BIRDS EXPECTED FOR HALL COUNTY POULTRY SHOW HERE NEXT WEEK

Government Farm Program For 1937 Announced

AGENT'S OFFICE HAS TAG CHECKS

Cotton Certificate Money Of 1935 Regular Pool Been Here Since October

Approximately 150 Hall County cotton producers must be "sitting pretty" for the time being, if their actions in ignoring their government tag checks can be taken as evidence.

Checks, totaling several hundred dollars, have been on file in the county agricultural agent's office here since the first of October for some 150 Hall County farmers, who have as yet failed to call for their checks.

The money is for the 1935 regular national cotton certificate pool. The names of those having checks on file have been posted at the farm agent's office.

"If the cotton producers ever need the money, or if they find it convenient to drop by the office for it, we shall be glad to deliver their checks to them," Assistant Agent O. J. Walker stated.

Reception To Honor District Deputy School Head

Two hundred rural and independent school teachers of Hall County and invited guests will assemble at the Memphis Country Club tonight (Friday) at 7:30 o'clock for an informal reception in honor of J. D. Wilson, district deputy state school superintendent, who has been in the county this week checking common schools for standardization and state aid.

Miss Vera Tops Gilreath, county superintendent of public instruction here, will be in charge at the reception tonight, and Mr. Wilson will deliver the principal address of the evening. Teachers of the county are in charge of the program.

The schools at Eli, Pleasant Valley, Deep Lake, Weatherly, Bridle Bit, Buffalo Flat, Salisbury, Newlin, Parnell, Friendship, Indian Creek, and Plaska have been checked to date. Lesley, Brice and Webster are to be checked today, and Estelline, Turkey, Memphis, and Lakeview will be inspected on Monday and Tuesday of next week.

110 STUDENTS OF SENIOR HIGH SCHOOL MAKE HONOR ROLL LIST

One hundred and ten students of the Memphis Senior High School made honor roll grades for the second six-week period of the current semester, according to H. J. Gore, school principal.

That number is probably the greatest ever recorded at the high school, and is brought about largely by the new method of determining honor roll grades. Advancement in work, as well as high scholastic attainment, is considered now in fixing the honor roll.

Following are those in the High School who made the honor roll for the past six weeks:

Graduate students—June Bretherton, Faye Rasco.
Senior students—Amogene Baker, Marcella Billings, Dorothy Browning, A. G. Callahan, Albert Crump, Dorothy Sue Fultz, Ed Johnson, Arden Jones, Billy Kinlow, Frank Lee, Pauline Long-

Officials Selected And Resolutions Are Passed By Greenbelt Bankers

Officials of the Greenbelt Bankers' Association were elected at the quarterly business and social meeting of the organization in the banquet room of the Memphis Hotel Tuesday night. The new officers assumed their duties immediately after election.

The new officers are Joe H. Ward of the First National Bank, Childress, president; J. W. Noel, of the Security State Bank, Hedley, vice president; O. L. Helm of the First National Bank, Memphis, secretary.

Out-going officials are C. L. Johnson of the Security State Bank, Hedley, president; W. W. Williamson of the First National Bank, Lakeview, vice president; M. R. Allenworth of the Donley County State Bank, Clarendon, secretary.

Approximately 100 bankers from the four counties of the association, Hall, Donley, Collingsworth, and Childress counties, their wives, and invited guests attended the banquet Tuesday night. Following the banquet, the women and guests attended a local movie and members of the asso-

O. L. HELM

ciation held their quarterly business session.

During the business meeting, a resolution was passed asking the national legislature to raise the limit on the governmental feed

and seed loans from \$200 to \$300. The passing of the resolution and the naming of a committee to work on the resolution was the outgrowth of a general feed and seed discussion.

The committee named to contact Congressman Marvin Jones and United States Senators from this section and to urge the raising of the loan limit consists of J. E. King, chairman, Memphis; W. W. Williamson, Lakeview; W. C. Dickey, Memphis; J. W. Noel, Hedley.

C. C. Gibson, seven-county representative for the feed and seed organization, attended the bankers' parley and talked on the loan division of the government. He pledged his support in getting the limit of the feed and seed loans raised from \$200 to \$300. It was pointed out that \$200 is not sufficient to buy the present high-priced feed to see a farmer through the winter, spring, and summer months until a crop is made next fall.

Discussion was also held on the possibility of a required increase (Continued on page 5)

RAIN LAST WEEK BOON TO WHEAT

Forty-two hundredths inches of rain fell in Memphis and immediate vicinity last week, according to J. J. McMickin, official United States weather bureau statistician.

The rain was seen as a boon to wheat and went toward putting a season in the ground for next year's crops. Rain at this time does not interfere greatly with farm work, as almost all of the crops have long since been harvested.

Three hundred birds are expected to be exhibited by poultry producers of Hall County and surrounding vicinity when the Hall County Poultry Show, an annual affair, opens at the City Feed Store building in Memphis Monday morning of next week and runs through Wednesday.

MEN'S BIBLE CLASS, JUNIOR RED CROSS AND JUNIOR FFA TO GIVE XMAS CHEER TO NEEDY KIDDIES

The Men's Bible Class of the Memphis First Methodist Church is asking for donations of toys to be given to underprivileged children for Christmas.

The class will hold a Christmas Tree party outside the church building on Christmas Eve, December 24, in connection with the church's annual Christmas party.

Those wishing to give toys to the underprivileged should contact the church pastor, Rev. O. W. Carter, or some member of the Men's Bible Class.

The Junior Red Cross of Memphis is also assisting in the move to provide Christmas for the needy of this vicinity by asking for donations of old toys. The Junior Red Cross, under L. C. Linn, are gathering up the toys; and the Junior F. F. A. boys, under Riley W. Carlton, are making repairs on the toys and painting them.

Following the collection and repair of the toys, the Junior F. F. A. and the Junior Red Cross members will turn them over to some organization to be distributed to the needy.

TREE PLANTING PROGRAM OPENS

75 Men Will Be Employed In County By Shelterbelt To Jan. 15, When Work Ends

Some 75 Hall County men will secure employment up to January 15 on work of replanting the plains shelterbelt tree strips over the county, according to information released by W. E. Webb, state director of the plains shelterbelt project.

The work of replacing dead trees with approximately 1,500,000 plants was started in this area last Friday. In this work, 165 men will be employed in Collingsworth County, 90 in Childress County, 75 in Hall, 120 in Hardeman County, and 60 in Wilbarger.

In each of the counties approximately 20 additional men will be worked under the re-plant control project, Mr. Webb announced.

The work will last only until Jan. 15, as further funds are not available.

Christmas Buying Season Aid To Trade Day Dec. 16

Memphis is rapidly taking on a festive air and a holiday dress with the approach of the Christmas season, as local merchants design their displays and lighting effects in Christmas colors.

Multi-colored electric lights have been festooned from lamp posts to the four top corners of the Hall County courthouse here, and many other gay-colored lights furnish a brilliant pattern about the square and along the street awnings.

In the windows of all retail merchants the yuletide theme is

being stressed, and suggested gifts for all members of the family—from Baby to Grandfather and Grandmother—are arranged.

There are only 12 more shopping days until Christmas, local merchants point out, and urge that Christmas buying be done before the last-minute rush.

Wednesday of next week will be another "boom Saturday", so far as Memphis is concerned, local business men declare.

On that date an advertising campaign which has extended over the past several weeks will be

ended with a smashing Trades Day, and hundreds, and hundreds, and hundreds of persons from Hall, Childress, Collinsworth, Donley, Briscoe, and even a few other counties are expected to flock here for the event.

The sales campaign was launched here under the guidance of the Chamber of Commerce several weeks ago by local merchants who co-operated in an effort to bring more people in to Memphis to do their trading.

Good results have been reported (Continued on page 5)

Regional Class B Grid Fray Between Flomot, Panhandle To Be Played At McLean

The football supremacy of this region in Class B circles will be determined when Flomot and Panhandle clash in McLean this afternoon (Friday) at 2:30 o'clock.

SITUATION OF THE SOUTH Relates To The Cotton Industry

Woodrich, who is the current member of the University of Texas, is the author of the article. He is a member of the American Society of Civil Engineers, and his article, "The Cotton Industry of the South," is the first in a series of articles which will deal with the cotton industry and its relation to the South. The article is published in the "Engineering News-Record" and is a study of the cotton industry in the South, and its relation to the South. The article is published in the "Engineering News-Record" and is a study of the cotton industry in the South, and its relation to the South.

United States, so long as extensive construction was under way throughout the middle west, and while natural resources were abundant, people could carry on in spite of a national unbalance between industry, agriculture, and commerce.

But as the natural resources were mined out and the vast rural areas settled down to an earnest endeavor to earn a living from depleted soils, then the concentration of industrial wealth and activity became a real hazard to the livelihood of the thousands who depended upon industry for their entire existence.

In a northern Alabama Hotel the atmosphere in the lobby was under considerable tension. A traveler from the Chicago Gold Coast was voicing his disapproval of the South, of Southern backwardness, and of the aid extended to southern areas by the Federal program.

Directing his statement to the writer he emphasized: "You folks in the South ask for more, do less, and receive more from the Federal Treasury than any gang I know of, and we fellows pay the bill. I tell you it is a damnable graft, and we are fools to pay for it."

He had thrown down the gauntlet, and for the next two hours he was obliged to listen to the other side of the story.

It is upon the South that our international exchange most largely depends. For a century cotton has been the principal factor in our United States exchange values. Cotton has gone onto the exchange market without any national protection. Both plantation owner and worker were forced into competition with the foreign labor markets. Ethiopians, Chinamen, and Hindoos are typical of the laborers with whom our southern workers had to compete. Southern cotton was demanded by New England to be on a free market, but the goods manufactured by these same New England mills were permitted to enjoy protection from foreign competition.

This was not the only handicap which faced the cotton grower. After they had sold the products of their own labor on an international competitive market, they were expected to buy their dairy, meat, and cereal food stuffs from the North on a high protective market.

It was this differential between the national and international market that encouraged the South first to adopt a slave, then a ten-year system to find a way out. It is a question whether the latter is much of an improvement over the former.

COMMERCE BODY TO ELECT BOARD

Annual Banquet of Chamber of Commerce To Be In January; Committees Are Appointed

The annual election of Memphis Chamber of Commerce directors will be held this month, and a nominating committee to select 24 candidates to be voted on was appointed by E. E. Roberts, president, at the regular monthly meeting of the Chamber of Commerce Tuesday afternoon.

Twelve directors will be elected from the group of 24, with balloting to be done by mail.

Discussion was held on the matter of the annual Chamber of Commerce banquet at the session, and it is thought that the banquet will be held in January. A committee was appointed to work out the details of the banquet.

Estelline To Hold Amateur Contest

An amateur contest is being sponsored by the Estelline Fire Department to be held December 17 at the Pastime Theatre in Estelline. Proceeds will go to buy Christmas baskets for the needy families of the town.

Ten dollars will be given in prizes for the best three entries in the contest. There is no age limit for the contestants. Entry names must be turned in to Mildred Young, Estelline, by Dec. 15. The winner will be decided by the vote of the audience. The public is invited to attend.

To Hold Townsend Rally In Amarillo

J. N. Johnson, Dalhart, Townsend organizer for the Eighteenth Congressional District and assistant state manager, predicts more than 1,500 delegates at a Townsend rally to be held Dec. 14 in Amarillo.

This will be Johnson's second Panhandle convention and will open in the municipal auditorium at Amarillo.

Delegates will represent all the Nineteenth Congressional District, part of the seventeenth and adjacent areas in Oklahoma and New Mexico, Johnson said. Dr. Frank J. Ashe, El Paso, Townsend state organizer, will be the principal speaker on "Townsend Plans for the Future."

Johnson, who will preside, indicated that politics will be a dominant issue. There is a possibility that Dr. Ashe will lay the basis for a campaign against Congressman Marvin Jones of the Eighteenth District two years hence.

Mrs. Donnie Johnson went to Pampa Sunday to visit with her son Billy Johnson, before leaving for Los Angeles, Calif., where she will spend the winter with her son, J. P. Johnson.

Large Lemons Not Raised In County

Joe Oakley, who resides southwest of Memphis near the Gamble community, brought two lemons into The Democrat office Thursday to give lemon growers of this section—if there be any—something to shoot at.

Mr. Oakley had two lemons, the largest of which weighed one and one-quarter pounds, and measured 13 1/2 inches around the long way and 12 1/2 inches around the other. The other lemon was slightly smaller.

"No, I didn't raise them in Hall County," Mr. Oakley said. "My son Dick Oakley and his wife brought the lemons with them when they returned from Reedley, Calif., Tuesday after a stay in California of some six or eight months."

Mr. and Mrs. G. W. Sexauer and son Robert were visitors in Amarillo Thursday.

Clarendon Junior College Studies Are On Program Here

Students of the Clarendon Junior College furnished the program for the Memphis Rotary Club Tuesday, under the direction of Dean R. E. Drennan.

Bob Leathers played two piano numbers, one classical and the other modern; Miss Nell Cook gave a humorous reading; the male quartet composed of Bob Leathers, Mac Mahaffey, Hugh Baker and Wilfred Hott, sang two numbers, "Kentucky Babe" and "Swing Low," accompanied by Miss Howren.

Dean Drennan spoke for a few minutes of the work being done by the Clarendon Junior College, and the excellent co-operation being given the college by Memphis young people.

ESTELLINE, Dec. 9.—Misses Mavis Caldwell and Bertie Louise Huffmaster won third place in the senior division of the amateur contest held in Childress Tuesday night.

Little Harry Lee, also of Estelline, won two prizes in the children's division, one for being the youngest performer, and the other for having the best costume.

Other Estelline people entering the contest were: Carletta Berry, Naomi Curtis, Vera Mae Latham, and Mary Sue Eddins.

CARD OF THANKS

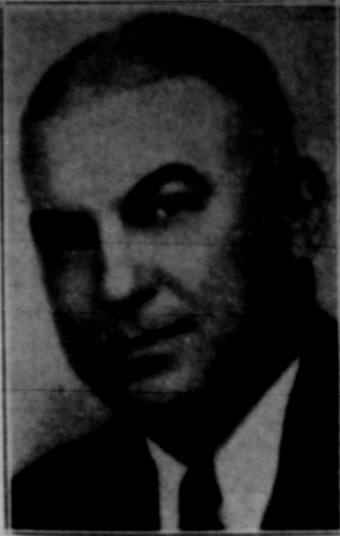

When we attempt to express our gratitude to our friends for the many deeds of kindness and gestures of sympathy, words become ineffective. All that we can say is that we sincerely trust that when the dark clouds of sorrow envelop you, we can come to your assistance as you have come to ours. May God in His omnipotence bless each of you.

Mr. and Mrs. M. C. Ball and children. Mr. and Mrs. I. B. Bryan and I. B. Jr. Cora Lee. Carrie Belle Lee.

Mrs. Seth Fallmeyer, Mrs. Bill Kesterson and Mrs. Dick Watson were visitors in Childress Tuesday.

RECORD OF DR. R. T. LEE WAS ONE OF WORK Achievement Wide In New Mexico, Texas And Oklahoma

ALBERT H. LAW Editor The Dalhart Texas

Dr. Ralph Tankersley Lee, known widely as Dr. R. T. Lee, died Wednesday, Dec. 2, at his home in Memphis, 1315 Bradford street. Throat infection was given as the cause of death.

Funeral services were held at the First Baptist Church in Memphis Thursday of last week at 3 p. m. with the Rev. L. D. Mitchell, pastor of the First Baptist Church in Dalhart, in charge. Interment was made in Fairview Cemetery. A veterinary surgeon, Dr. Lee was well-known for his work and achievements in Oklahoma before he went to Clayton, N. M., as Union county agent, some 12 to 15 years ago.

In Union County he inaugurated terracing. He helped farmers breed the best type of work horses and developed what he called a big-team hitch for ease in hauling up to 20 head.

Another major project was development of more profitable farm poultry flocks. Dr. Lee held periodical poultry culling demonstrations, teaching farmers how to weed out the boarders; how to tell a steady layer from those who were erratic. He aided farmers in finding the best sources for eggs or for baby chickens and helped them work out a cropping program that enabled the best rations for cattle, sheep, hogs, horses, as well as poultry.

But his outstanding achievement was the cattle grading program he inaugurated and held annually on the John S. Otto ranch six miles west of Clayton. A thousand to 1,200 persons always attended, some coming for many miles. Dr. Lee secured the cooperation of the U. S. Department of Agriculture and each year had one or two experts from Washington to explain beef standards; how to attain them and produce

Interruptions of Work Until Further Allocations Are Made By Government

Shortage of funds for Works Progress Administration projects may cause suspension of some of the projects until more funds are available, information released from the state WPA headquarters following a meeting of Texas WPA district directors in San Antonio last week showed.

It was generally recognized by those in authority that the shortage of funds will cause frequent interruption on projects. It was said, and the operation of many projects may be suspended at intervals pending receipt of additional money in the district to meet the payroll requirements.

Regulations in effect now make it necessary that funds must be allotted to projects and encumbrances established to meet obligations before the obligations are incurred. No projects will be started until provision for funds to meet the expense of payroll, equipment, and material is established with the Treasury Department.

There was no information given out indicating any changes in the program, other than the curtailment of expenditures.

It has been pointed out that a stopping of the Works Progress Administration projects in this section would work great difficulty on scores of needy persons, as almost all agricultural work has ceased for the time being.

LEAVE FOR SOUTH TEXAS

Mr. and Mrs. G. H. Smith left Saturday for Atascosa, Texas, where they will spend the winter, possibly longer, for the benefit of Mrs. Smith's health. They have a well-equipped trailer and will be at home anywhere.

Mr. Smith sold his teams, tools and feed and rented out his farm here.

ATTEND FARM MEET

County Agricultural Agent R. E. L. Pattillo and his family have been in Sweetwater this week where Mr. Pattillo has been in attendance at a district meeting of county farm agents. A number of leading agriculturists appeared on the program at the farm session, and a hint as to what the 1937 federal farm program will be like was given.

premium quality meat. As a direct result of this program the number of registered or purebred cattle in Union County grew from 20 to 80 per cent in six years.

In Dallam County he was aggressive in efforts for development of the 100,000-acre shallow water belt 30 miles northwest of Dalhart. Water is found around 100 feet, rises to within 35 feet of the surface, seems of high quality. Soil raises anything that can be raised at this altitude. Dr. Lee's interest, combined with that of others, has resulted in some 20 wells operating in the belt now.

It was his duty as Dallam county agent to initiate and organize the AAA program on wheat, corn-hogs, and to direct the cattle buying program that took more than 12,000 head out of the county and greatly raised herd standards.

Thoroughly competent in county agent work or in any program for farm or ranch betterment, Dr. Lee had many years of achievement stretched before him, his intimates say. His death is a loss to the entire Panhandle.

King Chooses Wally

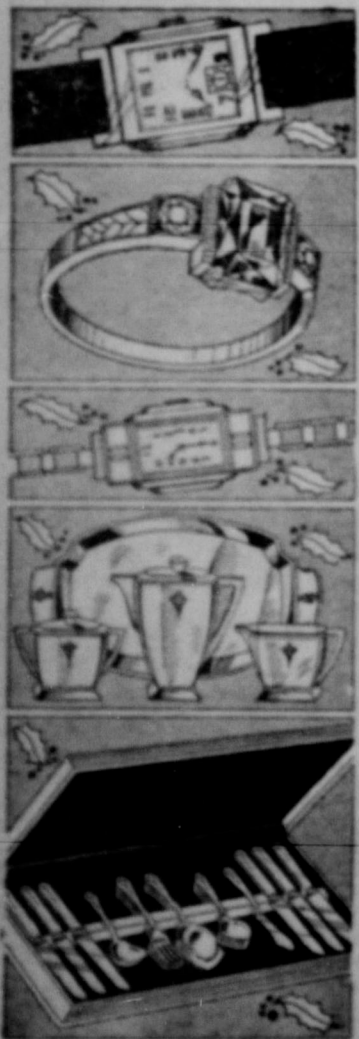

King Edward VIII of Great Britain has signed his formal message of abdication, surrendering the throne of his empire so that he may marry Mrs. Wallis Warfield Simpson, American twice-divorced woman, whom the king loves, late press dispatches announce. It is reported that the Duke of York, younger brother to King Edward, will accede to the

throne, as the King of England leaves for France to join the Baltimore Belle and to make her his bride after her final divorce decree is granted next April. The romance between the king and Mrs. Simpson for the past several weeks has been watched throughout the world as commoners and elite alike watch history in the making.

Mrs. Edwin Thompson and daughter Ruth went to Hedley Wednesday to visit with Mrs. Thompson's cousin, Mrs. Ruth Priestly, who is very ill at the home of her brother, Paul Pyle.

C. R. Gowan went to Lubbock Thursday morning for a few days visit with friends. Miss Love Kennard of Longview is here visiting her sister, Mrs. J. P. Watson.

Memphis Youth Given All America Football Mention

J. W. West, former Memphis High School football star end, received honorable mention on the official All-America Football Team of 1936, selected for the Collier's Magazine by football authorities of the nation, including Grantland Rice. The Collier's Weekly Magazine All-America Football Team was originated by the late Walter Camp, who began the All-America selections.

West's recognition for All-American honors is the greatest grid acclaim ever tendered a former Memphis football player. For the past two years West, son of Mr. and Mrs. Sam West, of Memphis and Lubbock, has been starring at end for the Texas Tech Red Raiders.

The 190-pound end received a broken leg in a grid contest in California recently, and it is feared that his colorful career on the gridiron is ended.

The Democrat is the first newspaper to announce Collier's All-America Football Team in this section. Selections for the team, which is a perpetuation of the All-America founded by Walter Camp, were announced today. The players are:

Ends: Kelley, Yale; Tinsley, Louisiana State.

Tackles: Widseth, Minnesota; Daniell, Pittsburgh.

Guards: Reid, Northwestern; Starcevic, Washington.

Center: Wojciechovic, Fordham.

Quarterback: Baugh, Texas Christian.

Halfbacks: Frank, Yale; Buivid, Marquette.

Fullback: Francis, Nebraska.

In awarding the Walter Camp gold football to these players, the judges voted Frank, Tinsley and Francis the three outstanding players of the year. Tinsley, incidentally, was the only member of the 1935 All-America to be named again on this year's team.

Remembering that football supremacy has moved in turn from the East to the Midwest, then to the Far West, then to the Deep South and on to the Southwest and the cottonwood trail, the judges report that "the tides of 1936 brought it back to the East, as shown by a margin of more than two to one in over seventy inter-sectional games."

Ten colleges are represented in the 1936 All-America, Yale being the only one to have two men named—Frank and Kelley.

"Nineteen thirty-six was a year that belonged largely to offensive football," the judges stated, and they voted Yale's 26-23 victory over Princeton the most thrilling single game of the year. More effective use of forwards and laterals and better deception were

given as chief reasons for the breakdown of defensive strength.

"The most difficult selections this fall fell to the center and the backs," the report said. "Star centers included Ray of Dartmouth, one of the best; Wojciechovic of Fordham, Stewart of L. S. U., Herwig of California, Gilbert of Ashburn and Basrak of Duquesne.

"The best backs included Frank of Yale, Murray of Pennsylvania, Buivid of Marquette, Brumbaugh of Duquesne, Francis of Nebraska, Baugh of T. C. U., Parker of Duke, Dickens of Tennessee, Falaschi of Santa Clara and Goddard of Washington State."

In summing up their opinions of the more than 400 teams in the field this year, of which only one in the upper tier, Santa Clara, remained unbeaten, the judges remarked:

"In the dramatic swirl and countervail of football fortune and football skill, where the breaks of the game played an impressive part, one point remained unchallenged. While the East took over her lost leadership in 1936, there is no longer any all-conquering system or any section that remains supreme for two or three consecutive seasons.

"Strong teams came to high peaks and fell away under the heavy grind of modern schedules. Others started raggedly and came with a rush at the finish. In most games today the winning team has to play itself out to win. One human system can only burn up so much energy. Football is largely competitive energy or fight on a given day. This explains the upsets.

"From all these head-over-heels turns of fortune, from all these outlandish team reversals, there were two teams that stood out as possessing all-season strength. They were Louisiana State in the South and Minnesota in the Middle West. And Pittsburgh wasn't far away."

The following players were among those nominated by one or more of Collier's All-America advisory board and are therefore eligible for the All-America team:

Ends—Roach, T. C. U.; West, Texas Tech; Morrow, Texas A. & M.; Benton, Arkansas; Walls, T. C. U.

Guards—Routt, Texas A. & M.; Ard, Rice; King, U. of T.; Robinson, Centenary; Scottino, S. M. U.; Harrison, T. C. U.

Modern Gulliver Helps the Little People - By Knot

One year ago regional headquarters of the Resettlement Administration were set up in Dallas. Since that time, loans have been made to 35,808 Texas farm families who were unable to obtain from any other source the finances needed to carry on farm operations. Many of these families had been forced to quit farming for lack of teams, tools and supplies, but as a result of Resettlement aid are now self-supporting again. More than one million dollars of the ten million dollars loaned has been repaid, although the loans were made for up to five years.

The next step is to aid landless farmers in becoming landowners, and tenant families are now being nominated as prospective purchasers of 588 farms, the land for which has been already optioned or purchased.

Registration of delegates began Saturday afternoon at the Herring Hotel. A school of instruction was held for all unit presidents and secretaries in the Legion Auxiliary Room of the Legion Home that night with the department president, Mrs. Will Benton, presiding. She was ably assisted in conducting the school by the department Americanism chairman, Mrs. J. O. Cade. The department commander, Drury Phillips, also addressed the assembly.

The joint meeting of the American Legion and Auxiliary was held Sunday afternoon in the city auditorium. Representative Marvin Jones was a guest speaker, and was followed on the program by the distinguished National Chaplain of the American Legion, Rev. Bryan Keatley of Mineral Wells, whose address was, "Why I Am a Legionnaire?" He used as his theme, "The Preamble to the Constitution of the American Legion," naming as his first reason the first words of the constitution, "For God and Country," and 2nd, "To preserve and keep sacred the memory" of those Buddies who did not return from the World War. The other reasons he gave were of no less importance, bearing the ideal "We must hold high the torch they threw," by promoting peace and good-will on earth.

The concluding feature of the convention was the business meeting with Mrs. Guy Clay, Eighteenth District chairman, presiding, with Mrs. W. Wilson, assistant chairman and secretary, assisting.

Following the adjournment a buffet supper in the Legion Home was served all visiting delegates.

FROM RAGS TO RICHES

In Waco, Texas, the Methodist Home is giving these three young ladies another chance at life. Their lives might have been another story except for the Superintendent of the Home, Mr. Hubert T. Johnson.

The picture at the left shows the children as they were found surrounded by filth and squalor. The oldest was acting as a little mother, obtaining the meager food from "somewhere," preparing and cooking it for the little family. Her problem was a tremendous task for one so young, as you can imagine.

Looking at the picture you can realize that if these three children were permitted to live by themselves through the winter, a thousand dangers might have swamped them and cast their lot among the hundreds who die of pneumonia and malnutrition every year.

The picture at the right shows the marvelous transformation which has occurred within the last few months. Now they are normal children enjoying a bed and wardrobe for each. Many opportunities will be open to them for advancement and proper education.

LAKEVIEW

H. K. Moore of Memphis is preparing for the opening of a new filling station in Lakeview. He will be located in the building on the H. W. Blanks property on the highway, near the high school building.

Mr. and Mrs. H. T. McCanne are improving their home. Miss Kay Barbara Wolf was born to Mr. and Mrs. Willie Mack Wolf of this community on November 25.

C. D. Scott, who has been working for several months at the Conchas Dam in New Mexico, was visiting home folks and friends last week-end. It is reported that Edgar Morris, proprietor of the Morris Filling Station, was married last Saturday to Mrs. Mae Long of Bellevue, Texas.

J. A. Kutch transacted business in Lakeview last Monday.

Miss Lorena Scott of Memphis, in company with Pete Payne, attended church services at Lakeview Sunday night.

The young people of the Baptist Church in Lakeview gave a program at Lesley last Sunday night. Mrs. Oscar Favors and Mrs. Oma Lee Davis sponsored the program.

H. H. Stewart visited here last Sunday.

Robert Reed and family and Miss Rosie Stamford of Lesley attended church at the local Church of Christ Sunday night.

Mrs. Ina Boren was a dinner guest at the home of Mrs. C. P. Reed and of Mr. and Mrs. Clyde Reed Sunday.

Mr. and Mrs. Jack Allen visited and transacted business in Amarillo Tuesday and Wednesday of last week.

The board of stewards of the Methodist Church voted unanimously to invite Rev. J. E. Cochran of Shawnee, Okla., to return to Lakeview for a meeting, beginning January 3. Rev. Cochran held a very successful meeting with this church last August. Jack Hollegan and Eddie Hays

This case is only typical of hundreds of duplicate cases which are handled by the Methodist Home in Waco, Texas. Hundreds of boys and girls find new life in the Home which is supported by Methodism. Taking care of these children would require about \$600,000 a year, but because the children, as they grow older, take turns at farming, raising cattle, gathering crops and fruits; do their own laundry, help wait on table and do the many other things which train them to become efficient and self-dependent, their needed financial assistance is only \$100,000 a year.

Rev. Orlon W. Carter of the local First Methodist Church would like to answer any questions about the Methodist Home for children if anyone in the community is interested. Rev. Carter says that the month of December has been set aside by the Church for donations toward the annual budget. Members of the First Methodist Church are intensely interested in the Home and hope that many more transformations such as the above photographs show will be made possible by the continued support of the Home.

of Clarendon were week-end visitors in Lakeview.

Buster Quarles of Quitaque was a Lakeview visitor Sunday.

Miss Bobbie Nell Boren, Miss Lola Jo Duvall, and Mrs. Mildred Mitchell are being complimented for the song they sang at the evening service at the Methodist Church last Sunday. Mrs. Gladys Smith assisted at the piano.

Mrs. Ted Montgomery was hostess to the women of the Methodist Missionary Society who met in Mrs. Montgomery's home Monday afternoon. A pleasant time was reported.

Little Jack Melton, son of Mr. and Mrs. Bob Melton, had his tonsils removed Monday in Memphis. He is doing nicely now at his home near Lakeview.

(The scribbler of this news strip wants the news. Jot down your news of interest and leave it at the Gosden Drug Store, and we will get it there. If you will help us, we will put Lakeview on the map. A lot of interesting things are going on here; help us get them. And if you like the writing, you might drop the Editor a note to raise our salary.)

19 ARE GIVEN GRID LETTERS AT JUNIOR HIGH

Gene McMurry To Be Given Award For Consistency

Nineteen Memphis Junior High school football players have been cited for honorary grid letters by the Junior High school coach, Lenro Keeton. Awards were given the players who showed aptitude and who were conscientious in their work, Mr. Keeton stated.

Only two match games were played by the local Junior High gridlers this year, both games being lost to Childress. The Junior High coaching put stress on football fundamentals.

A football was awarded to Gene McMurry for being "the most consistent player on the squad."

Those lettering on the Junior High team were James Thomas, Bobby Lindsey, Earl Foster, Bobby Robertson, Gene McMurry, Jack Morgan, Wylie Crump, George Carter, Jack Kinard, Bobby Charles Byrd, Jerry Doss, Temple Deaver, Billy Gene Morris, Louie Grimes, Dick Benton, Bud Ballew, Gale Pyeatt, Alton Huggins.

CAGE QUINTET ENTERS MEETS

Invited To Play In Quail, Kirkland Tournaments

Coach Frank Hubbel will enter his Memphis High School basketball squad in two invitation tournaments prior to the Christmas holidays, he has announced.

With several weeks of practice already under their belts, the local cagers are already rounding into form, although prospects of a winning team are still thought to be dim. Games have been sought with the cage teams of Pampa and Amarillo, but as yet no games have been matched.

The Memphis basketeers will enter an invitation tournament at Kirkland on December 11 and 12 and compete for the tourney prizes. On December 18 and 19, the local quintet will be entered in the invitation tourney at Quail. Ten men will make up the local basketball traveling squad. There are now some 15 men reporting each afternoon for practice, the squad having been weeded down considerably.

TENNIS COURTS WILL BE BUILT

Willed To School By Senior Class of Last Year; NYA Funds Pay For Labor

Two tennis courts are now under construction at the Memphis High School building by a number of National Youth Administration laborers by virtue of a project approval from the Works Progress Administration, which was brought about by members of last year's graduating Senior Class. The Seniors of last year voted to leave the tennis courts as a parting gift to the school.

The NYA workmen are now engaged in moving the topsoil from the court sites in front of the building. A cushion bed of sand is to be put on the courts, which will be finished with hard clay.

If there are no hitches in the proposed WPA plans, a steel wire fence, 20 feet high, will be erected around the courts.

Mr. and Mrs. Byron Baldwin and son James and G. M. Thompson were visitors in Clarendon Sunday.

Black-Draught Relief Is Prompt and Refreshing

It's a good idea that so many people have—to keep Black-Draught handy so they can take a dose for prompt relief at the first sign of constipation.

"I have used Black-Draught a long time, about as long as I can remember, and have a package on my shelf now," writes Mr. Sherman Sneed, of Evensville, Tenn. "I take Black-Draught for constipation which causes headache, a bad, tired feeling and for biliousness, bad taste in the mouth and sluggish feeling. Black-Draught, taken about two nights, clears up this trouble and I get all right."

Black-Draught is made of medicinal herbs, dried and gently ground, put in other words, it is a natural laxative. It is a laxative that is gentle and does not irritate the bowels. It is a laxative that is pleasant to take and does not cause any of the unpleasant effects of other laxatives.

CARDUI

Cardui is a purely vegetable medicine for the relief of functional periodic pain, nervousness and weakness due to poor nourishment. It is in successful use by thousands of women.

"I have used Cardui and had good results from its use," writes Mrs. W. E. Barnett, of Taylors, S. C. "I suffered with cramping and headaches and would have a chilly feeling. Sometimes I would feel miserable and have pain more than a day, and I would be nervous. I read of Cardui and decided to use it. After taking six bottles of Cardui, I had less pain and was regulated. I feel much better."

When such suffering can be avoided by taking Cardui, isn't that the common-sense thing to do? Of course, if it does not seem to reach the cause of your trouble, consult a physician.
