred thousand dollar (so I hear) building at school. Some taxpayers are still not aware that their money has been spent for a new Superintendent's office and chorus room. Where did the money come from? Why weren't the taxpayers informed or asked if they wanted the new building? Our enrollment has dropped somewhere in the neighborhood of 30 percent in the past few years, and here we are building a new classroom and a new office for the Superintendent. Did the Board give the taxpayers a chance to voice an opinion on this large expenditure of tax money? I think the Board should quit playing follow the leader and start representing the taxpayers. Perhaps if our board members were elected by a simple majority vote instead of appointed by the Superintendent we would be represented.

Another question, Mr. Riley, would you tell the taxpayers the salary and benefits of Mr. Mann? Most schools publish this in the local newspaper, but I have never seen this information published. I think the taxpayers are entitled to this as well as the length of

CHECKING FOR SAFETY—Interest paid on bonds often reflects the degree of risk involved. Another way of estimating the safety of an investment is by referring to bond rating services such as Moody's and Standard & Poor's, which periodically assign ratings to each entity that issues bonds for public sale. A rating of AAA is the highest expression of confidence that a rating service gives and a rating of A or higher is considered to represent a reasonably safe investment.

STOCKS VS. BONDS—A bond differs from a share of stock in that the former represents a loan on the part of the bondholder, while the stock represents part ownership in the issuing company. Bonds pay interest at regular intervals and as a rule are considered safer investments than most stocks. But a low-rated bond, in the C or D category, may in fact pose a greater risk than to many stocks.

his contract.

I know that running the school is a big job that requires a lot of time and study. This school belongs to the taxpayers—not the Superintendent and School Board. Why can't the Board work with the taxpayers and parents for the betterment of our school and improvement of community relations? We would all be better off.

Name withheld upon request

Cotton Prices Higher

Prices High Plains cotton growers received were \$9.75 to \$11.25 per bale higher the week ending November 23, according to Paul R. Dickson, Area Director at USDA's Marketing Services Office in Lubbock.

Growers sold mixed lots of mostly grades 42 and better, staples 30-33, mikes 3.5-4.9 around 59.10 cents per pound. New crops lots of mostly grades 43 and 53, staples 30 and 31, mikes 3.5-4.9 brought about 54.00 cents per pound, Dickson said.

High Plains Marketing Services Offices graded 9,100 samples this week, bringing the season's total to 184,000. This compares with 1,503,000 graded by November 24 last year, according to USDA's Agricultural Marketing Service.

Predominant High Plains grades this week were 41 at 14 percent, grade 51 was 13 percent, grade 42 accounted for 38 percent, and grade 52 was 17 percent. Seventeen percent were reduced one grade because of bark.

Staple lengths were mostly staple 31 at 17 percent, staple 32 was 29 percent and staple 33 accounted for 29 percent.

"Disco-Fashions"

"Disco" fashions bring glamour to the holiday clothing scene, says Nancy Brown, clothing specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

"DISCO" LOOK

The dominant "disco" look is a dress length, side-slit tunic over skinny pants.

Scarf-wrapped hips and kimona coats accent this look, she continues.

"DISCO" FABRICS

"Disco" fabrics sparkle and shine, but they are also soft, sensuous and body-clinging.

Popular choices include charmerise, crepe de chine, satin, lacy knits and matte jersey, the specialist suggests.

Or, mix fabrics for interest, such as lame with tweed, lace with

leather and satin with suede.

"DISCO" COLORS
Colors for "disco" holiday attire are soft, muted and low-keyed, such as mauve, plum, iris, orchid, berry shades, plus lots of black and white combinations.

"DISCO" COATS
"Disco" coats feature unstructured lines, quilting or quilting trim, she points out.

"TUXES" FOR LADIES

"Disco" ladies also wear "tuxes" in satin, wool, crepe, velvet and moire.

They are wearing tucked, bib-front shirts accented with jewel-like buttons and cufflinks.

"Tux" jackets are short and flattering, ranging from spencers over cummerbund-topped pants to waiter and bushy looks.

Tux-cut jackets are not only worn with pants, but also with skirts to make a restaurant suit.

String or bow ties complete the ensemble, the specialist adds.

Save 50% to 75% of the electricity normally used in cooking!

Radarange Model RR7D
in the line by **Amana**

Here's the fastest, most efficient, energy-saving way to cook! Cook family-size roasts in minutes instead of hours. Thaw frozen foods, reheat cooked dishes unbelievably fast. Most foods cook in 1/2 the usual time with 50% to 75% savings on electricity you normally use in cooking. All the heat goes into the food, none is wasted!

• Pull down see-through door with electric lock • COOKMATIC Power Shift™ • Start switch, Stop switch and Light switch • Cooking indicator dial light • Removable oven tray • Many more work-and-time saving conveniences.

*Comparison test figures were made by leading West Coast and Mid-West utilities and Amana Ann Arbor/Regor Test Kitchen using the appropriate conventional cooking in an electric oven, range top or electric fry pan.

Ball

Page 1)
 28-The Springlake-Earth Wolverettes easy win over Amherst 74-46.
 The game went like this: Pittman 30 points, Field 10, Clayton 8, Been 4, Sue Jones 4, and Jackson had 2 each. Shooting wise at this time we were very impressed. Very few schools have the potential from the outside like we have. We're more aggressive, fore and turnovers are better.

29-The Wolverettes brought home this last week end after participating in a tourney.
 We were a little disappointed in the Wilson game by 1 point. But the Wolverettes showed good for they were trailing by 11 points with 30 seconds left and in the last seconds had a 10 only to have a lax on defense to give them a winning basket in the final 12 seconds.

Wolverettes kept their chance for a place in the as they won their 2nd game beating Guthrie. They had fewer turnovers, more rebounds and a better hustle.

Consolation game of the tourney we faced, by far it was the best game of the year for us. Defensively we played solid forcing turnovers and at same token we cut ours in 1/2.
 Pittman was up to form shooting 14 of 18 and had a total of 26 points. Lesa and Carrie Been did a super job picking up rebounds and playing super defense. When the girls Pittman and Field got in foul trouble, we're improving game after game and by we will be a contender.

7th Grade Loses

Bovina 7th grade outshot S-E 7th graders to win Monday night, 23-14. S-E started out cold not being able to hit the basket while Bovina shot well and moved the ball well.

S-E defense was unable to stop their penetration down the middle with their 1-2-2 zone. Being their first game of the season or in competition, they were slow in moving their feet. At the end of the first half the score was 13 to 8 with Bovina never trailing.

The second half was much of the same with the young Slew Crew being unable to stop Bovina or to mount a drive for themselves.

All in all it was a good learning experience for them with room for improvement with more experience.

Next game with Kress there starting time at 5:00 Monday, December 11.

Scoring for S-E Jon Bailey, 11; Jeff Hamilton, 6; Charles James, 2; Stephen DeGrate 2; Mark Jordan 1 and Wade Kelley 2.

Band Boosters

(Cont. from page 1)

Appointed to the committee were Ricky Mitchell, Charlotte Cain and Jimmy Craft. These people will select the uniform style, get estimates of cost and present the facts to the school board.

Ricky moved that we spend \$5000 on the band trip and let each student work out value of \$50.60 or contribute that same amount to the fund. Evelyn Verden seconded and the motion carried.

The treasurer's report was \$2824.20.

Naomi Brown encouraged all parents working on the Arts and Crafts Bazaar to meet at 10:00 a.m. Friday morning in the community center at Earth. Student's may also have parents bring breakable items at this time.

It was mentioned that the Band Boosters only pay for jackets for 4 year band members. Letters will be given to all students for awards. Younger students may purchase a jacket if they desire.

Olive trees sometimes live more than one thousand years.

Parents

Help

Parents help create a self-image, both positive and negative.

Many adults, that fortunate, because they must spend a great deal of time undoing a poor self-image that was formed during childhood. To build a self-image, parents must learn to understand and respect their children's feelings.

It is not easy, to understand our feelings and about ourselves, especially when we are strongly influenced by interactions with other people, especially in childhood.

One of our beliefs is that we are and we think people about us are formed early in life.

Children internalize the beliefs as the "way" to think and before he has the ability to reason and make decisions about his life.

These decisions about his life are reinforced and over by family members, especially parents, and by other people.

Unfortunately, many parents reinforce a negative feeling about their child in children's lives, even when they are doing well.

Parents and other people who criticize and label a child as "bad", "slow", "thoughtless" or "stupid" can block that child's development.

They can block his development of self-esteem and independence.

They also can block the building of a positive self-image, a belief in himself that is so necessary to success in life and in life.

In addition, well-meaning friends and other adults can encourage feelings of respect by constantly comparing one child to another.

Associations with parents, teachers and other people in the community also affect a child's feelings of self-esteem.

These interactions in the community probably will influence the positive or negative feelings and beliefs the child has been instilled at home, according to Dorothy S. CEA.

MRS. DANIEL MAY
(nee Vicki Watkins)

Ceremony Unites Miss Watkins, May

A double ring ceremony united Miss Vicki Lynn Watkins and Daniel Scott May on September 16 at 7:30 p.m. in the First Baptist Church with Rev. Charles Dunning of Petersburg officiating.

Miss Watkins is the daughter of Mrs. Jackie Denham and the late Ralph Denham of Earth. The bridegroom is the son of Mr. and Mrs. Donald T. May of Muleshoe.

Musical selections of "You Light Up My Life," "The Lord's Prayer," and "The Wedding Prayer," were played on the organ by Sharon Tunnell and sung by Marie Slover.

Pew markers of frosted globes, yellow bows and springeria lined the aisle to the altar. Spiral and cathedral candelabrams with salal and comadore fern accented with yellow candles centered the altar. Arrangements of white gladiolas, yellow fuyii mums and yellow and white daisies were used in the setting. The memory candle of lace on lace enhanced the altar decor.

Escorted and given in marriage by her uncle, L.G. Galloway of Earth, the bride wore a long white gown of organza with a sabrina neckline trimmed in chantilly lace ruffles over a fitted bodice of organza. The long sleeves were trimmed in layered lace ruffles. A tier of layered lace flowers held the veil which flowed into a chapel length train. The skirt had an organza ruffle, trimmed with chantilly lace, and the full skirt was trimmed with lace. For something old, the bride wore a sapphire ring belonging to her late grandmother; something borrowed was a gold bracelet belonging to Margaret Hicks, aunt of the bride; something

baskets with yellow and white bows filled with rose petals that were dropped down the aisle.

Dennis Parker of Canyon attended the groom as best man. Groomsmen were David McVickers of Muleshoe and Clifton Meyers of Lubbock. The groom wore a tuxedo of pastel yellow with a matching yellow Bently shirt. The groomsmen wore pastel yellow tuxedo jackets with dark yellow pants and white shirts trimmed in yellow.

Clay Bulls of Earth carried the rings and Scott Campbell of Muleshoe and Melinda Denham, sister of the bride from Earth served as candlelighters. Scott was also attired in a tuxedo as of that of the groomsmen and Melinda wore a matching dress as of the bride attendants.

Ushers were Greg Welch and Micky Price, both of Earth, Chuck Smith of Muleshoe and John Bickel of Lubbock. Cindy Pena of Muleshoe was seated at the registry table.

The mother of the bride wore a formal length beige dress with a matching cape trimmed in pink lace. Mrs. May wore a formal length pink lace dress with a modified jacket of pink lace. The bride presented each mother with a long stemmed yellow rose.

A reception followed the wedding in the fellowship hall of the church. The bride's table was laid with a white lace cloth. The three tiered bridal cake was topped with frosting flowers. Pittsopium, leather leaf fern and fresh white roses and daisies encircled the cake. Crystal appointments were used and the punch bowl was encircled by fresh flowers. A formal arrangement of yellow roses and yellow and white daisies highlighted the table.

An ecru cloth covered the groom's table. An arrangement of butterscotch, yellow and orange mums, in a brown ceramic duck with protea accents were used and German chocolate cake was served. Helping with the reception were Dene

Wendborn and Matt Patterson, both of Earth and Melzine Elliott and Ruth Malone of Muleshoe.

For her traveling attire, the bride wore a white tailored pantsuit with a waistline jacket with pink, yellow and green embroidered pockets.

Following a wedding trip to Ruidoso, N.M., the couple will make their home in Progress.

The bride is a graduate of Springlake-Earth High School and attended West Texas State University.

The groom is a graduate of Notre Dame High School in Wichita Falls and attended Texas Tech. He is a co-owner of Decorators Nursery and Floral.

Out of town guests were Margaret Hicks of San Antonio, Beulah Danforth and Mr. and Mrs. Bill Damron, all of Brownfield and Rev. and Mrs. Charles Dunning of Petersburg.

Vicki Norland Honored

A wedding shower honoring Mrs. Richard Thomas Nordland, nee Vicki West was held in the Community Room of Citizens State Bank Saturday, November 18th.

Punch and an assortment of dainty cookies were served from a lace covered table bearing a beautiful yellow silk rose arrangement flanked by smaller rose stemmed arrangements.

The new bride was presented a corsage made of an assortment of kitchen utensils made by Ann Kelley.

Out of town guests were Ann Jones, Carlene Ross and JoAnn Martin. Hostesses for the event were Ann Kelley, Leola

Karen Lively Honored

Paul Lively was Saturday, December 2 with a lovely shower in honor of Mrs. Kenny Lively. The party was held at the home of Mrs. Kenny Lively with a pair of red poinsettias and decorated the dining table. Serving table was with a beautiful trimmed cloth and decorated with a large Christmas candle and red and green Christmas cookies. Assisting with the party were Mrs. Wendy Brantley, Mrs. Kathy King and Mrs. Hamilton. The home was decorated with the theme of Lively honored her secret grandchild she had during high school years. They were with a Maude Stout, Estelle Bearden, Lee Truelock, Alice Martin. Martin was unable to attend. Town guests included the honoree's mother, Mrs. Ziss of Hale Texas and her sister-in-law, Mrs. J.D. of Olton. Others included Mrs. Farmer and Angela of Lubbock and Savannah Killough. The hostesses for the party were Jeanette Dorothy Wood, Anderson, Judy Jean Craft, O'Hair, Jeanna Alene Griffin, Grace Griffin, Sanders, Fern Vernie Bearden, Banks, Nobie and Evelyn Deloris Gover.

Leola Sprayberry, Lucy Brock, Jackie Freeman, Connie Lewis, Joy Hawkins, June Parish, Debbie Haberer, Evelyn Verden, Sharon Hamilton, Jessie Kinison, Noel Pittman, Mary Murrell, Betty McAlpine and Louise Galloway. Others were Jerry Hinchliffe, Beverly Taylor, Evanel Winders, Joye Crane, Pat Lewis, Lillian Hamilton, Becky Burum, Ann Kelley, Fran McCarty, Joy Haberer, Roberta Taylor, Joan Branscum, Wendy Branscum, Joy Runyon and Elaine Been.

GIVE "BEARER" BONDS SPECIAL CARE—Special care should be taken to safeguard a "bearer" bond, which is not registered in the name of its holder. Such bonds are fully negotiable and difficult to trace if lost or stolen.

HD News

The Springlake Home Demonstration Club met Thursday, November 30 in the home of Mrs. Leon Foster. The program was presented by Carolyn Boleyn, police woman from Littlefield Police Department, Crime Prevention Unit. The hostess gift was received by Mrs. Hilbert Wisian. Refreshments of fruit salad, banana nut bread with whipped cream, spiced tea and coffee were served to Mrs. T.V. Murrell, Mrs. Hilbert Wisian, Mrs. A. Hollingsworth, Mrs. Herman Cooper, Mrs. Myrtle Steinbock, Mrs. Mae Boone, Mrs. Dorothy Powell, County Agent, Carolyn Boleyn and hostess Mrs. Leon Foster. The Christmas luncheon will be held Tuesday, December 12 at 12:30 p.m. in the home of Mrs. Hilbert Wisian.

INCOME STABILITY—When investing for steady income, remember that as a rule bondholders can depend upon interest payments to a greater degree than stockholders can depend upon dividends. The reason: interest on bonds represents payment of a debt at a fixed rate; dividends represent distribution of profits, which can vary dramatically.

Profiles and Things

by don watkins

I like to believe money earned by or donated to the many charitable organizations in this nation is put to good use. I also want to believe the greatest portion of this money is channeled to the proper outlets; that it is being used to help those in need, whether it be financial, physical, or mental.

That it does I sometimes wonder. This is not being negative or is it casting aspersions on any charitable or service institution. Simply that I don't know and ignorance creates suspicion.

Inversely, knowledge and experience allays doubt, and there is one service club, which happens to be the largest in the free world, for which I can wholeheartedly vouch. Let me quickly say I am not a member nor is any member of my family. There are no ulterior motives to what I say EXCEPT to render some small service to an organization that has done so very much for so very many.

The Lions Clubs of the free world have helped thousands upon thousands of people, young and old, rich and poor, black and white. Ethnics do not enter into any side of the commendable and humane benefits provided for these thousands of people.

A Chinese proverb says that one picture is worth a thousand words. Never has a proverb been proven more true. If people could drive to Friendswood, Texas to see for themselves the length to which the Lions go to aid diabetics in this ONE CAMP ALONE, there would be no need for this to be written.

Or let anyone drive to Kerrville and see the camps for the cripple, the blind, and again the diabetics, and the written word would pale before the actual scenes. The organizations of these camps is phenomenal; the staff's highly intelligent and mercifully compassionate; the benefits to be gained can be measured to the Nth degree.

Needless to say I have seen the facilities at both Kerrville and Friendswood. The joy they give to pained and needy children is indescribable. Lessons taught to these unfortunate young people are invaluable, not for a mere two weeks, but for a lifetime.

There is no question the expense is staggering when one considers the vastness of the operations. But I believe the Lions organizations afford these wonderful camps due to their sharp management; e.g.; every dollar earned or donated goes directly to the programs for the needy and not one cent is sidetracked by needless bureaucratic red tape.

I realize there are countless organizations in the states asking for money for worthwhile projects. I also realize in these inflationary times it is difficult, if not impossible, to donate to all. But I have no qualms whatsoever in asking people that when the time comes, that they buy those brooms, bulbs, mitts, or any other item the Lions will be selling. I KNOW the money is put to excellent use.

CHERRY DENT

Engagement Told

Mr. and Mrs. T.C. Dent of Lubbock would like to announce the engagement and approaching marriage of their daughter Cherry Faye of Midland to Mr. Ronald Willard Eaton, also of Midland.

Grandparents of the bride are Mr. and Mrs. C.H. Dent of Earth and Mr. and Mrs. Frank Bozman of Lubbock.

Miss Dent is a graduate of Lubbock Christian College. Mr. Eaton is a graduate of Midland College. She is a music teacher for Midland Independent School and he owns a Western store in Midland.

The vows will be read at Golf Course Road Church of Christ in

Midland, December 22, 1978.

Beautify Texas

Citizens of Earth and the surrounding area are invited to attend an informal meeting and training program conducted by leaders of the Beautify Texas Council (BTC).

The meeting beings at 1 p.m. on Tuesday, December 12, at the Garden & Arts Center, 4215 University, in Lubbock. Coordinator of the meeting is Latrelle (Mrs. Rodney) Joy, District Governor of the Beautify Texas Council for the Lubbock area.

Leading the discussion will be the president of the statewide Beautify Texas Council, George McKinney of Dallas. "This will not be a meeting to discuss what YOU should be doing...it is to discuss what WE could be doing to further our organization's cause of a cleaner, more beautiful state," he reported.

The Beautify Texas Council, a statewide, totally-volunteer, nonprofit organization conducts a statewide awards program, the "Governor's Community Achievement Awards", to stimulate cleanups and beautification programs at the grassroots. Thousands of Texans and hundreds of Texas communities, from the smallest to the largest in population size, have participated in the awards program, with cleaner cities and towns in Texas as a result.

For more information on the December 12 area meeting in Lubbock or further activities and programs of the Beautify Texas Council, citizens are urged to contact BTC District Governor Latrelle Joy, 3321 55th Street, Lubbock, or telephone the Beautify Texas Council via the toll-free Watts line: 1-800-252-9642.

AVOID PENALTY FOR UN-
DERWITH-
HOLDING—At this time of year it might be worthwhile to make a quick calculation concerning your 1978 income taxes: will the taxes withheld from your paychecks cover less than 80 percent of your total tax bill? If so, you might wind up paying a penalty for underwithholding. The problem perhaps can be eliminated by having your employer increase withholding from your last few paychecks in 1978. If you have declarations of estimated tax, you can increase your final payment. *****

Order Your Share NOW
Most good farmers don't wait until planting time to buy Pioneer-brand seed... not anymore.
The best farmers seem to think that having the seed with the greatest potential is too important to leave to chance. So ordering next year's seed as soon as they've seen the year's results is becoming a habit... practically a tradition.
Why? Because, when you compare Pioneer performance to brands that are always available and compare the advantages of ordering early to the disadvantages, you've got to pick up the phone and call a Pioneer dealer.

AND TO CAP IT OFF—Pioneer will acknowledge your early order by sending you a sprightly green, foam-lined gabardine cap.

SHIFTING PRODUCTIONS—If you are planning to take the standard deduction on your 1978 return, you might want to put off January some billing that could increase your deductions in 1979. For example, charitable contributions, emergency medical dental services and certain state and local taxes represent expenses that might defer until after the New Year. Doing so might help save

taxes if you decide to itemize deductions for 1979.

TRY TO COLLECT— If you are planning to claim a bad debt as a 1978 tax deduction, be prepared to show that you made a serious, unsuccessful effort to collect what is owed you before the end of the year. That is one of the requirements for establishing that the debt went bad in 1978.

MUNICIPALS NOT FOR EVERYONE— State and municipal bonds are exempt from most income taxes but pay a lower rate of interest than many corporate and federal issues. If you are in a modest income bracket, it may not pay to concern yourself with the tax advantages of municipals. Some federal treasury bonds and many

high-rated corporate bonds can pay as much as three percent more than municipals.

Looking for a Christmas gift idea with a special ring to it?

This Christmas, why not surprise someone you love with a very special phone of his or her very own. We have so many different ones to choose from. Each with its own unique style and character to express the person (and personality) you have in mind. You'll be dazzled by the choice of colors too. So if you're searching for a Christmas gift that says something special, call your General Telephone business office soon and we'll help you find just what you're looking for.

"WE DO BUSINESS THE WAY TEXAS WAY"

How It Looks

(Cont. from P-1)

able to find it. Now it is time for us to help that helping hand. There is ample parking in down town area and the selections of merchandise will more than equal that of Lubbock and Amarillo and some of the larger cities that seem to draw our shopping dollar during the holidays.

Lets show these hard working businessmen that we are aware and thankful for their "contributions to Community Awareness."

A study by the General Accounting Office "shows conclusively" that paperwork demands the Federal Government makes on U.S. businesses "add significantly to inflationary pressures in this country."

According to the study, federal agencies themselves estimate that they require businesses to spend 69 million hours filling out 2,125 different kinds of forms at a cost of over \$1 billion a year.

This represents "only the tip of the burden iceberg," the study says, since it includes only those agencies that must clear their paperwork demands through GAO or the office of Management and Budget.

Specific examples of reporting requirements by federal agencies include:

- *1.9 million "Census of Wholesale Trade, Retail Trade, and Service Industries" reports sent out annually by the Department of Commerce which, they estimate, require 45 minutes each to fill out;
- *600,000 "Plan Description Reports" sent out by the Department of Labor which require 160 minutes each to fill out;
- *4,160 "Standard Broadcast and FM Station Program Logging Rules" from the Federal Communications Commission which require 4,380 hours each to fill out;
- *and 100 "Passenger Origin-Destination Survey Reports" from the Civil Aeronautics Board which require 1,000 hours each to fill out.

The deeper we go, the more ridiculous it gets.

We continue to mention in this column, the ever-increasing acts of vandalism to both private and public property.

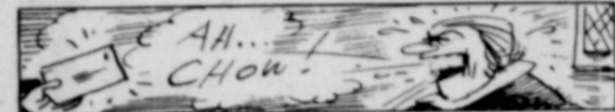

In this ever increasing "civil rights" society, the rights of the criminal is continuing to be broadened and the rights of the law abiding citizen are ever on the decrease. The crime rate has been increasing steadily over the past 15 years and the penalty for criminal action has been dwindling during the same period of time.

There was a time when we never even thought of locking our homes when leaving for the evening nor locking the car when parked downtown. Now it seems that the doors must be

locked and the police constantly preach that we are responsible if someone steals from our unlocked car. What a sad commentary on the individual rights when the criminal ends up in the right simply because we failed to properly "protect" our property.

Seems like anymore, the "in" thing to do for our youngsters (and as evidenced by recent occurrences some older children) is to see what destruction can be committed both on private as well as public property. Evidence if you will the want on destruction of the Community Activities sign that was provided by local merchants. Not one week goes by that several of the letters are not destroyed by individuals tossing large rocks at the sign.

We had an interesting dilemma on our hands the other day. Southwestern Public Service Office in Earth had failed to renew their subscription to the newspaper and were subsequently discontinued after several notices were mailed. Our problem was that when they came in to renew, after not receiving the paper, we did not know if there should be a charge added for "reconnect". We decided not to but it did present interesting conversation.

In old England, it was believed sneezing on Wednesday meant a letter was coming.

TEACHING SIGN LANGUAGE TO STAFF MEMBERS SO THAT THEY CAN WORK WITH THE DEAF IS ONE OF THE PROGRAMS AT THE TELECOM THAT IS HELPING THE HANDICAPPED LEAD FULLER LIVES.

The South American country of Brazil derives its name from the reddish tree the Spanish and Portuguese call Brazilwood.

Second Glance

By Leon Watson

across this article in an issue of "American Agriculture". It is titled "What happened to American Agriculture?" by Nicki Nellis.

has happened to American Agriculture? reports that the farm strike has lost momentum, that has overgrown the strike signs.

says the leaders are at odds with each other, and quotes Schroder and Bud Bitner as saying things that seem contradictory.

Denver Post copyrights a story saying that emerging conservatism (in other words, the economic talks and general Commission talks) in American Agriculture is striking.

the national meeting in St. Louis, the United Farm Press runs downstairs before the meeting is over and calls press release to UPI (written by AAM) in hopes that the Farm Press will get a byline on the story.

ated Farm Press discovers a difference of opinion among supporters and moves in with a monthly giveaway publication purporting to be the voice of American Agriculture, and quoting some as saying we don't need parity and attacking the Nolan Bill at a time when American Agriculture is actively lobbying for the Nolan Bill in Washington. National companies decide to back this publication by advertising in it. (Olin company's Ammo Phos fertilizer. Olin's fertilizer profits are down, we learn from her story.)

Public Relations companies think American Agriculture can afford a sophisticated, expensive PR campaign.

Engineering firms want to do business with AAM to manufacture gasohol.

These services burn with reports that American Agriculture is losing labor.

These services burn with reports that the AAM-AFL-CIO union is off.

USDA issues a report that production is down, but American Agriculture can't take the credit.

Auto manufacturers caution the public that it might cost \$5 to \$75 to modify their carburetors to burn gasohol, all while readying plans to have a manufacturing plant ready and if gasohol breaks.

USDA issues press releases saying gasohol will never be used besides, the farmer couldn't grow enough crops to it.

opper car shortage materializes, and try as they may, they can seem to get grain transported. Meanwhile prices go down and foreign markets wither.

Bergland assures the world that Russia will have high grain this year, and there is no world demand for a lot of grain.

Local sheriffs come out and tell American Agriculture that if this or that, they will call out the National Guard.

They infiltrate meetings and release slanted reports of that American Agriculture is up to, including verbatim remarks

made by leaders as jokes, quoted out of context.

Farm Bureau attacks American Agriculture, labor, and the consumers, blaming them for all the nation's economic woes.

The USDA harps on sharply rising food prices. Barry Bosworth and Robert Strauss vow to keep the lid on.

President Carter starts a campaign to get the American Cattleman to rebuild his herd, only weeks after opening up beef imports.

USDA reassures farmers that prices are higher than last fall, and tells them they are doing fine.

Oil companies start a PR blitz that they can make alcohol cheaper out of coal than grain. (They own the coal mines.; the government vows to "study" gasohol, apparently forgetting they made it during the war.)

AAM leaders' remarks fly over the wires, many times before internal communication is complete, leaving the impression that information is being withheld. The leaders' every move is scrutinized, analyzed, speculated upon, much as a Hollywood columnist speculates on the love life of the stars.

When you wear your strike cap, people stand away and eye you in silence. You don't know if it is disgust, disbelief, or awe.

Questions are raised about where all the money goes, and AAM is criticized for spending their money lobbying.

A sordid picture is painted of American Agriculture. It has been falling apart or dead for several months, according to the major press. Yet, if it is dead, why do they have to keep reassuring themselves that it is dead?

What has happened to American Agriculture?

Simply this. American Agriculture has become famous. American Agriculture is having an impact. American Agriculture is hurting those who have been hurting American Agriculture.

From Your Agent

STALK DESTRUCTION IMPORTANT CORN BORER MANAGEMENT TOOL—Problems with southwestern corn borers this season could mean more trouble next year unless certain cultural practices are followed.

Cultural practices such as winter stalk destruction by double disking or chiseling are the most reliable management tools to minimize losses next year due to this pest. Mature borer larvae overwinter at or near the base of the plant crown. If left undisturbed, they have an excellent chance of surviving the winter. However, any tillage practice that exposes the tap root to freezing weather will decrease corn borer survival. Tillage done as late as February on the High Plains will still greatly reduce overwintering populations.

Producers planning to graze out their stalks should still consider some type of cultivation which will expose stubble roots. Grazing itself will not reduce the number of corn borers that emerge in the spring. The earlier this is done, the greater chance of still encountering weather cold enough to kill the borer larvae.

If corn stubble is not tilled in time to expose larvae to freezing weather, deep breaking will afford some control. Deep breaking often buries the borer larvae

too deep for the adult borer moth to emerge in the spring.

We need area, or community, wide stalk destruction to help minimize the impact on this pest next season. Without area-wide tillage, moths from neighboring unplowed fields will infest all other corn fields in the area, negating the total management effort.

ARSENIC ACID SURVEY—Cotton producers are urged to respond to a survey by the manufacturer of arsenic acid and to give their opinions regarding the benefits of the chemical for continued profitable cotton production. Arsenic acid has been used as a harvest-aid chemical in areas where cotton is stripper harvested. However, the Environmental Protection Agency is now demanding more evidence on the benefits of the chemical before permitting further registration.

A hangnail is not so called because it hangs. It just hurts. "Ang" in Old English meant "pain."

French legend has it that a red man appeared to Napoleon and foretold his downfall.

How It Looks

(Cont. from P-1)

able to find it. Now it is time for us to help that helping hand. There is ample parking in down town area and the selections of merchandise will more than equal that of Lubbock and Amarillo and some of the larger cities that seem to draw our shopping dollar during the holidays.

Lets show these hard working businessmen that we are aware and thankful for their "contributions to Community Awareness."

A study by the General Accounting Office "shows conclusively" that paperwork demands the Federal Government makes on U.S. businesses "add significantly to inflationary pressures in this country."

According to the study, federal agencies themselves estimate that they require businesses to spend 69 million hours filling out 2,125 different kinds of forms at a cost of over \$1 billion a year.

This represents "only the tip of the burden iceberg," the study says, since it includes only those agencies that must clear their paperwork demands through GAO or the office of Management and Budget.

Specific examples of reporting requirements by federal agencies include:

- *1.9 million "Census of Wholesale Trade, Retail Trade, and Service Industries" reports sent out annually by the Department of Commerce which, they estimate, require 45 minutes each to fill out;
- *600,000 "Plan Description Reports" sent out by the Department of Labor which require 160 minutes each to fill out;
- *4,160 "Standard Broadcast and FM Station Program Logging Rules" from the Federal Communications Commission which require 4,380 hours each to fill out;
- *and 100 "Passenger Origin-Destination Survey Reports" from the Civil Aeronautics Board which require 1,000 hours each to fill out.

The deeper we go, the more ridiculous it gets.

We continue to mention in this column, the ever-increasing acts of vandalism to both private and public property.

In this ever increasing "civil rights" society, the rights of the criminal is continuing to be broadened and the rights of the law abiding citizen are ever on the decrease. The crime rate has been increasing steadily over the past 15 years and the penalty for criminal action has been dwindling during the same period of time.

There was a time when we never even thought of locking our homes when leaving for the evening nor locking the car when parked downtown. Now it seems that the doors must be

locked and the police constantly preach that we are responsible if someone steals from our unlocked car. What a sad commentary on the individual rights when the criminal ends up in the right simply because we failed to properly "protect" our property.

Seems like anymore, the "in" thing to do for our youngsters (and as evidenced by recent occurrences some older children) is to see what destruction can be committed both on private as well as public property. Evidence if you will the want on destruction of the Community Activities sign that was provided by local merchants. Not one week goes by that several of the letters are not destroyed by individuals tossing large rocks at the sign.

We had an interesting dilemma on our hands the other day. Southwestern Public Service Office in Earth had failed to renew their subscription to the newspaper and were subsequently discontinued after several notices were mailed. Our problem was that when they came in to renew, after not receiving the paper, we did not know if there should be a charge added for "re-connect". We decided not to but it did present interesting conversation.

In old England, it was believed sneezing on Wednesday meant a letter was coming.

TEACHING SIGN LANGUAGE TO STAFF MEMBERS SO THAT THEY CAN WORK WITH THE DEAF IS ONE OF THE PROGRAMS AT THE TELECOM THAT IS HELPING THE HANDICAPPED LEAD FULLER LIVES.

The South American country of Brazil derives its name from the reddish tree the Spanish and Portuguese call Brazil, and which we call Brazilwood.

Sunnyside News

By: Teeney Bowden

Mr. and Mrs. Gary Wise were in Las Vegas, Nevada Monday through Friday to attend the National Aerial Applicator's Convention. Holly stayed with her grandparents. Mr. and Mrs. Frank Wise in Dimmitt.

Mrs. John Gilbreath, Mrs. E.R. Sadler, and Mrs. L.B. Bowden helped with the Plains Memorial Hospital Auxiliary bazaar and buffet at the Expo building Friday.

Mr. and Mrs. Eules Waggoner and Mrs. L.B. Bowden attended the Castro County Historical Museum meeting at the museum Thursday night.

Mr. and Mrs. Gale Sadler, Mrs. Larry Sadler, Mr. and Mrs. Winston Waggoner, Mr. and Mrs. Gary Nickle, Mrs. A.E. Jones, and Mrs. Randall Blanton attended the Pro-family Seminar in Dimmitt Thursday night sponsored by the Farm Bureau and the Association of W's.

Brooke Byers won 4th place in short party dress modeling in the 3-6 year division of the Miss Texas Talent, Modeling and Beauty Pageant in

Lubbock recently. Dara Loudder was one of the 13 new members of the Springlake-Earth Junior Honor Society members inducted into the society November 21st.

Mrs. Hershel Wilson broke her leg above the ankle last Sunday night when she fell on the steps of the dormitory at Tech. It was placed in a walking cast on Thursday and she was getting around on crutches Sunday.

Mrs. Roy Phelan was dismissed from Central Plains General Hospital in Plainview Thursday.

Carrie Sadler and the Dimmitt 8th grade girls basketball team won 2nd place in their tournament at Levelland Friday and Saturday. Ginny Guy and another team lost in their tournament in Tulla and Sulema Padilla lost in their tournament in Wolcott. Mrs. Larry Sadler accompanied Carrie Friday.

Mr. and Mrs. Eules Waggoner visited in Roswell Tuesday and Wednesday with their son, Dr. and Mrs. Harold Waggoner and Dalia.

They visited in Midland Friday and Saturday with Mr. and Mrs. Jesse Pharris, Randy, Russell and Kayla and Mr. and Mrs. Alan Jackson. Eules left Sunday morning for his place in Arkansas.

Mr. and Mrs. Cliff Brown and Mr. and Mrs. Winston Waggoner attended a banquet in Amarillo Saturday night.

Rev. and Raymond Jones returned home from their vacation Tuesday. They attended

services in Santa Anna last Sunday with their son, Mr. and Mrs. Eddie Jones, Ray, Darla Kay and Danna Jo, and he brought the message there Sunday night. He was pastor of the church 13 years ago.

Mission Friends met at the church Tuesday after school.

Mr. and Mrs. Cliff Brown visited in Lubbock Friday night with Mr. and Mrs. E.R. Brown.

Dimmitt Locals

By: Maxine Short

Funeral services for Albert L. Sinclair were held Wednesday in Yuma, Arizona. He passed away Friday after a lengthy illness.

Mr. Sinclair was born February 25, 1928, the son of the late Mr. and Mrs. Bryan E. Sinclair of Castro County. He was a resident of Dimmitt and the Bethel community and a graduate of Dimmitt High School.

He married Lois Virginia Book, the daughter of Mr. and Mrs. G.W. Book of Nazareth, February 13, 1956.

Mr. Sinclair had been employed as plant manager for Arizona and California Fresh Fruit and Vegetable Vacuum

Cooling Industries for 22 years.

He is survived by his wife; a son, Ross; two daughters, Simone of the home and Camille of Tempe, Arizona; two brothers, Billy Brooks of Salinas, Calif. and Iva Earl of Arlington, Virginia and a sister Dorothy Shannon of Hereford.

The Castro County Historical Museum held its regular meeting Thursday, November 30 at 7 p.m. in the museum building.

Discussion was on the recently donated building from the Flagg community, to be used by the museum in its program of preserving county history.

Details of arrangements for the annual Pheasant Hunters Breakfast to be sponsored by the Dimmitt Kiwanis Club December 9 were worked out at the club's lunch Monday in the Colonial Inn Restaurant. Placecards have been posted inviting hunters and any other early risers who want a hearty breakfast, to come to the County Expo Building for the meal beginning at 5 a.m. Key Club members from Dimmitt High School will assist Kiwanians in serving breakfast and cleaning up afterwards. Also at the Monday lunch and a preceding director's session, plans were furthered for Kiwanians to sell hunting permits on posted property west of Dimmitt, whose owners have given the club permission to handle the permits to benefit community projects.

Johnny Merritt, Key Club president, and David Montiel, lieutenant-governor for area Key Clubs, were visitors at the lunch. Montiel told of the leadership seminar to be held at Camp Carter near Fort Worth this weekend. He will attend from Dimmitt.

Bob Murdock, vice-president presided in the absence of Gene King.

Funeral services for Mrs. Etta Cowan, who celebrated her 100th birthday, October 23 was conducted Tuesday morning in the Rose Chapel of Gilliland-Watson Funeral Home at Hereford, with burial in the afternoon at Panhandle.

Mrs. Cowan, who moved to Dimmitt from Hereford in 1974 and had been a resident of the South Hills Manor, formerly lived at Panhandle.

She was a member of the Baptist Church and the funeral service was conducted by Rev. J.L. Bozeman of Temple Baptist Church at Hereford. Great-nephews of Mrs. Cowan served as

palbearers. A native of Kentucky, she was born at Fulton, October 23, 1878 and married W.A. Cowan at Panhandle in 1906. He preceded her in death in 1925.

She is survived by a sister, Lizzie Ashlack of Hereford and a number of nieces and nephews.

Hospital News Patients in the hospital are: C.W. Armstrong, Maria Barrera, Judy Birdwell, Herminia Cantu, Fernanda Casas, Choc Lay, Vernona Lee, Clyde E. McDonald, Norman Nelson, Balcario Ochoa, Donald Price, Clara Roundtree, Vicki Smithson, Joe Wall.

Patients dismissed are: Sharon Ewing, M.B. Odom, Mary Lou Salvia, Johnny Gonzales, Belen Rivera, C.F. McCormick, Loretta James, Francis Sanchez, Jovita Saiz, Ruby Harris, Linda Ramaekers, Norbert Acker, Betty Acker, Helen McLean, Olive Needham, Frank Thomas, Minnie Vaughn, Rachel Summers, Kimberly Blackwell, Ross Terry, Loretta Reyna.

Happy birthdays to: November 30-Robert Benton, Bobby Mayhew, Andres Monter, Cheryl Stinson, Michael Hochstein, Alice Hochstein, Joe Woetovech.

December 1-Debbie Dobbs, Lisa Davis, Gwen Hoelting

December 2-Meca Wilkerson, Aline Thomas, Jeanette Johnson, August Huseman, Pamela Ehly, Scott Sheffy.

December 3-Kenneth Ball, Trent Downing, Polly Simpson, Lynn West, Jim Fisher, Francis Backus

December 4-Linda Patton, Glenn Mayhew, David Hays, Frank Wise, Kenny Brockman, Lynn Ehly, Vickie Wilhelm

December 5-Tessie Newton, Scott Roberts, Elayne Hoover

December 6-Jason Long, Earl Lust, Clotee Minchew, Delores Schulte, Perry Brockman, Carol Braddock.

Happy anniversary to: December 1-Marvin and Darlene Schulte, Mr. and Mrs. Robert Huseman

December 2-Jose and Anita Aleman

December 3-Steve and Anita Bagwell

December 6-Mr. and Mrs. Virgil Justice, Lonnie and Barbara Keel.

Mr. and Mrs. Dean Nolan of Tulla announce the engagement of their daughter, Karla Jill, to Glenn Anthony Ehly, son of Mrs. Marion Ehly of Nazareth.

A December 23 wedding is planned in the Holy Family Church of Nazareth.

Miss Nolen is a Senior at Tulla High School and is employed at Taylor-Evans Seed Company.

Ehly attended Nazareth High School and is farming for his grandfather.

The Town and Country Extension Homemakers and their husbands held their annual Thanksgiving Dimmer in the courthouse assembly room.

The annual Christmas party will be held at "Somethin' Special" shop 400 West Bedford, at 11:45 December 12. Reservations for the Christmas party can be made by contacting Margaret Womack by December 8. There will be a \$4 charge for the dinner.

Planning for an area meeting of TOPS Clubs in Dimmitt next year began at a recent local club meeting as members discussed their share of host duties. The ARD convention will be held in the fall of 1979.

Date of the Dimmitt Club's Christmas party has been set for December 16 and plans are in progress for that event. The party will be at the home of Tommie Sue Petty.

Mandy Ramirez was cited as KOPS of the Week when 25 members weighed in Monday at Rhodes Memorial Library, with a total weight loss of 9 pounds, 12 ounces.

Karen Walker, lost 2 pounds, 8 ounces, was TOPS of the Week and James Slough, with a pound and a half loss, was male TOPS of the Week. At last week's meeting, a loss of 14 pounds, 8 ounces was registered by the 21 members present. Vivian Pigg, club leader was KOPS of the Week. Cindy Willis was TOPS of the Week and Duward Davis, Male TOPS of the Week.

Who's New?

Mr. and Mrs. Edward Ewing are parents of a boy, Kelby Chad, born November 16, he weighed 7 pounds, 11 ounces.

Mr. and Mrs. Alejandro Salva are parents of a boy, Enrique. He weighed 7 pounds 1 1/2 ounce and was born November 20.

Mr. and Mrs. Margarito Sanchez are parents of a boy, Jeremy, born November 20 and weighed 7 pounds, 3 ounces.

Mr. and Mrs. Henry Leonard Ramaekers are parents of a girl, Jill Marie, born November 21 and weighed 8 pounds, 9 ounces.

Mr. and Mrs. Refugio Danial Saninz of Fronz are parents of a son, Samuel Lee, born November 22, and weighed 7 pounds, 6 ounces.

Mr. and Mrs. Santiago Tamez Reyna of Bovina are parents of a boy, Martin born November 26 and weighed 5 pounds, 2 ounces.

Dimmitt police are still investigating a theft that occurred last Friday near the Dimmitt Middle-School gym. Two radio antennas were taken from a Chevrolet Blazer belonging to John Merritt, father of a Dimmitt High School basketball player, during the Dimmitt-Lubbock game. The antennas were valued at \$50 each.

Two disorderly conduct calls were made to police on Thanksgiving Day, one from Star Dance Hall and the other from Allsup's Convenience Store.

A minor traffic accident occurred Friday in the 600 block of West Jones. Police said the "fender bender" was caused by a driver failing to yield the right of way to another car.

Clothing Drive

The annual drive to provide the 370 boys Farley's Boys Ranch with a new suit or package began recently.

Providing new clothing for the boys through Christmas Suit Fund has become a favorite Christmas giving for friends of the boys who tribute \$45.00 for this purpose. Special discount Amarillo merchants and differences in price clothing for younger and older boys make the cost of \$45.00 possible. The suits replace those have been worn out or outgrown and, in many they are the first new suits some boys have owned.

"The boys get to select their own clothing Amarillo stores, and the suits will be graduating seniors next spring." Virgil Patton Ranch President, said. "A new suit is the Christmas gift a boy can receive because it is round reminder of those who really care."

Contributions to the Boys Ranch Christmas Fund may be mailed to the Boys Ranch Office, Box 1890, Amarillo, Texas 79174, or taken offices at 600 West 11th Street in Amarillo.
