Instead of lamenting over and over "what is this younger generation coming to?... we might, in all sincerity, look around and ask ourselves, the middle aged generation of this country, "What can the youth of America possibly become, having to grow up in the America we have created today?"

Everywhere there seems to be fighting. No one is satisfied. Unrest seems to be prevailing in every nook and corner of the entire globe.

In the U. S. A. we are observing more greed, hate, selfishness, disloyalty, and name calling than ever in any time of our history.

This nation's lawmakers have tolerated riots, mob violence, destruction and even death during these animal like riots, where battles flare among the flames and ruins of cities in the U. S. A.

At no other time in the history of our nation have the "men in power" of this nation sat back as though they arise powerless to stop this mess.

We have seen various cities attacked by people, who were yelling for their "rights", while destroying, looting and burning property belonging to others. What are the rights of those who conduct themselves in this manner?

They seemingly have never been told that for every "right" there is an "obligation"... Apparently, people filled with this "rights" marlarkie, have been told of their rights by people who were not in the least concerned with "rights". Had they been, they would have at least hinted about the "duties" that go with every "right".

At the same time, our governing body has allowed and encouraged (by sitting back) these dangerous things to happen in this country.

The "right" of unions to strike for more pay without obligation to earn it.

The "rights" of new nations to independence but no obligation to prove they deserve it, no obligation to use freedom for the good of mankind.

Mr. and Mrs. A. L. Davis and son, Danny, moved to Earth recently. Their address is 700 N. E. 4th Street.

Both are teachers in the elementary grades of Springlake-Earth School System for the coming year. Danny will be a student at South Plains College in Levelland this fall.

Mr. Davis has a Bachelor of Science and Master of Science degree from East Texas State University at Commerce, Texas. He also has done graduate work at Texas Western College in El Paso, Texas.

Mrs. Davis also has a Bachelor of Science and graduate work from East Texas State University.

For twenty-eight years, Mr. Davis has been in the field of administration in Texas, New Mexico and Arizona. Eleven years was with the El Paso Public School System as an administrator. Mrs. Davis has taught twenty-six years with her husband.

The couple moved here from Yuma, Arizona, where Mr. Davis was principal of the Elementary Schools at Somerton, Arizona.

The couple attend the Baptist and Methodist Churches.

Price of the booklet of tickets for the season is \$10. This fee includes entree to the games and reserve seats. Entry and reserve seats bought separately for each game are \$2 per person. Gate admission to each game without reserve seats is set at \$1.25 per person.

A period stretching from August 1 through the 15th has been set aside to allow season ticket holders from last year an option to purchase their same accommodations. The tickets will be held in reserve until August 15. Following that date, these tickets will go on sale to anyone desiring them. Those who wish to have the same accommodations as last year are asked to buy their tickets before the 15th of August.

Several ideas on financing were discussed, included in these were pledges, city tax money, small business loans, insurance companies, etc.

The idea of a labor survey was discussed, and it was decided that the Texas Employment Commission could make a survey free of charges. The suggestion was made to take into a survey everything within a 50 mile radius of Earth.

Mayor Issues Final Warning To Cut Weeds

Mayor E. C. Kelley issued a warning to city residents Tuesday, declaring the weed ordinance would be enforced one hundred percent. He said he realized that during the past rainy weathersome found it almost impossible to get the weeds cut as the ground was too wet.

Beginning Monday, those who have failed to cut weeds on their property will be fined according to the weed ordinance. He made a final plea to citizens to cooperate in this matter, so this means of getting weeds cut would not be necessary.

He also stated that several billfolds had been reported missing recently from autos left parked. He urged area people to keep cars locked when parked.

Season Tickets On Sale August 1

Season tickets to all the Wolverine home games go on sale August 1.

Tickets will be made available for the convenience of area fans at the City Drug in Earth and the Springlake Elevator in Springlake. They may also be purchased at the school business office.

Religious Music Concert Scheduled

A religious music concert by three talented musicians is scheduled in the First Baptist Church in Sunnyside at 8:30 Sunday night.

The concert will feature Jeanine Wimberly, Dimmitt, as soprano soloist, with Nelda Thomas, Lubbock, at the piano and trumpet and Janice Mooney, Dimmitt, at the organ and clarinet.

The threesome, all accomplished musicians, have presented concerts for the past year. They have appeared in various places at Lubbock, Rocky Ford Baptist Church, Dimmitt First Baptist Church and also in Gainsville, Texas.

INDUSTRY IS POSSIBLE IN EARTH... Railroads are not essential to many types of industry, but hard work and determination is essential in obtaining industry. Jake Street (right) told members of the Earth-Springlake Businessmen's Association Monday night. Standing (l. to r.) listening to Street speak, are Earl Jordan, Leon Dent, Dud Chesney and Perry Martin.

Hard Work, Determination Is Key To Industrial Growth In Area

"Obtaining industry in small towns is a hard task that requires endless dedicated hours, determination and unity," Jake Street of the Industrial Development Board, West Texas Chamber of Commerce, told members of the Earth-Springlake Businessmen's Association as he addressed the group during a regular meeting Thursday night in the community building at Earth.

He told the group that industry started in the East, but Texas and other states as well, have in the past years, realized the need for industrial growth. "Today," he said, "practically every little town in Texas has an industrial committee of some kind or other in their effort to obtain industrial development."

He went on to explain the odds stacked in favor of a town doesn't always mean that the town would necessarily get industry to move. "It depends," he said, "on what a town can do and how hard it will work. Results equal the amount of effort you put out in most cases."

First he suggested that the Businessmen's Association get together and decide what they wanted in the area and what the area could handle. He advised the group to think in terms of agricultural related industry, making sure these selected industries could use agricultural products, labor and other such favorable things that this area had to offer. "Then go after them," he said, "with everything you have got."

"Hand pick your men, who will work hard and not give up, to represent the town as an economic development board," he advised. "Men who will make trips and make personal contact when necessary."

He suggested a garment factory or vegetable processing plants as a place to start in this area. He added to these, electronic industry and small machine shops.

Other items stressed were to print up brochures, maybe five or six different ones, and send out to prospects, following up with letters and cards, telling over and over in different ways what this area had to offer.

The group was told that a project of this sort is a community project. Everyone could help by boosting the town everywhere they go with bumper stickers, courtesy, smiles, and always a good word about Earth. Publicity of one's community is always good, and no one should pass up an opportunity to promote the town whenever and wherever he can. Printed materials of what Earth has to offer is always good.

Several ideas on financing were discussed, included in these were pledges, city tax money, small business loans, insurance companies, etc.

The idea of a labor survey was discussed, and it was decided that the Texas Employment Commission could make a survey free of charges. The suggestion was made to take into a survey everything within a 50 mile radius of Earth.

In speaking of the survey, he warned the group to be certain they understood that any industry that could make a dollar in Earth could likewise make money any place within the 50 mile radius on either side of Earth because they have basically the same things offered.

"This," the speaker said, "Accountancy places these towns in competition with you, and it depends mostly on who works the hardest, as to who gets the industry."

He explained, "The best thing to do is arm yourself with facts-facts galore concerning your area. Have the deal on paper: X number of pounds, X number of acres, tons, etc. We have X number of employees, city tax is so much, just lay it out for them and show them they can make money."

The fact that railroads were not essential to industry was brought out.

At the conclusion of the meeting, president Leon Dent appointed Bill Bryant, Doug Parish and Perry Martin as a nominating committee for potential candidates to serve on the economic development board.

Nineteen were present at the meeting.

Break-in At Springlake Motor Leaves Firm \$951 Short

A break in Saturday night at the Springlake Motor Supply in Springlake resulted in the taking of \$951.40 in money, checks and currency. Also taken were the firm's copy of credit cards and \$150 in hot checks, according to manager, Marvin Been.

Been said discovery of the burglary was made about 3:30 p. m. Sunday when an employee, Jimmy Fullenwilder, went down to the station to do some work on his brother's car. Noticing several dishes scattered around over the floor, he picked them up to place them back into the cash register. Opening the cash register, he discovered the currency, left in the cash register when they closed at 9 p. m. Saturday, was missing. He quickly checked the hiding place where Been hid the paper money and checks to find them missing.

Fullenwilder called Been, who summoned Deputy sheriff W. A. Hatfield and his father, M. H. "Dutch" Been, owner of the station.

Been said the firm was not ransacked or messed up. Only the desk in the office had been disarranged, he said.

Been said the firm had been burglarized about six years ago, and some money taken.

Deputy W. A. Hatfield said no definite conclusion had been reached as to how entry into the building was made. He said there was a window broken out in the rear of the building. He was undetermined at this point as to whether this was the route used to gain entry.

Stolen Pickup Returned

A pickup, reported stolen from the B. and W. Pump Company in Springlake, was returned to the firm last week-end, and charges were dropped.

Deputy sheriff W. A. Hatfield said charges had been filed but were dropped when the one responsible for taking the pickup willfully returned it undamaged.

County-Wide Civil Defense Unit Organizes

Phil Raught, fire chief of Earth Volunteer Fire Department, and Eldon Parish, assistant chief, met in Littlefield recently with volunteer firemen from other towns in Lamb County to discuss and make plans for a county-wide Civil Defense organization.

Lamb County Judge, O. J. Mangum, is heading the drive to get the county unit organized. Plans are being made to use the volunteer fire departments throughout the county as an organized force to be co-ordinated and used in any or all disaster areas within the county when needed.

The plan is to deputize all firemen or volunteers for the unit to act as an emergency police force to assist in keeping order, preventing looting, directing traffic, giving first aid or making arrests. In case of a tornado, riot or any other type of disaster which may occur, and their services are needed. All the Earth firemen have completed the American Red

Cross Advanced First Aid course and are qualified to give emergency aid when needed.

The current plans are to begin in August to have monthly practice runs to the various towns and cities in the county. The purpose of these practice runs is to familiarize the different groups with each town and to gain practice in working together as a unit.

The first practice run will be Tuesday, August 8. The site has not been designated at this time.

Each town will have one central command post for the county co-ordinator to occupy to give instructions and for the different groups to work from. Also, there will be two alternate points to use if the number one point should be destroyed.

In Earth, the fire station will be the number 1 command post, with Service Seed and Delinting Company as number 2, and the number 3 spot will be KMP Lake Pump Manufacturing Co.

Pioneers Plan For Big Annual Celebration

Pioneers from every community in Lamb County were present Friday night for a planning session in the Willie Room of the Lamb County Electric Co-op Co.

Events of the festive day will begin at 2 p. m. with registration, reception and visitation. Pioneers who have lived in the county 50 years or more will be recognized with a gold ribbon. Blue ribbons will go to residents of 40 years. Others will receive registration badges.

Mrs. Bonnie Haberer is hospitality chairman. Mrs. Sid Hoppling will be Littlefield hostess.

At 4 p. m., a sparkling program will begin, with each town and community in the county expected to present a brief portion of the program using musical or other talents available. Each community is expected to make their decisions on what they are to do and notify Mrs. A. B. Brown, program committee chairman, so she may complete the program plans.

The group also decided to add a new spark to the meeting by recording various conversations of the old timers as they chat together. The Lamb County Historical Society is currently working out plans on this project.

Mrs. Margaret Burris, Olton, and Mrs. Tom Matthews, Littlefield, were assigned to arrange the room and activities of the Historical Society.

Approval was given at the meeting for a memorial service to be conducted during the program. Mrs. Brown was appointed to be responsible for this portion of the program.

J. D. Dodgen was appointed chairman of the barbecue committee, with a mouth-watering menu planned to include barbecue, old-fashioned beans, cold drinks and ice cream. Persons attending are asked to bring salads, cakes, pies, relishes or any foods they wish to add to the menu.

Fred Lichte was named chairman of the committee to provide ice cream and drinks.

Prior to the barbecue and after the program, a business session will be conducted with officers to be elected for next year. L. L. Uselton was named chairman of the nominating committee.

V. M. Peterman, president of the Lamb County Pioneers, said 600 invitations had been mailed, and there seemed to be added enthusiasm this year. He said he expected the event to be larger than last year. The total number that attended last year was 356.

The annual event is slated for Saturday, August 29, in the Community Center in Littlefield.

Bobby Angeley To Compete In Baseball Contest

Bobby Angeley, his parents, Mr. and Mrs. Jack Angeley, and his sister will fly to Houston today where Bobby will be a contestant in the 4-State Baseball Competition held in the Astrodome Friday and Saturday.

Bobby won the all-expense paid 4-day trip for himself and his family, and a chance to compete in the 4-State Competition, when he took first place in area competition on Tuesday, July 18, at the Mackenzie Park in Lubbock. The Astro Baseball Contest is sponsored annually by radio station KFTO.

Barbeque In Pampa Honoring Bob Price Slated

Tickets for the July 29 barbeque honoring Congressman Bob Price will be on sale outside the Top O' Texas Rodeo gates this week. Jean Martindale has announced in Pampa.

The barbeque will be held from 5 p. m. to 6:30 p. m. July 29 in the County Barn in Pampa prior to the last night of the rodeo.

The schedule has been arranged so that people can eat, meet their congressman and see the rodeo, according to Martindale.

THE METS ARE CHAMPIONS... The hard playing Mets won the Championship Little League trophy at the end of season play last week. Their season's record was 9 wins and 3 losses. Front row, left to right are Bobby De la Garza, Dyke Gaston, Willie Thomas, Joe De la Garza, Jr., Rudy Aguirre, Scottie Lee, and Brad Haley. Second row: Hal Wood, Bobby Angeley, Brian Sanderson, Charles Winder, and David Hinchliffe. Coaches, left to right, Joe De la Garza, Jack Angeley, John Aguirre and Calvin Wood.

A BROKEN WINDOW discovered Sunday afternoon in the rear of the Springlake Motor Supply was suspected as being the means of entry for the burglar, who took over \$900 from the station Saturday night.

Stockard-George Vows Exchanged Saturday In Home Ceremony

Mrs. Georgamae Stockard of Lubbock and Jim George, Albuquerque, were married at four o'clock Saturday evening in the Lake Ranson Cannon home of Mrs. Stockard, Rev. Albert Lindley, Petersburg, officiated at the double ring ceremony. Mrs. Stockard was given in marriage by her father, George

McCraw of Ft. Worth. She was dressed in a street length dress styled in blue delustered brocade. She carried a bouquet of white orchids on a white Bible. Mrs. Stockard's three sons assisted in the wedding. Wayne served as candle lighter, while Mike and Jim served as ushers. Following the ceremony, a

reception was held in the dining room of the home. Mrs. Mike Stockard, Mrs. Pat McCord, Mrs. Everett Patterson and Mrs. Pody Welch assisted at the serving table. After a trip to Colorado, New Mexico and Eastern Texas, the couple will be at home in the Lake Ranson home near Lubbock. The Stockard family are former residents of Earth.

THE GOOD OLE DAYS... Mud pie making is a "must" in the lives of all youngsters, and these two are seen making the best of a good thing. What else is to be on the menu is left to the imagination of each. The two expert pie makers are Beth and Britt, children of Mr. and Mrs. Neil Pounds. (Wonder what happened to the lovely funeral baby chickens used to have when youngsters lost a pet chicken.)

Mr. and Mrs. Johnny Horton of Aransas Pass, Texas, were dinner guests Tuesday in the home of Mr. and Mrs. J. A. Littleton, Sr., of Earth. Miss Mable Vore and Mrs. Fisher Adams were house guests of Mr. and Mrs. Jack Hinson for several days last week. Mrs. J. B. Foster of Martha, Oklahoma, is reported to be recuperating at her home in Oklahoma. She is the daughter of Mr. and Mrs. Vore. Vore is a sister of Mrs. Hinson, mother of Leon Foster.

WSCS Presents Scholarship To Margaret Wilborn

Members of the W. S. C. S., of the First Methodist Church voted recently to present Margaret Wilborn with a \$50 scholarship to help with her college expenses this semester at the Texas Women's University at Denton.

President Mrs. Jack Hinson said the W. S. C. S., each year tried to do something special with any funds left over after meeting the annual expenses and contributions to church related work.

In addition, Miss Wilborn also received the \$125 scholarship, per semester, from the Good Will Centre in Earth to defray tuition expenses.

Miss Wilborn is a 1967 graduate of Springlake-Earth High School.

Mr. and Mrs. Paul Wood and grandson left Friday for a ten day vacation camping trip in Colorado.

Deadline For Entering Miss Grain Sorghum Contest Set July 29

The eighth annual Miss Grain Sorghum of The Nation Pageant will unfold at Dimmitt, Texas, on August 4 and 5. This pageant, sponsored by the Chamber of Commerce, is attracting entries from the five state areas of Texas, New Mexico, Oklahoma, Colorado and Arizona, and beauties from these states will compete for scholarships and awards in excess of \$1,000.

Deadline for entry is midnight, July 29, and information concerning the project may be obtained from the Castro County Chamber of Commerce, 647-2524.

The reigning Miss Grain Sorghum, Miss Linda Morris of Olysses, Kansas, will crown the new Miss Grain Sorghum on Saturday night, August 5, in the Dimmitt High School Auditorium.

Billed as one of the fastest growing pageants in the west, the pageant last year featured twenty-six girls who vied for the crown during the two day affair. Entries are coming in

at a rapid rate, and it is anticipated that this year's pageant will equal or exceed the number participating last year.

In addition to awards and scholarships at the pageant, Miss Grain Sorghum will travel extensively during the coming year, making appearances on behalf of the Grain Sorghum Industry.

Judges for this year's pageant have been secured from New Mexico, Oklahoma, and Texas. They will arrive in the "Grain Sorghum Capital of the Nation" on August 4 and will spend August 5 in interview with contestants prior to the pageant Saturday night.

Organizations or businesses wishing to sponsor a contestant in the pageant may do so by Saturday night, July 29. There is no entry fee. All proceeds remain in the Miss Grain Sorghum Fund to be used for the purpose of promoting the growth and sale of grain sorghum and its products through the use of Miss Grain Sorghum.

ON TOUR OF THE GOLDEN WEST... This chartered bus load of people left Raleigh, North Carolina, recently on a two-week tour enroute to California. STRENGTH FOR THESE DAYS
from The Bible
Oh sing to the Lord a new song.—(Psalms 96:1)

We may wonder if we can meet change in our work, in our way of life, if we can begin again. We can, if we want to. This is an important realization. The persons who are unhappy are the ones who are looking backward, who are sighing for the good old days, who resist and resent the changes that inevitably come. Every time we see things in a new light, we are beginning again.

NOTICE...

A bridal shower honoring Miss Kathryn Elizabeth Dunn, bride elect of Gary Dennis, is slated for 8:30 p. m., Thursday, August 3, in the home of Mr. and Mrs. Perry Martin. Everyone is invited to attend.

Kay Phipps Employed At Office Machine Firm In New York

The J. D. Phipps of Earth are counting the days until August 24, when their daughter, Kay, will fly home from New York for a week-end. Kay is currently employed in a firm in New York, operating Teletype and IBM Machines.

Tuesday was Kay's birthday, and the Phipps' called her Monday night to wish her a happy birthday.

Kay left Earth in February and went to Kansas City, where she enrolled in the Weaver Airlines School.

Upon completion of the school, Kay went to New York to go to work for T. W. A. Airlines. Her slight overweight caused a delay in employment, and she became employed in the insurance department of a medical center in New York.

For the past three months, Kay has been employed at the office machines firm in New York. She likes her work, but is so anxious to get home for a visit,

contest were placed into two groups according to their ages. The 8, 9 and 10 year old lads were in one division, and the 11 and 12 year old boys competed in another division. Kent Lewis, 12 year old son of Mr. and Mrs. Thurman Lewis of Earth, also competed in the area contest at Lubbock. Contestants were judged in three separate contests. They were target throw (accuracy), distance throw and base running (speed). Angeley racked up a total of 1051 points to be the highest man in the 11-12 year old contest. His nearest competitor racked up 1040 points. In Houston Bobby will compete with 64 contestants from New Mexico, Louisiana, Arkansas and Texas. He will compete in the same basic contests. This is the third consecutive year that Earth lads have won the 12 year old division competition in Lubbock. Hoyt Glasscock, son of Mr. and Mrs. Lynn Glasscock, won the contest two years in succession.

Price Required For Cotton Chopping Crews Told By PCG

Chopping time on the Plains has many area cotton producers busy trying to determine whether they are required to pay the minimum wage imposed last year by Congress on farms using 500 man-days or more of hired labor in any calendar quarter. Effective February 1, 1967 the minimum wage for hired workers on such farms was set at \$1 per hour. The minimum jumps to \$1.15 an hour in 1968 and to \$1.30 per hour in 1969. A man-day is any day during which an employee worked one hour or more. This year those farms exceeding the 500 man-day limit in 1966 are required to pay the minimum wage. Whether the minimum is required on a farm in 1968 will be determined by this year's labor use. Ed Dean, Field Service Director for Plains Cotton Growers, Inc., says the question most in the minds of cotton farmers now is in relation to cotton chopping crews.

agriculture less than 13 weeks of the preceding calendar year can be excluded.

Each period of seven consecutive days when an employee worked one hour or more on one or more days is counted as one week for the 13-week test.

In meeting the \$1 per hour minimum, farmers can include wages the "reasonable cost" of board, lodging and other facilities furnished by the employer for the employee's benefit.

But annual lumpsum payments or the proceeds from a given number of acres of crop will not help to satisfy the minimum wage law requirements, Dean cautions.

In a letter from Clarence Lundquist, Administrator of USDA's Wage and Hour Division, PCG was informed that "The minimum wage requirement must be complied with on a work-week basis. Each work-week stands alone, and the employer may not satisfy the minimum wage requirement by averaging work-weeks."

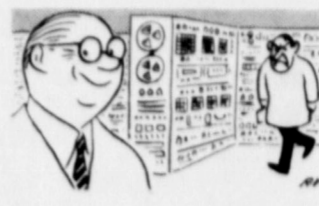

The letter stated further that "A covered farm worker must be paid not less than the applicable minimum wage for all hours worked in each work-week, and this amount must be paid finally and unconditionally on the pay day for that week."

Dean is advising producers to determine as best they can with available records how many man-days of hired labor they used in 1966 and be guided accordingly in this year's operations.

And if there is any doubt about the use of 500 man-days this year, he says producers are required to keep adequate records of the names and addresses of all workers, the hours worked each workday and the days worked in each work-week.

Additional details on provision of the law and required record keeping can be obtained by writing to Plains Cotton Growers, Inc., 1720 Avenue M, Lubbock.

Mrs. Edna Worley returned to her home here Tuesday from a visit with Mr. and Mrs. B.C. Fain of Wichita Falls and Mrs. Walter Carter in Vernon. Mr. Fain is Mrs. Worley's son, and Mrs. Carter is her sister.

So whatever happened to the idea that the bright girl had best hide her light, or she would end up in lonely spinsterhood? It begins to look as though her brains and ambition have not only become date-bait, but have made the place of all kinds of her the best risk in the marriage market.

as, who donate their services to this event. Observers were there from New York, Louisiana, Illinois, Colorado, New Mexico, and Old Mexico. Fires were originated from different causes and instruction was given on extinguishing them.

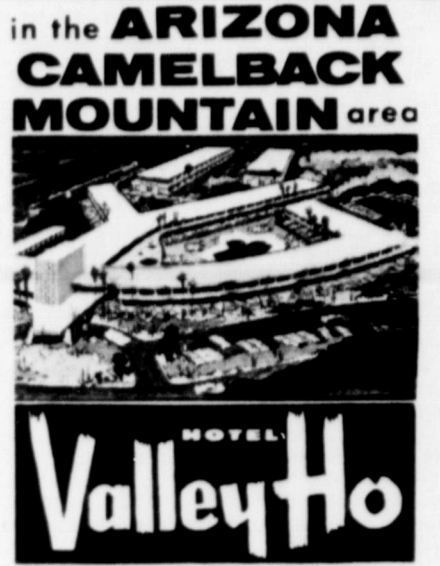

David Maxey, Olton Fire Marshal, studied the why, where and how of origin of fires and the prevention of fire.

Harold Jordan, Assistant Fire Chief, studied pump maintenance in order that he could repair local equipment.

Leonard Sanders, Jr., studied fire fighting, small tools for forcible entry, maintenance and best use of ladders, maintenance of hose and loading of trucks, protective equipment for firemen and the operation and re-fueling of fire extinguishers.

Those attending this school will present their knowledge to the other firemen in the next series of meetings.

Sanders stated that firemen must know more than mothers who often call firemen for assistance in household problems other than fires.

the second set of tires is your first real choice!

Now it's just you and all the tires in the world. For a starter, one of them is the only family-car tire certified safe at 100 mph. The Dunlop Gold Seal.

The same one has Dunlop patented* Safety-Shoulders.

Lean into a corner, and the patent holds you on. Roll up and over a center line or shoulder, and the patent holds you without a lurch.

The same one has what tire men call a low profile. That means a 15% larger footprint area. More of the Gold Seal's wide tread is always on the road for better traction, greater safety, more miles of wear.

And this same one has the Dunlop water-ejecting tread pattern. That speaks for itself in the wet.

Yet the Gold Seal is popularly priced.

Doesn't the Gold Seal sound like a choice tire for a change?

Stop in soon. We would appreciate the opportunity to show you that Dunlop quality costs no more.

Every Dunlop tire meets or exceeds every official specification for safe performance. *PAT. NO. 3,024,822

Corn And Grain Sorghum Feel Pinch Of Mosaic Virus

Maize Dwarf Mosaic Virus (MDMV) will cause an estimated \$2 million loss to Texas crops this year.

R. W. Tolar, cereal virologist at A&M University, found the disease in Texas last year for the first time.

Crops affected by the virus included field, sweet and broom-corn and grain sorghum.

Tolar said 800 acres of sweet corn in Fort Bend County has an infection of from 10 to 50 per cent.

He estimates that 5 to 10 per cent of the grain sorghum crop may be infected. And as much as 15 to 18 percent of the corn crop may have the virus.

are available from commercial seed companies. Breeders are working on tolerant varieties of grain sorghum, says Home.

Home says controlling Johnsongrass also gives good control of the virus since it removes the overwintering host. A spray program, flame cultivation or plowing it under—particularly in the spring before the row crops pollinate—are ways to control Johnsongrass, says Home.

Research at Texas A&M has shown the MDMV virus is not seed borne.

Funeral Rites Held For Mother Of Local Man

Tolar, A&M Extension Pathologist Wendell Home and county agents have found the virus this year in many areas in the eastern half of the state.

Tolar says the virus is found mostly in river bottoms and in other places where Johnsongrass grows abundantly. The virus cannot overwinter on commercial corn and grain sorghum. It overwinters in the Johnsongrass rhizome. In the spring, foliage emerging in the Johnsongrass is infected. Then, corn leaf aphids feed on the infected foliage and move into corn or grain sorghum and spread the disease.

Symptoms in corn are a faint mottling of the upper leaves. The infected leaves later develop a yellowish green color and in some cases may become completely yellow. Infected sweet corn leaves may turn red.

Symptoms on grain sorghum include mottling, yellowing and stunting which is similar to that on corn. Certain conditions cause the leaves to turn red and the leaf tips to die back.

If corn is infected early in the season, it may fail to produce ears. Tassels may be sterile and result in small or poorly filled ears.

One control measure, says Wendell Home, is planting varieties that are tolerant to the virus. Tolerant varieties of corn

Funeral services for Mrs. Addie Pauline Roberson, 80, were held at 3:30 p. m. Wednesday in the First Baptist Church in Earth, M. B. Baldwin, pastor of the church officiated.

Mrs. Roberson died at 7:20 p. m. Sunday, July 23, in the Memorial Bowle Hospital, where she was admitted Sunday morning after suddenly taking ill. She had been in ill health for the past six years.

Mrs. Roberson had been a resident of Lamb County for 27 years, having moved here in 1938. Her husband preceded her in death in August of 1952. She moved to Bowie in '65 to make her home with her son, Frank.

She was a member of the First Methodist Church in Earth.

Survivors include two sons, Britton Roberson, Earth, and Frank A. Roberson, Bowie; three sisters, Mrs. Sally Roberson, Mrs. Ruth Cleveland and Mrs. Clifton Stallen, all of Arp, Texas; six grandchildren and seven great-grandchildren.

Burial was in the Earth Cemetery under the direction of Hawkins Funeral Home in Henrietta, Texas.

Kin Of Local Woman Dies In Oklahoma City

R. W. (Tommy) Thomas, 60, 1617 N. E. 51st Street, Oklahoma City, Oklahoma, died Wednesday, July 19, at Mercy Hospital in Oklahoma City. Services were held Saturday at 2:00 p. m. in First Christian Church.

Born in Lowell, Arkansas, Mr. Thomas moved to Oklahoma City in 1929. He was owner of R. W. Thomas Surveying and Engineering Co. and served 10 years as Oklahoma county surveyor. He did the surveying and engineering for Dell City and Midwest City and was one of the founders and present director of Dell State Bank.

He was a member of the Presbyterian Church, Lions Club,

Knights of Pythias, Chamber of Commerce, Oklahoma City Seal Estate Board, Coon and Possum Hunters Club, Aviation Club, Young Men's Club, past

member of Civil Air Patrol and a charter member of the Oklahoma City Home Builders Assn. He is survived by his wife, Fay, of the home; two step sons, Harley Davis of Costa Mesa, California, and Billy Stovall of Anchorage, Alaska; two step daughters, Mrs. Josie Stockstill of Boise City, Oklahoma, and Mrs. Bud Sanstead; two sisters, Mrs. J. H. Large and Miss Dorothy Thomas, both of Lawrence, Kansas.

He was a son-in-law of Mrs. R. E. Barton of Earth.

Ray Glascock was dismissed from the Methodist Hospital in Lubbock last week, and is currently recuperating at his home in Trescott. Glascock was injured in a car wreck in Lubbock during the latter part of June.

1967 Business Activity Up In State

Texas business activity reached another record high in May, five per cent over previous month and 10 per cent over May, 1966.

Average annual growth rate of Texas business activity during first five months of 1967 was nine per cent, according to the

University of Texas Bureau of Business Research. Industrial production index maintained a fairly steady rise throughout 1966 and jumped again in May after levelling off early this year. Bureau also reports a 20 per cent construction gain during May and predicts

continued growth.

Lou Lou McBride, daughter of Mr. and Mrs. Bill McBride of Corpus Christi, is spending the week as guest in the Ardis Barton home. The McBrides are former residents of Earth.

Sunnyside News...

By Tenny Bowden.

Mr. and Mrs. Eulus Waggoner and Dolores of Sulphur Springs arrived last Thursday and visited until Wednesday with their children, other relatives and friends here. Their children were all home for the week-end. They had supper together at the home of Mr. and Mrs. Larry Gamblin Saturday night, and dinner together at the home of Mr. and Mrs. Harold Waggoner of Roswell, Mr. and Mrs. Jesse Pharis, Randy and Russell, and Evelyn Waggoner of Midland, Mr. and Mrs. Larry Gamblin, Gregg and Cammie, Mr. and Mrs. Winston Waggoner, Quint and Holly, and Eddie Waggoner of the community and Dolores, who is still home with them. A photographer from Hereford made family pictures since this was the first time in some time that they had all been together.

Mr. and Mrs. Harold Waggoner of Roswell spent last Saturday night with Mr. and Mrs. Winston Waggoner and children.

Holly Waggoner was admitted to the Plainview Hospital Monday with a virus infection and an anemic condition. She was dismissed Friday. Quint stayed with his daddy, but visited some with the Larry Gamblin family.

Mrs. A. A. Dobbs, a former resident of the community passed away in Plains Memorial Hospital in Dimmitt last Thursday. She was buried in Brownwood. Mr. and Mrs. Dobbs and their daughters, Panetha and Marvel, moved to the community in December of 1924. They first lived where the Jerry James family lives today and then moved the next year into the southwest corner of the county. The girls attended Sunnyside School, Panetha married Noble Armstrong, and they have lived in the community or nearby since that time.

Mr. and Mrs. Irving King left Monday morning for a trip to Yellowstone National Park in Wyoming.

A Training Union Clinic was held at the church Monday with Bill King, a State Training Union leader, directing the three hour clinic. Lunch was served at the church at noon.

Rev. and Mrs. M. D. Durham attended Workers' Conference at Muleshoe Monday night.

Mr. and Mrs. Bill Morgan and family returned home from a two week vacation in Arizona last Sunday night.

Mr. and Mrs. Alfred Crisp and Terry left Monday for Flagstaff, Arizona, where they will visit relatives a week of their two week vacation.

Mrs. E. R. Sadler and Mrs. L.

B. Bowden worked at Plains Memorial Hospital Monday afternoon at the desk, gift shop and library.

Myles Sadler spent the day Monday with Dr. Charles Vandiver, observing him in the practice of dentistry. Myles is in his senior year of dentistry at the University of Texas' Dental School at Houston.

Rev. and Mrs. M. D. Durham left Tuesday morning for Ohio where he will participate in the Local Church Crusades of the Dayton Baptist New Life movement. He will preach July 23 through the 30th in a mission of the Dayton Avenue Baptist Church at Xenia, Ohio.

Mrs. R. V. Bills and Mrs. Odell James sat at Methodist Hospital in Lubbock Tuesday. Mrs. Bills went in at noon with Gerald to visit Mrs. Elkins, who was still in intensive care. Mrs. Carl Bradley stayed with her Wednesday. Cindy Elkins and her grandmother stayed Thursday.

J. Paul Waggoner was admitted to Plains Memorial Hospital Wednesday evening after an accident on his farm. Hal New and a friend of Muleshoe had come to visit with Jimmy, who was at the farm with J. Paul. Jimmy got out of his dad's pickup and got into the car with the boys and J. Paul drove on down the turnrow, not knowing they were following him. When he stopped, and prepared to get out the pickup, he was hit from behind by the boys, who were not aware that he had stopped. The sudden jar caused a couple of vertebrae in his neck to jam together, pinching a nerve. He was dismissed at noon Friday, but will have to wear a collar for six weeks. The boys suffered no more than a gash on the forehead for the driver and a bump on the knee for Jimmy.

The W. M. S. met for business Wednesday night with the president in charge, Rex Jenkins had charge of the prayer meeting period in the pastor's absence.

W. T. Autry narrowly escaped injury Tuesday evening when the tractor he was bringing home from Dimmitt broke a radius rod. The wheel ran off, and the motor dropped down on the highway. He was driving in road gear but was able to stay on the tractor, and avoid anything more than bruises. There was no traffic at the time of the accident. A passing motorist brought him home.

Mr. and Mrs. Paul Elliott and children of Crown Point, Indiana, visited last Sunday through Thursday with his brother, Mr.

Three Littlefield Volunteer Firemen Attend School

College Station--Bill Weige, M. R. Dunn, and Mike Cotter, all members of the Volunteer Fire Department of Littlefield, are attending the 38th Annual Texas Firemen's Training School. The school, attended by more than 2000 men from approximately 30 states, is being held on the Texas A&M University campus this week.

Lamb County Farm Bureau and Texas Farm Bureau Insurance Companies by contributing toward their cost of the school. Since volunteer firemen are interested in attending this school to help do a better job of fire fighting, the County Farm Bureaus and the Insurance Companies in the statewide program have sponsored 140 firemen at the school. The Insurance Company be-

lieves volunteer fire departments have contributed to reduce the amount of loss involved by fire. It is their hope this program will help the Littlefield Volunteer Department to do even better in the future for residents of Lamb County.

John Patterson is Attending ENMU This Summer

John Patterson is currently enrolled for the summer semester in Eastern New Mexico University. Mrs. Patterson, the former Alice Jaquess, is employed in the library at the college. This fall Mrs. Patterson will be promoted to the position of student supervisor for the library.

HIS LAST LANDING

This fly will never leave the ground once he's had a whiff of Cygon* 2E Insecticide. The fly killing power in one spray lasts up to 8 weeks or more!

You can spray your barn, loafing shed, milking parlor, or milk room... then, forget about annoying houseflies for 2 months.

Cygon 2E Insecticide is safe to use around cows and heifers if you mix and spray it as directed. Apply Cygon as a long-lasting spray inside your barn, as a spot spray on posts, rafters, and windowsills, and as a maggot killer on manure.

Ask us for Cygon 2E Insecticide when you stop in for your next load of feed. And, use it all summer long wherever flies are a problem.

Anita O'Hair Victorious With North All-Star Team

Dean Foshee, who coached the State Champion Wolverette team to victory this year, ending the season with a 105-51 score in the final game at the state tournament in Austin, again assisted in coaching a winning all-star team to victory Saturday at Duncanville.

Athlete Anita O'Hair of the Wolverette team was chosen to play on the north side in the all-star game against the south. Anita, who played almost the entire game, played a great game, according to all the local fans who attended.

She played guard throughout the game until the fourth quarter, when she was placed in her custom position as forward.

The game was a tremendous game and ended with the score 58-56 in favor of the north. The north had trailed during the entire game until the last quarter. With 20 seconds to play, the game was tied, and there was a center jump ball. At nine

seconds left to play, Foshee called time out and gave instructions to follow the "roll-in play" and just before the final whistle blew, the basket was made, and the north side was victorious.

Foshee coached the forwards on the team, and also attended the State Convention of the Texas Girls' Coaches. The coaches convention began Thursday and culminated with the all-star game between the north and south.

Foshee was asked to speak at the coaches convention Saturday at 11 a. m. to describe both his successful "forward press" and guard press. The coaches in attendance were anxious to hear the two plays that the Wolverettes applied so successfully.
